For six years now, Ilona Selke has studied the lives of dolphins in their natural habitats throughout the world. Through their natural skills, dolphins exchanged telepathic messages with her that are the basis for this book. This is an astounding quest and an inspiring adventure about dolphins and their key message to humanity -- using our imaginations to build a better world.

Writing together with Timothy Wyllie, the angel Georgia details the events of Earth's ancient history during the fall of Atlantis • Reveals, in detail, the devolution of Atlantean life during its society's decline, the calamities that enveloped the civilization, and the migration of this sophisticated culture to other areas of the planet • Shares Georgia's travels to the planet Zandana, a world facing the same problems as Earth yet taking a very different approach to their resolution • Exposes the supreme significance of Earth and how our planet is one of the worlds on which the rebel angels are reincarnating An angel of Seraphic status, Georgia arrived on this world with the first of the celestial missions, over half a million years ago. During the angelic rebellion 203,000 years ago, which led to the quarantine of Earth and 36 other planets from the Multiverse, she aligned herself with Lucifer and the rebel angels. After the rebellion, Georgia was permitted to remain on this planet as a Watcher, making occasional side-trips to Zandana, a sister planet also under the thrall of the angelic rebellion. Writing together with Timothy Wyllie, Georgia provides her personal account of Earth during the fall of

Atlantis as well as accounts of her trips to Zandana. Georgia reveals, in detail, the devolution of Atlantean life during its society's decline, the calamities that enveloped the civilization, and the migration of this sophisticated culture to other areas of the planet. She shows how the fate of Atlantis ties in with the Lucifer Rebellion and also offers us understanding of where human civilization is now in contemporary times. Her travels to the planet Zandana reveal a world at the same stage of development and facing the same problems as Earth, yet taking a very different approach to their resolution. Through her revelations, Georgia exposes the supreme significance of Earth in the larger Multiverse context and also how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation. She describes how this unprecedented interspecies mutation--rebel angel incarnations--started in Atlantis in the eighth millennium. Interwoven with Georgia's narrative are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church and his struggle to leave it. Georgia shares her words, in part, to awaken the 100 million rebel angels currently living their human lives, most unaware of their angelic heritage. She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of global consciousness as the rebel-held planets, including Earth, are welcomed back into the Multiverse.

Writing together with Timothy Wyllie, the angel Georgia details the events of Earth's ancient history in the 8th millennium BC • Reveals how Atlantis had copper mines in North America and tin mines in England, which initiated the Bronze Age and made Atlantis outrageously wealthy • Explains the true purpose of Gobekli Tepe as part of Prince Caligastia's plan to enslave mortal souls • Interwoven with observations about Wyllie's current and previous lives,

such as his involvement with the Process Church and his profound near-death experience After Lucifer's angelic rebellion 203,000 years ago, Earth and 36 other planets were quarantined from the larger Multiverse. Despite aligning with the rebel angels, Georgia--an angel of Seraphic status--was permitted to remain on Earth and continue her role as a Watcher. In this book, Georgia, writing together with Timothy Wyllie, shares her personal account of Earth in the 8th millennium BCE, the first era of Atlantis. Georgia shares her experiences being present as Atlantis was recovering from the first of three natural disasters that would ultimately destroy it. She reveals how the Atlanteans had become confident mariners, beginning to turn to piracy, and how Atlantean ships had reached the west coast of North America. The copper the Atlanteans mined in North America, together with tin from England, powered the Bronze Age and initiated the first truly technological civilization on Earth, making Atlantis outrageously wealthy. Georgia also shows how Gobekli Tepe was an attempt by Prince Caligastia to sabotage the planet's electromagnetic energy grid and interfere with mortal ascension, all in order to enslave souls to an endless series of mortal incarnations. After Caligastia put this plan into action, Georgia found that 70 percent of Atlanteans were now rebel angel incarnates--the Multiverse Administration had thwarted his efforts to recycle souls. Interwoven with Georgia's narrative of Earth's ancient history are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church and his profound near-death experience in 1973. Georgia shares her words, in part, to awaken the 100 million rebel angels currently living their human lives, most unaware of their angelic heritage. "A dazzling journey across the sciences and humanities in search of deep laws to unite them."

--The Wall Street Journal One of our greatest living scientists--and the winner of two Pulitzer Prizes for *On Human Nature* and *The Ants*--gives us a work of visionary importance that may be the crowning achievement of his career. In *Consilience* (a word that originally meant "jumping together"), Edward O. Wilson renews the Enlightenment's search for a unified theory of knowledge in disciplines that range from physics to biology, the social sciences and the humanities. Using the natural sciences as his model, Wilson forges dramatic links between fields. He explores the chemistry of the mind and the genetic bases of culture. He postulates the biological principles underlying works of art from cave-drawings to *Lolita*. Presenting the latest findings in prose of wonderful clarity and oratorical eloquence, and synthesizing it into a dazzling whole, *Consilience* is science in the path-clearing traditions of Newton, Einstein, and Richard Feynman.

Amplifying the core spiritual teachings of *The Urantia Book*—a unique and thrilling revelatory book first published in 1955—this guide introduces the two central deity-personalities of the *Urantia* revelation: Christ Michael—Jesus—and his feminine, coequal consort, Mother Spirit. As the study relates, these two deities maintain intimate contact with their sons and daughters, demonstrating their love through an unprecedented series of teachings. In one short volume, this compilation chronicles Jesus' own awe-inspiring lessons—updated for the 21st century—along with essential introductory and background materials. The wisdom provided here offers heartfelt instructions on the art of living, making a challenging cosmological reference concise and accessible.

A rebel angel's perspective on the Lucifer Rebellion 203,000 years ago and her insight into its past and future effects on consciousness • Explores how the angelic revolt led to Earth's celestial quarantine for more than 200,000 years • Draws parallels between the Process Church and the Lucifer Rebellion • Describes the rise and fall of Lemuria in connection with the rebel angels • Reveals how the 100 million angels currently incarnated in human bodies can help with Earth's return to the Multiverse and the coming transformation of consciousness
After 200 millennia of celestial quarantine in the wake of Lucifer's angelic revolt, Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse. With this redemption comes a massive transformation of consciousness and a reconnection to our cosmic destiny. But why did the angels revolt and how has that event shaped our planet's past and its future? Writing through Timothy Wyllie, rebel angel Georgia shares insights from her half a million years stationed on Earth as a watcher and from her part in the angelic revolution. She reveals details of the Lucifer Rebellion, including the role played by Planetary Prince Caligastia and his team of angelic administrators--thought by some to be the Nephilim or Anunnaki of Sumerian myth--who followed Lucifer into the rebellion, ultimately leading to the quarantine of Earth and 36 other planets. Interweaving her story with events from Wyllie's life, Georgia draws parallels between Wyllie's involvement with the Process Church in the 1960s and the events of the angelic rebellion and celestial quarantine. She explores the rise and fall of the island civilization of Lemuria, or Mu, as well as Atlantis and the Maya. Georgia reveals there are more than 100 million rebel angels currently granted mortal incarnation on Earth at all levels of society and in all countries--most of whom are still unaware of their angelic heritage.

Now that we are free of Prince Caligastia's behind-the-scenes manipulations, the stage is set for the rebel angels to begin redeeming their past and help Earth realize its significance in the wondrous destiny of the Multiverse.

Writing together with Timothy Wyllie, the angel Georgia details the events of Earth's ancient history from 16,500 BC to 8,000 BC • Chronicles the disappearance of Lemuria, the rise of Atlantean technology and piracy, and the first wave of rebel angels incarnating as Atlantean slaves • Explains the 3 eras of Atlantis and how the island was finally destroyed in 1198 BC • Interwoven throughout with observations about Timothy Wyllie's current and previous lives, such as his years of involvement with the Process Church After 200 millennia of celestial quarantine in the wake of Lucifer's angelic revolt, Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse. Writing together with Timothy Wyllie, Georgia--a rebel angel who took on the role of Watcher after the rebellion--provides her personal account of Earth from 16,500 BC to 8,000 BC, a period that encompasses the first two eras of Atlantis. Georgia shares her experiences being present for the final disappearance of Lemuria and the loss of their spiritual system. She describes

advanced Lemurian technology that was designed for the betterment of the Earth and its people, and was then lost, and the aggressive piracy of the Atlanteans, who preyed on the Lemurian survivors. Detailing the three eras of Atlantis and how the island's final destruction was in 1198 BC, she explains the rise of Atlantis as a technological power. She reveals the quarrels between the Pleiadians and the Sirians during this period and explores the myths of the Anunnaki, reputed to have arrived on Earth to mine for gold. Georgia interweaves her story with observations about Timothy Wyllie's current and previous lives, focusing here on his involvement with the Process Church as well as his experiences with bizarrely orchestrated orgies, psychometrics, and psychedelic culture in Europe in the 1970s. Georgia shares her words, in part, to awaken some of the more than 100 million rebel angels currently living their human lives, most unaware of their angelic heritage and struggling with their sense of being different. She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem the past and help prepare the way for the transformation of global consciousness now beginning as the rebel-held planets, including Earth, are being welcomed back into the Multiverse. She has remained on this world with occasional side trips to Zandana, another planet of quarantined rebel angels, since the time of the revolution, taking on the angelic role of Watcher. Writing together with Timothy Wyllie, Georgia provides her personal account of the period on Earth from 39,000 BC to 16,500 BC. Georgia shares her experiences being present as the Lemurian civilization in the Pacific reached its pinnacle and seismic upheavals overwhelmed its island home of Mu. She describes the elaborate Pleiadian evacuation operation and the Lemurian diaspora, explaining how their belief system took root in India, Tibet, China, and South America. She reveals how the emerging Atlantean civilization, now also collapsed, preyed on the far flung settlements of the Lemurian empire. She explains angelic knowledge of esoteric science, such as the spiritual influence of Venus and the link between spiritual centers on higher planes and ancient monuments on Earth, including the Giza pyramids. After the rebellion, Georgia was permitted to remain on this planet and become a Watcher. Writing together with Timothy Wyllie, in this book Georgia provides her personal account of Earth during the second rise of Atlantis. Georgia explains how the new Atlantis was home to the few surviving Lemurians and was rebuilt using ancient Lemurian construction techniques. She reveals how Prince Caligastia put Poseidon in charge of the new Atlantis in order to keep him from interfering with the Prince's imposition of monotheism in southern Palestine. She explores the rise of shamanism through the entheogenic use of power plants -- first on the Islands of Mu, then in the Nile Valley, and later among the Aborigines of Australia. She also looks at the hidden history of Pharaoh Akhenaten and the privileged role of the Yazidi people in the spiritual evolution of the planet--and how even today the attempts to extinguish their culture is the work of Caligastia's agents. Interwoven with Georgia's narrative of Earth's ancient history are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church, his struggle to leave it, and his spiritual activities after he left. Available electronically in an open-access, full-text edition from the Texas A&M University Libraries' Digital Repository at <http://hdl.handle.net/1969.1/146844>. Frank N. McMillan Jr., a country boy steeped in the traditional culture of rural Texas, was summoned to a life-long quest for meaning by a dream lion he met in the night. On his journey, he followed the lead of the founder of analytical psychology, Carl Jung, and eventually established the world's first professorship to advance the study of that field. McMillan, born and raised on a ranch near Calvert, was an Aggie through and through, with degrees in geology and petroleum engineering. As an adult working near Bay City, Texas, he was lunching in a country café when by chance he met abstract expressionist painter Forrest Bess, who was ecstatically waving a letter he had received from Jung himself. The artist's enthusiastic description of Jung as a master psychologist, soul doctor, and healer led McMillan to the Jung Center in Houston, where he began reading Jung's Collected Works. McMillan frequently said, "Jung saved my life." *Finding Jung: Frank N. McMillan Jr., a Life in Quest of the Lion* captures McMillan's journey through the words of his own journals and through reflections by his son, Frank III. adds insights to the book, and the late Sir Laurens van der Post, whom the elder McMillan met at the Houston Jung Center in 1979, authored a foreword to the book before his death. This is a story that sheds light on the inner workings of the self as well as the Jungian understanding of the Self. In often lyrical language, it gives the human background to a major undertaking in the dissemination of Jungian scholarship and provides a personal account of a life lived in near-mythic dimensions.

Hearing the Angels Sing is a wonderfully inspiring book. Peter Sterling, in telling his uplifting story of encountering the angels and being shown his destiny as one of God's harpists, encourages readers to open to the deeper dimensions of life for themselves. There is authentic humility in suggesting that if the author seeks and receives such profound guidance from the angels, anyone can do it. In writing so openly and courageously about his life, Peter demonstrates the commitment required to work with angels as well as the rich spiritual rewards of finding one's true path. In a troubled world, reuniting with the angels is becoming a potent way for people to reconnect and reclaim their spiritual essences. Peter's exquisite Harp Magic provides a portal through which the reality of the angels can be felt and experienced. One of the pleasures of reading his book is following the author's trail of synchronicities and angelic guidance through the challenges, distractions, revelations, and obstacles to emerge as a world-class harpist in service to the angels. It is exhilarating and deeply encouraging to learn how intimately and creatively the angels can interact with our lives if we just let them. Hearing the Angels Sing is a must-read for anyone drawn to the angels, and for those who already know what a salve Peter's music is to the souls of the openhearted and the spiritually minded, the book will yet further deepen your enjoyment of Harp Magic. --Timothy Wyllie Author of

The Process Church is one of the most controversial cults of modern times. Its apocalyptic ideas and powerful literature brought on extreme allegiances and shocking accusations. Here, the secretive group's history is finally revealed for the first time. Through its various incarnations, the Process Church has kept its history sealed for decades. Though the church was not as horrifying as some made it out to be, its actual history is truly unexpected and sensational.

Whaling has become one of the most controversial environmental issues. It is not that all whale species are at the brink of extinction, but that whales have become important symbols to both pro- and anti-whaling factions and can easily be appropriated as the common heritage of humankind. This book, the first of its kind, is therefore not about whales and whaling per se but about how people communicate about whales and whaling. It contributes to a better understanding and discussion of controversial environmental issues: Why and how are issues selected? How is knowledge on these issues produced and distributed by organizations and activists? And why do affluent countries like Japan and Norway still support whaling, which is of insignificant economic importance? Basing his analysis on fieldwork in Japan and Norway and at the International Whaling Commission, the author argues how an image of a "superwhale" has been constructed and how this image has replaced meat and oil as the important whale commodity. He concludes that the whaling issue provides an arena where NGOs and authorities on each side can unite, swapping political legitimacy and building personal relations that can be useful on issues where relations are less harmonious. to the Multiverse • Offers angelic reassurance that “Armageddon has been canceled” and that the coming transition will be gentle and the future positive • Explains Lucifer’s angelic rebellion, its impact on the past 200,000 years, and the transformation of consciousness on the horizon as the fallen angels return • Shares the author’s spiritual wisdom gained through extensive travels and encounters with angels, ETs, and other enlightened beings As recorded in The Urantia Book, two hundred millennia ago 37 planets, including our own, were quarantined from the rest of the Multiverse to quell the spread of the Lucifer rebellion within the angelic hierarchy. Now, after eons of isolation, the fallen angels have been forgiven and Earth’s connection with the Multiverse is being restored, initiating a massive transformation of consciousness as we reconnect with angelic guides, extraterrestrial beings, and our spiritual heritage as sacred vessels for God’s presence. Providing an update to The Urantia Book through angelic transmissions he has received and remarkable spirits he has met, Timothy Wyllie investigates the underlying motives of the angelic rebellion and the impact it has had on our planet for the past 200,000 years. Offering a profoundly optimistic vision of the future and reassurance that the coming spiritual transition will be gentle, Timothy Wyllie describes his encounters with angels, ETs, and other enlightened beings around the world, including how he made contact with his own guardian angels, met the man who may have been Grand Master of the Priore de Zion, fell in love with a beautiful Cathar reincarnate in Provence, and officiated at the 1981 Conference in Spirit inside the Great Pyramid of Giza. He explores different planetary cosmologies, authentic extraterrestrial intelligence, entheogenic revelations, and the spiritual implications of the Holographic Paradigm, weaving together a coherent and provocative understanding of the current state of our planet within the larger context of a

The purpose of the book is to help teachers develop an understanding of dance in the preschool setting, sense when dance can be a natural extension of classroom activity, and develop skill in planning and leading meaningful dance experiences. The first chapter of this book discusses what dance in preschool education is about and its importance for young children. In the second chapter, the content of movement is presented; these elements are the building blocks from which dance activities are created and provide reference points for developing ideas into class activities. The third chapter discusses general preparation for dance activities, and chapter 4 offers a step-by-step description of the process of developing an idea into a class session. Chapters 5 and 6 discuss the reality of teaching a dance class, and the final two chapters give suggestions for adapting material to particular groups--the very young, the handicapped, and parent-child groups. The appendixes include resources and strategies for recorded music, ideas for use in lessons, children's literature, sample original

A rebel angel's revelations on the angelic quarantine after the Lucifer Rebellion 203,000 years ago • Explores many mythic events in Earth's ancient history, such as visits from the Nephilim and the Pleiadians and the growth and destruction of Lemuria • Reveals Earth as one of the worlds on which the rebel angels have been granted mortal incarnation and the opportunity to redeem their past • Interwoven with angelic observations about Timothy Wyllie's current and previous lives, such as his long involvement in the still controversial Process Church After the angelic rebellion 203,000 years ago, Earth and 36 other planets were quarantined from the larger Multiverse. Despite aligning with Lucifer and the rebel angels, Georgia--an angel of Seraphic status--was permitted to remain on Earth and continue her role as a Watcher. In this book, Georgia, writing together with Timothy Wyllie, shares her personal account of half a million years on this planet. Focusing this volume 38,000 years after the angelic rebellion, Georgia shares her experiences being present for key decisions taken by the rebel angel leadership, witnessing firsthand Earth's steady descent into darkness, ignorance, and confusion. Georgia explores mythic events in Earth's ancient history, such as visits from the Nephilim and the Pleiadians and the destruction of Lemuria, and reveals information about angelic influence, their ability to affect whales and dolphins, and the presence of illicit alien colonies in remote areas of Earth. Interweaving her own story with observations about Timothy Wyllie's current and previous lives, such as his long involvement with the Process Church, she explores the supreme significance of the Earth as a world on which the rebel angels have been accorded the privilege of mortal incarnation and as an arena for accelerating spiritual growth.

Georgia shares her words, in part, to awaken some of the over 100 million rebel angels currently living out their human lives, most unaware of their angelic heritage and struggling with their sense of being so different from other people. She shows that a mortal incarnation for a rebel angel is an opportunity to personally redeem their past and help prepare the way for the imminent transformation of global consciousness as the Earth is welcomed back into the Multiverse.

A diverse group of authors journey into the fringes of human consciousness, tackling psychic and paranormal phenomena, lucid dreaming, synchronistic encounters, and more. Collected from the online magazine Reality Sandwich, these essays explore regions of the mind often traversed by shamans, mystics, and visionary artists; adjacent and contiguous to our normal waking state, these realms may be encountered in dreams or out-of-body experiences, accessed through meditation or plant medicines, and marked by psychic phenomena and uncanny synchronicities. From demons encountered in sleep paralysis visions to psychic research conducted by the CIA, the seemingly disparate topics covered here congeal to form a larger picture of what these extraordinary states of consciousness might have to tell us about the nature of reality itself.

revolution among the angelic hierarchy, which led to the quarantine of 37 planets, including our own, from the rest of the Multiverse. Now, after eons of isolation, the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny. Writing through Timothy Wyllie, rebel angel Georgia describes her half a million years stationed on Earth as a watcher. Arriving 500,000 years ago as part of the first angelic expedition to Earth--sent here to prepare the indigenous inhabitants for higher consciousness--she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration. Interweaving her story with parallel observations of Wyllie's youth in World War II England and his spiritual journey beginning with the Process Church, Georgia explains the motivations behind Lucifer's uprising and the lasting impact it has had among the angels on Earth and on humanity's natural spiritual development. Revealing that there are more than 90 million rebel angels currently incarnated on Earth--almost all of whom are unaware of their previous celestial lives--Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world. She calls on all of us, especially these incarnate angels, to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God's presence. In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world. These uncanny adventures stories that chronicle the author's research into subtle-realm phenomena are almost unprecedented in their range and narrative beauty -- and will draw you in by their warmth, humour, and literary brilliance. telepathic matrix shared by humans, angels and dolphins; experiences countless epiphanies of self-realisation and cosmic awareness; and plunges into planetary mysteries ranging from the hidden meanings of the Urantia Revelation to the nature of celestial and extraterrestrial intelligences. During these travels around the globe, Wyllie is often conscious of the guidance of his guardian angels and the overlighting provided by higher celestial beings; other times it is a New Zealand Maori, a Balinese shaman, a wild dolphin, or an entheogenic substance that points the way. The reader is rendered a participant along with this motley interracial and interspecies-adventure crew as Wyllie follows his heart and intuition, plunging further with each new chapter. Sometimes zany, often educational, always fascinating -- few spiritual memoirs match the wisdom and openness of this book which picks up the narrative thread of his earlier classic 'Dolphins, ETs, and Angels'. This book was first published in 1992 as 'Dolphins, Telepathy, and Underwater Birthing'. Now redesigned, updated and renamed, this new edition has been brought forth for a new generation of readers, yet even now remains ahead of its time.

In this scientific guide to the Omniverse, Alfred Lambremont Webre reveals startling replicable evidence about extraterrestrial and extra-universal life, the intelligent civilizations created by souls in the afterlife, top-secret alien technology, and the existence of a secret base as well as life on Mars. The author explains how our souls are holographic fragments of God/Source and how souls and Source are co-creating planets and galaxies as virtual realities for soul development. He addresses Grey alien control over soul reincarnation and also sheds light on the presence of invisible hyperdimensional controllers known as the Archons, who feed off negative energy. Revealing the key technologies of the Omniverse, the author explains how hyperdimensional civilizations communicate telepathically, teleport interdimensionally, and travel through time.
