I was thirteen. Being thirteen is like being in the middle of nowhere. Which was accentuated by the fact that I was in the middle of nowhere. In a house that wasn't mine. In a city that wasn't mine, in a country that wasn't mine, with a one-man family that, in spite of the intersections and intentions (all very good), wasn't mine. When her mother dies, thirteen-year-old Vanja is left with no family and no sense of who she is, where she belongs, and what she should do. Determined to find her biological father in order to fill the void that has so suddenly appeared in her life, Vanja decides to leave Rio de Janeiro to live in Colorado with her stepfather, a former guerrilla notorious for his violent past. From there she goes in search of her biological father, tracing her mother's footsteps and gradually discovering the truth about herself. Rendered in lyrical and passionate prose, *Crow Blue* is a literary road trip through Brazil and America, and through dark decades of familial and political history.

Living Best Book of the Year • A New York Public Library Best Book of the Year “The sight of a campfire on a distant island...proves the catalyst for a series of discoveries and events—some poignant, some frightening—that Ms. Wolk unfolds with uncommon grace.” —The Wall Street Journal ? “Crow is a determined and dynamic heroine.” —Publishers Weekly ? “Beautiful, evocative.” —Kirkus The moving story of an orphan, determined to know her own history, who discovers the true meaning of family. Twelve-year-old Crow has lived her entire life on a tiny, isolated piece of the starkly beautiful Elizabeth Islands in Massachusetts. Abandoned and set adrift in a small boat when she was just hours old, Crow’s only companions are Osh, the man who rescued and raised her, and Miss Maggie, their fierce and affectionate neighbor across the sandbar. Crow has always been curious about the world around her, but it isn’t until the night a mysterious fire appears across the water that the unspoken question of her own history forms in her heart. Soon, an unstoppable chain of events is triggered, leading Crow down a path of discovery and danger. Vivid and heart-wrenching, Lauren Wolk’s *Beyond the Bright Sea* is a gorgeously crafted and tensely paced tale that explores questions of identity, belonging, and the true meaning of family. The movie *Jeremiah Johnson* introduced millions to the legendary mountain man, John Johnson. The real Johnson was a far cry from the Redford version. Standing 6'2" in his stocking feet and weighing nearly 250 pounds, he was a mountain man among mountain men, one of the toughest customers on the western

frontier. As the story goes, one morning in 1847 Johnson returned to his Rocky Mountain trapper's cabin to find the remains of his murdered Indian wife and her unborn child. He vowed vengeance against an entire Indian tribe. Crow Killer tells of that one-man, decades-long war to avenge his beloved. Whether seen as a realistic glimpse of a long ago, fierce frontier world, or as a mythic retelling of the many tales spun around and by Johnson, Crow Killer is unforgettable. This new edition, redesigned for the first time, features an introduction by western frontier expert Nathan E. Bender and a glossary of Indian tribes.

Mary Lawson's debut novel is a shimmering tale of love, death and redemption set in a rural northern community where time has stood still. Tragic, funny and unforgettable, this deceptively simple masterpiece about the perils of hero worship leapt to the top of the bestseller lists only days after being released in Canada and earned glowing reviews in The New York Times and The Globe and Mail, to name a few. It

will be published in more than a dozen countries worldwide, including the U.S., the U.K., Germany, Italy and Bulgaria. Luke, Matt, Kate and Bo Morrison are born in an Ontario farming community of only a few families, so isolated that “the road led only south.” There is little work, marriage choices are few, and the winter cold seeps into the bones of all who dare to live there. In the Morrisons’ hard-working, Presbyterian house, the Eleventh Commandment is “Thou Shalt Not Emote.” But as descendants of a great-grandmother who “fixed a book rest to her spinning wheel so that she could read while she was spinning,” the Morrison children have some hope of getting off the land through the blessings of education. Luke, the eldest, is accepted at teachers college – despite having struggle mightily through school – but before he can enroll, the Morrison parents are killed in a collision with a logging truck. He gives up his place to stay home and raise his younger sisters -- seven-year-old Kate, and Bo, still a baby. In this family bound together by loss, the closest relationship is that between Kate and her older brother Matt, who love to wander off to the ponds together and lie on the bank, noses to the water. Matt teaches his little sister to watch “damselflies performing their delicate iridescent dances,” to understand how water beetles “carry down an air bubble with them when they submerge.” The life in the pond is one that seems to go on forever, in contrast to the abbreviated lives of the Morrison parents. Matt becomes Kate’s hero and her guide, as his passionate interest in the natural world sparks an equal passion in Kate. Matt, a true scholar, is expected to fulfill the family dream by becoming the first Morrison to earn a university degree. But a dramatic event changes his course, and he ends up a farmer; so it is Kate who eventually earns the doctorate and university teaching position. She is never able to reconcile her success with what she considers the tragedy of Matt’s

failure, and she feels a terrible guilt over the sacrifices made for her. Now a successful biologist in her twenties, she nervously returns home with her partner, a microbiologist from an academic family, to celebrate Matt's son's birthday. Amid the clash of cultures, Kate takes us in and out of her troubled childhood memories. Accustomed to dissecting organisms under a microscope, she must now analyze her own emotional life. She is still in turmoil over the events of one fateful year when the tragedy of another local family spilled over into her own. There are things she cannot understand or forgive. In this universal drama of family love and misunderstandings, Lawson ratchets up the tension, her narrative flowing with consummate control in ever-increasing circles, overturning one's expectations to the end. Compared by Publishers Weekly to Richard Ford for her lyrical, evocative writing, Lawson combines deeply drawn characters, beautiful writing and a powerful description of the land.

Crow Planet richly weaves Haupt's own "crow stories" as well as scientific and scholarly research and the history and mythology of crows, culminating in a book that is sure to make readers see the world around them in a very different way.

Chip Livingston confronts and immerses himself into new cultural territories in his second poetry collection, CROW-BLUE, CROW-BLACK, an examination-critical, colloquial, and personal-of identity in terms of geography, experience, and blood quantum. A southern, gay, mixed-blood poet is thrust into the big-city literary life of the New York School artists in Greenwich Village, yet finds "home" in Uruguay with an Argentinean. CROW-BLUE, CROW-BLACK crosses traditional Native American narrative and incantatory styles with the quick-witted street poems of the New York School. It crosses the border into the southern hemisphere and bears witness to the influence of the Rio de la Plata, the grand capitols of Montevideo and Buenos Aires on its shores. From rural coastal roots to urban urgency and back to the rhythm of rivers and ocean, CROW-BLUE, CROW-BLACK maps the continents of the Americas.

Baker finished her PhD and imagined she would end up on the tenure-track, but the career she'd trained for was no longer sustainable. GRACE PERIOD contains the essays she wrote to make sense of how her career went awry. She documents her transition out of academia and the rebuilding of a life beyond what she had prepared for. Fur traders observed that no other Indians of the Upper Missouri were so well dressed or bragged of their tribal affiliation as frequently or as vociferously as the Crow. Two Leggings, the teller of the story you are about to read, was above all else a Crow warrior. His story tells us quite as much of tribal values that motivated and guided his actions as it does of his personal escapades. He was one of the last Crow Indians to abandon the warpath.
