No branch of Christianity has grown more rapidly than Pentecostalism, especially in the southern hemisphere. There are over 100 million Pentecostals in Africa. In Latin America, Pentecostalism now vies with Catholicism for the soul of the continent, and some of the largest pentecostal congregations in the world are in South Korea. In *To the Ends of the Earth*, Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism. Anderson argues that its spread is so dramatic because it is an "ends of the earth" movement--pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe. His wide-ranging account examines such topics as the Azusa Street revival in Los Angeles, the role of the first missionaries in China, India, and Africa, Pentecostalism's incredible diversity due to its deep local roots, and the central role of women in the movement. He describes more recent developments such as the creation of new independent churches, megachurches, and the "health and wealth" gospel, and he explores the increasing involvement of pentecostals in public and political affairs across the globe. Why is this movement so popular? Anderson points to such features as the emphasis on the Spirit, the "born-again" experience, incessant evangelism, healing and deliverance, cultural flexibility, a place-to-feel-at-home, religious continuity, an egalitarian community, and meeting material needs--all of which contribute to Pentecostalism's remarkable appeal. Exploring more than a century of history and ranging across most of the globe, Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide.

Life in a Higher Dimension Dr. David Yong-Gi Cho is the pastor of the world's largest church and a best-selling author. Many of his books talk about life in the Fourth Dimension--a realm that is more real than the physical world in which we live. How do we move from this sphere into the Fourth Dimension? Dr. Cho provides a "road map" for us by showing us the things we need to change in order to get there and live there: We must change the way we think We must live by faith, not by sight We must dream God's dreams We must change the way we speak We must change the way we behave Yes, these are the keys that open the door to the Fourth Dimension for every child of God who wants to know and experience God in all His fullness. Home cell groups are becoming a necessity in the believer's life, not only for the mega-churches but also for the small corner churches, as well. This book is a how-to resource that details everything you need to know in order to make home cell groups work in your church. The plans developed here are designed to bring intimate fellowship and involvement in the Christian's life, to effectively show Christians how to evangelize their neighborhood and community, and to share their spiritual gifts with one another. Home cell groups, therefore, give church members the opportunity to participate in the ministry of their church. Dr. Cho promises that, "By following the guidelines I have presented here, you can bring the miracles of home cell groups and church growth to your own congregation." So how does a church of more than 800,000 believers grow and work? Small groups, one household at a time. Cho is careful to share both his mistakes as well as his successes. One of the prime ingredients for a successful home group program is evangelism. He insists that the cell groups focus on the neighborhoods and communities to reach the lost. Leadership, training, discipline, recognition, focus, and personal involvement by the senior pastor are other critical elements. There is a careful balance which needs to be struck between control and freedom for each group to strengthen and grow. Great wisdom is shown in relying on the Holy Spirit to strike the right balance. As a senior partner in ministry, The Holy Spirit has grown the body of Christ in a miraculous way. Recorded in this book are lessons for us all, laymen and clergy, large church and small.
