Pakistan is still on the brink of becoming a failed state as a consequence of its decades-old practice of using proxy warriors in the region. Because of the weakening of the writ of the state, neither governance nor the economy can function normally; in fact, some say the two strong entities in today's Pakistan are the Taliban and the army. Non-state actors, and the extremist terror outfits they control, pursue extortion, kidnapping and murder to fund their activities, and receive ideological, financial and logistical support from the deep state. The army continues to use them in its India-centric agenda. Civilian institutions are intimidated and individuals who speak out against the terror outfits become targets of their retribution. Violence, not law, increasingly commands human conduct, and the state's willingness to enter into 'peace talks' with the Taliban is viewed as a form of surrender to extremism. Khaled Ahmed is Pakistan's most respected columnist, and his formidable expertise on the ideologies of extremism is internationally acknowledged. In *Sleepwalking to Surrender*, he analyses the terrible toll terrorism has taken on Pakistan and appraises the portents for the future.

How has the Ismaili branch of Shi'i Islam interacted with other Islamic communities throughout history? The groups and movements that make up Islamic civilisation are diverse and varied yet, while scholarship has analysed many branches of Islam in isolation, the exchanges and mutual influences between them has not been sufficiently recognised. This book traces the interactions between Ismaili intellectual thought and the philosophies of other Islamic groups to shed light on the complex and interwoven nature of Islamic civilisation.

Based on a broad range of primary sources from the early medieval to the late nineteenth century, the book brings together different disciplines within Islamic Studies to cover polemical and doctrinal literature, law, mysticism, rituals and philosophy. The main Ismaili groups, such as the Fatimids, Nizaris and Tayyibis, are represented, as well as lesser known traditions such as that associated with the mountain region of Badakhshan in Central Asia. Religious syncretism, particularly in the Indian subcontinent and in Yemen, is considered alongside cultural interactions as reflected in the circulation of books in Fatimid markets, and various literary and mythical traditions, some still little explored. The chapters include contributions from leading experts in the field shed new light on the close and complex relationships very different Islamic groups and movements have enjoyed throughout the centuries.

Following the ideological disappointment of the 1967 Arab-Israeli War, an Islamic revival arose in Egypt. Yet, far from a mechanical reaction to the decline of secular nationalism, this religious shift was the product of impassioned competition among Muslim Brothers, Salafis and state institutions and their varied efforts to mobilize Egyptians to their respective projects. By pulling together the linked stories of these diverse claimants to religious authority and tracing the social and intellectual history of everyday practices of piety, Aaron Rock-Singer shows how Islamic activists and institutions across the political spectrum reshaped daily practices in an effort to persuade followers to adopt novel models of religiosity. In so doing, he reveals how Egypt's Islamic revival emerged, who it involved, and why it continues to shape Egypt today.

Tauheed, literally meaning the Divine Oneness, is the basic pillar and foundation of Islam. Common Muslims consider that the requirement of this most important pillar of Islam is fulfilled just by declaring "La illaha ilAllahoo" i.e. "No one is worthy of

It is now 39 years that Bangladesh is an independent country. But the rule of law, honest administration and the culture of democracy are still far cry! Common people are searching peace. Militancy, extra judiciary murders, maladministration, party-attribution, terror, corruption are closing the path of progress. Religious and indigenous minority killings-oppressions are hindrances to the amity. The murders of Journalists are robbing the opportunity of free reporting. All these current problems and crisis are well depicted through the pen of Journalist-Akash. This young writer is a

courageous soldier of peace and democracy. This book is a reflection of Bangladesh-reality. The international community will definitely get a transparent picture of Bangladesh in the book. Peace, people's government, real democracy and the rule of law are all golden-deer in Bangladesh. The religious fanaticism, innumerable superstitions, lack of education, poverty, corruption, immorality, have now strongly established the criminality everywhere. Disunity, unfairness, oppression, torture, killing-murder, terror, activities of the communal fundamentalists have crashed the people on the ground! Muslims, Hindus, Buddhists, Christians live here. People of all religions unitedly have fought for the independence of Bangladesh and shed blood. With enormous sacrifices under the leadership of Bangabondhu (late) Sheikh Mujibur Rahman, The nation got one nice secular constitution. After only 4 years after the independence of Bangladesh, father of the nation, Sk Mujibar Rahman, was killed brutally with most of his family members. Through a planned way the following governments of General Ziaur Rahman and General H.M. Ershad have amended, revised and changed many times the original constitution of Bangladesh and have made it almost a farce! Islam was declared as the 'State-Religion'. Although Bangladesh has people from four religions! But such a radical change of the former secular Constitution was a heinous dishonour to the holy constitution! Through these measures religious fanaticism and communalism were given a state Formulate Contour. In the name of Islam the religious fundamental militancy has become now the greatest problem of Bangladesh. It is about now about 38 years after the independence, but the war criminals of Al- badr, Al- Shams, Rajakars and the murderers who were directly related with the genocide during the struggle for independence have not yet been put into the trial. The Political Party, Jammata-e-Islam is regularly igniting the fire of communalism in the name

of Islam. Communal-politics is not banned in the country. State-terror like killings extra-judicial are going on without end. All devouring corruption is the greatest obstacle for the fulfillment of the basic rights of the people. The afflictions of religious minorities are a day to day affair. In the society, a privileged class is making mountains with money. On the other side, majority people, not less than 95%, are becoming poorer everyday. Religious minorities and the indigenous people are deprived of constitutional rights. Including the father of the nation, hundreds of politicians, journalists, lawyers, judges, members and common people have been killed. Different state-controlled armed cadres have created an extreme fearful and inhuman situation by their killings of innocent people, tortures and oppressions. Within 38 years of independence, the country was under the military rulers for long 17 years. People were pushed to the dark-wild-administration and its persecutions. Torture-murders and planned genocide, crime and the incidences of the militancy are never inquired properly and effectively. Of course after the event, government announces for inquiry and committees are also formed. 'Whoever is the criminal, he would be definitely punished', such promises are heard from the top label of the government or from the concerned authorities repeatedly with arrogance. But they are Today, more than ever, jihad signifies the political opposition between Islam and the West. As the line drawn between Muslims and non-Muslims becomes more rigid, Jalal seeks to retrieve the ethical meanings of this core Islamic principle in South Asian history. Drawing on historical, legal, and literary sources, Jalal traces the intellectual itinerary of jihad through several centuries and across the territory connecting the Middle East with South Asia.

In this engaging study, Matthew J. Kuiper tells the fascinating story of how Islam became a world religion and cultural phenomenon of immense scale, astonishing diversity and global impact. His starting point is the dramatic upsurge in da'wa: 'inviting' to Islam, or Islamic missionary activism. How do religious traditions create strangers and neighbors?

How do they construct otherness? Or, instead, work to overcome it? In this exciting collection of interdisciplinary essays, scholars and activists from various traditions explore these questions. Through legal and media studies, they reveal how we see religious others. They show that Jewish, Christian, Islamic, and Sikh texts frame others in open-ended ways. Conflict resolution experts and Hindu teachers, they explain, draw on a shared positive psychology. Jewish mystics and Christian contemplatives use powerful tools of compassionate perception. Finally, the authors explain how Christian theology can help teach respectful views of difference. They are not afraid to discuss how religious groups have alienated one another. But, together, they choose to draw positive lessons about future cooperation. Providing the English reader with an introductory guide to the major aspects of Islamic law, this text places particular emphasis on the tensions between Muslim and English law. It discusses the sources of Islamic law, family inheritance, and contract and commercial law

"Religious parties are increasingly common in all parts of the world. Their rise in Muslim-majority countries has been particularly prominent as they increasingly participate in elections, win legislative seats, and join governments. Since they are often founded on orthodox principles that are inconsistent with liberal democracy, the consequences of their rise and success for the prospects of liberal democratic values and practices has inspired much heated debate and discussion. This book considers a question that has been central in these debates: will the rise and success of religious parties lead to declines in the civil liberties of their citizens?

This book addresses this question by focusing on a relationship that is central for understanding the politics of religious parties -their relationship with religious lobbies. It identifies the religious organizations that are actively involved in lobbying on these issues in Muslim-majority countries and outlines the policy preferences and institutional interests that motivate them. It then identifies the political and economic conditions which shape how their relationship with religious parties evolves and, when religious lobbies are able to or unable constrain the actions of religious parties. The book explains when the rise of religious parties does lead to a significant decline in civil liberties and, when it does not. To test its claims, It leverages original data on religious parties, religious party governments and, religious lobbies for all Muslim-majority countries for almost forty years and uses original surveys of political elites in Turkey and Pakistan for a thorough and original analysis"--

For centuries, Muslim countries and Europe have engaged one another through theological dialogues, diplomatic missions, political rivalries, and power struggles. In the last thirty years, due in large part to globalization and migration from Islamic countries to the West, what was previously an engagement across national and cultural boundaries has increasingly become an internalized encounter within Europe itself. Questions of the Hijab in schools, freedom of expression in the wake of the Danish Cartoon crisis, and the role of Shari'a have come to the forefront of contemporary European discourse. The Oxford Handbook of European Islam is the first collection to present a comprehensive approach to the multiple and changing ways Islam has been studied across European countries. Parts one to three address the state of knowledge of Islam and Muslims within a selection of European countries, while presenting a critical view of the most up-to-date data specific to each country. These chapters analyse the immigration cycles and policies related to the presence of Muslims, tackling issues such as discrimination, post-colonial identity, adaptation, and assimilation. The thematic chapters, in parts four and five, examine secularism, radicalization, Shari'a, Hijab, and Islamophobia with the goal of synthesizing different national discussion into a more comparative theoretical framework. The Handbook attempts to balance cutting edge assessment with the knowledge that the content itself will eventually be superseded by events. Featuring eighteen newly-commissioned essays by noted scholars in the field, this volume will provide an excellent resource for students and scholars interested in European Studies, immigration, Islamic studies, and the sociology of religion.

Sufism is a journey. A miraculous one. Filled with hurdles yet easy for those who are born pure and those who choose. It is

the choices and not always the actions as they could be deceptive. Sufism is the spiritual and mystical aspect of Islam. The esoteric cosmos has every spiritual blessing, notion and trial. In the universe of Sufism, the destination is being One with the Divine Essence (tawhid) and the dear friend and leader on this path is the spiritual guide. Motivation and power to accomplish comes from loving Allah only, as Sultan Bahoo has famously said, "Only Allah! Everything other than Allah is lust." The names Allah and Mohammad (Ism-e-Allah Zaat and Ism-e-Mohammad) are sustenance which strengthen the very soul of man. After all it is the journey of soul. Deep respect embedded in the heart for the family of Prophet Mohammad (peace be upon him) is like Noah's Arc and the sacred Companions are guiding stars. The Mohammadan Assembly is the determining factor declaring one worthy to embark on the quest of Sufism or to demote or worse to forever halt. Wolves, brigands and the negative powers that drive one away are Satan, innerself (an-nafs) and the mortal world. Sharia is the door into this esoteric world. This journey of gnosis has its own set of guidelines. These can come in the form of inspiration, unveiling, waham (inward conversation with Hoo ???) and ilm-e-dawat (communication with sacred souls of shrines). This book is all and MORE! Nur-ul-Huda (The Light of Divine Guidance) is an exceptional work by the great Saint of Sub-continent Sultan Bahoo containing grand treasures of mysticism. The words of this mystical work speak and by their efficacy, the reader gains enlightenment, insight, inward purification, spiritual unification and guidance towards the Divine secrets. No doubt, the discussion in this mystical work instantly takes the seeker to the Divine presence granting him the Miraj and closeness of Allah that leads to gnosis and Divine observations and shows him the spectacle of both the worlds making him aware of every state.

'I was born in India. Your grandparents were born in what is now Pakistan. But they live in India and I in Pakistan. Strange, isn't it?' Beyond the Border, based on two journeys to Pakistan, is a strikingly unconventional account of what life is like for 'ordinary' Pakistanis. Yoginder Sikand discovers a country that only remotely resembles the stereotype of the hostile Muslim neighbour all too common in the Indian imagination. From Shiela, the daughter of a feudal landlord, named after her mother's Indian best friend, to the owner of a rundown local eatery who refused to take any money as Sikand was the first Indian to visit his stall, the author's

encounters with Pakistanis from all walks of life in Lahore, Multan, Hyderabad (Sind), Moenjo Daro, Bhit Bhah, Islamabad—among other places—reveal a country that is unexpected, paradoxical and rich in diverse narratives. Departing from the fiercely polemical rhetoric common in Indian and Pakistani accounts of each other, Yoginder Sikand not only goes beyond the strategist's view of the India–Pakistan divide, but dispels the myths about Pakistan as the terrible 'other' that have filtered into the Indian psyche. This brilliantly perceptive and quirky travelogue illuminates the Pakistani side of the story while telling Sikand's own tale of exploration and self-discovery. Since its inception, Islam and its civilization have been in continuous relationships with other religions, cultures, and civilizations, including not only different forms of Christianity and Judaism inside and outside the Middle East, Zoroastrianism and Manicheism, Hinduism and even Buddhism, but also tribal religions in West and East Africa, in South Russia and in Central Asia, including Tibet. The essays collected here examine the many texts that have come down to us about these cultures and their religions, from Muslim theologians and jurists, travelers and historians, and men of letters and of culture.

Often described as the soul of Islam, Sufism is one of the most interesting yet least known facet of this global religion. Sufism is the softer more inclusive and mystical form of Islam. Although militant Islamists dominate the headlines, the Sufi ideal has captured the imagination of many. Nowhere in the world is the handprint of Sufism more observable than South Asia, which has the largest Muslim population of the world, but also the greatest concentration of Sufis. This book examines active Sufi communities in Pakistan, India, and Bangladesh that shed light on the devotion, and deviation, and destiny of Sufism in South Asia. Drawn from extensive

work by indigenous and international scholars, this ethnographical study explores the impact of Iran on the development of Sufi thought and practice further east, and also discusses Sufism in diaspora in such contexts as the UK and North America and Iran's influence on South Asian Sufism.

Sayyid Ahmad Barailvi (1786–1831), the man who first propagated and led jihad during the 19th century in the then North-West Frontier, perceived and initially led it as a purely reformist movement in northern India. Reform and jihad were intended to purify and protect the Indian Muslims from innovations and the atrocities of the British and Sikhs, respectively. Relating the history of the movement, the book takes perspectives from the immediate localities of the Pukhtun region and elaborates on the reasons for the failure of the movement. It assesses the social, political, religious, and economic impact of jihad on the Pukhtun region and discusses whether Barailvi's movement is solely responsible for the present-day jihadi mindset, as some authors argue. The book uses historical information, narratives, and perspectives from original texts written in regional languages and transliterated texts from Pukhtu.

"Vanguard of a New Modernity" draws feminist scholarly and political attention towards the women activists of the Jamaat-e-Islami, a major movement of Islamic renewal and reform in South Asia. In this ethnographic and textual study, Jamal examines the experiences of these women from 2002 to 2008 when significant numbers of Jamaat women came to occupy leadership positions within Pakistani state structure.

In the wake of the 25 January revolution and the coup that followed in 2013, Egyptian bookstores recorded a significant increase in demand for books by and about the Muslim Brotherhood. However, despite the burgeoning literature on the Brotherhood, knowledge about the movement is still

rather limited, particularly with regard to its most strategic tool – media and communications. This book offers a fresh and close look into the communication strategy of the group, focusing on published periodicals, biographies, and websites that represent the voice of the Brotherhood. The book analyses the core mission of the Brotherhood, namely its *dacwa* (call, invitation to faith) – how it is articulated and how it is defined by the movement as an ideology and a process. Have the media represented a coherent voice of the Brotherhood over the past decades? What can they communicate regarding the Brothers' perception of the needs of their audiences? How have the media served to sustain, preserve, and distinguish the movement for nine decades? The book argues that the Brotherhood media speak with an intermittent voice and deliver an incoherent message whose tone is changeable and fluctuating and cannot be claimed to truly represent the heterogeneity of the group. Adopting an interdisciplinary approach that integrates Media Studies and Social Movement Theory, the book provides a fresh analysis of the Brotherhood movement as an interpretive community and will be a valuable resource for anyone studying Egypt or the Muslim Brotherhood.
