El Dr. Ingfried Hobert, médico naturista de origen alemán, presenta aquí una detallada y completísima guía que abarca toda la gama de tratamientos naturales y alternativos. El LIBRO COMPLETO DE MEDICINA NATURAL es, además, una obra muy didáctica y sencilla de utilizar que proporciona una visión holística del origen y el significado de las enfermedades junto con sus correspondientes tratamientos alternativos. Gracias a su diseño esquemático y a su sistema de iconos, esta guía permite familiarizarse rápida y fácilmente con todos los métodos de la medicina alternativa y hallar de un simple vistazo cuáles son los más adecuados para sanar cada dolencia. Es una obra indispensable para los médicos y terapeutas que deseen introducirse en la medicina alternativa o actualizar sus conocimientos en este ámbito. También es idónea para toda persona que quiera responsabilizarse de su salud, pues permite escoger el tipo de tratamiento y de especialista, o bien tratarse uno mismo -o tratar a sus allegados- de sus enfermedades o molestias. El lector hallará aquí todas las indicaciones terapéuticas que le permitirán elegir, en cada ocasión, entre un amplio abanico de métodos que abarcan: - Desde las plantas medicinales a la quinesioterapia. - Desde el poder curativo de las piedras a la terapia Kneipp. - Desde los masajes terapéuticos a las dietas naturales. - Desde la acupuntura al entrenamiento autógeno. - Desde el reiki a las meditaciones chamánicas. El plan de esta obra consta de cuatro partes: - La primera parte proporciona una visión holística sobre la naturaleza, el origen y el significado de las enfermedades, así como su prevención. - La segunda parte aporta una visión esquemática de las enfermedades, sus síntomas y su tratamiento integral. Esta sección es muy visual y sencilla de utilizar gracias a su sistema de iconos. - La tercera parte trata extensa y detalladamente las curas naturales más usuales, las cuales se agrupan en tres grandes áreas: - Curas que ofrece la naturaleza: como el tratamiento con plantas medicinales, la aromaterapia, las flores de Bach, la homeopatía, las gemas o la cromoterapia, etc. - Terapias corporales: como la cura Kneipp, las técnicas de respiración, el quiromasaje, los masajes terapéuticos, quinesioterapia y tratamientos dietéticos, etc. - Curas especiales: como las terapias regenerativas, terapias de eliminación de toxinas, oxigenoterapia y electroterapia, entre otras. - La cuarta parte trata ampliamente diversos enfoques alternativos de sanación, como son: la medicina antroposófica, las medicinas asiáticas, chinas y tibetanas, el ayurveda, las terapias integrales, la terapia de los chakras, el entrenamiento autógeno, la quinesiología, el biofeedback, el método Feldenkrais, el Roling, la técnica Alexander, la visualización creativa, la hipnosis, la terapia de regresión, el reiki, los métodos chamánicos y las técnicas de meditación, entre otras muchas.

The author of the book, MEIMEI, is an enlightened spirit who reveals herself to us as a missionary of the good and the light in our daily lives in each of her writings. She never neglects children's education, which is always based on the lessons found in the Gospel of the Lord. The book is comprised of highly constructive poems, stories and folk tales that will undoubtedly foster the process of evangelizing young people. In a beautiful and intelligent way, we are introduced to the meaning of forgiveness, temptation, God's love, and the unwavering shelter that the Father offers us, so that we might learn to acknowledge His kindness and mercy. In this manner, the author offers alternatives to solutions for each problem or hardship that might arise in our daily lives, with the support of the teachings that the Master gave us in the Lord's Prayer.

Complete practical guide to the chakras, including color, activity, sounds, background information, and techniques for opening them and utilizing their force. A longtime bestselling title in Europe, this is the definitive text in the field.

In the mid-1970s a new type of therapy called "therapeutic touch"(TT) was introduced into the practice of nursing. Its proponents claimed that an energy field surrounding the body could be manipulated by skilled practitioners to produce healing effects for a wide variety of illnesses. Despite the fact that there were no reliable controlled studies of TT, some nursing journals and nursing schools uncritically embraced this new direction in therapy. Today the number of nurses practicing therapeutic touch is reported by proponents to be as high as 40,000. In light of the popularity of this new therapy, a rational, critical evaluation of its effectiveness is long overdue. This anthology of research articles illuminates every aspect of the subject, including the physics of the claimed "human energy field," which is an essential component of the theory underlying TT; detailed discussions of the most recent research into the efficacy of TT; an account of the origins and history of the practice, plus a separate review of skeptics' work to shine the light of reason on it; a discussion of how archaeology and feminism have become involved in TT; several reports that present the best case for this new therapy; a discussion of the way the media have handled the topic; and a consideration of the ethical implications of this practice. Scholarly yet accessible to the lay person, this authoritative review of an important but controversial new therapy will make a valuable contribution to the libraries of nursing schools, universities, and hospitals, and should be of interest to anyone considering the use or practice of therapeutic touch.

Ma'heo'o translated means Great Spirit, Great One or God. The word Ma'heo'o is Cheyenne, A Native American language. This system of energy work will combine the elements of Earth, Air, Water and Fire with the Great Spirit to effectively activate and promote healing in the human condition. This system is simple yet powerful and can be used by anyone. There are seven symbols that are incorporated into this Healing system. The first 4 represent the elements and enables us to connect with and channel Mother Earth's energy. Combined with and activated by Great Spirit this becomes a very powerful system; promoting great energy channeling ability, utilizing healing, light and color, higher intellect, grounded-ness, and promotes calming, peace and relaxation. This system combines the gentleness of Reiki with the raw power of the Earth elements. Ma'heo'o Reiki can bring you into contact with your spirit totems, give you your sacred name and balance your body with the elements of Earth.

Once, all life in the universe knew the Flower of Life as the creation pattern - the geometrical design leading us into and out of

physical existence. Then from a very high state of consciousness we fell in darkness and forgot who we were. For thousands of years the secret was held in ancient artifacts and carvings around the world, and encoded in the cells of all life. Here Drunvalo Melchizedek presents in text and graphics the first half of the Flower of Life Workshop, illuminating the mysteries of how we came to be, why the world is the way it is and the subtle energies that allow our awareness to blossom into its true beauty. Sacred Geometry is the form beneath our being and points to a divine order in our reality. We can follow that order from the invisible atom to the infinite stars, finding ourselves at each step. The information here is one path, but between the lines and drawings lie the feminine gems of intuitive understanding. Explore the miracle of our existence by meandering through the wonderland of geometry, science, ancient history and new discovery, seen through the widened vision of Drunvalo and the Flower of Life. Volume 2 will explore in great detail the Mer-Ka-Ba, the 55-foot-diameter energy field of the human lightbody. This knowledge leads to ascension and the next dimensional world. About the Author Drunvalo Melchizedek's life experience reads like an encyclopedia of breakthroughs in human endeavor. He studied physics and art at the University of California at Berkeley, but he personally feels that his most important education came after college. In the last 25 years he has studied with over 70 teachers from all belief systems and religious understandings, providing him with a wide breadth of knowledge, compassion and acceptance. Not only is Drunvalo's mind exceptional, but his heart, his warm personality, his love for all life everywhere, is immediately understood and felt by anyone who meets him. For some time now he has been bringing his vast vision to the world through the Flower of Life program and the Mer-Ka-Ba meditation.

A collection of color photos showcases homes in such beach areas as Southern California, Florida, the Hamptons and Puerto Vallarta, in a book that looks at stunning interiors, as well as gardens, swimming pool areas and patios.

"Natural Benefits of Urine Therapy is one of the "Educational Sections on Secret of Excellent Health" for everyone to maintain a healthy life. It has natural healing powers to control and cure all kinds of diseases. Urine Therapy or "Shivambu" is an ancient method of treatment. Reference of Urine Therapy is found in almost all the volumes of Ayurveda. In ancient books and Vedas, Urine is referred to as "Shivambu" (auto-urine), which means Water of Shiva. They termed "Shivambu" as holy liquid. According to them, urine is more nutritious than milk. Urine Therapy is an effective system and it is entirely drugless system of healing all chronic disease. It can be adopted by everyone including young children suffering from cerebral palsy from the very birth. "

The first book to explain from both scientific and spiritual perspectives the healing and transformative powers of harmonics. • Includes practical exercises demonstrating how to use sound in healing and meditation, including "Vowels as Mantras" and "Overtone". • Describes how harmonics can be used as "sonic yoga" for meditation and deep relaxation to enhance energy. • Over 25,000 copies of first editions sold in 6 languages. • Author won 1999 Visionary Awards for Best Healing-Meditation Album.

The Mystery Schools of Egypt, Greece, and Rome understood that vibration is the fundamental active force in the universe and developed specific chants and tones for healing the mind, body, and spirit and achieving altered states of consciousness.

Overtone chanting--also called vocal harmonics--is the ability of the human voice to create two or more notes at the same time. Healing Sounds explains how to perform vocal harmonics and experience their transformative and curative powers. An internationally recognized master teacher, the author provides diverse examples of sound healing systems incorporating both mystical and medical traditions--from Tibetan monks' use of tantric harmonics to Dr. Alfred Tomatis' use of Gregorian chanting--and their capacity to affect us on all levels. With many easy-to-follow exercises, Healing Sounds is the first book to show from both the scientific and spiritual viewpoints how to use the transformative power of sound for healing on physical, emotional, mental, and spiritual levels.

This is the story of the author's life as a doctor and a scientist. Despite a youthful ambition to become a jazz musician, he studied medicine and eventually became a medical research scientist, taking up appointments in Germany, Austria and finally in England. His reverence for the pursuit of truth through the application of scientific methods, coupled with a growing interest in the history of medicine during the Nazi era, did not always endear him to others. At the time he was appointed to the world's first chair in alternative medicine, this was an area of health care that had rarely been studied systematically, and was almost entirely dominated by outspokenly evangelic promoters and enthusiasts - among them, famously, HRH Prince Charles - many of whom exhibited an overtly hostile, anti-scientific attitude towards the objective study of their favoured therapies. Clashes were inevitable, but the sheer ferocity with which advocates of alternative medicine would operate in order to protect their field from scrutiny came as a profound surprise. This memoir provides a unique insight into the cutthroat politics of academic life and offers a sobering reflection on the damage already done by pseudoscience in health care.

O conhecimento do ser humano evolui continuamente em todas as áreas. Na medicina, porém, o avanço de uma ampla gama de tecnologias voltadas para o prolongamento da vida – desejo primitivo dos seres humanos – deu lugar à tecnocracia. Esse movimento iludiu leigos (e muitos profissionais) e criou mitos, sobretudo o de que a morte poderia ser vencida. O problema é que essa obstinação terapêutica é hoje, muitas vezes, fonte de sofrimento – e paradoxalmente pode resultar no abreviamento do tempo de vida. Assim, é fundamental resgatar a qualidade do cuidar, não só do ponto de vista biológico, mas também mental e espiritual. Não se trata de abandonar o desenvolvimento tecnológico, mas de integrá-lo à visão plural de cuidado. Partindo desse pressuposto, esta obra – escrita por uma equipe multidisciplinar – se baseia numa prática integrativa, na qual todas as áreas de conhecimento trabalham juntas na busca da melhor qualidade de vida e da dignidade humana. Dividida em 16 capítulos, ela oferece protocolos seguros e eficazes que aliviam os principais sintomas dos pacientes que demandam atenção paliativa e traz uma série de opções de tratamento. Também são abordados temas como plano avançado de cuidados e diretivas antecipadas de vontade, além dos cuidados de fim de vida. Trata-se de uma referência fundamental num campo que está em franco desenvolvimento.

Na primeira edição busquei trazer informações sobre o que são os registros akáshicos e como acessá-los. Na época, no ano de 2014, quase não havia bibliografia. Especialmente em português. Pouquíssimas fontes de pesquisa. De lá pra cá muito avancei em meus estudos e, após seis livros lançados sobre o tema, senti uma grande necessidade de trazer novos conhecimentos e novo enfoque para quem inicia este caminho. Revendo meus primeiros escritos, reiterando alguns pontos e trazendo novas questões. Nesta segunda edição, busco trazer ainda mais informações que sirvam de auxílio aos que estão iniciando sua jornada

Walter Lubeck describes in a clear concise fashion a method of treatment which--irrespective of all challenges, obstacles or legal restrictions--offers therapeutic possibilities in the face of the challenges confronting naturopathy and empirical medicine today. This book will help to broaden the knowledge thus gained and provide more insight into Reiki so that it may be applied with greater ease and care. This book is especially commendable as it establishes connections between Reiki and biological medicine by pointing out combinations possible with herbal extracts, homeopathic preparations, Schussler salts, and the spagyric remedies which have been rediscovered. The combined action of Reiki energy and natural medicinal substances, some of which have been known from time immemorial, speed up and improve the therapeutic effect to a considerable degree.

EL SER UNO is a universal knowledge that will wake humans consciousness and realign it with the canons of the universe finding what has so deeply remained hidden in their minds for millennia. This knowledge has been received via telepathy and channeling by Elder Brothers-Ayaplianos of the Antimatter (spiritual) Reality of Alpha Centauri. They belong to the Sixth, Seventh, Eighth, and Ninth Dimension, parallel antimatter realities to the third dimension of planet Earth called TERA. The complete information is covered in a six-book series that range from the birth of the universe to the formation of the planet, its evolution, and destiny, which had formerly been transmitted to the ancient societies of Lemuria and Atlantis. Books: EL SER UNO I - The Arcana of Thoth EL SER UNO II - Planet 3.3.3 - The Guardians of Tera EL SER UNO III - The Seramitas - The long Path of Return EL SER UNO IV - Cosmic Alignment - 7 thousand Years of Preparation EL SER UNO V - The Interanos - The City of Crystal EL SER UNO VI - The Siren-Lemurianos - City of LIGHT and LOVE

\*\*\* 55% discount for bookstores! Now at \$28,95 instead \$38,95 \*\*\* Do you want to start practicing magic spells to improve your life condition? Not sure how to begin? Then keep on reading Wiccan Spells... Your customers will never stop using this amazing book! Wicca, despite not being restricted only to witchcraft, is still known for its ambition to work within the natural order to create change, to improve life, and to impact the Universe through magic. Wiccan Magick, however, is different to the kind of magic you have seen in movies and read about in books. Other than the addition of a 'k', the most notable difference is that the magic of real life, the kind of magic that practitioners of Wicca attempt to use, does not spark and flare, it does not explode nor does the tip of their wands or flesh of their palms sparkle with a bright white, orange, or yellow glow. Wiccan Magick is not supernatural by any means, unlike the magic you have heard of. It is entirely natural. Part of the natural order of the universe. And, it operates at a level that is difficult to perceive at times, but which can be seen all around you when you are attuned to the order within the world. Within this book, we will go over some of the more important rituals as well as some of the most useful spells within Wicca, but by no means will we be covering the entire spell book. In fact, no one could because new spells are being created every day. As we discussed before, Wicca is a very personalized religion and so is the process of casting spells. The exact wordage used in this book can be adopted, but the most powerful spells are those that are created by you, with your own words. Only you know what is most powerful to you and it is by harnessing your own inner power that the Magick is able to work. There are several important tools and certain knowledge that you will need to put the spells listed below to good use. Do not worry, we'll cover it all in the book. When you are finished with this book, you will know what you have to do to get started casting these spells and taking part in these rituals... This guide will focus on the following: The Correct Way to Perform Rituals Spellcraft - How Real Witches Cast Spells Rule of 3 and Wiccan Code of Conduct Herb and Candle Spell Healing Love Spell Money Attraction Spell Spells for Each Phase of The Lunar Cycle (Step by Step) Even if you've never cast a spell before, you will learn to cast the most powerful one, for any purpose to be attuned to the world and to fill in your own book of shadows. Now, if you want mastering witch spells, please let me show you how. Buy it NOW and let your customers become addicted to this incredible book

In YOUR INTERNAL SANCTUARY, the recognized expert in Complementary and Alternative Medicine LIDIA NESTER, presents ancestral tools that will allow you to discover and develop your spirituality in a practical, entertaining and above all independent way. In its pages, the techniques to meditate, breathe and visualize, coming from different schools are systematized; to show a way of looking at life and health, which, although it may seem novel, is actually based on principles as old as humanity itself. We can all be happy and healthy if we dedicate ourselves to it with effort and will, by adopting habits that support that end. YOUR INTERNAL SANCTUARY was written in order to help you improve your quality of life through the self-discovery of your physical, mental and spiritual capacity using the appropriate tools.

The sacred Flower of Life pattern, the primary geometric generator of all physical form, is explored in even more depth in this volume, the second half of the famed Flower of Life workshop. The proportions of the human body, the nuances of human consciousness, the sizes and distances of the stars, planets and moons, even the creations of humankind, are all shown to reflect their origins in this beautiful and divine image. Through an intricate and detailed geometrical mapping, Drunvalo Melchizedek shows how the seemingly simple design of the Flower of Life contains the genesis of our entire third-dimensional existence. From the pyramids and mysteries of Egypt to the new race of Indigo children, Drunvalo presents the sacred geometries of the Reality and the subtle energies that shape our world. We are led through a divinely inspired labyrinth of science and stories, logic and coincidence, on a path of remembering where we come from and the wonder and magic of who we are. Finally, for the first time in print, Drunvalo shares the instructions for the Mer-Ka-Ba meditation, step-by-step techniques for the re-creation of the energy field of the evolved human, which is the key to ascension and the next dimensional world. If done from love, this ancient process of breathing prana opens up for us a world of tantalizing possibility in this dimension, from protective powers to the healing of oneself, of others and even of the planet. Embrace the expanded vision and understanding that Drunvalo offers to the world. Coincidences abound, miracles flourish and the amazing stories of mysteries unveiled arise as the author probes the Ancient Secrets of the Flower of Life.

The popularity and practice of alternative medicine continues to expand at astonishing rates. In Healing Traditions, Bonnie Blair O'Connor considers the conflicts that arise between the values and assumptions of Western, scientific medicine and those of unconventional health systems. Providing in-depth examples of the importance and benefits of alternative health practices—including the extraordinarily extensive and sophisticated HIV/AIDS alternative therapies movement—O'Connor identifies ways to integrate alternative strategies with orthodox medical treatments in order to ensure the best possible care for patients. In spite of the long-standing prediction that, as science and medicine progressed—and education became more generally available—unconventional systems would die out, they have persisted with undiminished vitality. They have, in fact, experienced a reinvigoration and expansion during the last fifteen to twenty years. In the United States, this renewal is fueled by people representing a wide cross-section of American society, and most of them also use conventional medicine. This eclecticism can

result in conflicts between the values and assumptions of Western, scientific medicine and those of unconventional health systems. O'Connor demonstrates the importance of understanding how various belief systems interact and how this interaction affects health care. She argues that through neutral observation and thorough description of health belief systems it is possible to gain an understanding of those systems, to identify likely points of conflict among systems—especially conflicts that may occur in conventional care settings—and to intervene in ways that ensure the best possible care for patients.

In the first comprehensive and analytical study of therapeutic concepts and practices in China, Paul Unschuld traced the history of documented health care from its earliest extant records to present developments. This edition is updated with a new preface which details the immense ideological intersections between Chinese and European medicines in the past 25 years.

Melina teve alguns relacionamentos ruins, outros péssimos... Mesmo assim, ela não desiste: um dia ainda vai encontrar alguém que a complete e que entenda algumas manias fofas que ela tem como comprar mais sapatos do que pode guardar ou tomar uma multa ou outra por excesso de velocidade. Ela faz a sua parte escrevendo um pedido ao universo, no qual descreve esse ser incrível nos mínimos detalhes. Agora é só esperar, certo? Melina não imagina, porém, que esse presente dos céus já existe, mas foi parar nos braços de uma mulher in-su-por-tá-vel. O que fazer quando o destino insiste em brincar com a sua paciência?
