Censorship and book burning are still present in our lives. Lawrence Hill shares his experiences of how ignorance and the fear of ideas led a group in the Netherlands to burn the cover of his widely successful novel, *The Book of Negroes*, in 2011. Why do books continue to ignite such strong reactions in people in the age of the Internet? Is banning, censoring, or controlling book distribution ever justified? Hill illustrates his ideas with anecdotes and lists names of Canadian writers who faced censorship challenges in the twenty-first century, inviting conversation between those on opposite sides of these contentious issues. All who are interested in literature, freedom of expression, and human rights will enjoy reading Hill's provocative essay.

Part autobiography, part fiction, this early work by the author of *The Master and Margarita* shows a master at the dawn of his craft, and a nation divided by centuries of unequal progress. In 1916 a 25-year-old, newly qualified doctor named Mikhail Bulgakov was posted to the remote Russian countryside. He brought to his position a diploma and a complete lack of field experience. And the challenges he faced didn't end there: he was assigned to cover a vast and sprawling territory that was as yet unvisited by modern conveniences such as the motor car, the telephone, and electric lights. The stories in *A Country Doctor's Notebook* are based on this two-year window in the life of the great modernist. Bulgakov candidly speaks of his own feelings of inadequacy, and warmly and wittily conjures episodes such as peasants applying medicine to their outer clothing rather than their skin, and finding himself charged with delivering a baby—having only read about the procedure in text books. Not yet marked by the dark fantasy of his later writing, this early work features a realistic and wonderfully engaging narrative voice—the voice, indeed, of twentieth century Russia's greatest writer.

The questions which this volume seeks to address include: what is translation competence? How can it be built and developed? How can the product of the performance be used to measure levels of competence? These questions are addressed with specific reference to the training situation. They are arranged in three sections, the first focusing on the identification of subcompetences.

"Hanako-san, Hanako-san...are you there?" At Kamome Academy, rumors abound about the school's Seven Mysteries, one of which is Hanako-san. Said to occupy the third stall of the third floor girls' bathroom in the old school building, Hanako-san grants any wish when summoned. Nene Yashiro, an occult-loving high school girl who dreams of romance, ventures into this haunted bathroom...but the Hanako-san she meets there is nothing like she imagined! Kamome Academy's Hanako-san...is a boy!

Abducted from her West African village at the age of eleven and sold as a slave in the American South, Aminata Diallo thinks only of freedom - and of finding her way home again. After escaping the plantation, torn from her husband and child, she passes through Manhattan in the chaos of the Revolutionary War, is shipped to Nova Scotia, and then joins a group of freed slaves on a harrowing return odyssey to Africa. Lawrence Hill's epic novel, winner of the Commonwealth Writers' Prize, spans three continents and six decades to bring to life a dark and shameful chapter in our history through the story of one brave and resourceful woman.

What would the world be like if 80 percent of the population manifested superpowers called "Quirks" at age four? Heroes and villains would be battling it out everywhere! Being a hero would mean learning to use your power, but where would you go to study? The Hero Academy of course! But what would you do if you were one of the 20 percent who were born Quirkless? Middle school student Izuku Midoriya wants to be a hero more than anything, but he hasn't got an ounce of power in him. With no chance of ever getting into the prestigious U.A. High School for budding heroes, his life is looking more and more like a dead end. Then an encounter with All Might, the greatest hero of them all, gives him a chance to change his destiny...

In issue #6 of *Z Nation: Sea of Death*, Specialist Israel Johnson and Private Edie Cutler have to flee the zombie filled, capsized cruise ship *Empress of the Seas*, leading the few surviving passengers to the dubious safety of an offshore oil rig. They're pursued by the ship's maniacal Captain and Crew, who are intent on killing the would-be heroes. And the zombie whale that capsized the ship is still waiting in the water to devour whoever wins the final fight to the death. *Sea of Death* is a prequel set in the world of Syfy's hit zombie series *Z Nation*, produced by *The Asylum*. Featuring *Z Nation*'s signature blend of horror, humor and heart, *Sea of Death* is a six-issue miniseries from acclaimed writer Fred Van Lente (add appropriate credits) and Craig Engler, based on the long running series *Z Nation* created by Karl Schaefer and Craig Engler.

This volume is a selection of papers presented at the international conference on Translation and Censorship. From the 18th Century to the Present Day, held in Lisbon in November 2006. Although censorship in Spain under Franco dictatorship has already been thoroughly studied, the Portuguese situation under Salazar and Caetano has been, so far, almost ignored by the academic research. This is then an attempt to start filling this gap. At the same time, new case studies about the Spanish context are presented, thus contributing to a critical view of two Iberian dictatorial regimes. However other geographical and time contexts are also included: former dictatorships such as Brazil and Communist Czechoslovakia; present day countries with very strict censoring apparatus such as China, or more subtle censorial mechanisms as Turkey and Ukraine. Specific situations of past centuries are given some attention: the reception of Ovid in Portugal, the translation of English narrative fiction into Spanish in the 18th century, the translation of children literature in Victorian England and the emergence of the picaresque novel in Portugal in the 19th century. Other forms of censorship, namely self-censorship, are studied in this volume as well. "The book fits in one of the most innovative fields of research in translation studies, i.e. the study of social and political constraints on translation processes and translation functions. More specifically, the concept of censorship is crucial to the understanding of these constraints, especially in spatio-temporal settings where translation exhibits conflicts between what is acceptable for and what is prohibited by a given culture. For that reason, detailed descriptive research is needed in as many situations as possible. It gives an excellent view on the complex mechanisms of censorship with regard to translation within a large number of modern European and non European cultures. In addition to articles devoted to cases dealing with China, Brazil, Great-Britain, Turkey, Ukraine or Czechoslovakia, Spain and Portugal occupy a prominent role. As a whole, the volume marks an important step forward in our growing understanding of the role of socio-political factors for the development and changes of translation policies. I highly recommend the publication." Prof. dr. Lieven D'hulst, Professor of Translation Studies at K.U.Leuven (Belgium).

I hate myself but I love Walt Whitman, the kook. Always positive. I need to be more positive, so I wake myself up every morning with a song of myself. Sixteen-year-old James Whitman has been yawping (la Whitman) at his abusive father ever since he kicked his beloved older sister, Jorie, out of the house. James's painful struggle with anxiety and depression along with his ongoing quest to understand what led to his self-destructive sister's exile make for a heart-rending read, but his wild, exuberant Whitmanization of the

world and keen sense of humor keep this emotionally charged debut novel buoyant.

"You can be lonely anywhere, but there is a particular flavor to the loneliness that comes from living in a city, surrounded by thousands of strangers. The Lonely City is a roving cultural history of urban loneliness, centered on the ultimate city: Manhattan, that teeming island of gneiss, concrete, and glass. What does it mean to be lonely? How do we live, if we're not intimately involved with another human being? How do we connect with other people, particularly if our sexuality or physical body is considered deviant or damaged? Does technology draw us closer together or trap us behind screens? Olivia Laing explores these questions by travelling deep into the work and lives of some of the century's most original artists, among them Andy Warhol, David Wojnarowicz, Edward Hopper, Henry Darger and Klaus Nomi. Part memoir, part biography, part dazzling work of cultural criticism, The Lonely City is not just a map, but a celebration of the state of loneliness. It's a voyage out to a strange and sometimes lovely island, adrift from the larger continent of human experience, but visited by many - millions, say - of souls"--

Lockdown follows a small group of inmates and guards trapped inside a section of Twin Towers Jail, in L.A. As the dichotomy of the guard/inmate relationship continues to break down, they are forced to work together and find a way to escape while the rest of the world ends around them. Everything is made worse with the discovery that much of the prison population has developed a sickness that makes them violent and deranged; inhuman. The story is written and designed to be an audio drama, a thrilling adventure in the "Theater for the mind" that create a unique aural world for the listener.

"Stories of human behavior at its most extreme....With humor, compassion, empathy, and insight, Small searches for and finds the humanity that lies hidden under even the most bizarre symptoms." —Daniel H. Pink, author of Drive and A Whole New Mind A psychiatrist's stories of his most bizarre cases, The Naked Lady Who Stood on Her Head by Gary Small, M.D., and Gigi Vorgan—co-authors of The Memory Bible—offers a fascinating and highly entertaining look into the peculiarities of the human mind. In the vein of The Man Who Mistook His Wife for a Hat, Awakenings, and the other bestselling works of Oliver Sacks, The Naked Lady Who Stood on Her Head surprises, enthralls, and illuminates as it focuses on medical mysteries that would stump and amaze the brilliant brains on House, M.D.

NEW YORK TIMES BESTSELLER • From the author of American Wife and Eligible . . . He proposed. She said no. And it changed her life forever. "A deviously clever what if."—O: The Oprah Magazine "Immersive, escapist."—Good Morning America "Ingenious."—The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New Yorker • NPR • The Washington Post • Marie Claire • Cosmopolitan (UK) • Town & Country • New York Post In 1971, Hillary Rodham is a young woman full of promise: Life magazine has covered her Wellesley commencement speech, she's attending Yale Law School, and she's on the forefront of student activism and the women's rights movement. And then she meets Bill Clinton. A handsome, charismatic southerner and fellow law student, Bill is already planning his political career. In each other, the two find a profound intellectual, emotional, and physical connection that neither has previously experienced. In the real world, Hillary followed Bill back to Arkansas, and he proposed several times; although she said no more than once, as we all know, she eventually accepted and became Hillary Clinton. But in Curtis Sittenfeld's powerfully imagined tour-de-force of fiction, Hillary takes a different road. Feeling doubt about the prospective marriage, she endures their devastating breakup and leaves Arkansas. Over the next four decades, she blazes her own trail—one that unfolds in public as well as in private, that involves crossing paths again (and again) with Bill Clinton, that raises questions about the tradeoffs all of us must make in building a life. Brilliantly weaving a riveting fictional tale into actual historical events, Curtis Sittenfeld delivers an uncannily astute and witty story for our times. In exploring the loneliness, moral ambivalence, and iron determination that characterize the quest for political power, as well as both the exhilaration and painful compromises demanded of female ambition in a world still run mostly by men, Rodham is a singular and unforgettable novel.
