As a Master Tier player on both EUW and EUNE servers that cares deeply about the state of League of Legends, I had enough of the lack of high quality educational material about the game. So about a year ago, I used my experience as a real life teacher and high elo player and wrote what turned out to be the best selling ebook about improving at League of Legends on Amazon for Season 6 - 30 Days to Diamond. By the way - an improved, enriched and even more detailed version for Season 7 is out and it's called 21 Days to Diamond and Beyond. Ever since the book delivered on the results it promised, I've received dozens of requests from players asking me to write separate, very detailed books about the roles of ADC, Mid lane, Top lane and Jungle that would be adapted for Season 7. Due to the support I got from my dear readers, I felt motivated to roll up my sleeves and produce the best of my work as a results-oriented League of Legends coach. After countless hours of hard work, I am proud to announce that each of the books people wanted me to write is now available to anyone that is open to learning and is willing to get to that next level as a player in their favorite role. So why is League of Legends Mid Lane Mastery worth your time? If you are still paying attention, I am assuming you are an ambitious, competitive person with a winner's mindset that is interested in acquiring all the necessary game knowledge that will help you improve massively as a Mid lane main. Here is a list of the contributions that this book will make towards your current level of game knowledge: - You will learn what the Mid laner's role and responsibilities are, and there are a lot of specific instructions on what you can do to develop each quality, especially towards the end of the chapter. This includes map awareness, leadership, shot calling and more. - You will learn how to model your champion pool for Mid lane (yes, there is a best way to do it) and how to overcome the disadvantages of facing lane counters. - You will learn the optimal Runes and Masteries setup for each popular Mid laner. - You will learn the intricacies of what you can do to acquire outstanding farming skills. - You will learn the wave management techniques for Mid lane which will help you build a massive advantage over your opponent. - You will learn all you need to know about vision control, which includes the best warding spots for Mid lane on both sides. - You will learn the various ways in which you can influence your Jungler to gank for you more often and give you the Blue Buff every time. - You will learn all you

need to know about dominating your trades and how to trade against short-ranged, medium-ranged and long-ranged opponents. - You will learn multiple other principles to dominating the Mid lane (refer to the table of contents). - You will learn the various approaches you should use to extend your advantage and carry your games to victory. - You will also learn all the details you need on how to play when you are behind in lane. - Lastly, you will learn the practical steps that you can take to cultivate an unstoppable winner's attitude that will also help you have more fun with the game. - There also are a lot of general game knowledge golden nuggets thrown all throughout the book to help you in your journey further. I know this is a big list of things and to some of you it might seem intimidating, but I promise you that once you learn and apply the information in this book in your own gameplay, you will transform completely as a player. Are you excited? Best of luck on the Summoner's Rift!

Sanctuary is home to some of the most dangerous creatures to pull themselves from the pits of hell. Tread lightly, and never fall prey to monsters with the Diablo Bestiary. A celebration of the corrupted beasts and grotesque enemies that players have slain across the franchise's history, this book is the perfect companion to guide you through the next layer of torment.

Unless you were in deep cryogenic sleep or were abducted by aliens and just came back to civilization; you probably noticed that everyone around you is playing the new smartphone game: Pokmon GO! It's currently the most popular game out there and the hottest topic in social media and blogs. Every 90's kid either used to watch Pokmon the animated series back in the day or have at least once encountered this franchise. In those early days, collecting Pokmon trading cards and playing with them with your cousins, neighbors or friends were one of the best ways to have fun! Pokmon abbreviated from the Japanese title 'pocket monsters' first came into this world via Nintendo. Pokmon was a video game for the original 'Game boy' and later, it was expanded for Nintendo 64 and many home console games. It was an instant hit and reached more than 200 million copies worldwide. Two years later in 1997, the animated series were developed by The Pokmon Company International and the rest is history. A whole generation of kids in 90s and 2000s were brought up by this franchise. Pikachu and Ash were one of most favorite and popular characters in animated cartoon's history ever. The adventures of Ash, Misty, and Brock with the humor of Team Rocket spanned in over 900 episodes of animated TV shows and 19 animated movies. Pokmon anime show is said to be one of the most successful TV franchise ever and one of the longest running animated TV shows out there. There are only two animated T shows in the world which are running longer than Pokmon, The Simpsons, and Arthur. It is more popular than SpongeBob Squarepants! So it is not a wonder that when augmented reality game developer company Niantic partnered with The Pokmon Company and Nintendo and eventually came up with Pokmon GO!, it smashed all-time records of the most downloaded app ever in both iOS and Android defeating the previous record held by Candy Crush Saga.

The Reverse Design series looks at all of the design decisions that went into classic video games. This is the sixth installment in the Reverse Design series, looking at Diablo II. Written in a readable format, it is broken down into three sections examining three topics important to the game: How does Diablo II borrow from different types of games like action RPGs, classical class-based RPGs and Roguelikes? What are the different types of randomness in Diablo II and how do they work? How do elaborate level-up mechanics keep players interested in a relatively short game for dozens or hundreds of hours?

BradyGames' Tenchu: Wrath of Heaven Official Strategy Guide provides a comprehensive walkthrough with detailed area maps. Expert mission strategy and tips for killer combo and jumping attacks. Chess players have long dreamed of a winning strategy for black. Previous strategies have produced mostly losses for black. It is unrealistic for black to expect to begin winning more using the white strategy of 'control the center and win the endgame.' It is time for a more effective approach. -----Part One

introduces the reader to Alexander the Great, Hannibal of Carthage, and King Leonidas of Sparta. Each of these leaders defeated an army which controlled the center and possessed superior numbers. The same strategy has been successfully applied to the black side of the chess board by a handful of Grandmasters. -----The Black Strategy illuminates the way forward. This strategy has been referred to as the Hippopotamus Defense. The reason is that, like the Hippo, the Black position develops into something which appears slow and lethargic. However, once it engages with White forces, it is like a combination of behemoth and leviathan. White inevitably will send some pieces to the Black side of the board where they will get tangled up and eliminated. Eventually, the Black juggernaut will grind the White player into submission. -----The Hippo is quite fierce once it engages with opponents. It is not easily handled and it causes a lot of confusion for White players who have extremely limited experience with it.-----Part Two draws inspiration from the works of Sun Tzu (The Art of War) and Miyamoto Musashi (The Book of Five Rings). Sun Tzu (Chinese general, military strategist, and philosopher) wrote the original Art of War 2500 years ago. It is the definitive work on military strategy and tactics. Musashi was undefeated in over 60 duels. The Book of Five Rings is the ultimate guide to one-on-one dueling with an eye towards total victory. -----The knowledge from these two books is synthesized and applied to the game of chess. The reader is introduced to a new way of analyzing the situations which arise on the chess board, and responding forcefully with accurate moves. While recounting part of the author's life story from his early childhood in Communist Russia to his adult life in Germany, Playing the Long Game provides a basic and ideal introduction to personal financial management and responsibility. With timeless tips and strategies about important topics such as saving and investing money, creating a budget and avoiding bad debt, the author will inspire you to achieve your goals, fulfill your dreams and meaningfully improve your current situation as you move forward on the road to wealth creation, financial freedom and success. Written in a personal, easy and fun manner, Playing the Long Game will no doubt leave you with a refreshing perspective when it comes to seeing and understanding life's big financial picture as it relates to you.

A tool to help gain momentum and clarity in the sometimes-confusing maze called life and work. The book covers subjects as diverse as parenting, finances, relationships, career, and more.

For more than twenty years, the artists behind Diablo have conjured new visions of the heavens and the hells, built nightmarish corridors filled with monsters and demons, and unleashed swarms of malevolent creatures upon tens of millions of players worldwide. Featuring never before seen content, The Art of Diablo plunges into the concept, design, and environmental art that has defined the world of Sanctuary and the Eternal Conflict at the core of Blizzard Entertainment's action-packed dungeon-crawling game. There are three major areas in the Disgaea universe, Celestia, which is home to the angels, the Human World, and the Netherworlds. The Netherworlds are split up into a bunch of different ones, each governed by an Overlord, who has their own set of rules. Those very same Netherworlds are now in danger of being destroyed or taken over by an evil army known as The Lost, who is being led Void Dark. However, a ray of hope appears in the form of Killia, who seems to have a deep grudge against Void Dark. Can he really go through the rumored 10

billion Lost soldiers and exact his revenge against Void? Let us guide you on the epic journey from Level 1 to Level 9999, as you shoot, punch and fry enemies with various skills in our Disgaea 5 comprehensive guide! - Detailed strategies on getting through the main story; - How to get through the postgame content, including beat the super optional boss; - Create and power up a character that can deal in excess of 10 billion damage; - Get the most out of the Item and Chara Worlds; - Obtain every single trophy in the game.

An exceptionally illustrated fiction for millions of Blizzard fans, Diablo III: Book of Cain is the source book for Blizzard Entertainment's Diablo franchise and the best-selling Diablo III game, as told by the games' core narrator, Deckard Cain. In Blizzard Entertainment's Diablo® and Diablo II, the recurring character of Deckard Cain delivered quests, accompanied the brave adventurer, and, as the last of the Horadrim, provided a link to the greater history of the world of Sanctuary. Ever mysterious during these appearances, Cain hinted at a larger story, providing snippets of it in his notebook. Diablo III: Book of Cain is Cain's formal record of this greater tale—a dissertation on the lore of the Diablo universe, told by one who has witnessed and participated in some of the epic events that make up the eternal conflict between the High Heavens and the Burning Hells. Designed as an “in-world” artifact from the Diablo universe, Diablo III: Book of Cain includes Cain's revealing meditations, as well as dozens of sketches and color artworks depicting the angelic and demonic beings who wage constant war with one another.
