ruthless ambition, unexpected friendship, and a great forbidden love. Monique begins to feel a very real connection to the legendary star, but as Evelyn's story near its conclusion, it becomes clear that her life intersects with Monique's own in tragic and irreversible ways. "Heartbreaking, yet beautiful" (Jamie Blynn, Us Weekly), *The Seven Husbands of Evelyn Hugo* is "Tinseltown drama at its finest" (Redbook): a mesmerizing journey through the splendor of old Hollywood into the harsh realities of the present day as two women struggle with what it means—and what it costs—to face the truth.

Composed in medieval Iceland, *Hrolf's Saga* is one of the greatest of all mythic-legendary sagas, relating half-fantastical events that were said to have occurred in fifth-century Denmark. It tells of the exploits of King Hrolf and of his famous champions, including Bodvar Bjarki, the 'bear-warrior': a powerful figure whose might and bear-like nature are inspired by the same legendary heritage as Beowulf. Depicting a world of wizards, sorceresses and 'berserker' fighters - originally members of a cult of Odin - this is a compelling tale of ancient magic. A work of timeless power and beauty, it offers both a treasury of Icelandic prose and a masterful gathering of epic, cultic memory, traditional folk tale and myths from the Viking age and far earlier.

Dubliners is a collection of 15 short stories by James Joyce. They form a naturalistic depiction of Irish middle class life in and around Dublin in the early years of the 20th century. The stories were written when Irish nationalism was at its peak, and a search for a national identity and purpose was raging; at a crossroads of history and culture, Ireland was jolted by various converging ideas and influences. They centre on Joyce's idea of an epiphany: a moment where a character experiences self-understanding or illumination. Many of the characters in Dubliners later appear in minor roles in Joyce's novel Ulysses. The initial stories in the collection are narrated by child protagonists, and as the stories continue, they deal with the lives and concerns of progressively older people. This is in line with Joyce's tripartite division of the collection into childhood, adolescence and maturity. In Dubliners Joyce rarely uses hyperbole, relying on simplicity and close detail to create a realistic setting. This ties the reader's understanding of people to their environments. He does not tell readers what to think, rather they are left to come to their own conclusions. This is even more evident when contrasted with the moral judgements displayed by earlier writers

such as Charles Dickens. This frequently leads to a lack of traditional dramatic resolution within the stories. The collection as a whole displays an overall plan, beginning with stories of youth and progressing in age to culminate in *The Dead*. Great emphasis is laid upon the specific geographic details of Dublin, details to which a reader with a knowledge of the area would be able to directly relate. The multiple perspectives presented throughout the collection serve to contrast the characters in Dublin at this time.

'Is there one who understands me?' So wrote James Joyce towards the end of his final work, *Finnegans Wake*. The question continues to be asked about the author who claimed that he had put so many enigmas into *Ulysses* that it would 'keep the professors busy for centuries' arguing over what he meant. For Joyce this was a way of ensuring his immortality, but it could also be claimed that the professors have served to distance Joyce from his audience, turning his writings into museum pieces, pored over and admired, but rarely touched. In this remarkable book, steeped in the learning gained from a lifetime's reading, David Pierce blends word, life and image to bring the works of one of the great modern writers within the reach of every reader. With a sharp eye for detail and an

evident delight in the cadences of Joyce's work, Pierce proves a perfect companion, always careful and courteous, pausing to point out what might otherwise be missed. Like the best of critics, his suggestive readings constantly encourage the reader back to Joyce's own words. Beginning with *Dubliners* and closing with *Finnegans Wake*, *Reading Joyce* is full of insights that are original and illuminating, and Pierce succeeds in presenting Joyce as an author both more straightforward and infinitely more complex than we had perhaps imagined. T. S. Eliot wrote of Joyce's masterpiece, *Ulysses*, that it is 'a book to which we are all indebted, and from which none of us can escape'. With David Pierce as a guide, the debt we owe to Joyce becomes clearer, and the need to flee is greatly reduced.

published by the British publisher Grant Richards, it was not at all as easy as Joyce had imagined. Before Richards could accept the work changes had to be applied that were accompanied by an exchange of various letters between author and publisher. The reason for Richard's hesitation to publish the book in its first version was the very accuracy of its language. Literary conventions would have been shocked by Joyce's accurate and entirely realistic description of social situations and psychological states. In his letter to Grant Richards Joyce tries to justify his style, and it is thus that he speaks of 'scrupulous meanness' for the first time. The term 'meanness' connotes stinginess or the lack of generosity. Joyce uses it to describe the economy of language applying to his stories. However, the interpretation demands a more complicated understanding of the term.

'Scrupulousness' is a crucial element both in Joyce's use of language, and in the structure and form of the stories. 'Scrupulous meanness' refers to a most complex and heavily allusive style that determines the reading of Dubliners. From the minimum of words Joyce succeeds to extract the maximum effect so that the very economy of his style gives Dubliners such concentration and resonance that it "passes through realism into symbolism" (Dubliners, 1991, p. xix). Joyce puts this style forw

"The Detective and the Cowboy," "Wondering Where All the Dust Comes From," "Ejaculations and Silence," and "Where the Corkscrew Was" these are Garry Leonard's chapter titles for his readings of four of the stories, "An Encounter," "Eveline," "The Boarding House," and "Clay." The titles convey the freshness and thoughtfulness that are indicative of all of Leonard's new readings of these fifteen often-read stories. Leonard begins with an excellent overview of Lacan and proceeds to examine each

story in a separate chapter. Lacan's rethinking of human subjectivity plays throughout the book and ultimately unites it. Not only does Leonard's work preserve the complex interplay between Lacanian theory and Joyce's texts, but also completes another and no less significant project: the rescuing of Dubliners from the category of "easy Joyce." Throughout the readings the relevance of Lacan's ideas to feminist theory is emphasized in order to examine both what Lacan terms the "masquerade of femininity" and the equally illusory power structure of the "masculine subject." The frequent and jargon-free explications of Lacan's terms and theories, coupled with a close reading of each of the stories, makes this a book to be consulted by anyone wishing to explore new ways to approach Dubliners, new ways to read these rich stories again.

First it appeared in the Irish Homestead in 1904 before being published as the fourth chapter of the Dubliners in 1914. It is Joyce's first attempt to write from the point of view of a woman. This young woman, having a dull job and "leading a life of quiet desperation with a brutal father, is offered escape by a sailor" (Tindall 21). Although this offer seems very promising, Eveline does not manage to leave her home behind. Instead, she accepts a life full of frustration. To understand this inability and lack of courage one

has to take a closer look at the environment surrounding her. "Who and what is Eveline that her life [...] should be ending before she is twenty?" (Beck 111), is a valid quotation. We will see that Eveline is kept imprisoned in a cage made of tradition and subordination hard to break out. "Eveline" is not a story of action but a narration taking place only in the protagonist's consciousness. Therefore the interest does not lie in the events, but in the reasons leading to the final decision. The story, like all Dubliners, shows Joyce's critical and melancholy view of life in his native town Dublin.

Loosely based on the Odyssey, this landmark of modern literature follows ordinary Dubliners through an entire day in 1904. Captivating experimental techniques range from interior monologues to exuberant wordplay and earthy humor.

Because the stories in James Joyce's Dubliners seem to function as models of fiction, they are able to stand in for fiction in general in their ability to make the operation of texts explicit and visible. Joyce's stories do this by provoking skepticism in the face of their storytelling. Their narrative unreliabilities—produced by strange gaps, omitted scenes, and misleading narrative prompts—arouse suspicion and oblige the reader to distrust how and why the story is told. As a result, one is prompted to look into what is concealed, omitted, or left unspoken, a quest that often produces interpretations in conflict with what the narrative surface suggests about characters and events. Margot Norris's strategy in her analysis of the stories in Dubliners is to refuse to take the narrative voice for granted and to assume that every authorial decision to include or

exclude, or to represent in a particular way, may be read as motivated. *Suspicious Readings of Joyce's Dubliners* examines the text for counterindications and draws on the social context of the writing in order to offer readings from diverse theoretical perspectives. *Suspicious Readings of Joyce's Dubliners* devotes a chapter to each of the fifteen stories in *Dubliners* and shows how each confronts the reader with an interpretive challenge and an intellectual adventure. Its readings of "An Encounter," "Two Gallants," "A Painful Case," "A Mother," "The Boarding House," and "Grace" reconceive the stories in wholly novel ways—ways that reveal Joyce's writing to be even more brilliant, more exciting, and more seriously attuned to moral and political issues than we had thought.

'Ulysses' is a novel by Irish writer James Joyce. It was first serialised in parts in the American journal 'The Little Review' from March 1918 to December 1920, and then published in its entirety by Sylvia Beach in February 1922, in Paris. 'Ulysses' has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. It takes readers into the inner realms of human consciousness using the interior monologue style that came to be

called stream of consciousness. In addition to this psychological characteristic, it gives a realistic portrait of the life of ordinary people living in Dublin, Ireland, on June 16, 1904. The novel was the subject of a famous obscenity trial in 1933, but was found by a U.S. district court in New York to be a work of art. The furor over the novel made Joyce a celebrity. In the long run, the work placed him at the forefront of the modern period of the early 1900s when literary works, primarily in the first two decades, explored interior lives and subjective reality in a new idiom, attempting to probe the human psyche in order to understand the human condition. This richly-allusive novel, revolutionary in its modernistic experimentalism, was hailed as a work of genius by W.B. Yeats, T.S. Eliot and Ernest Hemingway. Scandalously frank, wittily erudite, mercurially eloquent, resourcefully comic and generously humane, 'Ulysses' offers the reader a life-changing experience. Publisher : General Press

In the years following the First World War a new generation emerged, wistful and vulnerable beneath the glitter. The Bright Young Things of 1920s London, with their paradoxical mix of innocence and sophistication, exercised their inventive minds and vile bodies in every kind of capricious escapade. In these pages a vivid assortment of characters, among them the struggling writer Adam Fenwick-Symes and the glamorous, aristocratic Nina Blount, hunt fast and furiously for ever greater sensations and the hedonistic fulfillment of their desires. His grand-nephew, Ptolemy's only connection to the outside world, was recently killed in a drive-by shooting, and Ptolemy is too suspicious of anyone else to allow them into his life. until he meets Robyn, his niece's seventeen-year-old lodger and the only one willing to take care of an old man at his grandnephew's funeral. Seminar paper from the year 1994 in the subject English Language and Literature Studies - Literature, grade: 2,0, Johannes Gutenberg University Mainz (Englische Philologie), language: English, abstract: 1. Introduction. When James Joyce had finally completed *Dubliners* in 1908, he himself considered his first work of fiction, a collection of fifteen short stories, to be a scrupulously realistic portrait of the Irish middle-class society of his time - a "looking-glass" in which the people of Dublin could see themselves and their paralysis. To introduce the book's major theme of paralysis, Joyce wrote the following critical commentary on *Dubliners* : My intention was to write a chapter of moral history of my own country and I chose Dublin for the scene because that city seemed to me the centre of paralysis. I have tried to present it to the indifferent public under four of its aspects: childhood, adolescence, maturity and public life. The stories are arranged in this order. I have written it for the most part in a style of

scrupulous meanness... All of the characters in Dubliners are embedded in life's chronology, ranging from young to old and everyone is a typical portrayal of the ordinary people caught in everyday situations. They all have to endure the progressive diminution of life and vitality in the morbid and constrictive society of Dublin, in which human relations become distorted and escape seems to be impossible. In Dubliners, men and women are equally depicted as victims of their social and economic milieu, but the realistic picture Joyce drew of the situation of his female characters shows that women were even more affected by the narrow confines of a rather male dominant society. This paper is an attempt to picture Joyce's female Dubliners in their oppressive environment, mainly focusing on Joyce's "Eveline" as an all-encompassing representative of women's suffering in nineteenth-century Dublin.

place the biography of James Joyce before my analysis in this paper. I chose the story The Dead because it seems to stand out of the short- story collection Dubliners. The Dead had not been composed when Joyce divulged that the course of the collection must be seen under the loose- knit general plan of a human lifecycle: childhood, adolescence, maturity and public life. The story also stands out of the collection because of the story's length, tone and positioning in the book. It was the last story he wrote for Dubliners in 1906/ 07, when he had already left Ireland. Before that, it was obvious that Joyce was very sceptical of the Irish Renaissance and the Irish literary revival, although the revivals outstanding poet, W. B. Yeats, influenced Joyce's writing in the first years. He felt Ireland's future lays within the European intellectual and cultural community. Joyce became increasingly impatient with Ireland's parochialism and turned toward Europe, he and his wife Nora moved to the Continent. Now a change of attitude towards Ireland and Dublin, manifested in the story The Dead, can be observed. He wrote his brother Stanislaus in a letter the whole collection of Dubliners would be incomplete without t

family in Dublin, where he excelled as a student at the Jesuit schools Clongowes and Belvedere, then at University College Dublin. In his early twenties he emigrated permanently to continental Europe, living in Trieste, Paris, and Zurich. Though most of his adult life was spent abroad, Joyce's fictional universe does not extend far beyond Dublin, and is populated largely by characters who closely resemble family members, enemies and friends from his time there; *Ulysses* in particular is set with precision in the streets and alleyways of the city. Shortly after the publication of *Ulysses* he elucidated this preoccupation somewhat, saying, "For myself, I always write about Dublin, because if I can get to the heart of Dublin I can get to the heart of all the cities of the world. In the particular is contained the universal." James Augustine Aloysius Joyce was born on 2 February 1882 to John Stanislaus Joyce and Mary Jane "May" Murray in the Dublin suburb of Rathgar. He was baptized according to the Rites of the Catholic Church in the nearby St Joseph's Church in Terenure on 5 February by Rev. John O'Mulloy. His godparents were Philip and Ellen McCann. He was the eldest of ten surviving children; two of his siblings died of typhoid. His father's family, originally from Fermoy in Cork, had once owned a small salt and lime works. Joyce's father and paternal grandfather both married into wealthy families, though the family's purported ancestor, Seán Mór Seoighe (fl. 1680) was a stonemason from Connemara. In 1887, his father was appointed rate collector (i.e., a collector of local property taxes) by Dublin Corporation; the family subsequently moved to the fashionable adjacent small town of Bray 12 miles

(19 km) from Dublin. Around this time Joyce was attacked by a dog, which engendered in him a lifelong cynophobia. He also suffered from astraphobia, as a superstitious aunt had described thunderstorms to him as a sign of God's wrath. In 1891 Joyce wrote a poem on the death of Charles Stewart Parnell. His father was angry at the treatment of Parnell by the Catholic church and at the resulting failure to secure Home Rule for Ireland. The elder Joyce had the poem printed and even sent a part to the Vatican Library. In November of that same year, John Joyce was entered in Stubbs Gazette (a publisher of bankruptcies) and suspended from work. In 1893, John Joyce was dismissed with a pension, beginning the family's slide into poverty caused mainly by John's drinking and general financial mismanagement.

examine in how far she can serve as an example of the paralysis that all characters in Dubliners, and especially women characters, suffer from. Eveline may thus, as many other characters in Dubliners, be considered an example of the social case histories Joyce has gathered in this book 1 . Further "Eveline" has many autobiographical qualities as Eveline's "most immediate living model was Joyce's sister Margaret 2 . Yet I will concentrate on what we can learn about women in Joyce's Dublin and the way in which they are struck by paralysis. Seminar paper from the year 2008 in the subject English Language and Literature Studies - Literature, grade: 1,0, University of Frankfurt (Main) (Institut für England- und Amerikastudien), course: Einführung in die Literaturwissenschaft, 7 entries in the bibliography, language: English, abstract: Though James Joyce's talent for words was not fully appreciated in his day, yet he was known for being a gifted writer with excellent narrative abilities. Literature experts agree that these skills were mainly shaped during the creation of "Dubliners," a volume of more comprehensible short stories published in 1914. The genius of this collection revolving round the ill-fated lower middle class life in early 20th century Dublin is the lively description of the individual characters contained therein. Joyce accomplished these detailed characterizations by mainly using actual friends and acquaintances as well as enemies as models for his characters. In "A Painful Case," the "most sophisticated and complex 'Dubliners' story" (Adam Sexton), it is apparent that James Joyce himself serves as a blueprint for the main character of the story, James Duffy. Accordingly, this written work contends that "A Painful Case" is in reality a glimpse at Joyce's own personal life, and more particularly at the relationship to his future wife Nora Barnacle."

This book offers an innovative rethinking of policy approaches to 'gender equality' and of the process of social change. It brings several new chapters together with a series of previously published articles to reflect on these topics. A particular focus is gender mainstreaming, a relatively recent development in equality policy in many industrialised and some industrialising countries, as well as in large international organisations such as the World Bank, the International Monetary Fund and the International Labour Organization. The book draws upon poststructuralist organisation and policy theory to argue that it is impossible to 'script' reform

initiatives such as gender mainstreaming. As an alternative it recommends thinking about such policy developments as fields of contestation, shaped by on-the-ground political deliberations and practices, including the discursive practices that produce specific ways of understanding the 'problem' of 'gender inequality'. In addition to the new chapters the editors Bacchi and Eveline produce brief introductions for each chapter, tracing the development of their ideas over four years. Through these commentaries the book provides exciting insights into the complex processes of collaboration and theory generation. Mainstreaming Politics is a rich resource for both practitioners in the field and for theorists. In particular it will appeal to those interested in public policy, public administration, organisation studies, sociology, comparative politics and international studies.
