This is the story of LSD told by a concerned yet hopeful father, organic chemist Albert

Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmanns powerful conclusion that mystical experience may be our planets best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmanns problem child, his vision of its true potential is more relevant, and more needed, than ever.

'A dense, challenging and important book.' Philip French Observer 'At the very least, this blockbuster is probably the best single volume history of Hollywood we're likely to get for a very long time.' Paul Kerr City Limits 'Persuasively argued, the book is also packed with facts, figures and photographs.' Nigel Andrews Financial Times Acclaimed for their breakthrough approach, Bordwell, Staiger and Thompson analyze the basic conditions of American film-making as a historical institution and consider to what extent Hollywood film production constitutes a systematic enterprise, in both its style and its business operations. Despite differences of director, genre or studio, most Hollywood films operate within a set of shared assumptions about how a film should look and sound. Such assumptions are neither natural nor inevitable; but because

classical-style films have been the type most widely seen, they have come to be accepted as the 'norm' of film-making and viewing. The authors show how these classical conventions were formulated and standardized, and how they responded to the arrival of sound, colour, widescreen ratios and stereophonic sound. They argue that each new technological development has served a function within an existing narrational system. The authors also examine how the Hollywood cinema standardized the film-making process itself. They describe how, over the course of its history, Hollywood developed distinct modes of production in a constant search for maximum efficiency, predictability and novelty. Set apart by its combination of theoretical analysis and empirical evidence, this book is the standard work on the classical Hollywood cinema style of film-making from the silent era to the 1960s. Now available in paperback, it is a 'must' for film students, lecturers and all those seriously interested in the development of the film industry.

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school.

He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

Susana & Co. Susana está harta de todo, sobre todo de su trabajo frustrante y de su complicada relación con Pablo, un atractivo y ocupadísimo director de una empresa cosmética, y decide romper con la rutina y los agobios y pasar unos días sola en un pueblo perdido. Allí conoce a Maksim, un ucraniano, misterioso y cosmopolita, empeñado en poner del revés su mundo. Pero ese mundo también está empezando a cambiar, pues a Susana le surge la oportunidad de trabajar en Nueva York y, sin pensarlo, lo acepta. Además, Nueva York es la ciudad adonde Pablo va a trasladarse en breve y la ciudad en la que casualmente a Maksim también le espera un trabajo. Todo sucede tan deprisa que apenas le da tiempo a asimilarlo. Menos mal que ahora, y gracias a ganar una apuesta a un tercer hombre que con su aparición inesperada dará un vuelco a su destino, Susana pone a rumbo a Nueva York en trasatlántico y tiene siete largos días de travesía por delante para alejarse de Europa y repasar los últimos dos años de su vida: su difícil historia de amor con Pablo, su incipiente y

mágica historia con Maksim, el descubrimiento de un oscuro secreto familiar, la azarosa vida sentimental de sus amigos, las tribulaciones en su trabajo... Un viaje de ensueño en compañía de personajes de lo más variopinto, pero sobre todo una aventura en la que Susana descubrirá quién es realmente y quién la ama. Navidad en Manhattan Quedan cinco días para Nochebuena y Susana, lejos de su familia y sus amigos, lo extraña todo. Lo que no sabe es que ellos no piensan dejarla sola en estos días. Así, irán desfilando por Manhattan hasta convertir su vida en un absoluto caos. Aparecerá su ex novio, empeñado en reconquistarla; también su madre y su abuela, convencidas de que debe de dejar a su actual pareja porque es más que peligrosa; después sus mejores amigos, que están a punto de romper su relación. Su hermana Sofía desaparece misteriosamente y para colmo en su casa habita un pianista fantasma y su amigo profesor necesita de su ayuda para custodiar un objeto extraterrestre... En fin, el escenario perfecto para "disfrutar" de unas auténticas Navidades de pesadilla. ¿O no? ¿Y si la felicidad te sorprendiera cuando ya no esperas nada? ¿Y si después de todo estas fueran las Navidades perfectas, o casi, con las que Susana ha soñado siempre?

En los 25 años que han transcurrido desde el inicio de la democracia se ha producido un cambio drástico en todas las esferas de la vida de las mujeres españolas. La transformación es enorme si comparamos sus oportunidades con las de las mujeres de la generación anterior. Pero el progreso no es tan importante considerando lo que se

ha conseguido en la igualdad con los varones. Y además no es homogéneo y en algunos casos dudoso. Recogiendo los discursos de una muestra diversificada de mujeres españolas, se ha construido un relato que incluye una representación de la idea general de igualdad, sus progresos y deficiencias y sus perspectivas de futuro en el trabajo, la educación, la justicia y la vida familiar. En esos discursos las mujeres dan cuenta de importantes barreras sociales que dificultan la igualdad real. Pero también hemos encontrado discursos que suponen una interiorización no consciente en buena medida de algunos obstáculos a la igualdad, que hemos llamado resistencias y son una aportación fundamental de este libro en la medida que es una cuestión apenas considerada en investigaciones similares.

The groundbreaking bestseller that redefines intelligence and success Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play major role in thought, decision making and individual success. Self-awareness, impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us.

A Deleuzian reading of Whitehead and a Whiteheadian reading of Deleuze open the possibility of a critical aesthetics of contemporary culture. In *Without Criteria*, Steven Shaviro proposes and explores a philosophical fantasy: imagine a world in which Alfred North Whitehead takes the place of Martin Heidegger. What if Whitehead, instead of Heidegger, had set the agenda for postmodern thought? Heidegger asks, "Why is there something, rather than nothing?" Whitehead asks, "How is it that there is always something new?" In a world where everything from popular music to DNA is being sampled and recombined, argues Shaviro, Whitehead's question is the truly urgent one. *Without Criteria* is Shaviro's experiment in rethinking postmodern theory, especially the theory of aesthetics, from a point of view that hearkens back to Whitehead rather than Heidegger. In working through the ideas of Whitehead and Deleuze, Shaviro also appeals to Kant, arguing that certain aspects of Kant's thought pave the way for the philosophical "constructivism" embraced by both Whitehead and Deleuze. Kant, Whitehead, and Deleuze are not commonly grouped together, but the juxtaposition of

them in *Without Criteria* helps to shed light on a variety of issues that are of concern to contemporary art and media practices.

While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to

the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.

From the critically acclaimed author of *Savage Theories* and *Dark Constellations* comes Pola Oloixarac's *Mona*, where success as a "writer of color" proves to be a fresh hell for a young Latin American woman at a literary conference in Sweden. Mona, a Peruvian writer based in California, presents a tough and sardonic exterior. She likes drugs and cigarettes, and when she learns that she is something of an anthropological curiosity—a woman writer of color treasured at her university for the flourish of rarefied diversity she brings—she pokes fun at American academic culture and its fixation on identity. When she is nominated for “the most important literary award in Europe,” Mona sees a chance to escape her downward spiral of sunlit substance abuse and erotic distraction, so she trades the temptations of California for a small, gray village in Sweden, close to the Arctic Circle. Now she is stuck in the company of all her jet-lagged—and mostly male—competitors, arriving from Japan, France, Armenia, Iran, and Colombia. Isolated as they are, the writers do what writers do: exchange compliments, nurse envy and private resentments, stab rivals in the back, and

hop in bed together. All the while, Mona keeps stumbling across the mysterious traces of a violence she cannot explain. As her adventures in Scandinavia unfold, Mona finds that she has not so much escaped her demons as locked herself up with them in the middle of nowhere. In *Mona*, Pola Oloixarac paints a hypnotic, scabrous, and ultimately jaw-dropping portrait of a woman facing down a hipster elite to which she does and does not belong. A survivor of both patronization and bizarre sexual encounters, Mona is a new kind of feminist. But her past won't stay past, and strange forces are working to deliver her the test of a lifetime. A New York Times bestseller With a new introduction by The Motorcycle Diaries filmmaker Walter Salles, and featuring 24 pages of photos taken by Che. The Motorcycle Diaries is Che Guevara's diary of his journey to discover the continent

of Latin America while still a medical student, setting out in 1952 on a vintage Norton motorcycle together with his friend Alberto Granado, a biochemist. It captures, arguably as much as any book ever written, the exuberance and joy of one person's youthful belief in the possibilities of humankind tending towards justice, peace and happiness. After the release in 2004 of the exhilarating film of the same title, directed by Walter Salles, the book became a New York Times and international bestseller. This edition includes a new introduction by Walter Salles and an array of new material that was assembled for the 2004 edition coinciding with the release of the film, including 24 pages of previously unpublished photos taken by Che, notes and comments by his wife, Aleida Guevara March, and an extensive introduction by the distinguished Cuban author, Cintio Vitier. "A journey, a number of journeys. Ernesto Guevara in search of adventure, Ernesto Guevara in search of America, Ernesto Guevara in search of Che. On this journey, solitude found solidarity. 'I' turned into 'we.'"—Eduardo Galeano "As his journey progresses, Guevara's voice seems to deepen, to darken, colored by what he witnesses in his travels. He is still poetic, but now he comments on what he sees, though still poetically, with a new awareness of the social and political ramifications of what's going on around him."—January Magazine "Our film is about a young man, Che, falling in love with a continent

and finding his place in it." —Walter Salles, director of the film version of *The Motorcycle Diaries* "All this wandering around 'Our America with a Capital A' has changed me more than I thought." —Ernesto Che Guevara, from *The Motorcycle Diaries*

In *The Cognitive Semiotics of Film*, Warren Buckland argues that the conflict between cognitive film theory and contemporary film theory is unproductive. Examining and developing the work of 'cognitive film semiotics', a neglected branch of film theory that combines the insights of cognitive science with those of linguistics and semiotics, he investigates Michel Colin's cognitive semantic theory of film; Francesco Casetti and Christian Metz's theories of film enunciation; Roger Odin's cognitive-pragmatic film theory; and Michel Colin and Dominique Chateau's cognitive studies of film syntax, which are viewed within the framework of Noam Chomsky's transformational generative grammar. Presenting a survey of cognitive film semiotics, this study also re-evaluates the film semiotics of the

1960s, highlights the weaknesses of American cognitive film theory, and challenges the move toward 'post-theory' in film studies.

Primero como observador en la investigación llevada a cabo por su homólogo en Río, y después al frente del caso con su equipo de Barcelona, el inspector Prats deberá indagar en la peculiar vida de la víctima para intentar reconstruir los hechos. Un elegante cadáver español es encontrado en una playa de Río de Janeiro con signos de violencia. Para tramitar su repatriación, la Policía Nacional envía desde Barcelona al inspector Dani Prats, un policía sin vocación más preocupado por los asuntos pendientes de su vida privada que por los casos que se le asignan. Tirando de un hilo que lo llevará a verse con todos aquellos que tuvieron relación (directa o indirecta) con el asesinato, para acabar de encajar todas las piezas del puzle, Prats deberá averiguar quién juega sucio y quién sabe más de lo que dice. Los métodos que utilice para ello no quedarán reflejados en ningún expediente.
