Westworld meets The Handmaid's Tale in this stunning fantasy adventure from debut author Charlotte Nicole Davis.

Aster, the protector Violet, the favorite Tansy, the medic Mallow, the fighter Clementine, the catalyst THE GOOD LUCK

GIRLS The country of Arketta calls them Good Luck Girls—they know their luck is anything but. Sold to a “welcome house” as children and branded with cursed markings. Trapped in a life they would never have chosen. When

Clementine accidentally kills a man, the girls risk a dangerous escape and harrowing journey to find freedom, justice, and revenge in a country that wants them to have none of those things. Pursued by Arketta's most vicious and powerful

forces, both human and inhuman, their only hope lies in a bedtime story passed from one Good Luck Girl to another, a story that only the youngest or most desperate would ever believe. It's going to take more than luck for them all to

survive. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Emphasizes the information nurses and medical personnel need to administer medications across the lifespan.

Follows the experiences of the authors, three friends who grew up in impoverished families in Newark, New Jersey, and who supported one another in their dreams of becoming doctors in spite of tremendous disadvantages.

Hematology in Practice, 2nd Edition
By: Betty Ciesla

Gang- and drug-related inner-city violence, with its attendant epidemic of incarceration, is the defining crime problem in our country. In some neighborhoods in America, one out of every two hundred young black men is shot to death every year, and few initiatives of government and law enforcement have made much difference. But when David Kennedy, a self-taught and then-unknown criminologist, engineered the "Boston Miracle" in the mid-1990s, he pointed the way toward what few had imagined: a solution. Don't Shoot tells the story of Kennedy's long journey. Riding with beat cops, hanging with gang members, and stoop-sitting with grandmothers, Kennedy found that all parties misunderstood each other, caught in a spiral of racialized anger and distrust. He envisioned an approach in which everyone-gang members, cops, and community members-comes together in what is essentially a huge intervention. Offenders are told that the violence must stop, that even the cops want them to stay alive and out of prison, and that even their families support swift law enforcement if the violence continues. In city after city, the same miracle has followed: violence plummets, drug markets dry up, and the relationship between the police and the community is reset. This is a landmark book, chronicling a paradigm shift in how we address one of America's most shameful social problems. A riveting, page-turning read, it combines the street vérité of *The Wire*, the social science of *Gang Leader for a Day*, and the moral urgency and personal journey of *Fist Stick Knife Gun*. But unlike anybody else, Kennedy shows that there could be an end in sight.

Otis, Willie, and Hibernia are three children with a lot in common: they've all lost a loved one, they each have secret dreams, and they won't stop fighting for what they want. And they're also a lot like their hero, famed boxer Joe Louis. Throughout this moving novel, their lives gradually converge to form friendship, family, and love. Their trials and triumphs echo those of Joe Louis, as he fights to become the heavyweight boxing champion. Andrea Pinkney masterfully weaves in factual information about Joe Louis and actual radio commentary from his fights, enriching the narrative of this uniquely rendered and beautifully written novel.

A Daviss Notes Book. Drawing on the content of its best-selling parent reference, Daviss Drug Guide, it provides essential information on over 170 top medications commonly prescribed in acute and ambulatory care, including high-alert and emergency drugs. This new edition contains approximately 20 additional monographs, including new molecular entities (NMEs), newly approved for use by the FDA.

Fans of *Girl, Interrupted*, *Thirteen Reasons Why*, and *All the Bright Places* will love this New York Times bestseller. "A haunting, beautiful, and necessary book that will stay with you long after you've read the last page."—Nicola Yoon, #1 New York Times bestselling author of *Everything, Everything* and *The Sun Is Also a Star* Charlotte Davis is in pieces. At seventeen she's already lost more than most people do in a lifetime. But she's learned how to forget. The broken glass washes away the sorrow until there is nothing but calm. You don't have to think about your father and the river. Your best friend, who is gone forever. Or your mother, who has nothing left to give you. Every new scar hardens Charlie's heart just a little more, yet it still hurts so much. It hurts enough to not care anymore, which is sometimes what has to happen before you can find your way back from the edge. A deeply moving portrait of a girl in a world that owes her nothing, and has taken so much, and the journey she undergoes to put herself back together. Kathleen Glasgow's debut is heartbreakingly real and unflinchingly honest. It's a story you won't be able to look away from. "Girl, Interrupted meets *Speak*."—Refinery29 "A dark yet powerful read."—Paste Magazine "One of the most affecting novels we have read."—Goop "Breathtaking and beautifully written."—Bustle "Intimate and gritty."—The Irish Times And don't miss Kathleen Glasgow's newest novel *How to Make Friends with the Dark*, which Karen M. McManus, the New York Times bestselling author of *One of Us Is Lying*, calls "rare and powerful."
