He was the hot popular guy. I was the nerdy girl with a fantasy crush. All of my childhood, I was invisible to Adam Carlisle. That was fine, because I was too shy, and too smart, to think I had a chance with the most popular guy in school. Until someone crowned him prom king... And me queen. But it was only a cruel joke that ruined my self-esteem and broke my heart. Ten years later and my friend begs me to attend our school reunion with her. I'm older, wiser, but still a nerd. This event is setting off my anxiety. I want it to be over. Then... I see him. My prom king. Adam is hotter than ever. But what really gets my attention? He's staring right at me. I'm not invisible anymore. What happens when my fantasy crush becomes reality?

This is a story about love, but not the kind of love you think. You'll see... In the lush and magical Pacific Northwest live two best friends who grew up like sisters: charismatic, mercurial, and beautiful Aurora, and the devoted, watchful narrator. Each of them is incomplete without the other. But their unbreakable bond is challenged when a mysterious and gifted musician named Jack comes between them. His music is like nothing I have ever heard. It is like the ocean surging, the wind that blows across the open

water, the far call of gulls. Suddenly, each girl must decide what matters most: friendship, or love. What both girls don't know is that the stakes are even higher than either of them could have imagined. They're not the only ones who have noticed Jack's gift; his music has awakened an ancient evil—and a world both above and below which may not be mythical at all. We have paved over the ancient world but that does not mean we have erased it. The real and the mystical; the romantic and the heartbreaking all begin to swirl together in *All Our Pretty Songs*, Sarah McCarry's brilliant debut, carrying the two on journey that is both enthralling and terrifying. And it's up to the narrator to protect the people she loves—if she can.

Jett Olsson isn't looking for anything serious and she's not looking for anything at all, so why does it seem so hard to keep it professional? I love my life—the thrill of being on the ice as part of the Arizona Vengeance, the rush of winning, the adoration of the fans. And if that adoration means I don't have to spend the night alone, well even better. I'm content being single and always ready to mingle. But the day Emory Holland walks into a Vengeance team meeting my attention is caught like never before. I can tell right away she's full of smarts and sass, and the fact that she's hot as hell sure doesn't hurt either. She immediately shuts down my advances, so I opt for the road less traveled—straight to the friend zone. My approach works like a charm, and when she invites me into her bed for a no-strings, friends-with-benefits arrangement, I vow to give her everything I have. She's been hurt before, and if I'm able to help her heal while giving her a spectacularly satisfying time *pats self on back*, then I'll be happy. Or at least that's the lie I keep telling myself as the time ticks down on the final buzzer of our "relationship". Now the real question is, can I score the winning goal in a game neither of us realized we were playing?
