This tent is too small for the both of us. And I like it that way. Gabe: I promised my dad I'd take care of the Wilder family adventure business, including my rowdy co-workers, AKA my brothers. Now the business is in trouble. Rush Creek has become a spa-and-wedding destination, and the new tourists aren't interested in getting dirty—at least not in the woods. Then Lucy comes to town, all blond hair and silky blouses and spike heels. It's her job to give Wilder Adventures a makeover. If she gets her way, Wilder Adventures will become Wilder Romantic Adventures. Lucy hates small towns, getting messy, and anything involving the woods or the water—which pretty much makes her

“Sometimes, a child is born to a parent who can’t be a parent, and, like a seedling in the shade, has to grow toward a distant sun. Ariel Leve’s spare and powerful memoir will remind us that family isn’t everything—kindness and nurturing are.” —Gloria Steinem
Ariel Leve grew up in Manhattan with an eccentric mother she describes as “a poet, an artist, a selfappointed troublemaker and attention seeker.” Leve learned to become her own parent, taking care of herself and her mother’s needs. There would be uncontrolled, impulsive rages followed with denial, disavowed responsibility, and then extreme outpourings of affection. How does a child learn to feel safe in this topsyturvy world of conditional love? Leve captures the chaos and lasting impact of a child’s life under siege and explores how the coping mechanisms she developed to survive later incapacitated her as an adult. There were material comforts, but no emotional safety, except for summer visits to her father’s home in South East Asia-an escape that was terminated after he attempted to gain custody. Following the death of a loving caretaker, a succession of replacements raised Leve-relationships which resulted in intense attachment and loss. It was not until decades later, when Leve moved to other

side of the world, that she could begin to emancipate herself from the past. In a relationship with a man who has children, caring for them yields a clarity of what was missing. In telling her haunting story, Leve seeks to understand the effects of chronic psychological maltreatment on a child's developing brain, and to discover how to build a life for herself that she never dreamed possible: An unabbreviated life.

It's 1978 in an Australian country town and a dreamy teenaged girl's world is turned upside down by the arrival of the substitute English teacher. Solomon Andrews is beautiful, inspiring and she wants him like nothing else she's wanted in her short life. Charismatic and unconventional, Solomon easily wins the hearts and minds of his third form English class. He notices the attention of one girl, his new neighbour, who has taken to watching him from her upstairs window. He assumes it is a harmless teenage crush, until the erotic love notes begin to arrive. Solomon knows he must resist, but her sensual words stir him. He has longings of his own, although they have nothing to do with love, or so he believes. One afternoon, as he stands reading her latest offering in his driveway, she turns up unannounced. And what happens next will torment them forever - in ways neither can imagine.

What determines whether complex life will arise on a planet, or even any life at all? Questions such as these are investigated in this groundbreaking book. In doing so, the authors synthesize information from astronomy, biology, and paleontology, and apply it to what we know about the rise of life on Earth and to what could possibly happen

elsewhere in the universe. Everyone who has been thrilled by the recent discoveries of extrasolar planets and the indications of life on Mars and the Jovian moon Europa will be fascinated by Rare Earth, and its implications for those who look to the heavens for companionship.

"An important debut work of narrative nonfiction: the timely, never-before-told story of five brilliant, passionate women who, in the early 1960s, converged at the newly founded Radcliffe Institute for Independent Study, stepping outside the domestic sphere and shaping the course of feminism in ways that still resonate today. In 1960, at the height of an era that expected women to focus solely on raising families, Radcliffe College announced the founding of an Institute for Independent Study, offering fellowships to women with a PhD or "the equivalent" in artistic success. Acclaimed writer and Harvard lecturer Maggie Doherty introduces us to five brilliant friends--poets Anne Sexton and Maxine Kumin, painter Barbara Swan, sculptor Mariana Pineda, and writer Tillie Olsen--who came together at the Institute and would go on to make history. Drawing from their notebooks, letters, lecture recordings, journals, and finished works, Doherty weaves from these women's own voices a moving narrative of friendship, ambition, activism, and art. Beautifully written and urgently told, *The Equivalents* shows us where we've been--and inspires us to go forward"--

of Big Little Lies--from the bestselling author of All We Ever Wanted Was Everything and the upcoming Pretty Things. "Watch Me Disappear is just as riveting as Gone Girl."--San Francisco Chronicle Who you want people to be makes you blind to who they really are. It's been a year since Billie Flanagan--a Berkeley mom with an enviable life--went on a solo hike in Desolation Wilderness and vanished from the trail. Her body was never found, just a shattered cellphone and a solitary hiking boot. Her husband and teenage daughter have been coping with Billie's death the best they can: Jonathan drinks as he works on a loving memoir about his marriage; Olive grows remote, from both her father and her friends at the all-girls school she attends. But then Olive starts having strange visions of her mother, still alive. Jonathan worries about Olive's emotional stability, until he starts unearthing secrets from Billie's past that bring into question everything he thought he understood about his wife. Who was the woman he knew as Billie Flanagan? Together, Olive and Jonathan embark on a quest for the truth--about Billie, but also about themselves, learning, in the process, about all the ways that love can distort what we choose to see. Janelle Brown's insights into the dynamics of intimate relationships will make you question the stories you tell yourself about the people you love, while her nervy storytelling will keep you guessing until the very last page. Yet from the very first page, Emiline is entranced by the story of Emerson and Jackson, two childhood best friends who fall in love and dream of a better life beyond the long dirt road that winds through their impoverished town in rural Ohio. That's because the novel is patterned on Emiline's own dark and desperate childhood, which means that "J. Colby" must be Jase: the best friend and first love she hasn't seen in over a decade. Far from being flattered that he wrote the novel from her perspective, Emiline is furious that he co-opted her painful past and took some dramatic creative liberties with the ending. A New York Times Notable Book A New York Times bestseller, "DeLillo's haunting new novel, Zero K—his most persuasive since his astonishing 1997 masterpiece, Underworld" (The New York Times), is a meditation on death and an embrace of life. Jeffrey Lockhart's father, Ross, is a billionaire in his sixties, with a younger wife, Artis Martineau, whose health is failing. Ross is the primary investor in a remote and secret compound where death is exquisitely controlled and bodies are preserved until a future time when biomedical advances and new technologies can return them to a life of transcendent promise. Jeff joins Ross and Artis at the compound to say "an uncertain farewell" to her as she surrenders her body. "We are born without choosing to be.

Should we have to die in the same manner? Isn't it a human glory to refuse to accept a certain fate?" These are the questions that haunt the novel and its memorable characters, and it is Ross Lockhart, most particularly, who feels a deep need to enter another dimension and awake to a new world. For his son, this is indefensible. Jeff, the book's narrator, is committed to living, to experiencing "the mingled astonishments of our time, here, on earth." Don DeLillo's "daring...provocative...exquisite" (The Washington Post) new novel weighs the darkness of the world—terrorism, floods, fires, famine, plague—against the beauty and humanity of everyday life; love, awe, "the intimate touch of earth and sun." "One of the most mysterious, emotionally moving, and rewarding books of DeLillo's long career" (The New York Times Book Review), Zero K is a glorious, soulful novel from one of the great writers of our time.

In this hysterical follow-up to the New York Times bestseller *White Girl Problems*, Babe Walker travels the globe as she tries to figure out the answer to the question foremost on everyone's mind—including hers: Who is Babe Walker? If you're one of the hundreds of thousands who devoured Babe Walker's New York Times bestselling novel *White Girl Problems* or one of the million people who read her blog or follow her on Twitter daily, then you've obviously been waiting with bated breath for her hilarious follow-up novel, *Psychos*. Fresh from a four-month stint in rehab for her “alleged” shopping addiction, Babe Walker returns home to Bel Air ten pounds lighter (thanks to a stomach virus), having made amends (she told a counselor with bad skin she was smart) and confronted her past (after meeting her birth mother for the first time—a fashion model turned farmer lesbian). Although delighted to be home and determined to maintain her hard-won inner peace, Babe now faces a host of outside forces seemingly intent on derailing her path to positive change. Not only is she being trailed by an anonymous stalker, but she's also reunited with the love of her life, a relationship that she cannot seem to stop self-sabotaging. Babe's newfound spirituality,

coupled with her faith in the universe and its messages, leads her all over the world: shoulder dancing in Paris, tripping out in Amsterdam, and hooking up in the Mediterranean, only to land her back in New York City, forced to choose between a man who is perfect in every way (except for one small detail) and a man who could be The One if only he didn't drive Babe to utter insanity.

Unapologetic and uproarious, *Psychos* is the send-up of the season—already as timeless as vintage Dior.

Eli's remarkably poetic voice and his astonishingly open heart take the day. They enable him to carve out the best of what's possible from the worst of what is, which is the miracle that makes this novel marvelous."

Babe Walker, center of the universe, is a painstakingly manicured white girl with an expensive smoothie habit, a proclivity for Louboutins, a mysterious mother she's never met, and approximately 50 bajillion Twitter followers. But her "problems" have landed her in shopping rehab—that's what happens when you spend \$246,893.50 in one afternoon at Barneys. Now she's decided to write her memoir, revealing the gut-wrenching hurdles she's had to overcome in order to be perfect in every way, every day. Hurdles such as: I hate my horse. Every job I've ever had is the worst job I've ever had. He's not a doctor, a lawyer, or a prince. I'll eat anything, as long as it's gluten-free, dairy-free, low-carb, low-fat, low-calorie, sugar-free, and organic. Total Frat Move generation, you'll get the first true glimpse of "real" sorority life in all its f**ked up glory. Dirty Rush by Taylor Bell is what happens when you take the creative minds behind Babe Walker (author of the New York Times bestselling White Girl Problems series) and add Rebecca Martinson to the mix. Rebecca Martinson—yes, that bitch—the former Delta Gamma sister responsible for the scathing, expletive-filled email that verbally assaulted her entire chapter for being “so f**king boring” at social functions, and threatened to “c*nt punt” every last one of them if their behavior didn’t shape up. Dirty Rush is a no-holds-barred look at what really happens when you “go Greek.” Taylor Bell comes from a long line of Beta Zeta sorority sisters, who all expect her to pledge upon starting at the university. But Taylor has other plans: she’s determined to give her family the proverbial middle finger and destroy the rich tradition they hold so dear by eschewing sorority life altogether. However, Taylor’s resolve soon melts when she falls in with a group of hilarious, ultra-saucy girls, who introduce her to all things Greek and soften her to the idea of joining. Resigned to the fate the Greek gods have dealt her, Taylor pledges Beta Zeta and embarks on a collegiate career filled with the kind of carousing sure to make any sorority sister proud. Soon, Taylor’s experience as a BZ starts to feel like a jacked-up, drug-infused, and X-rated fairy tale—especially when reality comes crashing down and a rather lewd sex tape is leaked. The girl in the video looks a lot like Taylor. Has Taylor gone off the deep end? Or is someone trying to frame her? Unless she can prove her innocence and re-ingratiate herself with the sisters who’ve accused her of leaking the video in a Kim Kardashian–style bid for attention, Taylor is at risk of losing everything she’s fought (partied) so hard for.
