Hello everyone, My friend Kahn & I have decided to release our latest Minecraft handbook. We thought of covering the primary things needed for fellow Minecrafters who are new to the game as well adept. We consider this the ultimate Minecraft handbook as in depth step by step instructions are included in many of the tutorials along with pictures. Many Minecraft potions are included within this book showing you the reagents & instructions needed. Whether if you have been playing this game for some time, there will still be some Minecraft secrets you will discover. This Minecraft Guide goes through very specific instructions of shelter & furniture creation, showing what is needed along with the outcome. Some shelter designs within this book contain the Desert temple, Micro mansion, Mushroom tower, and many more. We understand that Minecraft survival can sometimes be challenging therefore we decided to include information on brewing (equipment, formula's, etc), enchanting (methods, anvil combinations, etc), and mining. We have given information on the types or ores all the way to where to find them and the precautions to take. A huge inspiration to us has been author Minecraft Steve, we know many people who play Minecraft but not everyone who will write a book about it as well. Within the book's first few pages, you will find instructions on how to obtain our exclusive unreleased Minecraft Diary: Minecraft Diary of Chester the Dark Knight.

Ask yourself: what is popular culture? How does popular culture, along with universally accepted ideas of art and creativity, mass media, publishing and financial constructs, political and social doctrines come into existence? Are mass social and cultural movements-coupled with one's personal and social identity perception-always a natural, turbulent flow of social, economic, philosophical, spiritual and artistic threads of the collective human experience? Movements which organically emerge from the underground eventually to become mainstream cultural and socially accepted consensus? Then from these options, we pick and choose objectively from this smorgasbord of tastes and opinions? That we, as the consumer, the investor, the voter-including our individual decisions, affiliations, allegiances and even our emotional attachments-are all a unique personal experience, determined exclusively by our own choices when all is said and done? The answer to all these questions is NO.

I can't find the right word to explain what is like to be in a bag, being carried by Humans along the way, but I can tell you that the most fun part (and the only fun part of the deal) was the fact that I was trapped in a bag with mushrooms - the mushroom really smell great. As nothing can go smooth for me, we got attacked and there were flying bags and swishing and shooting and shouting so I was able to free myself and, yes, I lost Robo and Mike again. Now, I have to find them and rescue them...again. The Humans obviously are planning on using Bats for a crazy purpose, but since I don't have enough time to explain everything, you can join me by reading my diary entries. I have to go now! I need to track Robo and Mike. Again. Book 3: Bats to the Rescue You know that feeling when you solve one problem and another one comes up right after? That's right - the feeling is everything but good. That is precisely what I AM GOING THROUGH NOW. Robo is blaming me for the disappearance of our entire tribe and Mike is trying to settle things down between us. Bottom line: I am not doing that well. We are on our way to find our missing tribe and get them back home, which means we will probably have to fight some Humans - that seems like a bite larger than what we can chew, but there aren't other options. We are getting our tribe back home no matter what it takes! In the spirit of having everything going wrong, Robo just bumped into a tree and fell. Got to go now! We need to help him as a Zombie Pigman is trying to catch him and do block knows what! Author's Note: This short story is for your reading pleasure. He warns them in advance that the blood they are after, isn't worth it, but they insist on going. Little do they know this trip takes them past darting guardians, attacking ender dragons, and ugly werewolves, only to discover the irony of their bad listening skills. Story 2: Brock is a farmer; he has lots of mooshrooms on his fields. But something made the mooshrooms all disappear, and after the farmers come together, they figure there is only one solution to their problem: To find the boy with the magical flute they heard about.
