In the mid-1930s, two Irish Americans travel to the Albanian highlands with an early model of a marvelous invention, the tape recorder. Their mission? To discover how Homer could have composed works as brilliant and as long as *The Iliad* and *The Odyssey* without ever putting pen to paper. The answer, they believe, can be found only in Albania, the last remaining habitat of the oral epic. But immediately upon their arrival, the scholars' seemingly arcane research excites suspicion and puts them at the center of ethnic strife in the Balkans. Mistaken for foreign spies, they are placed under surveillance and are dogged by gossip and intrigue. It isn't until a fierce-eyed monk from the Serbian side of the mountains makes his appearance that the scholars glimpse the full political import of their search for the key to the Homeric question.

As the co-host of MSNBC's popular show *Morning Joe*, Mika Brzezinski has established herself as a leading political news journalist and beloved television personality. But success hasn't always come easy for Mika. Growing up the only daughter of former national security adviser Zbigniew Brzezinski, she struggled to find an identity in a family of overachievers. She worked her way up the ranks of network television to surpass even her own ambitions, reaching the very top of the ladder, only to get canned less than a year later. After an unsuccessful stint as a stay-at-home mom, Mika went back to the workplace with encouragement from her eight-year-old

daughter. She decided to start all over again with a beginner's job at age forty, a step back that proved to be a brilliant career move. Mika stumbled into Morning Joe and the rest is history. Now, in a time when many women are losing their jobs or struggling to find the perfect balance between work and home, Mika guides women of all ages to a place where they can find peace and fulfillment in their lives. In the tradition of Gail Sheehy's classic *Passages*, this illuminating book shows women how to reach their full potential in all areas of life and at every stage of their journey. Blending the personal with the prescriptive, Brzezinski's book will address the perpetual question of how to "have it all" when it comes to work and family; the importance of remaining equally humble in the face of great success and seemingly devastating setbacks; as well as the necessity of knowing and embracing our limitations so that we may transcend them.

Skin-clad barbarians ransacking Rome remains a popular image of the "decline and fall" of the Roman Empire, but why, when, and how the Empire actually fell are still matters of debate among students of classical history. In this pioneering study, Ralph W. Mathisen examines the "fall" in one part of the western Empire, Gaul, to better understand the shift from Roman to Germanic power that occurred in the region during the fifth century AD. Mathisen uncovers two apparently contradictory trends. First, he finds that barbarian settlement did provoke significant changes in Gaul, including the disappearance of most secular offices under the Roman imperial administration, the appropriation of land and social influence by the barbarians, and a rise in the overall level of violence. Yet he also

shows that the Roman aristocrats proved remarkably adept at retaining their rank and status. How did the aristocracy hold on? Mathisen rejects traditional explanations and demonstrates that rather than simply opposing the barbarians, or passively accepting them, the Roman aristocrats directly responded to them in various ways. Some left Gaul. Others tried to ignore the changes wrought by the newcomers. Still others directly collaborated with the barbarians, looking to them as patrons and holding office in barbarian governments. Most significantly, however, many were willing to change the criteria that determined membership in the aristocracy. Two new characteristics of the Roman aristocracy in fifth-century Gaul were careers in the church and greater emphasis on classical literary culture. These findings shed new light on an age in transition. Mathisen's theory that barbarian integration into Roman society was a collaborative process rather than a conquest is sure to provoke much thought and debate. All historians who study the process of power transfer from native to alien elites will want to consult this work.

An atmospheric and intrigue-filled novel of dead gods, buried histories, and a mysterious, protean city--from one of America's most acclaimed young fantasy writers. The city of Bulikov once wielded the powers of the gods to conquer the world, enslaving and brutalizing millions—until its divine protectors were killed. Now Bulikov has become just another colonial outpost of the world's new geopolitical power, but the surreal landscape of the city itself—first shaped, now shattered, by the thousands of miracles its guardians once worked upon it—stands as a constant, haunting reminder of its former supremacy. Into this broken city steps Shara Thivani. Officially, the unassuming young woman is just another junior diplomat sent by Bulikov's oppressors. Unofficially, she is one of her country's most accomplished spies, dispatched to catch a murderer. But as Shara pursues the killer, she starts to suspect that the beings who ruled this terrible place may not be as dead as they seem—and that Bulikov's cruel reign may not yet be over.

A high fantasy following a young woman's defiance of her culture as she undertakes a dangerous quest to restore her world's lost magic in Ilana C. Myer's *Last Song Before Night*. Her name was Kimbralin Amaristoth: sister to a cruel brother, daughter of a hateful family. But that name she has forsworn, and now she is simply Lin, a musician and lyricist of uncommon ability in a land where women are forbidden to answer such callings—a fugitive who must conceal her identity or risk imprisonment and even death.

On the eve of a great festival, Lin learns that an ancient scourge has returned to the land of Eivar, a pandemic both deadly and unnatural. Its resurgence brings with it the memory of an apocalypse that transformed half a continent. Long ago, magic was everywhere, rising from artistic expression—from song, from verse, from stories. But in Eivar, where poets once wove enchantments from their words and harps, the power was lost. Forbidden experiments in blood divination unleashed the plague that is remembered as the Red Death, killing thousands before it was stopped, and Eivar's connection to the Otherworld from which all enchantment flowed, broken. The Red Death's return can mean only one thing: someone is spilling innocent blood in order to master dark magic. Now poets who thought only to gain fame for their songs face a challenge much greater: galvanized by Valanir Ocune, greatest Seer of the age, Lin and several others set out to reclaim their legacy and reopen the way to the Otherworld—a quest that will test their deepest desires, imperil their lives, and decide the future. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Award-winning author Guy Gavriel Kay evokes the dazzling Tang Dynasty of 8th-century China in an masterful story of honor and power. It begins simply. Shen Tai, son of an illustrious general serving the Emperor of Kitai, has spent two years honoring the memory of his late father by burying the bones of the dead from both armies at the site of one of his father's last great battles. In recognition of his labors and his filial piety, an

unlikely source has sent him a dangerous gift: 250 Sardinian horses. You give a man one of the famed Sardinian horses to reward him greatly. You give him four or five to exalt him above his fellows, propel him towards rank, and earn him jealousy, possibly mortal jealousy. Two hundred and fifty is an unthinkable gift, a gift to overwhelm an emperor. Wisely, the gift comes with the stipulation that Tai must claim the horses in person. Otherwise he would probably be dead already...

Blissfully shallow and carefree, Kate Chastain was your typical twenty something college co-ed. Well, until reality gave her a wake-up call in the form of a diploma, that is. At a crossroads after graduation, a serendipitous coincidence convinced Kate to abandon life as she knew it and jump feet first into the world of working on mega yachts. At first, she stumbled her way through life as a stewardess, just trying to adjust to her new surroundings and clumsily 'learning the ropes' via trial and error. Like shit-tons of error. But now, nearly ten years and a hit reality show later, Kate is finally ready to share the good, the bad, and the downright shocking details about her life at sea with the world's most rich and famous. It was 2008 and we were anchored off of St. Tropez. I had only been a yachtie for two seasons at the time when I turned to the Captain's wife, and said, "You know, I could write a book about all of insane things we see working on these boats.....the sex, the money, the celebrities...." My older, more experienced coworker rolled her eyes and laughed then was quick to dismiss my silly idea, "Kate, of course we could all write a book about what we see on yachts. We've all said it for

years.....but, if you actually did that, you would never get hired on another yacht again. " She went back to polishing the crystal wine glass in her hand and I was confused for a second. "But Stacie, if so many people knew about the book that I couldn't get a yacht job, would I still really need one?"
