

Death In The Afternoon Ernest Hemingway

To many, the life of Ernest Hemingway has taken on mythic proportions. From his romantic entanglements to his legendary bravado, the elements of Papa's persona have fascinated readers, turning Hemingway into such an outsized figure that it is almost impossible to imagine him as a real person. James Hutchisson's biography reclaims Hemingway from the sensationalism, revealing the life of a man who was often bookish and introverted, an outdoor enthusiast who revered the natural world, and a generous spirit with an enviable work ethic. This is an examination of the writer through a new lens—one that more accurately captures Hemingway's virtues as well as his flaws. Hutchisson situates Hemingway's life and art in the defining contexts of the women he loved and lost, the places he held dear, and the specter of mental illness that haunted his family. This balanced portrait examines for the first time in full detail the legendary writer's complex medical history and his struggle against clinical depression. The first major biography of Hemingway in over twenty years, this monumental achievement provides readers with a fresh, comprehensive look at one of the most acclaimed authors of the twentieth century.

The story of Ernest Hemingway and Pauline Pfeiffer during six summers from 1928 through 1939—each showing Hemingway at a different place in his writing as well as a different stage of their marriage. In March 1928, after the phenomenal success of *The Sun Also Rises*, Ernest Hemingway returned to the United States with his second wife, Pauline Pfeiffer—the stylish *Vogue* editor and scorned "other woman" who would give up everything to be with him and, in the end, lose it all. The couple fled Paris in the wake of the huge gossip storm about the American author's affair and abandonment of his wife and son. Escaping to Wyoming's Big Horn Mountains to write while Pauline recovered from the birth of their first child, he finished *A Farewell to Arms* and fell in love with the land around him. Pauline soon joined him in Yellowstone and Jackson Hole. In *Cockeyed Happy* Darla Worden tells the little-known story of Hemingway and Pauline during six summers from 1928 to 1939—from smitten newlywed to bored, restless husband and ultimately to philanderer as he falls in love with another woman once again.

NEW YORK TIMES BESTSELLER • A powerful novel of the stormy marriage between Ernest Hemingway and Martha Gellhorn, a fiercely independent woman who became one of the greatest war correspondents of the twentieth century—from the author of *The Paris Wife* and the new novel *When the Stars Go Dark*, available now! "Romance, infidelity, war—Paula McLain's powerhouse novel has it all."—*Glamour* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** *The Washington Post* • *New York Public Library* • *Bloomberg* • *Real Simple* In 1937, twenty-eight-year-old Martha Gellhorn travels alone to Madrid to report on the atrocities of the Spanish Civil War and becomes drawn to the stories of ordinary people caught in the devastating conflict. It's her chance to prove herself a worthy journalist in a field dominated by men. There she also finds herself unexpectedly—and unwillingly—falling in love with Ernest Hemingway, a man on his way to becoming a legend. On the eve of World War II, and set against the turbulent backdrops of Madrid and Cuba, Martha and Ernest's relationship and careers ignite. But when Ernest publishes the biggest literary success of his career, *For Whom the Bell Tolls*, they are no longer equals, and Martha must forge a

path as her own woman and writer. Heralded by Ann Patchett as “the new star of historical fiction,” Paula McLain brings Gellhorn’s story richly to life and captures her as a heroine for the ages: a woman who will risk absolutely everything to find her own voice.

An early gem from the greatest American writer of the twentieth century First published in 1926, *The Torrents of Spring* is a hilarious parody of the Chicago school of literature. Poking fun at that "great race" of writers, it depicts a vogue that Hemingway himself refused to follow. In style and substance, *The Torrents of Spring* is a burlesque of Sherwood Anderson's *Dark Laughter*, but in the course of the narrative, other literary tendencies associated with American and British writers akin to Anderson -- such as D. H. Lawrence, James Joyce, and John Dos Passos -- come in for satirical comment. A highly entertaining story, *The Torrents of Spring* offers a rare glimpse into Hemingway's early career as a storyteller and stylist.

'Whether or not the artistic quality of the bullfight outweighs the moral question of the animals' suffering is something that each person must decide for themselves - as they must decide whether the taste of a steak justifies the death of a cow. But if we ignore the possibility that one does outweigh the other, we fall foul of the charge of self-deceit and incoherence in our dealings with animals.' Alexander Fiske-Harrison In a remarkable and controversial book Fiske-Harrison follows the tracks of a whole bullfighting year in Spain. He trains and takes part in the sport himself. He gives us memorable portraits of bull-fighters and bulls, of owners, trainers and fans - of a whole country. Fiske-Harrison offers a fully rounded and involving portrait of an art as performed for centuries and of the arguments that dog it today.

First published in 1927, *Men Without Women* represents some of Hemingway's most important and compelling early writing. In these fourteen stories, Hemingway begins to examine the themes that would occupy his later works: the casualties of war, the often uneasy relationship between men and women, sport and sportsmanship. In “*Banal Story*,” Hemingway offers a lasting tribute to the famed matador Maera. “*In Another Country*” tells of an Italian major recovering from war wounds as he mourns the untimely death of his wife. “*The Killers*” is the hard-edged story about two Chicago gunmen and their potential victim. Nick Adams makes an appearance in “*Ten Indians*,” in which he is presumably betrayed by his Indian girlfriend, Prudence. And “*Hills Like White Elephants*” is a young couple's subtle, heart-wrenching discussion of abortion. Pared down, gritty, and subtly expressive, these stories show the young Hemingway emerging as America's finest short story writer.

For Whom The Bell Tolls opens in May 1937, at the height of the Spanish Civil War. An American man named Robert Jordan, who has left the United States to enlist on the Republican side in the war, travels behind enemy lines to work with Spanish guerrilla fighters, or guerrilleros, hiding in the mountains. The Republican command has assigned Robert Jordan the dangerous and difficult task of blowing up a Fascist-controlled bridge as part of a larger Republican offensive. A peasant named Anselmo guides Robert Jordan to the guerrilla camp, which is hidden in a cave. Along the way, they encounter Pablo, the leader of the camp, who greets Robert Jordan with hostility and opposes the bridge operation because he believes it endangers the guerrilleros' safety. Robert Jordan suspects that Pablo may betray or sabotage the mission.

An instant national bestseller, this stunningly evocative, beautifully rendered story told in the voice of Ernest Hemingway's first wife, Hadley, has the same power and historical richness that made *Loving Frank* a bestseller. No twentieth-century American writer has captured the popular imagination as much as Ernest Hemingway. This novel tells his story from a unique point of view - that of his first wife, Hadley. Through her eyes and voice, we experience Paris of the Lost Generation and meet fascinating characters such as Scott and Zelda Fitzgerald, Gertrude Stein, Ezra Pound, and Gerald and Sara Murphy. The city and its inhabitants provide a vivid backdrop to this engrossing and wrenching story of love and betrayal that is made all the more poignant knowing that, in the end, Hemingway would write of his first wife, "I wish I had died before I loved anyone but her."

A non-judgmental, back-to-basics approach to making custom cocktails that's as fun as it is definitive--from a renowned New York City bartender who's worked everywhere from *Please Don't Tell* to *Momofuku*. John deBary is a veritable cocktail expert with a 100 proof personality, a dash of fun, and garnished with flair--there's nothing muddled about him. In *Drink What You Want*, John breaks down the science of mixology (yes, it's a science) and explains the rules of drink-making. Most important, you'll learn how to tweak any drink, both classic and creative, to your preferences and moods. Are you adventurous or traditional? Sweet or bitter? Brown liquor or clear? While giving newbies a rundown of cocktail culture, lingo, and etiquette, John turns the "cocktail book" concept on its ear by infusing a traditionally formal topic with his fresh, conversational voice. Mixology geeks and bottomless brunchers alike will revel in the craft of the cocktail, from classic to modern to funky. Cocktails are about creativity and setting the mood, and *Drink What You Want* overflows with both.

Published in 1926 to explosive acclaim, *The Sun Also Rises* stands as perhaps the most impressive first novel ever written by an American writer. A roman à clef about a group of American and English expatriates on an excursion from Paris's Left Bank to Pamplona for the July fiesta and its climactic bull fight, a journey from the center of a civilization

spiritually bankrupted by the First World War to a vital, God-haunted world in which faith and honor have yet to lose their currency, the novel captured for the generation that would come to be called "Lost" the spirit of its age, and marked Ernest Hemingway as the preeminent writer of his time.

Ernest Hemingway casts a long shadow in literature--reaching beyond his status as a giant of 20th-century fiction and a Nobel Prize winner--extending even into comic books. Appearing variously with Superman, Mickey Mouse, Captain Marvel, and Cerebus, he has even battled fascists alongside Wolverine in Spain and teamed up with Shade to battle adversaries in the Area of Madness. Robert K. Elder's research into Hemingway's comic presence demonstrates the truly international reach of Hemingway as a pop culture icon. In more than 120 appearances across multiple languages, Hemingway is often portrayed as the hypermasculine legend: bearded, boozed up, and ready to throw a punch. But just as often, comic book writers see past the bravado to the sensitive artist looking for validation. Hemingway's role in these comics ranges from the divine to the ridiculous, as his image is recorded, distorted, lampooned, and whittled down to its essential parts. As Elder notes, comic book creators and Hemingway share a natural kinship. The comic book page demands an economy of words, much like Hemingway's less-is-more "iceberg theory," only in graphic form. In addition, he turned out to be the perfect avatar for comic book artists wanting to tell history-rich stories, as he experienced beautiful places during the most chaotic times: Paris in the 1920s, Spain during the Spanish Civil War, Cuba on the brink of revolution, France during World War I and during World War II just after the Allies landed in Normandy. Hemingway in Comics provides a unique lens for considering one of our most influential authors. Not only for the dedicated Hemingway fan, this book will appeal to all those with an appreciation for comics, pop culture, and the absurd.

"A titan of American letters. It's high time for Gellhorn to emerge from the shadows of twentieth-century literature into the bright light of mainstream recognition." --The Washington Post Book World "As much as any woman in the twentieth century, Martha Gellhorn succeeded in her ambition to 'go everywhere and see everything and sometimes write about it.' It is wonderful to have this compendious new collection of letters from and to her, a few newly discovered. Janet Somerville has carefully set each group of correspondence in its historical context and further enriched them with photographs which even longtime Gellhorn admirers will not have seen." -- Adam Hochschild, author of *Spain in Our Hearts: Americans in the Spanish Civil War, 1936-1939* Before email, when long distance telephone calls were difficult and expensive, people wrote letters, often several each day. Today, those letters provide an intimate and revealing look at the lives and loves of the people who wrote them. When the author is a brilliant writer who lived an exciting, eventful life, the letters are especially interesting. Martha Gellhorn was a strong-willed, self-made, modern woman whose journalism, and life, were widely influential at the time and cleared a path for women who came after her. An ardent anti-

fascist, she abhorred "objectivity shit" and wrote about real people doing real things with intelligence and passion. She is most famous, to her enduring exasperation, as Ernest Hemingway's third wife. Long after their divorce, her short tenure as "Mrs. Hemingway" from 1940 to 1945 invariably eclipsed her writing and, consequently, she never received her full due. Gellhorn's work and personal life attracted a disparate cadre of political and celebrity friends, among them, Sylvia Beach, Ingrid Bergman, Leonard Bernstein, Norman Bethune, Robert Capa, Charlie Chaplin, Chiang Kai-shek, Madame Chiang, Colette, Gary Cooper, John Dos Passos, Dorothy Parker, Maxwell Perkins, Eleanor and Franklin D. Roosevelt, Antoine de Saint-Exupéry, Orson Welles, H.G. Wells -- the people who made history in her time and beyond. Yours, for Probably Always is a curated collection of letters between Gellhorn and the extraordinary personalities that were her correspondents in the most interesting time of her life. Through these letters and the author's contextual narrative, the book covers Gellhorn's life and work, including her time reporting for Harry Hopkins and America's Federal Emergency Relief Administration in the 1930s, her newspaper and magazine reportage during the Spanish Civil War, World War II and the Vietnam War, and her relationships with Hemingway and General James M. Gavin late in the war, and her many lovers and affairs. Gellhorn's fiction of the time sold well: *The Trouble I've Seen* (1936) -- her Depression-Era stories based on the FERA activities, with an introduction by H.G. Wells; *A Stricken Field* (1940) -- a novel inspired by the German-Jewish refugee crisis and set in 1938 Czechoslovakia; *The Heart of Another* (1941) -- stories edited by Maxwell Perkins; and *The Wine of Astonishment* (1948) -- her novel about the liberation of Dachau, which she reported for *Collier's*. Gellhorn's life, reportage, fiction and correspondence reveal her passionate advocacy of social justice and her need to tell the stories of "the people who were the sufferers of history." Renewed interest in her life makes this new collection, packed with newly discovered letters and pictures, fascinating reading.

The Dangerous Summer is Hemingway's firsthand chronicle of a brutal season of bullfights. In this vivid account, Hemingway captures the exhausting pace and pressure of the season, the camaraderie and pride of the matadors, and the mortal drama—as in fight after fight—the rival matadors try to outdo each other with ever more daring performances. At the same time Hemingway offers an often complex and deeply personal self-portrait that reveals much about one of the twentieth century's preeminent writers. Ernest Hemingway's first new book of fiction, since the publication of *A Farewell to Arms* in 1929, contains fourteen stories of varying length. Some of them have appeared in magazines but the majority have not been published before. The characters and backgrounds are widely varied. "A Clean, Well-Lighted Place" is about an old Spanish Beggar. "Homage to Switzerland" concerns various conversations at a Swiss railway-station restaurant. "The Gambler, the Nun, and the Radio" is laid in the accident ward of a hospital in Western United States, and so on. Ernest Hemingway made his literary start as a short-story writer. He has always excelled in that medium, and this volume reveals him at his best.

In this definitive study of Hemingway's masterpiece on bull-fighting, Miriam Mandel addresses not only Hemingway's tome, but the bullfighting and the Spain of his time.

During World War II, Colonel Richard Cantwell, an American soldier, falls in love with a young Italian countess in Venice. This bibliography of Hemingway's writings and related materials includes, for the first time, all of his books, pamphlets, stories, articles, newspaper contributions, juvenilia, library holdings of his letters and manuscripts, items written about Hemingway between 1918 and 1965, and short excerpts from reviews of each of Hemingway's novels. It is the first bibliography of Hemingway published since 1931, and includes much material never before assembled: thirty-eight contributions to his high school newspaper, *Trapeze*, twenty-eight Spanish Civil War dispatches, and first editions published in some thirty foreign languages. First editions of books and pamphlets, both American and English with bibliographic descriptions, are given. Originally published in 1967. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

There are some things which cannot be learned quickly, and time, which is all we have, must be paid heavily for their acquiring. They are the very simplest things, and because it takes a man's life to know them the little new that each man gets from life is very costly and the only heritage he has to leave. In the winter of 1933, Ernest Hemingway and his wife Pauline set out on a two-month safari in the big-game country of East Africa, camping out on the great Serengeti Plain at the foot of magnificent Mount Kilimanjaro. "I had quite a trip," the author told his friend Philip Percival, with characteristic understatement. *Green Hills of Africa* is Hemingway's account of that expedition, of what it taught him about Africa and himself. Richly evocative of the region's natural beauty, tremendously alive to its character, culture, and customs, and pregnant with a hard-won wisdom gained from the

extraordinary situations it describes, it is widely held to be one of the twentieth century's classic travelogues.

A full biography of Ernest Hemingway draws on a wide range of previously untapped material and offers particular insight into the private demons that both inspired and tormented him.

From childhood on, Ernest Hemingway was a passionate fisherman. He fished the lakes and creeks near the family's summer home at Walloon Lake, Michigan, and his first stories and pieces of journalism were often about his favorite sport. Here, collected for the first time in one volume, are all of his great writings about the many kinds of fishing he did—from angling for trout in the rivers of northern Michigan to fishing for marlin in the Gulf Stream. In *A Moveable Feast*, Hemingway speaks of sitting in a café in Paris and writing about what he knew best—and when it came time to stop, he “did not want to leave the river.” The story was the unforgettable classic “Big Two-Hearted River,” and from its first words we do not want to leave the river either. He also wrote articles for *The Toronto Star* on fishing in Canada and Europe and, later, articles for *Esquire* about his growing passion for big-game fishing. Two of his last books, *The Old Man and the Sea* and *Islands in the Stream*, celebrate his vast knowledge of the ocean and his affection for its great denizens. *Hemingway on Fishing* is an encompassing, diverse, and fascinating assemblage. From the early Nick Adams stories and the memorable chapters on fishing the Irati River in *The Sun Also Rises* to such late novels as *Islands in the Stream*, this collection traces the evolution of a great writer's passion, the range of his interests, and the sure use he made of fishing, transforming it into the stuff of great literature. Anglers and lovers of great writing alike will welcome this important collection.

Still considered one of the best books ever written about bullfighting, *Death in the Afternoon* is an impassioned look at the sport by one of its true aficionados. It reflects Hemingway's conviction that bullfighting was more than mere sport and reveals a rich source of inspiration for his art. The unrivaled drama of bullfighting, with its rigorous combination of athleticism and artistry, and its requisite display of grace under pressure, ignited Hemingway's imagination. Here he describes and explains the technical aspects of this dangerous ritual and "the emotional and spiritual intensity and pure classic beauty that can be produced by a man, an animal, and a piece of scarlet serge draped on a stick."

Seen through his eyes, bullfighting becomes a richly choreographed ballet, with performers who range from awkward amateurs to masters of great elegance and cunning. A fascinating look at the history and grandeur of bullfighting, *Death in the Afternoon* is also a deeper contemplation of the nature of cowardice and bravery, sport and tragedy, and is enlivened throughout by Hemingway's sharp commentary on life and literature.

"Massive, beautiful . . . unquestionably some of the best writing on Spain [and] the best that Mr. Michener has ever done on any subject."—*The Wall Street Journal* Spain is an immemorial land like no other, one that James A. Michener, the Pulitzer Prize-winning author and celebrated citizen of the world, came to love as his own. Iberia is Michener's enduring nonfiction tribute to his cherished second home. In the fresh and vivid prose that is his trademark, he not only reveals the celebrated history of bullfighters and warrior kings, painters and processions, cathedrals and olive orchards, he also shares the intimate, often hidden country he came to know, where the congeniality of living souls is thrust against the dark weight of history. Wild, contradictory, passionately beautiful, this is Spain as experienced by a master writer.
