Attack of the Shadow-Crafters Mark Cheverton,2016-11-29 New York Times Bestselling author! What is as much fun for boys and girls as playing Minecraft? Going on a thrilling adventure into the game they love. Trapped one hundred years in Minecraft’s past, Gameknight999 struggles to keep his real identity a secret from the villagers of long ago, all while preparing them for battle. Herobrine’s forces are getting closer every day, advancing across the Overworld and leaving a path of destruction in their wake. Furious at Gameknight’s unexpected meddling, the evil virus takes revenge, creating the terrifying shadow-crafters. He gives these strange NPCs of darkness the power to build super-monsters, servants of Herobrine that are meaner, stronger, and more dangerous than anything Minecraft has ever seen before. As casualties mount, it’s clear that every last bit of the villagers’ strength and bravery will be tested before the dust settles. Even worse, in

the heat of battle the User-that-is-not-a-user will come face to face with Herobrine's most terrible creation, a monster from his nightmares he thought he would never have to face again... Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. In particular, this adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

**Devolution** Max Brooks, 2020-06-16 NEW YORK TIMES BESTSELLER • The #1 New York Times bestselling author of World War Z is back with “the Bigfoot thriller you didn’t know you needed in your life, and one of the greatest horror novels I’ve ever read” (Blake Crouch, author of Dark Matter and Recursion). FINALIST FOR THE LOCUS AWARD As the ash and chaos from Mount Rainier’s eruption swirled and finally settled, the story of the Greenloop massacre has passed unnoticed, unexamined . . . until now. The journals of resident Kate Holland, recovered from the town’s bloody wreckage, capture a tale too harrowing—and too earth-shattering in its implications—to be forgotten. In these pages, Max Brooks brings Kate’s extraordinary account to light for the first time, faithfully reproducing her words alongside his own extensive investigations into the massacre and the legendary beasts behind it. Kate’s is a tale of unexpected strength and resilience, of humanity’s defiance in the face of a terrible predator’s gaze, and, inevitably, of savagery and death. Yet it is also far more than that. Because if what Kate Holland saw in those days is real, then we must accept the impossible. We must accept that the creature known as Bigfoot walks among us—and that it is a beast of terrible strength and ferocity. Part survival narrative, part bloody horror tale, part scientific journey into the boundaries between truth and fiction, this is a Bigfoot story as only Max Brooks could chronicle it—and like none you’ve ever read before. Praise for Devolution “Delightful . . . [A] tale of supernatural mayhem that fans of King and Crichton alike will enjoy.”—Kirkus Reviews (starred review) “The story is told in such a compelling manner that horror fans will want to believe and, perhaps, take the warning to heart.”—Booklist (starred review)

Logan shouted. Haha, you noobs, he said, pointing at the other kids playing nearby on the playground. We've got diamonds and you doooooon't! Oh boy, Aya said. Yeah... Owen agreed. He

watched as Henry and Logan stood together talking about the diamond pickaxes they were planning to make. Hey, Aya snapped her fingers twice next to Owen's ear. Wiring? Oh. Owen examined the right side of the doorframe, where Redstone wiring ran to a dispenser on top of the wall. Aya was better at this stuff than Owen. She was probably only asking to be nice. Looks good, he said and then pointed her phone up at the dispenser. But what is that--Great! Aya grabbed back her phone as Owen watched it go. Hey Logan! The boy turned, looking confused. What? That's not a lot of diamonds. That's nothing. I've been collecting a ton of diamonds, she said. Here. Aya tapped on her phone to invite Logan and Henry to the buildplate for the fort. I put them all in this chest, she said. Take a look. Logan raised an eyebrow at Henry and then walked toward Aya. Henry trailed behind, looking sideways at Owen. You don't have diamonds, Logan said to Aya. You have to do lots of adventures, and you don't really--Aya snickered and gestured at the chest in the center of the walled area. Well then, how did all these diamonds get in this chest? Logan came marching toward the double-doors and the wooden box past them. He stepped onto the block right in front of the doors which compressed slightly as he did. That's a pressure plate-- Owen started to say. And then the dispenser overhead spat out a stream of lava right over Logan's head. It flowed over him and pooled on the ground at his feet. Aya cackled. Hey! Logan said. His character had 'died,' and he'd been kicked off of the buildplate and could no longer see the fort. Hey! You-- Aya couldn't stop laughing. Even Owen sniggered. Whatever... Logan said, trying not to look annoyed. I knew you didn't have diamonds anyway! Aya was too busy laughing to bother with a comeback. The boys stomped away as Aya slowly came back to her senses. Oh, man! she said finally. I love this game.
