Emily Rapp was born with a congenital defect that required, at the age of four, that her left foot be amputated. By the time she was eight she'd had dozens of operations, had lost most of her leg, from just above the knee, and had become the smiling, indefatigable "poster child" for the March of Dimes. For years she

made appearances at church suppers and rodeos, giving pep talks about how normal and happy she was. All the while she was learning to live with what she later described as "my grievous, irrevocable flaw," and the paradox that being extraordinary was the only way to be ordinary. Praise for Poster Child: "Rapp's precise and forthright descriptions of her exhausting physical ordeals and complex psychic wounds are simultaneously harrowing and fascinating, and they foster a strong bond between writer and reader...Rapp approaches the memoir as a supple, revelatory, involving and generous genre....She offers a fresh perspective on our obsession with physical perfection, especially the crushing expectations for women, and she writes delicately about the fears that disability engenders regarding intimacy and sex. Rapp's insider's view of the history of prostheses deepens our empathy and admiration for those who depend on artificial limbs, a growing population, once again, in yet another time of war and horrific injuries. Memoir, the conduit from the personal to the universal, is the surest way into the kind of significant psychological, sociological and spiritual truth Rapp is engaged in articulating. And there isn't one false note here. Not one inauthentic moment. No cheap manipulation. No self-importance...Her cauterizing specificity is compelling, her candor incandescent and her intelligence, courage and spiritual diligence stupendous."-Donna Seaman, Los Angeles Times "You

them, featuring updates on the students' lives, new journal entries, and an introduction by Erin Gruwell. Now a public television documentary, *Freedom Writers: Stories from the Heart*. In 1994, an idealistic first-year teacher in Long Beach, California, named Erin Gruwell confronted a room of “unteachable, at-risk” students. She had intercepted a note with an ugly racial caricature and angrily declared that this was precisely the sort of thing that led to the Holocaust. She was met by uncomprehending looks—none of her students had heard of one of the defining moments of the twentieth century. So she rebooted her entire curriculum, using treasured books such as Anne Frank’s diary as her guide to combat intolerance and misunderstanding. Her students began recording their thoughts and feelings in their own diaries, eventually dubbing themselves the “Freedom Writers.” Consisting of powerful entries from the students’ diaries and narrative text by Erin Gruwell, *The Freedom Writers Diary* is an unforgettable story of how hard work, courage, and determination changed the lives of a teacher and her students. In the two decades since its original publication, the book has sold more than one million copies and inspired a major motion picture *Freedom Writers*. And now, with this twentieth-anniversary edition, readers are brought up to date on the lives of the Freedom Writers, as they blend indispensable takes on social issues with uplifting stories of attending
