

Deutsch Ganz Leicht A1 And Audio Torrent

Have you been trying to learn German and simply can't find the way to expand your vocabulary? Do your teachers recommend you boring textbooks and complicated stories that you don't really understand? Are you looking for a way to learn the language quicker without taking shortcuts? If you answered "Yes!" to at least one of those previous questions, then this book is for you! We've compiled the 2000 Most Common Words in German, a list of terms that will expand your vocabulary to levels previously unseen. Did you know that -- according to an important study -- learning the top two thousand (2000) most frequently used words will enable you to understand up to 84% of all non-fiction and 86.1% of fiction literature and 92.7% of oral speech? Those are amazing stats, and this book will take you even further than those numbers! In this book: A detailed introduction with tips and tricks on how to improve your learning A list of 2000 of the most common words in German and their translations An example sentence for each word - in both German and English Finally, a conclusion to make sure you've learned and supply you with a final list of tips Don't look any further, we've got what you need right here! In fact, we're ready to turn you into a German speaker... are you ready to get involved in becoming one?

A handy 3-in-1 German study book: grammar, verbs and vocabulary in one volume, ideal for beginners who need a clear and easy-to-understand German reference and revision guide.

"25 years of The Rainbow Fish"--Front cover.

It's true that some people spend years studying German before they finally get around to speaking the language. But here's a better idea. Skip the years of study and jump right to the speaking part. Sound crazy? No, it's language hacking. Unlike most traditional language courses that try to teach you the rules of German, #LanguageHacking shows you how to learn and speak German through proven memory techniques, unconventional shortcuts and conversation strategies perfected by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. Using the language hacks -shortcuts that make learning simple - that Benny mastered while learning his 11 languages and his 'speak from the start' method, you will crack the language code and exponentially increase your language abilities so that you can get fluent faster. It's not magic. It's not a language gene. It's not something only "other people" can do. It's about being smart with how you learn, learning what's indispensable, skipping what's not, and using what you've learned to have real conversations in German from day one. The Method #LanguageHacking takes a modern approach to language learning, blending the power of online social collaboration with traditional methods. It focuses on the conversations that learners need to master right away, rather than presenting language in order of difficulty like most courses. This means that you can have conversations immediately, not after years of study. Each of the 10 units culminates with a speaking 'mission' that prepares you to use the language you've learned to talk about yourself. Through the language hacker online learner community, you can share your personalized speaking 'missions' with other learners - getting and giving feedback and extending your learning beyond the pages of the book . You don't need to go abroad to learn a language any more. Improve your German skills and grow your vocabulary with these 10 entertaining

German short stories! The best part of learning a new language is experiencing the culture and diving into activities that will enrich your life and vocabulary. The best way to learn a new language is by reading, and in this German book you will find yourself turning page after page to get to the end of each captivating story that will engage your mind and help you improve your German. In this book you will find: 10 captivating short stories that develop in circumstances such as traveling, personal relationships, among other topics that you will find easy to relate to. The stories are broken down into manageable chapters, so you always make progress with the story. Carefully written stories with you as an intermediate level reader in mind, using straightforward grammar and commonly used words so you can enjoy reading while learning new grammatical structures without being overwhelmed. Plenty of natural dialogues in each story that you would actually use in an everyday conversation, which will drastically improve your speaking and comprehension ability at the same time! At the end of each chapter there will be a comprehensive guide specially designed for intermediate level readers, it will take you through a summary of each story followed by a vocabulary of some of the words from the story to make sure that you understand the story fully. Chapter by chapter you will find yourself effortlessly reading each story. Not struggling like in basic textbooks or boring reads. You will get involved by reading the dialogue of the characters by learning how to express yourself in different contexts and more importantly by learning new German words that will get you closer to your goal of becoming fully conversational! Enjoy the book!

An exciting and intensive skills based course which focuses on themes from contemporary teen culture

Microsoft Foundational Class (MFC) is becoming a hot new standard for programmers. This book authoritatively lays the foundation for developers using MFC. Modern German Grammar: A Practical Guide, Third Edition is an innovative reference guide to German, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. Part A covers grammatical categories such as word order, nouns, verbs and adjectives. Part B is organised according to language functions and notions such as: making introductions asking for something to be done delivering a speech possibility satisfaction. The book addresses learners' practical needs and presents grammar in both a traditional and a communicative setting. New to this edition, and building on feedback from the previous edition: The rules of the latest (and so far final) spelling reform have been implemented throughout. Examples of usage have been updated and consideration given to Swiss and Austrian variants. The chapter on register has been expanded and now includes youth language and frequently used Anglicisms in German. The Index now has even more key words; it has also been redesigned to differentiate between German words, grammar terms, and functions, thus making it more user-friendly. The Grammar assumes no previous grammatical training and is intended for all those who have a basic knowledge of German, from intermediate learners in schools and adult education to undergraduates taking German as a major or minor part of their studies. The Grammar is accompanied by a third edition of Modern German Grammar Workbook (ISBN 978-0-415-56725-1) which features exercises and activities directly linked to the Grammar. Ruth Whittle is Lecturer, John Klapper is Professor of Foreign Language Pedagogy, Katharina Glöckel is the Austrian Lektorin and Bill Dodd is Professor of Modern German Studies – all at the University of Birmingham. Christine Eckhard-Black is Tutor and Advisor in German at the Oxford University Language Centre.

Explains what to say in German in a variety of common situations and discusses the basics of German grammar.

The challenge that English-language speakers face if they want to speak German well, is to accurately map German nouns to one of three grammatical genders: masculine, feminine or neuter. Native German speakers acquire their knowledge of the grammatical gender of German nouns from early on. They are not given formal instruction at school about matching nouns to their correct gender, and the topic is not covered in standard German grammar books. For the same reason, native speakers who give German language lessons to foreigners do not teach their students how to match nouns to their gender: One cannot teach what one has not been taught. This book fills that gap in that it explains, in plain English, the principles that map German nouns to a specific gender. This allows foreign students of German to unlock the gender of entire categories of nouns, thereby enabling students to speak German more confidently.

Get the intensive practice and instruction you need to speak German with confidence! When it comes to learning a new language, practice does make

perfect. This comprehensive, easy-to-use guide covers all aspects of German grammar, including present tense regular verbs, adverbs, and adjectives. Deutsch ganz leicht Textbuch

The most commonly used 501 German verbs are arranged alphabetically in a table format, one verb per page with English translation, and conjugated in all tenses and forms. This updated version includes an explanation of the 1999 spelling reform, providing examples of the differences between the two methods. The book's additional features include common idioms with many updated example sentences throughout the book to demonstrate verb usage and a grammar review. Bonus Online Component: includes a link to online content that presents valuable exercises for students in German sentence completion, word completion, word matching, and conversational dialogue, with answers provided for all exercises.

Set around 12 German-speaking people and the worlds they live in, *WELTEN* focuses on the development of communicative competence and literacy through texts in various modalities. *WELTEN* helps students to acquire and practice functional language abilities while at the same time developing interpretive and analytical competencies and an appreciation of the aesthetic qualities of language. Through current, relevant, and meaningful materials, students learn to use language while seeing the world through the eyes of others, ultimately learning about themselves and the world they live in. With its innovative and integral video program, its contextualized and learner-centered presentation of grammar, and its unique selection of engaging texts from a broad range of genres, *WELTEN* brings a new approach to introductory German. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

- German-English dictionary

Reading German is a structured reading course designed to take a wide variety of users to an independent reading of authentic German texts. It is ideally suited for courses in colleges and universities, for students or specialists in any discipline, and for independent learners. Drawing on recent research into reading in a foreign language, the course chapters focus on the recognition and decoding of progressively complex written structures, before rehearsing a variety of strategies (such as skimming and scanning) for negotiating longer and more complex texts. The book has four sections: a 16-chapter reading course an extensive reference section containing a specially-designed grammar of written German a further exercises section, for further work on recognizing structures a text corpus containing 23 texts of various types, with facing English translations. Grammatical points explained in the reference section are frequently illustrated using examples located in the text corpus. The only other resource the user will need is a bilingual dictionary. Advice on how to use a dictionary is contained in the reference section.

Explains the rudiments of German grammar and provides vocabulary exercises for self-study.

"4000 words, phrases and sample sentences arranged by topic. Easily accessible information on grammar, plural and verb forms, and usage."--Back cover.
