

Dave Allen Gods Own Comedian

Raimar Stange

Dave Allen Gus Smith,1991 A biography of the comedian Dave Allen. It traces his career from the 1960s in Australia where he first became famous for his outrageous language and even more outrageous ideas. The author has written several other biographies, including works on Richard Harris, Brendan Behan and Terry Wogan.

The Essential Dave Allen Graham Mccann,2014-09-25 When Dave Allen passed away in March 2005, we lost a true comedy great. Sitting cross-legged on a high stool, whiskey in one hand, cigarette in the other, Dave Allen's exasperated commentaries on the absurdities of modern life struck a chord with millions of fans in Britain, Ireland and Australia for over four decades. He was a compelling storyteller - able to spin shaggy dog stories out of the almost any subject, including the missing tip of his fourth finger of his left hand, for which he provided various unlikely explanations. But his gentle, laconic wit could also give way to ferocious attacks on the media, the state and, most famously, the Catholic Church. He was a unique talent - a comic who could make his audiences laugh, cry, and be shocked, all in one. This official celebration of Dave Allen's comedy has been drawn together by Graham McCann - Britain's best-loved entertainment writer. It is a treasure trove of stories, stand-up routines, sketches, interviews and photos, which takes us on a journey from the cradle to the grave. It will delight Dave Allen's million of fans, old and new alike. 'Dave Allen was our greatest storyteller and nobody ever came close to his ability to spin a yarn. He was unique, right up there with the greats.' Jack Dee

Dave Allen Carolyn Soutar,2006-08 The image of Dave Allen is seared into our minds. He sits on a tall chair with a glass of J&B, smoking his Gauloises, a fingertip missing as he tells the most hilarious, rambling stories. But what of the man behind the image?Having worked with him as his stage manager, Carolyn Soutar was able to see how he behaved both on and off screen. Here she discusses the Irish Catholic upbringing that brought him so much anger, which he was able to turn to humour, how he toured with the Beatles in the sixties, and became a huge TV star in the following decades.This biography is the most revealing account of the famously private comedian, whose career began in the sixties but who remained influential to a whole new generation of comics in the 21st century.

The Essential Dave Allen Dave Allen,2005 The spotlight picked him out: the cool, calm, darkly handsome man sitting up smart and straight in his black leather chair, with a glass of the good stuff by his side and mischief in his eyes. He welcomed you in, and then started sharing stories - some of them short, many of them tall and one or two of them strange -

that made you laugh and made you think. He was Dave Allen, and THE ESSENTIAL DAVE ALLEN is a celebration of his very special craft. The range of comic material in the collection covers every stage of life, from the cradle to the grave and beyond, as well as religion and politics, love and sex, food and drink, work and leisure and time and transience. All of Dave Allen's best-loved jokes, monologues and routines are reproduced just as the master storyteller told them. THE ESSENTIAL DAVE ALLEN is a wonderful souvenir for those who grew up loving the man and his humour. For those who are new to him, it is an engaging introduction to a comedian who won the admiration of millions of fans in Ireland, Britain, Australia and beyond.

Peace, Literature, and Art - Volume II Ada Aharoni,2009-08-30 Peace, Literature, and Art is the component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems (EOLSS), which is an integrated compendium of twenty one Encyclopedias. Culture is the essence of individual and national identity. What children and people read and watch and the kind of Culture, Literature and Media, they are exposed to, through home, education and society - provide them with basic values, attitudes and norms which affect and motivate them throughout their lives. It is of crucial importance therefore, that those stories we are exposed to, at the socio-cultural and educational levels, which we watch on television, in films and on the Internet, and which we read - should be peaceful ones, which open our eyes to a humane world that can prosper from peace and harmony. This Theme on Peace, Literature, and Art deals, in two volumes and cover several topics related to Peace Education: Definition, Approaches, and Future Directions; Importance of a Literature and a Culture of Peace These two volumes are aimed at the following five major target audiences: University and College Students Educators, Professional Practitioners, Research Personnel and Policy Analysts, Managers, and Decision Makers, NGOs and GOs.

Dictionary of Irish Quotations Sean Sheehan,1993 Collection of smart remarks and witty observations from the Irish.

Faith Versus Fact Jerry A. Coyne,2016-05-17 “A superbly argued book.” —Richard Dawkins, author of The God Delusion
The New York Times bestselling author of Why Evolution is True explains why any attempt to make religion compatible with science is doomed to fail In this provocative book, evolutionary biologist Jerry A. Coyne lays out in clear, dispassionate detail why the toolkit of science, based on reason and empirical study, is reliable, while that of religion—including faith, dogma, and revelation—leads to incorrect, untestable, or conflicting conclusions. Coyne is responding to a national climate in which more than half of Americans don’t believe in evolution, members of Congress deny global warming, and long-conquered childhood diseases are reappearing because of religious objections to inoculation, and he warns that religious prejudices in politics, education, medicine, and social policy are on the rise. Extending the bestselling works of Richard Dawkins, Daniel Dennett, and Christopher Hitchens, he demolishes the claims of religion to provide verifiable “truth” by subjecting those claims to the same tests we use to establish truth in science. Coyne irrefutably demonstrates the grave harm—to individuals and to our planet—in mistaking faith for fact in making the most important decisions about the world we live in. Praise for Faith Versus Fact: “A profound and lovely book . . . showing that the honest doubts of science are better . . . than the false certainties of religion.” —Sam Harris, author of The End of Faith

Grace, Beauty and Banjos Michael Kilgarriff,1999 Peculiar Lives and Strange Times of Music Hall and Variety Artistes. What was the vulgar dressing-room practice of Jack Haig, Nutty but Nice, that so dismayed hisfellow artists? How did the mysterious Werth, Banana Skin and Stone Manipulator, display his art? What anatomical peculiarity was enjoyed, although never displayed, by Stanelli and his Hornchestra? Find out the answers to these and other fascinating conundrums in this saucy backstage look at music hall, variety and vaudeville, illustrated with the posters and photographs of the time.

Sikhing Success & Happiness Dya Singh,2016-11-07 There is no doubt, that ones environment, upbringing, family stability, health, job satisfaction, and even living in the right country contributes towards ones success & happiness. But beyond all that, it all starts with being in an ever-present uplifted positive state of mind, and being in touch with ones inner self. So, understanding ones own mind, regular self analysis and looking within, are triggers for outward progress in life, success and happiness. Dya Singh has provided some insights on this subject from his diverse background. He is of north

Indian (Punjabi) origin, born into a Sikh family (his father was a spiritual minstrel and teacher) and was brought up in multicultural Malaysia. He was educated in English and has spent all his adult life in England and Australia. He has, over the last 25 years, taken his musical group around the globe singing in his native Gurmukhi and espousing the truths towards a better life to mainstream (mainly western) and Sikh audiences / congregations. Within this book are some startling secrets to help anyone towards success and happiness.

The Comedians Klyph Nesteroff, 2015-11-03 “Funny [and] fascinating . . . If you’re a comedy nerd you’ll love this book.” —Pittsburgh Post-Gazette Named a Best Book of the Year by Kirkus Reviews, National Post, and Splitsider Based on over two hundred original interviews and extensive archival research, this groundbreaking work is a narrative exploration of the way comedians have reflected, shaped, and changed American culture over the past one hundred years. Starting with the vaudeville circuit at the turn of the last century, the book introduces the first stand-up comedian—an emcee who abandoned physical shtick for straight jokes. After the repeal of Prohibition, Mafia-run supper clubs replaced speakeasies, and mobsters replaced vaudeville impresarios as the comedian’s primary employer. In the 1950s, the late-night talk show brought stand-up to a wide public, while Lenny Bruce, Mort Sahl, and Jonathan Winters attacked conformity and staged a comedy rebellion in coffeehouses. From comedy’s part in the civil rights movement and the social upheaval of the late 1960s, to the first comedy clubs of the 1970s and the cocaine-fueled comedy boom of the 1980s, *The Comedians* culminates with a new era of media-driven celebrity in the twenty-first century. “Entertaining and carefully documented . . . jaw-dropping anecdotes . . . This book is a real treat.” —Merrill Markoe, *The Wall Street Journal*

Dave Allen on Darina Allen, 1994-10

The Presocratics and the Supernatural Andrew Gregory, 2013-10-24 This book examines the relationship between magic, philosophy and the investigation of nature in presocratic Greece. Did the presocratic thinkers, often praised for their rejection of the supernatural, still believe in gods and the divine and the efficacy of magical practices? Did they use animism, astrology, numerology and mysticism in their explanations of the world? This book analyses the evidence in detail and argues that we need to look at each of these beliefs in context.
