The name "Tom Brady" has become synonymous with "champion." The pedigree he carries is extensive-multiple-time Superbowl winner; recipient of multiple Most Valuable Player awards; multiple nominations to the Pro-Bowl; and an all-around celebrity. It wasn't always that way for Brady. He had his fair share of struggles, defeats, failures, and heartaches along the way. From his childhood days of sitting in the bleachers watching the San Francisco 49ers, to riding the bench at his alma mater, to playing fourth string backup on a struggling New England Patriots team. Tom Brady is the epitome of perseverance and determination. The struggles he has faced have taught him to be appreciative of what he now has become. This is why Tom Brady has been known as a humble man, a good man, an honest man. "Tom Brady: An Unauthorized Biography" chronicles what it took for Brady to become a true champion, starting from his humble upbringing in San Mateo, California, to his most recent loss to the New York Giants during the 2011 NFL season.

“Open Water is tender poetry, a love song to Black art and thought, an exploration of

intimacy and vulnerability between two young artists learning to be soft with each other in a world that hardens against Black people.”—Yaa Gyasi, author of *HOMEGOING* In a crowded London pub, two young people meet. Both are Black British, both won scholarships to private schools where they struggled to belong, both are now artists—he a photographer, she a dancer—and both are trying to make their mark in a world that by turns celebrates and rejects them. Tentatively, tenderly, they fall in love. But two people who seem destined to be together can still be torn apart by fear and violence, and over the course of a year they find their relationship tested by forces beyond their control. Narrated with deep intimacy, *Open Water* is at once an achingly beautiful love story and a potent insight into race and masculinity that asks what it means to be a person in a world that sees you only as a Black body; to be vulnerable when you are only respected for strength; to find safety in love, only to lose it. With gorgeous, soulful intensity, and blistering emotional intelligence, Caleb Azumah Nelson gives a profoundly sensitive portrait of romantic love in all its feverish waves and comforting beauty. This is one of the most essential debut novels of recent years, heralding the arrival of a stellar and prodigious young talent.

Overlooking the St. Lawrence River, Massena emerged from its quiet beginnings to become the region's center for tourism, commerce, and industry. With vintage photographs, Massena documents the people, places, and events that shaped this northernmost New York State town. Shown are early sightseers and seekers of health

from the mineral springs; the Aluminum Company of America (Alcoa), which arrived before Reynolds Metals; General Motors; and, of course, the St. Lawrence Seaway and Power Projects."

The day of the Ice Bowl game was so cold, the referees' whistles wouldn't work; so cold, the reporters' coffee froze in the press booth; so cold, fans built small fires in the concrete and metal stands; so cold, TV cables froze and photographers didn't dare touch the metal of their equipment; so cold, the game was as much about survival as it was about skill and strategy. On New Year's Eve, 1967, the Dallas Cowboys and the Green Bay Packers met for a classic NFL championship game, played on a frozen field in sub-zero weather. The "Ice Bowl" challenged every skill of these two great teams.

Here's the whole story, based on dozens of interviews with people who were there—on the field and off—told by author Ed Gruver with passion, suspense, wit, and accuracy.

Finally, the information you've been waiting for: who really killed JonBenet? Perhaps the most compelling murder case of our day, the death of six-year-old JonBenet Ramsey galvanized the nation-and years after it occurred, the mystery still endures. Who killed the young beauty queen and why? Who is covering up for whom and who is simply lying? In *JonBenet*, the most authoritative and comprehensive study of the Ramsey murder, a former lead Boulder Police detective, Steve Thomas, explores the case in vivid and fascinating detail-pointing the way toward an analysis of the evidence some deem too shocking to consider. Here, Thomas raises these and many other provocative questions: -How was the investigation botched from the beginning-and why did police so carelessly allow the crime scene to be tampered with? -Why were John and Patsy Ramsey protected from early questioning and any lie-detector tests, even though their stories and behavior were erratic, suspicious and inconsistent? -Why was crucial evidence ignored, why were certain key witnesses unquestioned by detectives, and why were the Ramseys privy to sensitive information about the case and even police reports?

From the New York Times bestselling author of *Whiter Than Snow* and *Prayers for Sale* comes a novel about the secrets and passions of three generations of women who have all lived in the same Victorian home called the Bride's House. It's 1880, and for unassuming seventeen-year-old Nealie Bent, the Bride's House is a fairy tale come to life. It seems as if it is being built precisely for her and Will Spaulding, the man she is convinced she will marry. But life doesn't go according to plan, and Nealie finds herself in the Bride's House pregnant---and married to another. For Pearl, growing up in the Bride's House is akin to being raised in a mausoleum. Her father has fashioned the house into a shrine to the woman he loved, resisting all forms of change. When the enterprising young Frank Curry comes along and asks for Pearl's hand in marriage, her father sabotages the union. But he underestimates the lengths to which the women in the Bride's House will go for love. Susan is the latest in the line of strong and willful women in the Bride's House. She's proud of the women who came before her, but the Bride's House hides secrets that will force her to question what she wants and who she loves. Sandra Dallas has once again written a novel rich in storytelling and history, peopled by living, breathing characters that will grab hold of you and not let you go. Things may move a little slower here, but the fresh air, towering pines, and an abundance of wildlife make living up north the dream for many. As a resident of Vilas County, photographer

Gathers and illustrates poems by the popular thirteenth century Sufi philosopher and saint All fruitful doing must begin with being. For many Christians, it's easy to be swept up into the fast pace of modern life, desiring to do much for God. But we struggle to slow down and be with God. According to pastor, Enneagram teacher, and author AJ Sherrill, being with God is what empowers doing for God. Sherrill shares his own journey from "busy" Christianity to the ancient paths of contemplative practices. He equips readers to integrate rhythms of stillness, silence, and solitude, offering step-by-step guidance and examples of finding solitude both personally and on retreats. Sherrill warns that making these changes appears absurd in a society where time is money, productivity is central, and hurry is a way of life. He guides readers gently through the beginning and often confusing stages of contemplative practice. Citing timely insights from the world of neurology and mental health, he shows that solitude is crucial not only for Christian growth but also for holistic flourishing. Foreword by Rich Villodas. Readers will emerge, centered in Christ, well on their way to this goal: slow down, pay

attention, be still, and be loved.

Author Richard Napoliton has created an engaging portrait of early life in Wall Township, New Jersey. Imagine how one lived at the turn of the century: there were no police, fire departments, or first-aid squads to call when a crisis arose. Residents relied on family and neighbors to solve any problems. Most babies were born at home, knowledgeable residents set bones, and the dead were laid out in the homestead instead of funeral homes. And, of course, there were no phones or electricity available. From the time Wall Township was

founded in 1851, it has been constantly evolving. Towns have entered and left the township, businesses have changed hands, and buildings have been turned, abandoned, or razed. Napoliton has created this historical account of the township to share with residents the personal details that are so often forgotten, featuring scenes of little-known cemeteries, businesses, homes and farms, schools, churches, and Allaire. Imagine horses delivering gasoline for early cars, or Boy Scouts camping in the abandoned Allaire Village in the 1930s and 1940s. Within these pages, discover how the first auto races progressed from an amateur weekly event to a professional salaried affair.

An award-winning journalist's dramatic account of a shooting that shook a community to its core, with important implications for the future On the last evening of summer in 2013, five shots rang out in a part of northeast Denver known as the Holly. Long a destination for African American families fleeing the

Jim Crow South, the area had become an “invisible city” within a historically white metropolis. While shootings there weren’t uncommon, the identity of the shooter that night came as a shock. Terrance Roberts was a revered anti-gang activist. His attempts to bring peace to his community had won the accolades of both his neighbors and the state’s most important power brokers. Why had he just fired a gun? In *The Holly*, the award-winning Denver-based journalist Julian Rubinstein reconstructs the events that left a local gang member paralyzed and Roberts facing the possibility of life in prison. Much more than a crime story, *The Holly* is a multigenerational saga of race and politics that runs from the civil rights movement to Black Lives Matter. With a cast that includes billionaires, elected officials, cops, developers, and street kids, the book explores the porous boundaries between a city’s elites and its most disadvantaged citizens. It also probes the fraught relationships between police, confidential informants, activists, gang members, and ex-gang members as they struggle to put their pasts behind them. In *The Holly*, we see how well-intentioned efforts to curb violence and improve neighborhoods can go badly awry, and we track the interactions of law enforcement with gang members who conceive of themselves as defenders of a neighborhood. When Roberts goes on trial, the city’s fault lines are fully exposed. In a time of national reckoning over race, policing, and the uses and

abuses of power, Rubinstein offers a dramatic and humane illumination of what's at stake.

Popular and outspoken NFL cornerback Hanford Dixon offers an inside look at the turbulent, exciting, and frustrating Cleveland Browns seasons of the 1980s. A

three-time Pro Bowler and co-inventor of the Dawg Pound, Dixon recalls both the roller-coaster on-field action and a culture of drug use that permeated the NFL and led to the tragic death of a teammate. He shares in detail what it was like to be a first-round NFL draft pick fighting for the starting job in training camp . . . What it took, mentally and physically, to play the toughest game at the highest level for a storied franchise . . . The adrenaline rush of whipping up a frenzied crowd of 80,000 rabid fans in Municipal Stadium . . . The thrill of being one game away from the Super Bowl—three times! . . . And the crushing disappointment of losing those big games. Dixon refers to himself as “a top-notch, speedy, loud-mouth, cocky, shutdown cornerback.” That gives an idea of his outsized personality as well as his willingness to say exactly what he means. He's not shy about delivering praise or criticism where he thinks it's due—to teammates, coaches, officials . . . or himself. This Dawg tells it the way it was.

In 1968, Bob Gibson was in the middle of one of the most dominant pitching performances in World Series history, but he wasn't the only North Omahan on the sports page. That first week of October, one native son led the NFL in rushing. Another averaged 22 points per game in the NBA. One was about to begin a 17,000-point pro basketball career. Another was about to break football's most stubborn racial barrier. One - a future Heisman Trophy winner - broke Friday

night records. They all came from the same parks and gyms. The same schools and coaches. They rose out of segregation - higher and higher - as racial tensions in North Omaha boiled hotter and hotter. "24th & Glory: The intersection of civil rights and Omaha's greatest generation of athletes" from award-winning World-Herald staff writer Dirk Chatelain tells the story behind one incredible neighborhood that produced so many world-class athletes.

Bullhead City, situated on the east bank of the Colorado River in the Mojave Desert, is built upon the historical site of Hardyville, founded in 1864 by William H. Hardy. Hardyville was a frontier outpost that flourished for 19 years with a ferry service, trading post, and toll road that extended east to Prescott, Arizona. Gold and silver had been discovered in the mid-1800s, and commerce was thriving as steamboats transporting freight and passengers plied the river. By the 1920s, a series of dams was planned to harness the power of the Colorado River, but work on Davis Dam wasn't started until 1942 and was then delayed until after World War II. Bullhead City evolved after Davis Dam was completed in 1953.

Many of the workers who built the dam stayed on, and in the 1960s, land developers promoting the river as a recreational destination made Bullhead a boomtown. Bullhead City was incorporated in 1984.
