

Cure For The Common Life Living In Your Sweet Spot Max Lucado

This is a book that is so much more than Joanne's Life's Journey. Through its pages, she not only reveals a picture of God's grace in her own life, but defines His ever-present healing fingerprint through the brokenness and loss she experienced. You'll learn who God is, and how to let Him move you into the same abundant life she has found and that He died to give to all of us. As she says in the book "God is waiting for you to take the first step so He can help you finish."

Using a command of theology and a unique, witty writing style, Pastor Galloway outlines the formula to alleviate church apathy. The cure is simple--a full-fledged return to the basics of Christianity. (Christian)

By committing himself to relieve pain and mental agony, the graduated pain therapist of the German Society for Naturopathy and Energetic Pain Therapy, ayurvedic life coach and author, Hans Georg van Herste travelled through half Europe, South Africa and East Asia. In South Korea, he asked to be instructed in the Korean massage, which may release even the most severe muscle agglutinations. In South Africa, he ran the opportunity to look over a midwife's shoulder, who taught him how to conduct the birth preparation of the two trees. Over the course of many years, he traveled to India in order to experience and learn the original Ayur Veda. Lakshmi and Shakti, two old-established healers, chose him as their student, drove him through his own, frequently turning out to be painful self-awareness, allowed him to have a look behind the curtains, explained to him the world by means of the ayurvedic point of view, taught him amazing and amazingly simple healing methods and finally rewarded him with a many century-old palm leaf. This honor is only reserved to very few people and made him to one of the happiest people on Earth. With this book, Hans Georg van Herste reveals his knowledge and invites the reader to take part in his adventures and experiences. The curious reader will find out much more, than the price of a pack of coffee. Whether as instructive inner examination or just as interesting reading - this book opens gates and conjures up the spirit of ancient knowledge and makes it appear in a new life.

"Sweet Spot." Ever swung a baseball bat or paddled a Ping-Pong ball? If so, you know the oh-so-nice feel of the sweet spot. Life in the sweet spot rolls like the downhill side of a downwind bike ride. But you don't have to swing a bat or a club to know this. What engineers give sports equipment, God gave you. A zone, a region, a life precinct in which you were made to dwell. He tailored the curves of your life to fit an empty space in his jigsaw puzzle. And life makes sweet sense when you find your spot. But if you're like 70 percent of working adults, you haven't found it. You don't find meaning in your work, or you don't believe your talents are used. What can you do? You're suffering from the common life, and you desperately need a cure. Best-selling author Max Lucado has found it. In *Cure for the Common Life*, he offers practical tools for exploring and identifying your own uniqueness, motivation to put your strengths to work, and the perfect prescription for finding and living in your sweet spot for the rest of your life.

Discover the wonder of a life with God you can't contain. The pages of scripture are full of ordinary people who walked with God as he poured himself out through them to a world in need. What if God never changed? What if he is still speaking to us and longing to work miraculously through us? What if it isn't a matter of more training or effort but simply receiving and releasing everything he already purchased? "Life in the Overflow" invites you to know God intimately as your Daddy in a way that spills out of you naturally. Filled with disarming honesty and fervent expectation, this book mirrors a reflection of who you are, who your God is and what he actually longs to do through "ordinary, messy kids" today!

There's one thing holding you back. It's you. Your instincts compel you to hide in comfort instead of facing life-limiting fears. In *Cubicle Apocalypse*, Ryan Gillespie peels back the layers, helping you to discover the fears we all face as human beings. With this welcome paradigm shift, your new comfort zone will be taking risks and seeking change to drastically improve your life. The journey in *Cubicle Apocalypse* begins with discovering yourself. There are straightforward tips and ideas that help to turn your fears into motivation and strength building opportunities. Then a straightforward blueprint is presented, complete with interactive Take Action sections, that will allow you to grow exponentially within your career or business. If you want to elevate your life, find success, and grow, *Cubicle Apocalypse* is a must read!

In this short excerpt from *The Cure for the Common Life*... It's Sunday afternoon and you're already dreading the inevitable Monday morning. You spend 50+ hours at a job you hate, only to come home too exhausted to pursue anything other than reality TV. Well, you are not alone: 87 percent of workers don't find meaning in their work and 80 percent believe their talents are not used. And there are consequences--whether or not we realize it, our resulting attitude impacts our health, our relationships, and our fundamental sense of happiness--but best-selling author Max Lucado has a cure. We are all unique individuals, created in God's image, with our own gifts, strengths and passions. In his winsome voice, Max will encourage you to explore your uniqueness, put it to work, and redefine your concept of career. Table of Contents: Your Sweet Spot (You Have One!) Unpack Your Bag Read Your Life Backward Study Your S.T.O.R.Y Conclusion Notes Bestselling author Max Lucado offers practical tools for exploring and identifying one's own uniqueness, the motivation to put individual strengths to work, and the perfect prescription for finding and living in the sweet spot of life.

Children of the Cure tells the story of the only Medical Study that has two publications in the academic literature--telling precisely the opposite story--and how no one is bothered by this. Study 329 was a clinical study that began in 1994 giving a new antidepressant to teenagers. It has become the most famous clinical trial ever, leading to a fraud charge, a \$3 billion fine, and a Black Box Warning. Despite now knowing that all trials of antidepressants done in children are negative, sales of these drugs to children and adolescents continue to increase dramatically. This book is written by three members of the team--David Healy, Joanna Le Noury and Julie Wood--who have been behind writing the study and creating the website that hosts a set of documents pharmaceutical companies never expected you would get to see.

This is the story of an Irish family from Cork Ireland. It documents how they survived in the 50's and 60's and will take you on a roller coaster ride of every emotion, sometimes all on the same page. Here you will read of an inspiring mother, always encouraging her six children to laugh at life, and believe in tomorrow. She did this inspiring while battling a domineering old grandmother, and an alcoholic husband, as her children drank tea from their jam jars, and read by a candle. It's a book filled with humor, drama, and dreams that come true, culminating in the author meeting his American dream. It's said the book is like, *Irish Stew for the Soul*. You will feel uplifted when you finish reading a book that seems to be everyone's story.

This book is laden with POWERFUL PRECIOUS DECLARATIONS which can be taken [applied] like medicine. SPEAK it as prescribed several times a day over situations, crisis, circumstances, challenges, turmoil, doubt, fear, sickness and so on. God spoke everything into being & we are made in his image, hence we also have the power to DECREE, DECLARE & ORDAIN and supernaturally take charge by SPEAKING OVER everything or anything facing us. All we need do is believe! This book is for those willing and ready to take charge of their lives, their living and be TRANSFORMED through the POWERFUL declaration of SPOKEN words! This book will set you free in the name of Jesus. All you have to do is believe!

Prepare to be cured by this quirky and hilarious debut novel about a sixteen-year-old loner who is sent to rehab for video game addiction—"perfect for teen gamers and readers who are fans of Jesse Andrews and John Green" (*School Library Journal*). Sixteen-year-old Jaxon is being committed to video game rehab...ten minutes after meeting a girl. A living, breathing girl named

Serena, who not only laughed at his jokes but actually kinda sorta seemed excited when she agreed to go out with him. Jaxon's first date. Ever. In rehab, Jaxon can't blast his way through galaxies to reach her. He can't slash through armies to kiss her sweet lips. Instead, he has four days to earn one million points by learning real-life skills. And he'll do whatever it takes—lie, cheat, steal, even learn how to cross-stitch—in order to make it to his date. If all else fails, Jaxon will have to bare his soul to the other teens in treatment, confront his mother's absence, and maybe admit that it's more than video games that stand in the way of a real connection. From a bright new voice in young adult literature comes the story of a young man with a serious case of arrested development—and carpal tunnel syndrome—who is about to discover what real life is all about.

Little Boys have secrets, Most secrets don't hurt, Men in high places want this secret - They will Kill for it - The First Book of the Jeremy Ruhl saga! The son of the English explorer Lord Baron Ruhl, Jeremy Ruhl, is lost in America. In the late 1800's The civil war is over, balloons dot the skies of Europe, and a boy begins an adventure! The original masterpiece of Action and adventure as Jeremy Ruhl, raised as a prince, and his friends want to find adventure, their adventure turns into a nightmare because of a secret Jeremy does not even know about, and people will kill for for that secret. 412 Pages of pure action and adventure. Rated YA 10 and up, some mild violence.

God's answer begins with you. Something is not quite right in the local church. Many Christians see the symptoms of decline in fellowship and spiritual vitality. If health and life are indications of growth, their congregation is not well. Unfortunately, the ailing church is becoming the common church. Professor and church growth consultant Bob Whitesel has written Cure for the Common Church to offer potent and proven cures to foster health in their local congregations. By thoughtfully examining Scriptures, he applies truths through real-life experience from his years of consulting. Questions for group study also help members explore and discern together how to become a healthy force in their church. Cure for the Common Church will fan the fires of change and bring health, vitality, and new life to your church

Judith's marriage to Adam is failing fast. Despite her best efforts, his attention is entirely taken up by his law practice while her existence-if he remembers it-is merely something to criticize. Thankfully, Judith has an antique shop and her best friend and business partner, Susan, to keep her focused on the good things in life. Tired of being overlooked and undervalued, Judith decides to leave her husband and reconnect with herself as a single woman rather than as Adam's wife. Soon, Judith's world expands to include a support group of women also facing divorce. Slowly learning to extend to herself the same compassion she offers her friends, Judith begins to rediscover her own value as a person and as a woman. And her efforts don't go unnoticed. While Judith rebuilds her life, with the encouragement of her growing circle of friends, a secret admirer starts leaving thoughtful gifts on her doorstep-which she begins to hope will lead to a face-to-face meeting. A celebration of friendship and love, where every character counts, "The Things That Fall Away" is an insightful story that brings to light the beauty of everyday things and the wonder of being truly cherished.

Cure for the Common Life Thomas Nelson

A deeply personal account of Elton John's life during the era of AIDS and an inspiring call to action. In the 1980s, Elton John saw friend after friend, loved one after loved one, perish needlessly from AIDS. He befriended Ryan White, a young Indiana boy ostracized because of his HIV infection. Ryan's inspiring life and devastating death led Elton to two realizations: His own life was a mess. And he had to do something to help stop the AIDS crisis. Since then, Elton has dedicated himself to overcoming the plague and the stigma of AIDS. The Elton John AIDS Foundation has raised and donated \$275 million to date to fighting the disease worldwide. Love Is the Cure includes stories of Elton's close friendships with Ryan White, Freddie Mercury, Princess Diana, Elizabeth Taylor, and others, and the story of the Elton John AIDS Foundation. Sales of Love Is the Cure benefit the Elton John AIDS Foundation.

THE BIG BOOK OF HOME REMEDIES Discover Solutions to Everyday Problems With A Natural Approach Many of us are looking for alternative measures to treating the whole person, not just the disease or ailment. Because your eating healthy...right? The number one way to stimulate the body to release its own natural pain killers

Welcome to Black Dog Bay, a tiny seaside town in Delaware known as "the best place in America to bounce back from your

breakup.” Home to the Better Off Bed-and-Breakfast, the Eat Your Heart Out bakery, and the Whinery bar, Black Dog Bay offers a haven for the suddenly single. Flight attendant Summer Benson lives by two rules: Don’t stay with the same man for too long and never stay in one place. She’s about to break rule number one by considering accepting her boyfriend’s proposal—then disaster strikes and her world is shattered in an instant. Summer heads to Black Dog Bay, where the locals welcome her. Even Hattie Huntington, the town’s oldest, richest, and meanest resident, likes her enough to give her a job. Then there’s Dutch Jansen, the rugged, stoic mayor, who’s the opposite of her type. She probably shouldn’t be kissing him. She definitely shouldn’t be falling in love. After a lifetime of globe-trotting, Summer has finally found a home. But Hattie has old scores to settle and a hidden agenda for her newest employee. Summer finds herself faced with an impossible choice: Leave Black Dog Bay behind forever, or stay with the ones she loves and cost them everything....

When “good” isn’t good enough, make your vocabulary splendid, stupendous, and electrifying with this guide to words that really say something. Your brain holds an impressive vocabulary of more than twenty-thousand words, but chances are you only use a small fraction of them. That fraction is usually filled with worn-out oldies that have lost their impact—and perhaps even their meaning—such as interesting, basic, and nice. If this diagnosis fits your ailing communication skills, here’s your prescription: a unique vocabulary guide offering more than three-thousand impressive, precise, and engaging alternatives to the one-hundred most overused words. Arranged alphabetically, each overused word—from absolutely and awesome to want, weird, and well—is given more than fifteen alternatives that might better communicate your meaning. Along with a list of synonyms, each common word is accompanied by definitions, sample sentences, witty quotes, explanations of why the word fails to communicate, and much more.

The life force, also known as “spirit,” is the essence of being and the conscious and most important form of energy. Living energy is personal and within our conscious control, and by learning about it, we can use it to transform our life into vibrant and meaningful expressions of who we really are. Consciousness is purely energetic and therefore difficult to quantify in mechanistic terms. It is the characteristic of living energy and is the foundation of awareness. Consciousness is the thread running through all life. Living Energy is an introduction to the process of mystic spirituality. The reader is encouraged to attain a deep and meaningful connection to the divine with expanded awareness. The principles given in this book are equally relevant to the novice and the advanced practitioner. Robert explains how we may reveal our hidden potential by shifting our perception away from what is customary and comfortable to open the doors to greater spiritual awareness.

An eye-opening guide that boils down common health problems to nine simple causes and offers the relief readers have been searching for. An expert in combining both traditional and alternative medicine, Dr. Teitelbaum explains that tackling nine wholly preventable causes is the key to long-term, real relief from nagging health concerns. Real Cause, Real Cure unearths the underlying causes of more than 50 health problems, steering readers toward cost-effective, safe, and easy remedies to combat woes ranging from acne and food allergies to diabetes and cancer. Readers will discover how getting a full night's rest can combat heart disease, diabetes, depression, heartburn, weight gain, and chronic pain; how adding exercise to one's daily routine not only prevents an expanding waistline, but also wards off Alzheimer's, fibromyalgia, insomnia, and stroke; and how drugs taken to improve our health are a major culprit in why we keep getting sick. This user-friendly guide takes the confusion out of personal health care so readers can enjoy a life free of needless prescriptions, doctors' offices, and irritating health issues.

Cure Herpes Naturally - Natural Cures for a Herpes Free Life Table of Contents Introduction Section 1: Getting Started Chapter 1: Herpes for dummies Chapter 2: Who gets herpes infection? Chapter 3: How to tell if you have herpes? Section 2: How to cure herpes naturally? Chapter 4: Go Green, Go for herbs Chapter 5: Look before you eat! Conclusion References: Introduction A young man comes to his doctor and complains of painful sores around his genitals. During the inquiry the doctor finds out that he had unprotected sex with his partner while he was on vacation a month earlier. After a thorough examination the doctor concludes that he is suffering from a sexually transmitted disease (STD) called herpes. Herpes is a sexually transmitted disease common in sexually active individuals. According to stats of the United States Center for Disease Control and Prevention (CDC), the reported cases of herpes are highest among any other sexually transmitted disease. According to the 2008 report of CDC, sexually transmitted diseases affect 19.7% of individuals in the United States per year. Herpes account for more than half of the reported cases of STDs. To be more precise, herpes affects more than 14 million individuals in the United States each year. Out of these cases most of the affected population (more than 49%) belongs to the age group of 15-24 years. The stats are truly alarming, right? Whenever someone talks about sexually transmitted diseases, the first thing that comes to mind is AIDS. AIDS is a potentially lethal condition with no known cure. This leads to a misconception that whatever spreads through sex is supposed to be incurable and lethal. But this is not true. Although herpes can cause serious complications, it is not incurable. It can be diagnosed and treated with a 100% success rate. What would you do if you get herpes? The first option that might come to mind, while suffering from a herpes infection, is going to a physician. But this is not a good choice because of two reasons. First, it's going to cost you A LOT. Second, you'll have to eat a handful of medicines each day and medicines have a lot of side effects ranging from minor to severe. "What other choice do I have then?" you might ask. Who needs to see a Doctor when all you need to do is search

your kitchen or pantry or go to the super market for natural herpes cures? Confused? Read on to get your questions answered! Here's some good news: You don't need to go to your Doctor and waste your time and money. There are natural methods that can do the trick for you. All these methods are cost effective, safe to use and guess what; you can try these methods all by yourself! Yes, home remedies, herbs, and natural cures have side effects too, but only if taken in high excess and if you don't follow the instructions or listen carefully or discuss these with your practitioner. This book will provide easy, achievable steps you can take, with none of the vague technical terms that won't help. Read on to know everything you need to know about herpes, its origin, signs and symptoms and natural cures.

Diet Cure for Common Ailments covers the whole gamut of ailments which can be cured merely by proper food habits and regulation of one's life, without recourse to medicinal treatment. The book is based on the theories and fundamentals of nature cure that go to preserve health and vitality. The complete treatment charts and illustrations given in this book will serve as a useful guide to those who wish to treat themselves through this system at home.

Inspired by the incredibly true story of people who don't have a clue about how to handle uncomfortable situations and conversations related to race and culture. Max Lucado wrote Cure for the Common Life to help you find your uniqueness. Now, in Cure for Common Life Small Group Study, Max teams with People Management International. In this engaging and dynamic 6-week small group study, you will learn how to: pay attention to your uniqueness, unpack your life to discover your S.T.O.R.Y., strengthen and enhance your relationships, discover your career strengths, and live in your sweet spot every day of your life! This is the autobiography of a person who was mentally ill for 20 years. It shows how she became stuck in her illness due to religious distortions and how she recovered.

"Written for physicians, practice managers, unit directors, chief nursing officers, or anyone else serving as someone's boss in a healthcare setting, this book is a powerful primer on successfully building teams and leading people." Why are some healthcare teams polluted by conflict, gossip, and lack of effort, while others work hard, get along, and wow patients? Research says it's the boss that makes the difference. The most engaged and inspired healthcare teams don't get that way by chance. They are led by physicians and managers who create the conditions necessary for people to thrive. Yet many leaders in healthcare settings lack insight into what employees must experience to be at their best, every day. Cure for the Common Leader translates the latest research on leadership, employee engagement, and motivation into SEVEN actions physicians and managers must take to engage and inspire healthcare teams. With more than 14 years of experience training leaders, Joe Mull packs each chapter with tips, ideas, strategies, and exercises to help physicians and managers get their teams firing on all cylinders. "While healthcare undergoes a variety of changes, one thing remains the same: the need for physicians and managers to build, lead, and sustain talented, dedicated teams. Mr. Mull has outlined exactly how to get there in one of the most practical healthcare leadership books you will ever read." ~Robert Maha, MD, MBA Chief Medical Officer/Chief Operating Officer, MedExpress. "As a leadership how-to for physicians and managers, Cure for the Common Leader is truly superior, brimming with savvy advice and clear direction. It's a powerful toolkit for anyone leading others in healthcare." ~Barb Moran, RN, BSN, MBA Chief Clinical Officer/Chief Nursing Officer, Grace Hospital "25 years in healthcare has taught me that managing a team is the most challenging part of the job. Joe Mull has been, for me, a guiding influence in my quest to keep employees engaged. I am so excited that he has written this book. It's a clear, specific action guide that spells out exactly what healthcare leaders must do to be successful." ~Teresa D. Babyak, RN, MHA, MBA, Director of Operations, Washington Physicians Group

You may remember visiting a grandparent or elder friend who lived in a nursing home memory unit. When you were a child you may recall sights, sounds, and smells that caused you to feel uneasy. Step into any one of today's 16,000 long-term care facilities across the US, and suddenly those memories reemerge. Nurse Supervisor K. Allen tells of the emotional investments found while working with seniors inside the Van Gogh, a large upscale urban assisted living complex. Located at its core is found a locked memory care unit, the Rembrandt, where he and his heroic support team struggle to comfort those suffering from Alzheimer's and other types of Dementia. Emotionally rich and deeply moving, Remembering What I Forgot tells of a day in the life of a memory unit nurse and the unimaginable obstacles faced by today's health care workers. A first of its kind, the story provides its reader with a rare glimpse into "life on a memory unit" including the emotional torment experienced by visitors who witness their loved one slip into ever increasing apathy and confusion. In its truest sense a love story of the need to cope and how to find hope when someone we love suddenly cannot remember well and is handed a diagnosis of Dementia. Insightful, humorous and heartfelt, Remembering What I Forgot conveys a message of inspiration and helps us connect with those in the final chapter of their life. Let us not forget them.

Dive into this innovative, yet practical, approach to catapulting your life's productivity into maximum gear. Discover subconscious barriers which prevent us from living in our maximum potential. Often, we live our lives making decisions based on subconscious perceptions. These innate perceptions, if not properly aligned with achieving your goals, will consistently deny you full success. Therefore, you must become conscious of your thoughts, beliefs, and fears. Only after doing this, can you begin attracting the life you've only dreamed of. J.U.M.P. will not only inspire you through testimonials, but empower you through step-by-step principles on how to J.U.M.P. Are you ready for your life to take flight to heights unknown? No matter how much success you have experienced thus far, there's always room to grow and evolve. Let's get started on making you a professional JUMPER!

Even when in the darkest despair a rose can grow! Knowing that God is with you to offer hope and comfort. Author Emily Frazier life serves as an example that after much confusion that is hope bestowing happiness, peace, and fulfillment in the mist of absolute desolation. A rose will grow anywhere reaffirms that all things work together for the Glory of God, even when you think the secret of the beholder would take you out in misery. Learning to walk by faith even when you don't see it and reclaim your life. Ignore the intensity of the past feelings or your emotions surrounding the circumstances get ready to encounter breakthrough from unpleasant thought and emotions. Reclaiming your life requires tapping into those painful places that were hidden from the forefront but it time to start rejoicing! Fulfill your reason for living beyond limitations!

A man named Jesus, whom is considered the Christ by countless people around the world to this day, lost his life at the hands of barbarians while residing in Canaan, where he devoted his life to making those around him aware they had the potential to become gods. Despite the accumulation of so many technological innovations over the past two millennium that were supposed to ease the daily hardship of people everywhere, so more time could be devoted to pursuits that cultivate the mind, evidence indicates that the size of the Homo-sapien brain, male and female alike, has persistently decreased over this passage of time. The pain, and suffering, endured by Jesus was supposed to serve as a wake up call to the savages in his midst, and the generations to follow, that they had much to learn about what he means to be civilized, as we see amply evidence of to this very day.

Tom Ferrelli is a young research scientist, who works for the Ornix Pharmaceutical Company. When he discovers a promising molecule in the lab that eradicates cancer in mice, he becomes a rising star at Ornix. But this will all change when Tom makes a profound decision to use this unproven experimental molecule on a young boy with a fatal cancer diagnosis. Tom's bold, unprecedented decision will set in motion a chain of events, which will forever change his life and the Pharmaceutical Industry. And, as Tom tries to defend himself for his actions, he realizes that he is running out of options and time, and is looking at a long prison sentence, unless he can find a "Smoking Gun" that will bring down Ornix, prove his innocence, expose a powerful Congressman, and introduce the world to a cure for cancer.

Did you know that you have been looking through "funny-colored glasses" your whole life? What? Who? Me? Yes, all of us! We have been viewing the world around us through our own unique perspective, which colors and flavors everything we see. It is more than a "viewpoint." because it directly effects all that we feel, do, and say. This book is about perspective. Over the many years of his practice, Dr. Keith Eble discovered he was repeating key ideas about perspective to his clients in brief, powerful statements, which served as reminders for the ideas he was addressing. When he began to collect these "one-liners," he found other relevant wise sayings, and, his clients contributed their own gems of wisdom, while he also created ones of his own. As the list grew, the thought of making these ideas available to others grew, too. Dr. Eble firmly believes anyone who reads this book will immediately gain an understanding of how perspective effects us - even unknowingly. He also believes anyone can begin to identify and challenge harmful perspectives. He further believes these ideas can be used as part of an amazing, life-long endeavor, providing a powerful means to improve emotional health and relationships.

"The inspiring memoir of a young doctor and former college athlete who became a champion for people suffering from rare, under-researched diseases--all while battling his own. A former Georgetown quarterback nicknamed "The Beast," David Fajgenbaum was also a force in medical school, where he was known for his unmatched mental stamina. But things changed dramatically when he began suffering from inexplicable fatigue. In a matter of weeks, his organs were failing and he was read his last rites. Doctors were baffled over a condition they had yet to even diagnose; floating in and out of consciousness, Fajgenbaum prayed for the equivalent of game day overtime: a second chance. Miraculously, Fajgenbaum survived, but only to endure repeated near-death relapses from what would eventually be identified as a form of Castleman disease--an extremely deadly and rare condition that acts like a cross between cancer and an autoimmune disease. When he relapsed on the only drug in development and realized that the medical community was unlikely to make progress in time to save his life, Fajgenbaum turned his desperate hope for a cure into concrete action: between hospitalizations he studied his own charts and tested his own blood samples, looking for clues that could unlock a new treatment. With the help of family, friends and mentors, he also reached out to other Castleman disease patients and physicians, and eventually came up with an ambitious plan to crowdsource the most promising research questions and recruit world-class researchers to tackle them; instead of waiting for the scientific stars to align, he proposed to align them himself. More than five years later and now married to his college sweetheart, his hard work has paid off: a treatment that he identified has induced a tentative remission and his novel approach to collaborative scientific inquiry has become a blueprint for advancing rare disease research. His incredible story demonstrates the potency of hope, and what can happen when forces of determination, love, family, faith and serendipity collide"--

Daniel Nash struggles to reconcile his feelings of betrayal with his desire to understand his life. His hopes of uncovering the secrets revealed in his father's journals are quickly dashed, and he works with a private investigator to discover the truth. Worry about his wife, Sarah, combines with his efforts to cope with his childhood trauma, an unexpected death, and the recent revelations. His obsession with the past threatens to destroy his stable life. Meanwhile, Sarah and her father, Tristan, continue to combat the lingering discord that developed between them years before but refuse to take their main focus from Daniel. As he reviews his biological father's efforts to be a good man, Daniel searches for a way to comprehend shocking disclosures. He questions his own goodness as he fights not to emotionally withdraw from those around him, especially the two people he knows will always love him, Sarah and Tristan.

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures .

Flight attendant Summer Benson moves to Black Dog Bay to get over her boyfriend, where she is welcomed by the locals, particularly the ruggedly handsome mayor in this new novel from the author of The Week Before the Wedding. Original.
