The real-life trades and strategies of a successful cryptocurrency trader Glen Goodman's goal was to retire young and wealthy, escaping the daily grind. He taught himself how to trade everything from shares to Bitcoin and made enough money to realise his dream and quit his day job while still in his 30s. In The Crypto Trader, Glen will show you exactly how he made huge profits trading Bitcoin, Ethereum, Ripple and more, so that you can do it too - without risking your shirt. Glen publicly called the top of the market in December 2017 and took his profits before the crash. But there are still tons of trading opportunities out there and Glen continues to trade crypto successfully. Inside you'll see his multi-hundred-percent gains on a raft of cryptocurrencies and learn how he builds his profits and holds onto them. Glen reveals all his trading strategies, the proven methods and rules that make him one of the most followed traders in the world on social media. (He is also frequently

interviewed by the BBC, Forbes and LBC, and is a contributing expert on cryptocurrency at the London School of Economics.) It took Glen years of study and trial and error to become a consistent money maker. He learnt his trading lessons the hard way - so you don't have to. With *The Crypto Trader* by your side, you'll learn how to grab opportunities, make money - and keep it. In *THE AGE OF CRYPTOCURRENCY*, Cybermoney is poised to launch a revolution, one that could entirely re-invent traditional financial and social structures while bringing the world's billions of "unbanked" individuals into a new global economy. Cryptocurrency represents the promise of a financial system without a middleman, one owned by the people who use it and one safeguarded from the devastation of a 2008-type crash. Bitcoin became a buzzword overnight. A cyber-enigma with an enthusiastic following, it pops up in headlines and fuels endless media debate. You can apparently use it to buy almost anything from coffee to cars, yet few people seem to truly understand what it is. This raises the question: Why should anyone care about Bitcoin or other? But bitcoin, the most famous of the cybermoneys, brings with it a reputation for instability, wild fluctuation, and illicit business; some fear it has the power to eliminate jobs and to upend the concept of a nation-state. It implies, above all, monumental and wide-reaching change - for better and for worse. But it is here to stay, and you ignore it at your peril. With the knowledge of this book novices start trading at a whole different level than without the book's essential education in advance. The complete guide to trading altcoins is an incredible time saver for new traders, but even more a massive money saver. Readers will know how to avoid ever losing to much, they will understand the techniques how to get the most profit possible out of those markets. Who is the target audience? Anyone interested in learning cryptocurrency trading with no prior trading experience. Day traders who want to expand their investing options. Anyone who want to become a day trader and trade coins & altcoins. Anyone who want to learn how to invest in ICO's. Anyone who want to learn cryptocurrency trading & investing.
