This book documents and highlights the Deobandi dimension of extremism and its implications for faith-based violence and terrorism. This dimension of radical Islam remains largely ignored or misunderstood in mainstream media and academic scholarship. The book addresses this gap. It also covers the Deobandi diaspora in the West and other countries and the role of its radical elements in transnational incidents of violence and terrorism. The specific identification of the radical Deobandi and Salafi identity of militants is useful to isolate them from the majority of peaceful Sunni and Shia Muslims. Such identification provides direction to governmental resources so they focus on those outfits, mosques, madrassas, charities, media and social medial channels that are associated with these ideologies. This book comes along at a time when there is a dire need for alternative and contextual discourses on terrorism.

Gumgashta is a collection of heart touching and lovely feelings.

In late nineteenth-century South Asia, the arrival of print fostered a dynamic and interactive literary culture. There, within the pages of Urdu-language periodicals and newspapers, readers found a public sphere that not only catered to their interests but encouraged their reactions to featured content. *Cosmopolitan Dreams* brings this culture to light, showing how literature became a site in which modern daily life could be portrayed and satirized, the protocols of modernity challenged, and new futures imagined. Drawing on never-before-translated Urdu fiction and prose and focusing on the novel and satire, Jennifer Dubrow shows that modern Urdu literature was defined by its practice of self-critique and parody. Urdu writers resisted the cultural models offered by colonialism, creating instead a global community of imagination in which literary models could freely circulate and be readapted, mixed, and drawn upon to develop alternative lines of thinking. Highlighting the participation of readers and writers from diverse social and religious backgrounds, the book reveals an Urdu cosmopolis where lively debates thrived in newspapers, literary journals, and letters to the editor, shedding fresh light on the role of readers in shaping vernacular literary culture. Arguing against current understandings of Urdu as an exclusively Muslim language, Dubrow demonstrates that in the late nineteenth century, Urdu was a cosmopolitan language spoken by a transregional, transnational community that eschewed identities of religion, caste, and class. The Urdu cosmopolis pictured here was soon fractured by the forces of nationalism and communalism. Even so, Dubrow is able to establish the persistence of Urdu cosmopolitanism into the present and shows that Urdu's strong tradition as a language of secular, critical modernity did not end in the late nineteenth century but continues to flourish in film, television, and on line. In lucid prose, Dubrow makes the dynamic world of

colonial Urdu print culture come to life in a way that will interest scholars of modern Asian literatures, South Asian literature and history, cosmopolitanism, and the history of print culture.

Dawn Eden, internationally known speaker and author, presents a completely revised Catholic edition of her bestselling work, *The Thrill of the Chaste*. In this version, Eden shares her story of conversion to Catholicism and invites readers into a Catholic understanding of chastity and its spiritual benefits. When Dawn Eden released *The Thrill of the Chaste* in 2006, she was a Jewish convert to Protestant Christianity, preparing to make the final leap into Catholicism.

Now, nine years later, Eden has extensively updated *The Thrill of the Chaste*, sharing how her Catholic faith, the lives and intercession of the saints, and the healing power of the sacraments have led her to find her true identity in Christ. This revised, Catholic version offers spiritual and practical advice for both men and women seeking to live chastely in a world that glorifies sex. Eden offers tips to help readers avoid temptation and live faithfully—including dressing modestly, but not being afraid to feel good about the way they look; trusting that God has a plan for their life and relationships; and making sure their “yes” comes from the heart. *The Scatter Here Is Too Great* heralds a major new voice from Pakistan with a stunning debut—a novel told in a rich variety of distinctive voices that converge at a single horrific event: a bomb blast at a station in the heart of the city. Comrade Sukhansaz, an old communist poet, is harassed on a bus full of college students minutes before the blast. His son, a wealthy middle-aged businessman, yearns for his own estranged child. A young man, Sadeq, has a dead-end job snatching cars from people who have defaulted on their bank loans, while his girlfriend spins tales for her young brother to conceal her own heartbreak. An ambulance driver picking up the bodies after the blast has a shocking encounter with two strange-looking men whom nobody else seems to notice. And in the midst of it all, a solitary writer, tormented with grief for his dead father and his decimated city, struggles to find words. Elegantly weaving together a striking portrait of a city and its people, *The Scatter Here Is Too Great* is a love story written to Karachi—as vibrant and varied in its characters, passions, and idiosyncrasies as the city itself.

Afghanistan: 1897 The Pathan tribes are in fullscale revolt against the British, but another, much more dangerous conflict is brewing in the Khyber Pass. The actions of the Time Wars have resulted in a confluence effect, bringing a parallel timeline into congruence with our own. One timeline must be disrupted to safeguard the existence of the other, and the first shot in the war between two timelines has already been fired. The Time Commandos' mission puts them squarely in the crossfire, along with a young British war correspondent named Winston Churchill and a native waterboy named Gunga Din.

"...unmatched in its meticulous and careful research into the wellsprings of a truly unique relationship between two neighbouring states." SHYAM SARAN "Ranjit Rae" 's portrayal of India-Nepal relations from the Indian perspective is meticulous, nuanced and insightful." S.D. MUNI "Ranjit Rae breaks down the paradox of India" 's very intimate yet troubled relationship with Nepal." C. RAJA MOHAN The first two decades of the new millennium have witnessed a dramatic socio-political transformation of Nepal. A violent Maoist insurgency ended peacefully, a new constitution abolished the monarchy and established a secular federal democratic republic. Nevertheless, political stability and a peace dividend have both remained elusive. Nepal is also buffeted by changing geopolitics, including the US-China contestation for influence and the uneasy relationship between India and China. As a close neighbour, India has been deeply associated with the seminal changes in Nepal, and the bilateral relationship has seen many twists and turns. Partly a memoir, this book examines India" 's perspective on these developments, in the context of the civilizational and economic underpinnings of the India-Nepal relationship, as well as issues that continue to prevent this relationship from

exploiting its full potential. Though there are several Nepalese accounts that deal with this subject, there are few from an Indian point of view. Kathmandu Dilemma fills this gap. Learn how things get moving and what makes them stop.

The Economy of Modern Sindh delves into the different aspects of Sindh's economy- from geography, topography, climate, administrative history, and demographics, to the political landscape, education, health, labour force and employment, poverty and inequality, agriculture and water issues, infrastructure, industries, energy resources, and public finances- each is covered in a separate chapter. The book highlights the socioeconomic problems that have beset Sindh, arresting the province's economic potential, and proposes a multi-pronged strategy to address these challenges. It offers

an incisive and objective assessment of the various policies enacted and pursued by the Sindh government over the years. The analysis on each aspect of Sindh's economy is juxtaposed with the performance analysis at the national level as well as a comparison with Punjab that allows for a relative appraisal of Sindh's socioeconomic standing.

Since the symmetrical-global East-West conflict was decided in favor of the West, numerous asymmetrical conflicts have erupted around the globe. Jihadist terrorism has spread beyond the borders of the regions in which it had its origin and has reached a global dimension. Research and analysis of the root causes and underlying conditions, motivators and enablers of terrorism including the agitation propaganda of jihadist terrorists are vital to shaping appropriate countermeasures to the threat from Islamic terrorism. This paper looks at the jihadist use of strategic communication management techniques. The mass media and especially the Internet have become the key enablers and the main strategic communication assets for terrorists and have ensured them a favorable communication asymmetry.

This book is the first of its kind on the socio-political history of Urdu. It analyses the historiography of the language-narratives about its names, linguistic ancestry, place of birth-and relates it to the politics of identity-construction among the Hindus and Muslims of India during the last two centuries. More importantly, a historical account of the use of Urdu in social domains such as employment, education, printing and publishing, radio, films and television etc. has been provided for the first time. These accounts are related to the expression of Hindu and Muslim identity-politics during the last two centuries. Evolution of Urdu from the language of the laity, both Hindus and Muslims, of the Indian subcontinent during the period between 15th-18th centuries to its standardization into two languages: Persianized Urdu and Sanskritized Hindi are highlighted here. The writer looks at narratives of the names, theories of genealogy and places of origin of the language in relation to the political imperatives of identity-politics of Hindus and Muslims during the nineteenth and twentieth centuries. In a nutshell, historiography is analyzed with reference to its political and ideological dimensions-and a fresh analysis regarding the linguistic history of Urdu is provided.

This unique book analyzes the discourse of organizations affiliated with al-Qaeda. It interrogates the discourse of these extremist organizations, which publish their own newspapers. These publications, widely distributed to the local population, play a critical role in securing and maintaining public support for the militant organizations. The book examines how these organizations discursively construct the socio-political reality of their world, in the process defining the Self and the Other. The Self becomes umma, or the global Muslim community, while the Other becomes the West, including the United States, Israel, and India. This book presents an analysis of three historical moments—the assassination of al-Qaeda chief Osama Bin Laden, the controversial YouTube video Innocence of the Muslims, and the shooting of the Pakistani child activist and Nobel Laureate Malala Yousafzai. This analysis reveals the discursive strategies used by the militant organizations to create what Foucault calls regimes of truth and articulate identities of the Self and the Other. The first of its kind, this book provides an insight into the mind-set of extremists. It presents a picture of the world that

extremists construct through their own discourse and explains how extremists try to win the hearts and minds of mainstream Muslims in order to expand their support base, seek donations, and find new recruits. Understanding extremist narratives and the ways they feed the broader militant discourse may yield more meaningful and effective strategies for the West to communicate with mainstream Muslims.

Since their founding as independent nations, nuclear issues have been key elements of nationalism and the public sphere in both India and Pakistan. Yet the relationship between nuclear arms and civil society in the region is seldom taken into account in conventional security studies. These original and provocative essays examine the political and ideological components of national drives to possess and test nuclear weapons. Equal coverage for comparable issues in each country frames the volume as a genuine dialogue across this contested boundary.

What is the state's responsibility to its people in the aftermath of a natural hazard based disaster? The book sets out to address this seemingly simple question, after large scale floods devastated Pakistan in 2010 and then again in 2011. Along the way it delves into rich detail about people's everyday encounters with the state in Pakistan, uncovers postcolonial discourses on rights of citizenship and dispels mainstream understanding of Islamist groups as presenting an alternative development paradigm to the state. Based on detailed ethnographic fieldwork, *In the Wake of the Disaster* forces the reader to look beyond narratives of Pakistan as the perennial 'failing state' falling victim to an imminent 'Islamist takeover'. The book shifts the conversation from hysteria and sensationalism surrounding Pakistan to the everyday. In doing so it transforms our understanding of contemporary disasters.

The book is a narration of participatory development experience in the rural areas of South Asia. It is meant for both the professional and lay reader interested in poverty alleviation and rural development. The lessons learned in rural development based on the author's work over the last fifty years in various areas of South Asia are narrated in the context of "working within the system and living within the means". The basic principles of rural development are described through the process of engaging rural men and women to shape their lives. Inspirational contents of the efforts of rural people are combined with operational details of interaction between these people and professionals to ignite hope and offer guidelines for changing the lives of the teeming millions by mobilizing their own potential. The book would be of interest not only to professionals in the non profit sector but policy makers and development managers in the government because it offers insight about enabling government to reach the poor at the household level through social mobilization. The book is a valuable addition to the knowledge on people-centered development and evidence based advocacy for policy change conducive to sustainable development.

It was a day just like today—the leaves of the peepul tree outside his window were drenched in the rain—and yet Randheer knew, today was nowhere close to the day he was desperately trying to hold on to. What is it about memories and the way our bodies remember things? Why is it that just the absence of one thing—her smell—can change everything about a day that seems exactly how he remembers it? Do we shape our memories or do our memories shape us? Every bit as evocative as it is lyrical, *Smell* is what happens when excellent prose tells the story of intriguing characters. Read on to experience a masterpiece by the master of short fiction, Manto.

This path-breaking volume reveals a little-known aspect of how Lashkar-e-Tayyaba, a jihadist terrorist group, functions in Pakistan and beyond by translating and commenting upon a range of publications produced and disseminated by Dar-ul-Andlus, the publishing wing of LeT. Only a fraction of LeT's cadres ever see battle: most of them are despatched on nation-wide "prozelytising" (dawa) missions to convert Pakistanis to their particular interpretation of Islam, in support of which LeT has developed a sophisticated propagandist literature. This canon of

Islamist texts is the most popular and potent weapon in LeT's arsenal, and its scrutiny affords insights into how and who the group recruits; LeT's justification for jihad; its vision of itself in global and regional politics; the enemies LeT identifies and the allies it cultivates; and how and where it conducts its operations. Particular attention is paid to the role that LeT assigns to women by examining those writings which heap extravagant praise upon the mothers of aspirant jihadis, who bless their operations and martyrdom. It is only by understanding LeT's domestic functions as set out in these texts that one can begin to appreciate why Pakistan so fiercely supports it, despite mounting international pressure to disband the group.
