Five years ago, popular blogger Brandi Doming of The Vegan 8 became a vegan, overhauling the way she and her family ate after a health diagnosis for her husband. The effects have been life-changing. Her recipes rely on refreshingly short ingredient lists that are ideal for anyone new to plant-based cooking or seeking simplified, wholesome, family-friendly options for weeknight dinners. All of the recipes are dairy-free and most are oil-free, gluten-free, and nut-free (if not, Brandi offers suitable alternatives), and ideally tailored to meet the needs of an array of health conditions. Each of the 100 recipes uses just 8 or fewer ingredients (not including salt, pepper, or water) to create satisfying, comforting meals from breakfast to dessert that your family--even the non-vegans--will love. Create a culinary mosaic with this Middle Eastern cookbook! When Faith Gorsky married her Syrian husband, she was introduced to a cultural and culinary world that would forever change how she experienced food and cooking. Gorsky's mother-in-law took her under her wing, and in 6 months gave her a thorough course in Middle Eastern cooking that became the basis for her popular website, An Edible Mosaic—and now this book. The growth and success of her website and her growing interest in dishes from the Middle East led to even more trips to the area, where she deepened her knowledge of the food and acquired more recipes to cook and share with her husband and the online community. In this Syrian cookbook, Gorsky shares her favorite recipes from throughout the region: Lamb or Beef Kebab, Several Ways (Mashawi) Creamy Chickpea and Yogurt Casserole (Fetteh) Parsley Salad with Bulgur Wheat

them to do for your diet and your health! The advantage of the protein bar is that it is convenient to slip into your gym bag or pocket. It is you who decides whether the protein bar is a simple snack for you or a replacement for your meal. So it is very important to know what exactly you are eating and whether what you chose for your meal will do exactly what your body needs. So, be careful not to fall into the trap of some brands who bet everything on the marketing rather than on the composition of their bars. It is important to read the nutritional values of protein bars because they don't always seem to be what they are. Even with a healthy and varied list of ingredients, the sugar content should not be more than 30gr, which is the equivalent of two tablespoons, especially if there are other ingredients like dried fruits that add more sugar without being noticed. Similarly, a very long list of ingredients is unnecessary and is more deceitful than anything else. So, if you are careful and read nutrition labels and ingredients lists, it is possible that you will discover that actually you are not consuming what you think you do. The best in this case is to make your own homemade protein bars. For the purpose to avoid all confusions with ingredients and trust you are really following your protein diet get this DIY Protein Bar Cookbook and start having fun with your training sessions without fear of not having the right balance of protein.
