In 1859, Dubliners strolling along country roads witnessed something new emerging from the green fields. The Victorian house had arrived: wide red brick structures stood back behind manicured front lawns. Over the next forty years, an estimated 35,000 of these homes were constructed in the fields surrounding the city. The most elaborate were built for Dublin's upper middle classes, distinguished by their granite staircases and decorative entrances. Today, they are some of the Irish capital's most highly valued structures, and are protected under strict conservation laws. Dublin's Bourgeois Homes is the first in-depth analysis of the city's upper middle-class houses. Focusing on the work of three entrepreneurial developers, Susan Galavan follows in their footsteps as they speculated in house building: signing leases, acquiring plots and sourcing bricks and mortar. She analyses a select range of homes in three different districts: Ballsbridge, Rathgar and Kingstown (now Dun Laoghaire), exploring their architectural characteristics: from external form to plan type, and detailing of materials. Using measured surveys, photographs, and contemporary drawings and maps, she shows how house design evolved over time, as bay windows pushed through façades and new lines of coloured brick were introduced. Taking the reader behind the façades into the interiors, she shows how domestic space reflected the lifestyle and aspirations of the Victorian middle classes. This analysis of the planning, design and execution of Dublin's bourgeois homes is an original contribution to the history of an important city in the British Empire.

The city was falling apart, and even the newly constructed World Trade Center threatened to be a fiasco. But in April 1976, a quarter-mile up on the 107th floor of the North Tower, a new restaurant called *Windows on the World* opened its doors—a glittering sign that New York wasn’t done just yet. In *The Most Spectacular Restaurant in the World*, journalist Tom Roston tells the complete history of this incredible restaurant, from its stunning \$14-million opening to 9/11 and its tragic end. There are stories of the people behind it, such as Joe Baum, the celebrated restaurateur, who was said to be the only man who could outspend an unlimited budget; the well-tipped waiters; and the cavalcade of famous guests, as well as everyday people celebrating the key moments in their lives. Roston also charts the changes in American food, from baroque and theatrical to locally sourced and organic. Built on nearly 150 original interviews, *The Most Spectacular Restaurant in the World* is the story of New York City’s restaurant culture and the quintessential American drive to succeed.

A friend once said of Churchill "He is a man of simple tastes; he is quite easily satisfied with the best of everything." But dinners for Churchill were about more than good food, excellent champagnes and Havana cigars. "Everything" included the opportunity to use the dinner table both as a stage on which to display his brilliant conversational talents, and an intimate setting in which to glean gossip and diplomatic insights, and to argue for the many policies he espoused over a long life. In this riveting, informative and entertaining book, Stelzer draws on previously untapped material, diaries of guests, and a wide variety of other sources to tell of some of the key dinners at which Churchill presided before, during and after World War II— including the important conferences at which he used his considerable skills to attempt to persuade his allies, Franklin Roosevelt and Joseph Stalin, to fight the war according to his strategic vision. This review is from: Alone Among People (Paperback) A Compelling and Heart Warming Story, September 25, 2012 "Alone Among People is at once an engaging, moving story and a provocative statement about the thin line between thriving and sinking into an abyss as inescapable as quicksand. Its timeless and uplifting messages of hope conquering despair, healing borne of love and care, and peace at discovering one's identity are an inspiration. The author's empathy for the characters and their plight betrays knowledge of what he writes, and offers the reader a unique glimpse into a vulnerable and intimate place... his heart. I recommend this book to anyone who has traveled through the anguish of darkness and longed for the light; it may just guide your way."
