New York detective Eve Dallas searches for the bomber who threatens to make his destruction personal

“An ambitious look at the cost of urban gentrification.” —Atlanta-Journal Constitution  
“Kelley could have written a fine book about Charlotte’s drug trade in the ’80s and ’90s, filled with shoot-outs and flashy jewelry. What she accomplishes with Money Rock, however, is far more laudable.” —Charlotte Magazine  
“Pam Kelley knows a good story when she sees one—and Money Rock is a hell of a story. . . like a New South version of The Wire.” —Shelf Awareness  
Meet Money Rock—young, charismatic, and Charlotte’s flashiest coke dealer—in a riveting social history with echoes of Ghettoside and Random Family  
Meet Money Rock. He’s young. He’s charismatic. He’s generous, often to a fault. He’s one of Charlotte’s most successful cocaine dealers, and that’s what first prompted veteran reporter Pam Kelley to craft this riveting social history—by turns action-packed, uplifting, and tragic—of a striving African American family, swept up and transformed by the 1980s cocaine epidemic. The saga begins in 1963 when a budding civil rights activist named Carrie gives birth to Belton Lamont Platt, eventually known as Money Rock, in a newly integrated North Carolina hospital. Pam Kelley takes readers through a shootout that shocks the city, a botched FBI sting, and a trial with a judge known as “Maximum Bob.” When the story concludes more than a half century later, Belton has redeemed himself. But three of his sons have met violent deaths and his oldest, fresh from prison, struggles to make a new life in a world where the odds are stacked against him. This gripping tale, populated with characters both big-hearted and flawed, shows how social forces and public policies—racism, segregation, the War on Drugs, mass incarceration—help shape individual destinies. Money Rock is a deeply American story, one that will leave readers reflecting on the near impossibility of making lasting change, in our lives and as a society, until we reckon with the sins of our past.

A fast-paced, hair-raising journey around Karachi in the company of those who know the city inside out - from an electrifying new voice in narrative non-fiction. Karachi. Pakistan’s largest city is a sprawling metropolis of twenty million people, twice the size of New York City. It is a place of political turbulence in which those who have power wield it with brutal and partisan force. It takes an insider to know where is safe, who to trust, and what makes Karachi tick. In this powerful debut, Samira Shackle explores the city of her mother’s birth in the company of a handful of Karachiites. Among them is

Safdar the ambulance driver, who knows the city's streets and shortcuts intimately and will stop at nothing to help his fellow citizens. There is Parveen, the activist whose outspoken views on injustice repeatedly lead her towards danger. And there is Zille, the hardened journalist whose commitment to getting the best scoops puts him at increasing risk. Their individual experiences unfold and converge, as Shackle tells the bigger story of Karachi over the past decade as it endures a terrifying crime wave: a period in which the Taliban arrive in Pakistan, adding to the daily perils for its residents and pushing their city into the international spotlight. Writing with intimate local knowledge and a global perspective, Shackle paints a vivid portrait of one of the most complex and compelling cities in the world, a city where the borders blur between politicians and gangsters and between lawful and unlawful, as dangerous new forces of violent extremism are pitted against old networks of power.

Acclaimed poet Nilofar Shidmeh's debut story collection is an unflinching look at the lives of women in post-revolutionary Iran and the contemporary diaspora in Canada. The stories begin in 1978, the year before the Iranian Revolution. In a neighbourhood in Tehran, a group of affluent girls play a Cinderella game with unexpected consequences. In the mid 1980s, women help their husbands and brothers survive war and political upheaval. In the early 1990s in Vancouver, Canada, a single-mother refugee is harassed by the men she meets on a telephone dating platform. And in 2003, a Canadian woman working for an international aid organization is dispatched to her hometown of Bam to assist in the wake of a devastating earthquake. At once powerful and profound, *Divided Loyalties* depicts the rich lives of Iranian women and girls in post-revolutionary Iran and the contemporary diaspora in Canada; the enduring complexity of the expectations forced upon them; and the resilience of a community experiencing the turmoil of war, revolution, and migration.

Because Thomas Hardy's poetry and fiction are so closely associated with Wessex, it is easy to forget that he was, in his own words, half a Londoner, moving between country and capital throughout his life. This self-division, Mark Ford says, can be traced not only in works explicitly set in London but in his most regionally circumscribed novels.

In his grandest work yet, the acclaimed storyteller constructs a world vastly different from the one we know. . . . "A thoughtful, magisterial alternate history from one of science fiction's most important writers."—*The New York Times Book Review* It is the fourteenth century and one of the most apocalyptic events in human history is set to occur—the coming of the Black Death. History teaches us that a third of Europe's population was destroyed. But what if the plague had killed 99 percent of the population instead? How would the world have changed? This is a look at the history that could have been—one that stretches across centuries, sees dynasties and nations rise and crumble, and spans horrible famine and

magnificent innovation. Through the eyes of soldiers and kings, explorers and philosophers, slaves and scholars, Robinson navigates a world where Buddhism and Islam are the most influential and practiced religions, while Christianity is merely a historical footnote. Probing the most profound questions as only he can, Robinson shines his extraordinary light on the place of religion, culture, power—and even love—in this bold New World. “Exceptional and engrossing.”—New York Post “Ambitious . . . ingenious.”—Newsday

For nearly thirty years, the war's fingers had reached everywhere, leaving few places, and fewer people, untouched. What happens to the texture of life in a country that endures such bitter conflict?
