The Survivors of the Chancellor Jules Verne, 1878 Please note: This audiobook has been created using AI voice.

Desiring a more romantic crossing of the Atlantic, Englishman J. R. Kazallon decides to forgo a steamship and instead sets sail on the Chancellor, a large three-mast sailing ship. What follows is a classic nautical adventure, told in the form of a series of diary entries and filled with tragedy, suffering, and even horror. Despite the grim subject matter, Jules Verne still finds space to include ample descriptions of geology, biology, and meteorology.

The Shadow of the Wind Carlos Ruiz Zafon, 2005-01-25 The New York Times bestseller “The Shadow of the Wind is ultimately a love letter to literature, intended for readers as passionate about storytelling as its young hero.” —Entertainment

Weekly (Editor's Choice) "One gorgeous read." —Stephen King Barcelona, 1945: A city slowly heals in the aftermath of the Spanish Civil War, and Daniel, an antiquarian book dealer's son who mourns the loss of his mother, finds solace in a mysterious book entitled *The Shadow of the Wind*, by one Julián Carax. But when he sets out to find the author's other works, he makes a shocking discovery: someone has been systematically destroying every copy of every book Carax has written. In fact, Daniel may have the last of Carax's books in existence. Soon Daniel's seemingly innocent quest opens a door into one of Barcelona's darkest secrets—an epic story of murder, madness, and doomed love.

That Book Woman Heather Henson, 2011-07-26 An exquisitely illustrated paean to everyone who struggles to learn how to read, and to everyone who won't give up on them. Cal is not the readin' type. Living way high up in the Appalachian Mountains, he'd rather help Pap plow or go out after wandering sheep than try some book learning. Nope. Cal does not want to sit stoney-still reading some chicken scratch. But that Book Woman keeps coming just the same. She comes in the rain. She comes in the snow. She comes right up the side of the mountain, and Cal knows that's not easy riding. And all just to lend his sister some books. Why, that woman must be plain foolish—or is she braver than he ever thought? That Book Woman is a rare and moving tale that honors a special part of American history—the Pack Horse Librarians, who helped untold numbers of children see the stories amid the chicken scratch, and thus made them into lifetime readers.

Children of the Days Eduardo Galeano, 2013-04-30 Unfurling like a medieval book of days, each page of Eduardo Galeano's *Children of the Days* has an illuminating story that takes inspiration from that date of the calendar year, resurrecting the heroes and heroines who have fallen off the historical map, but whose lives remind us of our darkest hours and sweetest victories. Challenging readers to consider the human condition and our own choices, Galeano elevates the little-known heroes of our world and decries the destruction of the intellectual, linguistic, and emotional treasures that we have all but forgotten. Readers will discover many inspiring narratives in this collection of vignettes: the Brazilians who held a smooch-in to protest against a dictatorship for banning kisses that undermined public morals; the astonishing day Mexico invaded the United States; and the sacrilegious women who had the effrontery to marry each other in a church in the Galician city of A Coruna in 1901. Galeano also highlights individuals such as Pedro Fernandes Sardinha, the first bishop of Brazil, who was eaten by Caete Indians off the coast of Alagoas, as well as Abdul Kassem Ismael, the grand vizier of Persia, who kept books safe from war by creating a walking library of 117,000 tomes aboard four hundred camels, forming a mile-long caravan. Beautifully translated by Galeano's longtime collaborator, Mark Fried, *Children of the Days* is a majestic humanist treasure that shows us how to live and how to remember. It awakens the best in us.

This Is New York Miroslav Sasek,2003-05-30 With the same wit and perception that distinguished his stylish books on Paris, London, and Rome, M. Sasek pictures fabulous, big-hearted New York City in This Is New York, first published in 1960 and now updated for the 21st century. The Dutchman who bought the island of Manhattan from the Native Americans in 1626 for twenty-four dollars' worth of handy housewares little knew that his was the biggest bargain in American history. For everything about New York is big -- the buildings, the traffic jams, the cars, the stories, the Sunday papers. Here is the Staten Island Ferry, the Statute of Liberty, MacDougal Alley in Greenwich Village, Times Square, Rockefeller Center, Harlem, Chinatown, Central Park. The brass, the beauty, the magic, This Is New York!
