There has not been conducted much research in religious studies and (linguistic) anthropology analysing Protestant missionary linguistic translations. Contemporary Protestant missionary linguists employ grammars, dictionaries, literacy campaigns, and translations of the Bible (in particular the New Testament) in order to convert local cultures. The North American institutions SIL and Wycliffe Bible Translators (WBT) are one of the greatest scientific-evangelical missionary enterprises in the world. The ultimate objective is to translate the Bible to every language. The author has undertaken systematic research, employing comparative linguistic methodology and field interviews, for a history-of-ideas/religions and epistemologies explication of translated SIL missionary linguistic New Testaments and its premeditated impact upon religions, languages, sociopolitical institutions, and cultures. In addition to taking into account the history of missionary linguistics in America and theological principles of SIL/WBT, the author has examined the intended cultural transformative effects of Bible translations upon cognitive and linguistic systems. A theoretical analytic model of conversion and translation has been put forward for comparative research of religion, ideology, and knowledge systems.

A fully illustrated language and encyclopedic Spanish dictionary, aimed at helping anyone who needs to find and sort out definitions or meanings of words in Spanish, as well as finding out basic data of topics related to science and culture. El Pequeno Larousse ilustrado is the most complete dictionary in its category with sufficient and up to date contents, now featuring a two-year edition. It includes more than 90,000 works and over 200,000 definitions. For many years it has been the leader of books in its category. El Pequeno was also the first book to use the two-section format: language and proper names. It is the only dictionary that is updated every year, not only in proper names but in language issues as well, including technical, scientific, and cultural neologisms, and derivatives from daily life. Photographs, illustrations, maps and charts are also revised and updated. Brief but comprehensive, this is an efficient supportive tool for assisting with school homework. Special thematic appendixes are included every year, and includes the opportunity to do consultation online.

The study has three main sections. The first gives an up-to-date outline of essential elements of a theory of bilingual dictionaries, examined and further elaborated with specific reference to the handling of grammar in bilingual lexicography. Part two analyzes five German/Spanish dictionaries with regard to the selection and presentation of grammatical information on Spanish. The third and final section proposes improvements to customary lexicographic practice in connection with the points discussed.

Introducción a la lingüística de corpus en español es la primera obra concebida desde la óptica del español para investigar los corpus textuales existentes en la actualidad. Destinada a conjugar armónicamente la exposición de cuestiones teóricas y metodológicas, proporciona información detallada sobre las tareas necesarias en el diseño, construcción y explotación de un corpus a partir de numerosos ejemplos de obtención de datos sobre diferentes cuestiones léxicas y gramaticales. Características principales: • Exposición de cuestiones teóricas y metodológicas combinada con el tratamiento de casos prácticos de extracción y análisis de datos procedentes de corpus textuales de español; • Análisis de fenómenos léxicos y gramaticales del español desde diferentes perspectivas y con atención a la variabilidad diacrónica, diatópica y diastrática; • Indicación detallada del modo de obtener los datos necesarios para la investigación en diferentes corpus del español; • Inclusión de un resumen inicial, actividades de investigación en cada capítulo y lecturas complementarias recomendadas; • Presentación de un capítulo final con herramientas informáticas útiles para el análisis de textos no incluidos en corpus textuales; • Recopilación de los principales términos usados en la lingüística de corpus en un glosario bilingüe (español e inglés).

Introducción a la lingüística de corpus en español es una obra con un enfoque marcadamente

didáctico, y dirigida fundamentalmente a estudiantes avanzados de grado y posgrado, profesores que necesiten hacer uso de corpus en sus clases, investigadores que precisen un conocimiento más profundo de la lingüística de corpus o expertos en otras disciplinas que deseen familiarizarse con una perspectiva técnica de los fenómenos lingüísticos.

Lexicografía; Lexicography

English and Spanish definitions are presented side-by-side in a unique two-column format, with hundreds of sample sentences and numerous common idioms and phrases. This useful volume provides the foundation for more advanced English-language study.

Den Gegenstand des Handbuches bildet die Lexikographie und die Wörterbuchforschung, und letztere präsentiert sich in den drei Teilbänden erstmals in ihren verschiedenen Ausprägungen mit einem großen Reichtum an Details, doch zugleich in einer zusammenhängenden und umfassenden Weise: 248 Autoren haben in den Sprachen Deutsch, Englisch und Französisch 349 Artikel geschrieben, welche auf 38 Kapitel verteilt sind. Die Zielsetzung des Handbuches, die sich aus der Lage der Lexikographie und dem Forschungsstand der Wörterbuchforschung ergibt, ist es die Lexikographie aller Sprachkreise der Erde zu registrieren sowie die der größeren Sprachen, und hier besonders die der europäischen und die ihrer Varietäten, detailliert darzustellen, den Status und die Funktion von lexikographischen Nachschlagewerken, insonderheit die von Sprachwörterbüchern in ihren unterschiedlichen Typen innerhalb der Kultursysteme von Gesellschaften zu beschreiben, die Geschichte der Lexikographie an Beispielen größerer Kulturen zu entwerfen, auf der Grundlage der Kenntnis der gesellschaftlichen Funktionen von Wörterbüchern und der Buchgeschichte und unter Berücksichtigung von Theorien über den Aufbau des Lexikons und seine Stellung im Sprachganzen Ausschnitte zu einer Allgemeinen Theorie der Lexikographie zu liefern, die Methodik der Lexikographie für alle Phasen des lexikographischen Prozesses, von der äußeren Arbeitsorganisation der Wörterbuchkanzleien bis hin zu methodischen Einzelverfahren unter Berücksichtigung des Computereinsatzes darzustellen und weiterzuentwickeln, auf die Unterschiede zwischen den realistischen Möglichkeiten und der gegebenen Realität der lexikographischen Praxis hinzuweisen und aus der Kenntnis von lexikographischen Defiziten Möglichkeiten für qualitative Verbesserungen und aussichtsreiche Perspektiven für neue lexikographische Projekte und metalexikographische Forschungen aufzuzeigen, die primäre und sekundäre Literatur möglichst breit und zuverlässig zu dokumentieren und insgesamt nachhaltig dazu beizutragen, daß die moderne wissenschaftliche Lexikographie zu einer von Wissenschaftlern lehrbaren und von Studenten lernbaren praxisorientierten Disziplin entwickelt wird.

Written for intermediate students taking Spanish on a high school or college level, this book can be used in the classroom as a main text or as a textbook supplement. It covers every aspect of Spanish grammar and correct usage, beginning with verbs and analyzing verb tenses, the passive voice, reflexive verbs, verb usage in the subjunctive mood, imperative command verb forms, and uses of verb infinitives. The book's subsequent sections cover nouns, modifiers, and the other parts of speech, with discussion of various interrogative forms, words that express negation, feminine forms, demonstratives and possessives, pronouns, diminutive and augmentative word formations, and more. Contemporary idioms are interspersed throughout the text, and

the book's many exercises give students plenty of solid practice. Cartoon illustrations throughout the book help to demonstrate points of Spanish grammar.

This book, first published in 2003, provides a comprehensive and structured vocabulary for all levels of undergraduate Spanish courses. It offers a broad coverage of the concrete and abstract vocabulary relating to the physical, cultural, social, commercial and political environment, as well as exposure to commonly encountered technical vocabulary. The accompanying exercises for private study and classroom use are designed to promote precision and awareness of nuance and register, develop good dictionary use, and encourage effective learning. The book includes both Iberian and Latin American vocabulary, and clearly identifies differences between the two varieties.

- Consists of twenty units each treating a different area of human experience
- Units are divided into three levels which allows core vocabulary in each area to be learned first, and more specialised or complex terms to be added at later stages
- Vocabulary is presented in alphabetical order for ease of location.

Provides learners with a comprehensive guide to the forms and structures of Spanish as it is currently spoken and written in Spain and Latin America.

The book analyzes the complex relationship between languages in the bilingual mind with a focus on motion event typology and the acquisition of Spanish as a second language (L2). The author starts out by examining L1 patterns which are transferred to less complex L2 systems. The data discussed was elicited by German learners of Spanish. A similar transfer is observed when L1 is typologically and genetically close, as in the case of French and Italian learners of Spanish. Furthermore, the author clarifies the relevance of intra-typological differences within the same linguistic family, including important differences in the lexicalization patterns of Italian with respect to French and Spanish. The findings contribute to our understanding of the field of motion event typology and thinking-for-speaking. The book demonstrates that conceptual transfer is present in different aspects of the motion lexicalization domain. Interestingly, there are some challenging aspects both for speakers whose first language is typologically different and for those whose language is typologically close. The book offers suggestions on how these challenges in the restructuring of meaning in L2 can be addressed in language teaching. Specifically, pedagogical translation and mediation present promising pathways to the strengthening of semantic competences in the L2.

El Vocabulario de Puerto Rico se publicó por primera vez en 1917; se trató entonces de una pequeña tirada que desapareció de las librerías en poco más de un año. La segunda y última, de 1937, notablemente enriquecida, alcanzó un extraordinario éxito, no sólo en Puerto Rico sino en ámbitos académicos de todo el mundo hispánico. A partir de esta fecha la demanda del público patrocinó otras dos ediciones -1955 y 195, respectivamente- hechas en versión facsimilar por una editorial neoyorquina, hoy desaparecida. Aunque con posterioridad al diccionario de Malaret se han intentado otros ensayos lexicográficos sobre Puerto Rico, ninguno ha podido superar la calidad y el extraordinario acopio de datos del Vocabulario, que sigue siendo, por lo tanto, de consulta obligada por todos aquellos que se interesen por el español hablado en esa zona caribeña. Esta circunstancia hace del Vocabulario no sólo una obra que ayuda a iluminar una parcela pretérita del español de Puerto Rico, sino un volumen útil para adentrarnos en muchas de las peculiaridades léxicas actuales.
