Homeland Fernando Aramburu, 2019-05-16 The international bestseller, longlisted for the Dublin Literary Award 2021. Fernando Aramburu's *Homeland* is an epic and heartbreaking story of two best friends whose families are divided by the conflicting loyalties of terrorism. 'It's been a long time since I've read a book that was so persuasive and moving' - Mario Vargas Llosa, author of *Time of the Hero*. The Basque Country, Spain, 2011. Miren and Bittori have lived side by side in a small Basque town all their lives. Their husbands play cards together, their children play and eventually go out drinking together. The terrorist threat posed by ETA seems to affect them little. When Bittori's husband starts receiving threatening letters - demanding money, accusing him of being a police informant - she turns to her friend for help. But Miren's loyalties are torn: her son has just been recruited as a terrorist and to denounce them would be to condemn her own flesh and blood. Tensions rise, relationships fracture, and events move towards a tragic conclusion . . . 'Is Aramburu the Tolstoy of the Basque country, author of a Spanish language *War and Peace*?' - Guardian

*A Crime in the Family* Sacha Batthyany, 2017-10-10 A memoir of brutality, heroism, and personal discovery from Europe's dark heart, revealing one of the most extraordinary untold stories of World War II One night in March of 1945, on the Austrian-Hungarian border, a local countess hosted a party in her mansion, where guests and local Nazi leaders mingled. The war was almost over and the German aristocrats and SS officers dancing and drinking knew it was lost. Around midnight, some of the guests were asked to take care of 180 Jewish enslaved laborers at the train station; they made them strip naked and shot them all before returning to the bright lights of the party. It was another one of the war's countless atrocities buried in secrecy for decades--until Sacha Batthyany started investigating what happened that night at the party his great aunt hosted. *A Crime in the Family* is the author's memoir of confronting his family's past, the questions he raised and the answers he found that took him far beyond his great aunt's party: through the dark past of Nazi Germany to the gulags of Siberia, the bleak streets of Cold War Budapest, and to Argentina, where he finds an Auschwitz survivor whose past intersects with his family's. It is the story of executioners and victims, villains and heroes. Told partly through the surviving family journals, *A Crime in the Family* is a disquieting and moving memoir, a powerful true story told by an extraordinary writer confronting the dark past of his family--and humanity.

**In the Closet of the Vatican** Frederic Martel, 2019-02-21 The New York Times Bestseller '[An] earth-shaking exposé of clerical corruption' - National Catholic Reporter In the Closet of the Vatican exposes the rot at the heart of the Vatican and the Roman Catholic Church today. This brilliant piece of investigative writing is based on four years' authoritative research, including extensive interviews with those in power. The celibacy of priests, the condemnation of the use of contraceptives, the cover up of countless cases of sexual abuse, the resignation of Benedict XVI, misogyny among the clergy, the dramatic fall in Europe of the number of vocations to the priesthood, the plotting against Pope Francis - all these issues are clouded in mystery and secrecy. In the Closet of the Vatican is a book that reveals these secrets and penetrates this enigma. It derives from a system founded on a clerical culture of secrecy which starts in junior seminaries and continues right up to the Vatican itself. It is based on the double lives of priests and on extreme homophobia. The resulting schizophrenia in the Church is hard to fathom. But the more a prelate is homophobic, the more likely it is that he is himself gay. 'Behind rigidity there is always something hidden, in many cases a double life'. These are the words of Pope Francis himself and with them the Pope has unlocked the Closet. No one can claim to really understand the Catholic Church today until they have read this book. It reveals a truth that is extraordinary and disturbing.

*The Watchman* Robert Crais, 2007 Working as a bodyguard for a spoiled federal witness, Joe Pike hatches a desperate plan to disappear with the woman in the underworld of Los Angeles and turn on her would-be killers, an effort in which he enlists the help of private investigator Elvis Cole.

**The Cleft** Doris Lessing, 2009-10-13 From Doris Lessing, one of the most important writers of the past hundred years (Times of London), comes a brilliant, darkly provocative alternative history of humankind's beginnings. In this fascinating and beguiling novel, Lessing confronts the themes that inspired much of her early writing: how men and women manage to live side by side in the world and how the troublesome particulars of gender affect every aspect of our existence. In the last years of his life, a Roman senator retells the history of human creation and reveals the little-known story of the Clefts, an ancient community of women living in an Edenic coastal wilderness. The Clefts have neither need nor knowledge of men; childbirth is controlled through the cycles of the moon, and they bear only female children. But with the unheralded birth of a strange new child—a boy—the harmony of their community is suddenly thrown into jeopardy.

The Wolf in Winter John Connolly, 2014-10-28 New York Times bestselling author John Connolly is a master of the supernatural thriller—"a genre of one" (Bookreporter)—whose eerie and electrifying Charlie Parker mystery turns a small town in Maine into an unforgettable character that threatens to destroy the brooding private investigator. The isolated community of Prosperous, Maine, has always thrived. While others suffered, the people there have remained fortunate, wealthy, secure, and insular throughout the centuries. Miles to the south, in Portland, a homeless man dies, and the

disturbing manner of his death brings Prosperous to the attention of the private investigator Charlie Parker. He is a dangerous man, driven by compassion, rage, and the desire for vengeance. Prosperous and its townsfolk recognize that he poses a threat to their security that runs deeper than any in their long history. But this community has its own way of protecting itself, and its sheltered residents have marked Charlie for death so that Prosperous may survive. Prosperous, and the secret that is buried beneath it...

*The Flight of Icarus* James S. Amelang, 1998-08-01 Exploring autobiographical texts written by European urban craftsmen from the fifteenth to the eighteenth centuries, this wide-ranging book studies memoirs, diaries, family chronicles, travel narratives, and other forms of personal writings from Spain, France, Italy, Germany, and England. In the process, it considers the motivations of the authors, the changing forms and emphases of artisan narratives, and, more generally, the significance of written self-expression in early modern popular culture. By analyzing reading and writing as practices laden with social meaning, this work aims to illuminate the changing role of the lower classes and other groups considered marginal in the history of literature and literacy. It uncovers an "Icarian" logic by which writing about the self and one's immediate and private world developed as a complex response to widely shared expectations regarding the cultural and political subordination of craftsmen and others relegated to the margins of public life and discourse. The book also contributes to the contemporary interdisciplinary debate concerning the nature and evolution of autobiographical writing. It draws upon those currents within literary studies, such as feminist criticism, which favor a more flexible approach to the study of first-person narrative than that adopted by traditional literary critics and historians of ideas. It also argues for revising the standard history of autobiography, eschewing the teleological presentation of a small handful of classic texts in favor of a more nuanced trajectory in which a wide range of social actors helped shape the emerging patterns of modern self-understanding and expression.

A Song of Shadows John Connolly, 2015-09-29 Still recovering from his life-threatening wounds, private detective Charlie Parker investigates a case that has its origins in a Nazi concentration camp during World War II in this “all-out thrill ride” (Suspense Magazine). Parker has retreated to the small Maine town of Boreas to regain his strength. There he befriends a widow named Ruth Winter and her young daughter, Amanda. But Ruth has her secrets. Old atrocities are about to be unearthed, and old sinners will kill to hide their sins. Now Parker is about to risk his life to defend a woman he barely knows, one who fears him almost as much as she fears those who are coming for her. His enemies believe him to be vulnerable. Fearful. Solitary. But they are wrong. Parker is far from afraid, and far from alone. For something is emerging from the shadows...
