

Degrees Of The Zodiac

This is one of the all-time favorite references of its kind, with detailed interpretations of each degree of the zodiac. Look up the degree position of any planet or major point to gain a new perspective on the horoscope.

In much the same way in which he characterized planets and asteroids as powerful, gendered beings in *Inside Planets*, Ellias Lonsdale gives new depth and nuance to degree analysis, an area often seen as technical or reduced to cliché. The degree symbols are most useful in elaborating a personal birth chart. One can learn about personal cycles from studying the place of a transiting or progressed planet by degree at a given time, revealing collective as well as personal timings. The Zodiac degrees also act as an oracle. One can open the collection anywhere for a given day, or in response to a question. The degrees will reveal what is happening now and, if we are attentive and responsive to the cues, what is required of us. By comparing charts of friends and famous people who are known for certain qualities, one can gradually discriminate among the degrees. These beautifully written and fully imagined readings of the Chandra degree symbols speak to a deep level of personal change and authenticity.

Lynn Buess has done it again! As an innovator in the consciousness and self-awareness field for over fifty years, he has now contributed a decidedly unique perspective of the time-honored system of astrology, helping humanity further understand its relationship to the universe. With this latest contribution to self-growth, Lynn offers an original perspective of numerology — this time with the combination of numerical characteristics and astrological influences. He not only writes from an intellectual viewpoint but as someone

who has experienced glimpses of cosmic consciousness. Like most of his works, it is his hope that this volume will help seekers better connect to their cosmic memories of being both human and eternal in nature. Experience all the signs of the zodiac in minute detail: Aries • Taurus • Gemini • Cancer • Leo • Virgo • Libra • Scorpio • Sagittarius • Capricorn • Aquarius • Pisces It is my feeling that the sun degree serves a role of pinpointing just where the soul has the opportunity to make significant strides in personal growth or potentially stumble into a setback. A combination of the numerical value of the degree and the sun sign are blended together to offer insight about the nature of that commitment.— Lynn Buess, MA, EdS

Kali-Acharya Dan Konnor MBA SD, Founder-Acharya of Shaktas United and the KMA Cosmoscience Center, shows you how to read the life Destiny of anyone according to the 360 Degrees of the Zodiac, with only a birth chart in your hands, in stunningly accurate detail, and in only a few minutes. Acharyaji then presents the single-most-effective remedial measure for all planetary afflictions, his translation of the mystical and miraculous Devi-Mahatmya or Glory of Goddess, to recite specific Cantos from based upon your own birth chart, to actually improve your Destiny. A departure from traditional Vedic and Western astrology, Acharyaji's new Goddess Astrology is the greatest leap forward in the reading and improvement of Destiny in all of history, written from his heart for everyone with no access to the Nadigranthams (Books of Destiny) kept under lock and key by secretive astrological family heirs in India. Read your Destiny, recite your Cantos to Goddess, and change your life to attain all your desires!

MUNDANE Astrology has been much neglected by students. It is hoped that this little publication will

draw their attention to this important branch of the science, for, after all, Nations, Countries and Cities are more important than Individuals. Up to the present very little has been written on the subject since Ramsey published his “ Astrology Restored ” in the seventeenth century. Mundane Astrology is a difficult subject, seeing that every District town or City is under a different Zodiacal influence, If this particular influence were known, it would be an easy matter to forecast the fate of any place. Our lack of knowledge of the exact place or locality governed by each degree of the Zodiac is the cause of the many failures in the Predictions relating to Mundane Events.

First written in 1953, and now integrated into Astrological work globally, Dr Jones includes in his ground-breaking comprehensive text, for each of the 360 degrees of the zodiac: the symbolical picture, an interpretation in present-day psychological significance, a keyword for use in quick or at sight analysis, the positive and negative influences, the formula to determine the relationship between these symbols, and illustrated with 1000 horoscopes of well-known people. Detailed explanations of their origin, use in the natal, mundane and rectification charts gives the reader an unparalleled opportunity to learn directly from the source that envisioned their profound effect in all types of astrological practice. The Degrees, an easy-to-read and thought-

"A symbolic interpretation of each degree of the zodiac"--P. [iii].

- Explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings
- Provides detailed write-ups for each of the 360 degrees of the zodiac
- Details how to use the degrees for personal chart interpretation and as an oracle for guidance and inspiration

In this extraordinary synthesis of 50 years in star work, astrologer Ellias Lonsdale explains how each of the 12 signs of the zodiac has 30 degrees, and each degree, like every star, is the center of a whole system of meanings. Inspired by the Chandra Symbols, evocative images for each degree channeled by John Sandbach nearly 40 years ago, as well as his studies with master astrologers Dane Rudhyar and Marc Edmund Jones, Lonsdale explores the deeper story, or Star Spark, of each of the 360 degrees of the zodiac, providing detailed write-ups for each degree. The author explains how to determine the degree of your Sun sign and other planets from your birth chart and how to use this information for personal chart interpretation. Offering a way to tune in to your future star cycles as well as analyze a past event, he discusses how you can learn about personal cycles from studying the degree of a transiting or progressed planet at a specific time, such as Mercury Retrograde, or by following the degree meanings for successive New Moons or Solar Returns, revealing collective as well as personal timings. He also details how to use the 360 Star Sparks as an astrological oracle to consult when you

need guidance or support for your awakening process as well as how they can be used as a source for daily contemplation by following the Sun through each degree day by day throughout the year. Providing an astrological tool to help you see deeply inside your life, your shadow, what you are questioning, and where you are being guided, this key to the symbolic power of the 360 degrees of the zodiac shows that by embracing our star cycles, we can discover our unique life path and light up the stars within.

Each of the 360 degrees of the Zodiac has its own unique symbol and meaning. These symbols are often applied to the degrees of the Ascendant, Sun, Moon, and ruling planet of the natal horoscope. This book, comprising two complete sets, was first published in 1898 and has long been ranked as among the finest on the subject.

Degrees of the Zodiac was written by noted astrologer Esther V. Leinbach and originally published by Macoy Publishing Company in 1973. This Revised Edition from the author's son, Kevin Leinbach, has been updated for the new Millennium, using the Author's original source material and research. Popular Astrology takes into consideration only one factor: the location of the Sun in the Zodiac, the Sun Sign. Even some astrologers only consider the twelve signs of the Zodiac and disregard the individual 30 degrees that make up the total span of the sign. But the degrees are a very significant

influence in the chart and more and more astrologers are discovering how important degrees are to horoscope interpretation. The 360 Degrees in the circle of the Zodiac are activated by the Sun, the Moon and the Planets, even the house cusps of every horoscope. These degrees help to account for the many different expressions of each individual sign. Degree influences have often been seen as ethereal and mysterious, relying on symbolism to suggest potential expressions. Perhaps the advantage of symbols is that they can be interpreted in the current context directly. But symbols can also be quite difficult to decipher. This book was originally written to bring the symbolism into a descriptive, practically applicable format that can more easily be used in chart interpretation. The approach is psychological rather than symbolic. It was intended to be accessible to the novice as well as the professional astrologer. But when particular references are made to current insights or methods, there is some danger that degree descriptions can become outdated. This Revised Edition has been released to update the descriptions with a current perspective and incorporate a context and evolutionary perspective that was simply not in place when Degrees of the Zodiac was originally published.

zodiac. These symbols make a direct connection with your basic spiritual energies and penetrate the private language of your personal mythology. For this second edition, every one of the 360 degrees has been reexamined from extensive lists of examples. In the end, about ninety degrees have undergone major changes and all of the rest have been clarified and sharpened. The result is a symbol system of unparalleled accuracy, and an indispensable tool for both amateur and practicing astrologers.

Subtitled, *An Encyclopaedia of Character & Disease*, Carter's classic book was the result of study of hundreds of horoscopes. Carter discovered that specific degrees of the zodiac produced specific results, including things like abscesses, goiter, poor vision, medical or musical ability, spinal curvature, asthma & much more. He also found astrological guidelines for traits such as boredom, love of animals, hay fever, rambling speech, epilepsy & many more. Sometimes known as *Carter's Little Green Book*. Always surprising, sometimes witty, this is one of the great books of the 20th century.

Charles E.O. Carter (1887 - 1968) was one of the outstanding British astrologers of the 20th century. He succeeded Alan Leo as head of Astrological Lodge at the Theosophical Society, a post he held from 1920 to 1952. He was editor of *Astrology*, *The Astrologer's Quarterly*, from 1926 to 1959.
