The Dark Age of Britain, from the middle of the 4th century to the end of the 8th, was a time of violence and warfare, when charismatic warlords such as the fabled King Arthur could gather together armies and carve out their own kingdoms. With this new set of wargames rules, players can take on the role of these warlords and command their own armies on the tabletop. Written by the author of the popular *Glutter of Ravens* rules set, *Dux Bellorum* is an element-based system, where each base of figures represents 50 fighting men. Each player has a specific number of points with which to construct his force and can choose a Late Roman, Romano-British, Welsh, Saxon, Pictish, Irish, or Sea Raider army, amongst others. The game is then played out following a set of simple, fast-paced rules. A completely self-contained gaming system, *Dux Bellorum* is perfect for gamers who are looking for a way into fighting Dark Age battles without investing a lot of time or money in larger rulesets.

Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as "The Slowlane" your plan for creating wealth? You know how it goes; it sounds a lil something like this: "Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich." The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to "settle-for-less" and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth: Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of "do what you love" will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

Texas Institute of Letters, Kay Cattarulla Award for Best Short Story Reading the West Award Nominee How does a Mexican-American, the son of immigrants, a child of the border, la frontera, leave home and move to the heart of gringo America? How does he adapt to the worlds of wealth, elite universities, the rush and power of New York City? How does he make peace with a stern old-fashioned father who has only known hard field labor his whole life? With echoes of Dreiser's *American Tragedy* and Fitzgerald's *Gatsby*, Troncoso tells his luminous stories through the lens of an exile adrift in the 21st century, his characters suffering from the loss of culture and language, the loss of roots and home as they adapt to the glittering promises of new worlds which ultimately seem so empty.

After an earthquake destroys California and a tsunami wrecks the luxury cruise ship where he is a summer employee, high schooler Shy confronts another deadly surprise.

Uli's first flight, a late-night joy ride with his brother, changes their lives forever when the engine stops and the boys crash land, with "Texas to the right and Mexico to the left." Before the accident, Uli juggled his status as both an undocumented immigrant and a high school track star in Harlingen, Texas, desperately hoping to avoid being deported like his father. His mother Araceli spent her time waiting for her husband. His older brother Cuauhtémoc, a former high-school track star turned drop-out, learned to fly a crop duster, spraying pesticide over their home in the citrus grove. After the crash, Cuauhtémoc wakes up bound and gagged, wondering where he is. Uli comes to in a hospital, praying that it's on the American side of the border. And their mother finds herself waiting for her sons as well as her missing husband. Araceli knows that she has to go back to the country she left behind in order to find her family. In Mexico, each is forced to navigate the complexities of their past and an unknown world of deprivation and violence. Ruthless drug cartels force Cuauhtémoc to fly drugs. "If a brick goes missing, Cuauhtémoc dies. If a plane goes missing, Cuauhtémoc dies. If Cuauhtémoc goes missing, they find Cuauhtémoc (wherever he's at) and Cuauhtémoc dies." If they can't find him, they will kill his mother. They have photos of her in Matamoros to prove they can enforce the threat. Meanwhile, Uli returns to his family's home in San Miguel and finds a city virtually abandoned, devastated by battles between soldiers, cartels and militias that vie for control. Vividly portraying the impact of international drug smuggling on the innocent, Peña's debut novel also probes the loss of talented individuals and the black market machines fed with the people removed and shut out of America. Ultimately, *Bang* is a riveting tale about ordinary people forced to do dangerous, unimaginable things.

My personal and business relations get the whole truth and nothing but the truth. With exception now of me not giving away the efficiency and effectiveness business gains to organizations without my interests secured, in writing. INSTANT NEW YORK TIMES BESTSELLER "If you're a fan like I am this is definitely the book for you." —Pete Davidson, actor, producer, and cast member on *Saturday Night Live* "Danny's incredible life story shows that even though we may fall down at some point in our lives, it's what we do when we stand back up that really counts." —Robert Rodriguez, creator of *Spy Kids*, *Desperado*, and *Machete* Discover the full, fascinating, and inspirational true story of Danny Trejo's journey from crime, prison, addiction, and loss—it's "enough to make you believe in the possibility of a Hollywood ending" (*The New York Times Book Review*). On screen, Danny Trejo the actor is a baddie who has been killed at least a hundred times. He's been shot, stabbed, hanged, chopped up, squished by an elevator, and once, was even melted into a bloody goo. Off screen, he's a hero beloved by recovery communities and obsessed fans alike. But the real Danny Trejo is much more complicated than the legend. Raised in an abusive home, Danny struggled with heroin addiction and stints in some of the country's most notorious state prisons—including San Quentin and Folsom—from an early age, before starring in such modern classics as *Heat*, *From Dusk till Dawn*, and *Machete*. Now, in this funny, painful, and suspenseful memoir, Danny takes us through the incredible ups and downs of his life, including meeting one of the world's most notorious serial killers in prison and working with legends like Charles Bronson and Robert De Niro. An honest, unflinching, and "inspirational study in the definition of character" (Kevin Smith, director and actor), Trejo reveals how he managed the horrors of prison, rebuilt himself after finding sobriety and spirituality in solitary confinement, and draws inspiration from the adrenaline-fueled robbing heists of his past for the film roles that made him a household name. He also shares the painful contradictions in his personal life. Although he speaks everywhere from prison yards to NPR about his past to inspire countless others on their own road to recovery and redemption, he struggles to help his children with their personal battles with addiction, and to build relationships that last. Redemptive and painful, poignant and real, Trejo is a portrait of a magnificent life and an unforgettable and exceptional journey.

The team behind the Newbery Medal winner and Caldecott Honor book *Last Stop on Market Street* and the award-winning New York Times bestseller *Carmela Full of Wishes* once again delivers a poignant and timely picture book that's sure to become an instant classic. There's the wedding-dressed woman with a little dog peeking out of her handbag; Milo imagines her in a grand cathedral ceremony. And then there's the boy in the suit with the bright white sneakers; Milo imagines him arriving home to a castle with a drawbridge and a butler. But when the boy in the suit gets off on the same stop as Milo--walking the same path, going to the exact same place--Milo realizes that you can't really know anyone just by looking at them.

Acclaimed as a man "who inspires the world" (*Maclean's*) and a "nation builder" (*Globe and Mail*), Jean Vanier has made a difference in the lives of countless people — including those with disabilities and the many young people who have been moved by his life's work. *Becoming Human* is a modern classic that continues to resonate among the generations. In a world of competition, where the strong dominate the weak, Vanier calls on each one of us to open ourselves to those we perceive as different or inferior. This, he says, is the key to true personal and societal freedom. This 10th anniversary edition includes a new introduction by the author.

*A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. Be different and gain control of your publishing success by applying the results of E. Haldeman Julius's amazing, scientific experiment. He published thousands of books, all with the same cover design, size and price. The only thing that set them apart was the title. This publication presents a selection of black-and-white pictures, shot between 1950 and 1978, which show the rough and uncut visual ingenuity of Zimmerman. Zimmerman was a man of many facets and his pictures cover a diversity of subjects, ranging from sports, fashion, arts and architecture to politics and the Jim Crow South of the 1950s. From producing whimsical ads to covering exclusive stories for mainstream magazines such as *Life*, *Time*, *Sports Illustrated* and *Paris Match*, from photographing the Beatles to shooting the disastrous fire at a General Motors plant... Zimmerman could do it all and did it - always pushing the boundaries of the photographic medium. In his endless search for a new visual language and the essence of movement, he created whatever he needed to make the seemingly impossible possible. John G. Zimmerman was a refined chronicler, who wanted to depict every sphere of society, but above all wanted to see, to see more, to see it all.
