How was Wolfenstein 3D made and what were the secrets of its speed? How did id Software manage to turn a machine designed to display static images for word processing and spreadsheet applications into the best gaming platform in the world, capable of running games at seventy frames per seconds? If you have ever asked yourself these questions, Game Engine Black Book is for you. This is an engineering book. You will not find much prose in here (the author's English is broken anyway.) Instead, this book has only bit of text and plenty of drawings attempting to describe in great detail the Wolfenstein 3D game engine and its hardware, the IBM PC with an Intel 386 CPU and a VGA graphic card. Game Engine Black Book details techniques such as raycasting, compiled scalars, deferred rendition, VGA Mode-Y, linear feedback shift register, fixed point arithmetic, pulse width modulation, runtime generated code, self-modifying code, and many others tricks. Open up to discover the architecture of the software which pioneered the First Person Shooter genre.

Trucks and tractors, fire engines and helicopters--they all like to work hard. The first Priscilla Hutchins novel from Jack McDevitt, hailed by Stephen King as "the logical heir to Isaac Asimov and Arthur C. Clarke." Humans call them the Monument-Makers. An unknown race, they left stunning alien statues on distant planets in the galaxy. Each relic is different. Each inscription defies translation. Yet all are heartbreakingly beautiful. And for planet Earth, on the brink of disaster, they may hold the only key to survival for the entire human race. A young boy imagines how he will use his digger to make a park where he and his little brother can play.

Come on a fantastic adventure to the moon and deep into space! This exciting book is full of amazing astronauts and super space vehicles. Discover a different vehicle on each page, from rockets and moon buggies, to robot rovers, satellites and more. With bright, bold illustrations and fun, rhyming text, this is perfect for

sharing and reading aloud. Little ones will love spotting all the details on each page and joining in with the lively text; as rockets 'zoom' and satellites 'whizz!' From the creators of the bestselling Dig Dig Digging.

Dig Dig Digging Franklin Watts

1855: The Industrial Revolution is in full and inexorable swing, powered by steam-driven cybernetic Engines. Charles Babbage perfects his Analytical Engine and the computer age arrives a century ahead of its time. And three extraordinary characters race toward a rendezvous with history—and the future: Sybil Gerard—a fallen woman, politician's tart, daughter of a Luddite agitator Edward "Leviathan" Mallory—explorer and paleontologist Laurence Oliphant—diplomat, mystic, and spy. Their adventure begins with the discovery of a box of punched Engine cards of unknown origin and purpose. Cards someone wants badly enough to kill for.... Part detective story, part historical thriller, *The Difference Engine* is the collaborative masterpiece by two of the most acclaimed science fiction authors writing today. Provocative, compelling, intensely imagined, it is a startling extension of Gibson's and Sterling's unique visions—and the beginning of movement we know today as "steampunk!"

It's all go in this action-packed picture book. Discover a different emergency vehicle on each page, from fire engines and police cars to lifeboats, breakdown trucks, rescue helicopters and more. With bright, bold illustrations and fun, rhyming text, this is perfect for sharing with vehicle-mad little ones. Children will love spotting all the details on each page and joining in with all the different sounds; as speeding ambulances 'wheee-ow' and police cars 'vrooom'! Describes how various earthmoving trucks clean up a dump and make a playground, discussing what such machines as diggers, mixers, bulldozers, and cranes can do. SOON TO BE A FILM FROM NETFLIX STARRING LILY JAMES, CAREY MULLIGAN, AND RALPH FIENNES. A succinct and witty literary venture that tells the strange story of a priceless treasure discovered in East Anglia on the eve of World War II In the long, hot summer of 1939, Britain is preparing for war, but on a riverside farm in Suffolk there is excitement of another kind. Mrs. Pretty, the widowed owner of the farm, has had her hunch confirmed that the mounds on her land hold buried treasure. As the dig proceeds, it becomes clear that this is no ordinary find. This fictional recreation of the famed Sutton Hoo dig follows three months of intense activity when locals fought outsiders, professionals thwarted amateurs, and love and rivalry flourished in equal measure. As the war looms ever closer, engraved gold peeks through the soil, and each character searches for answers in the buried treasure. Their threads of love, loss, and aspiration weave a common awareness of the past as something that can never truly be left behind.

Follows Mr. Rally and his dog, Lightning, as they travel the town on a big yellow digging machine, taking care of five important jobs.

Bold lions roaring, wrinkly elephants mud-wallowing, and stripy zebras fast-galloping are just a few of the wild animals captured in the rollicking rhymes of this enchanting picture book.

Flashing Fire Engines follows the animal crew as they become fire fighters. Climb on board the fire truck, ride along, and learn how to put out fires to save the day! Every

The perfect bedtime book from Nick East and Michelle Robinson - Goodnight Princess As a little girl says goodnight to her dressing up clothes and dolls she is transformed into a princess in a magical realm. A beautiful rhyming text is accompanied by atmospheric illustrations which will delight and soothe all little girls as they snuggle up in bed. A follow-up to the wonderful Goodnight Tractor and Goodnight Digger, this is the perfect bedtime book. Michelle Robinson has always wanted to be an author like her hero Roald Dahl, but all they had in common was the same birthday and a love of chocolate. Now at last, Michelle is a real author too. She lives in Frome, Somerset with her husband, son and daughter. Visit her at [www.michellerobinson.co.uk](http://www.michellerobinson.co.uk). Nick East has been working as a museum designer for the past 16 years but has always been a storyteller, whether as a child, filling sketchbooks with quirky characters, or as a designer displaying a collection of ancient artifacts. Nick lives near York with his wife and two children and, when he isn't drawing, he is out riding bikes and spending time with his family.

A modern classic that no child should miss. Since it was first published in 1939, Mike Mulligan and His Steam Shovel has delighted generations of children. Mike and his trusty steam shovel, Mary Anne, dig deep canals for boats to travel through, cut mountain passes for trains, and hollow out cellars for city skyscrapers -- the very symbol of industrial America. But with progress come new machines, and soon the inseparable duo are out of work. Mike believes that Mary Anne can dig as much in a day as one hundred men can dig in a week, and the two have one last chance to prove it and save Mary Anne from the scrap heap. What happens next in the small town of Popperville is a testament to their friendship, and to old-fashioned hard work and ingenuity.

"Imagines the bedtime rituals of different types of trains"--
