Panther Curse Tasha Black, 2021-07-01 My name is Kendall, and I'm living three lives. The first is as a legacy, a card-carrying member of an elite group of witches whose families have attended Primrose Academy for generations. The legacies pretty much rule the school, and we have fun doing it. The second is with a scrappy gang of lesser witches, trying to prevent evil from infiltrating the school. They're anything but legacies, but Bella, Cori and Anya are amazing women, and they're starting to feel like the supportive friends I always secretly wished for. My third life happens late at night, when I sneak out of the castle to meet my boyfriend in the woods. He's got dreamy eyes, copper hair, and an endless capacity to listen to my problems. But it's getting harder and harder to keep up my three separate lives. And things are already getting out of hand by the time I realize I've inadvertently ruined everything. Before I know it, I'm caught in a trap. Now I have nothing to rely on

but my wits, and the friends I betrayed, to save me from a fate worse than death. And then I meet Jared. The beautiful, shattered shifter has been imprisoned for years. His body is scarred and his heart is broken, but he's willing to weave it all back together all for me. He tells me I'm his mate, and I believe him. Together, we can both learn to be whole again. But it's going to take a miracle to get us back to our friends. Shifters Bewitched is a brand-new Paranormal Romance series from USA Bestselling Author Tasha Black. Alien Pilot Needs a Nanny Tasha Black, 2022-03-22 When inexperienced nanny April goes to work for a hotshot pilot, she's in for some unexpected turbulence. April left behind her dreams to become a professional dancer the day she learned her work contract was for a gentlemen's club instead of a theatre. She's waiting tables and trying desperately to avoid the stage when she gets an opportunity to take a job as a nanny on idyllic planet Ulfgard. The previous nanny storms out of the fancy penthouse screaming about the awful kids, but April can't wait to roll up her sleeves and help. It's their intimidating, achingly gorgeous father who has her stomach in knots. Khall Rivvor is a war hero - a hotshot Jordraaki pilot who gained even more unwanted fame for his good looks. All he wants is a quiet home life. But the arrival of the new nanny has turned his world upside down. And while April works her magic with Bolyne's hot temper and Minerva's shyness, she's weaving a spell over Khall's heart, too. It's all he can do to remind himself that she's young and she's depending on him for a roof over her head. He can't give in to the need to touch her, even if it's tearing him apart. When danger from April's past surfaces, Khall's protective instincts go into hyperdrive. But it's April who will have to face her fears and step up to protect the people she loves. Will Khall surrender to desire and open his heart to her in spite of everything? Or is this pilot destined to fly solo?

Wolf Spell Tasha Black, A brotherhood of hungry shifters, a remote school for witches, and danger at every turn... Welcome to Primrose Academy. I never believed in magic. Until I found out I was a witch. I was just a regular college student, working double shifts at the diner to pay for classes, and hoping I could help my injured brother find his place in the world. Then the witches came. They ripped me from my life, took me to Primrose Academy, and told me I was one of them. By the end of the semester, they claim they'll have me wielding my powers to uncover ancient secrets, and maybe even to help the people I love. But before I have a chance to kindle that spark, a wolf-shifter guardian stalks straight up to me on the night of the Choosing Ceremony and tells me I'm coming with him. Luke is the epitome of tall, dark and handsome. He's determined to protect me. And he swears I'm his mate. Excuse me, what? No one told me about this part. Now, I'm wrapped up in some ancient contract I never agreed to. And the worst part is, the restless, rugged shifter is making me start to question if I would walk away even if I could. I might fight my passions, but I'll never make it three nights in his bed without surrendering. And if I surrender to Luke, I'll have to abandon Primrose Academy forever, along with my new friends, my magic training, and all hope of helping my brother. As if that choice isn't hard enough, there's something else stalking the school. Something even more dangerous than a wolf... Shifters Bewitched is a brand-new Paranormal Romance series from

Earth wasn't his home, but he'd find a way to survive there if it meant finding a mate. He could put up with their ancient mechanical devices and a name that wasn't his

own for the right woman. Chloe never imagined she'd sign up to be some sort of modern-day mail order bride.
