**The Return of the Rebel Angels** Timothy Wyllie,2011-08-23 Furthers the revelations of The Urantia Book, providing a beautiful vision of our coming return to the Multiverse • Offers angelic reassurance that “Armageddon has been canceled” and that the coming transition will be gentle and the future positive • Explains Lucifer’s angelic rebellion, its impact on the past 200,000 years, and the transformation of consciousness on the horizon as the fallen angels return • Shares the author’s spiritual wisdom gained through extensive travels and encounters with angels, ETs, and other enlightened beings As recorded in The Urantia Book, two hundred millennia ago 37 planets, including our own, were quarantined from the rest of the Multiverse to quell the spread of the Lucifer rebellion within the angelic hierarchy. Now, after eons of isolation, the fallen angels have been forgiven and Earth’s connection with the Multiverse is being restored, initiating a massive transformation of consciousness as we reconnect with angelic guides, extraterrestrial beings, and our spiritual heritage as sacred vessels for God’s presence. Providing an update to The Urantia Book through angelic transmissions he has received and remarkable spirits he has met, Timothy Wyllie investigates the underlying motives of the angelic rebellion and the impact it has had on our planet for the past 200,000 years. Offering a profoundly optimistic vision of the future and reassurance that the coming spiritual transition will be gentle, Timothy Wyllie describes his encounters with angels, ETs, and other enlightened beings around the world, including how he made contact with his own guardian angels, met the man who may have been Grand Master of the Priore de Zion, fell in love with a beautiful Cathar reincarnate in Provence, and officiated at the 1981

Conference in Spirit inside the Great Pyramid of Giza. He explores different planetary cosmologies, authentic extraterrestrial intelligence, entheogenic revelations, and the spiritual implications of the Holographic Paradigm, weaving together a coherent and provocative understanding of the current state of our planet within the larger context of a benevolent and caring Multiverse.

**Ask Your Angels** Alma Daniel, Timothy Wyllie, Andrew Ramer, 2011-06-22 Angels have been with us in every time and culture, and in many religious traditions. *Ask Your Angels* vividly chronicles how they are currently reaching out to every one of us in a totally new way, bridging our physical reality with their pure spiritual energy. From historical writings and widespread contemporary experience that includes their own workshops, the authors show us how we can draw on the power of angels to reconnect with our lost inner selves and to achieve our goals, whether they be better relationships, healing an illness, or recovery from addiction To align with the angelic energy field, you will use five simple steps, as well as exercises, meditations, and visualizations, to learn how to talk with your angels—in your mind, in letters, in dreams, on a computer—and ask their guidance in matters from the inspired to the mundane. From Gabriel, Michael, Raphael, and Uriel to the angels of birth and death, from the Earth Angel to the guardian or companion angel who is your personal teacher, comforter, and intimate friend, this guide will introduce you to humor, wisdom, and companionship that come from contact with angels, for they are a doorway to the Divine within us.

**Revelations of the Watchers** Timothy Wyllie, 2021-07-27 • Explains how the new Atlantis was rebuilt using ancient Lemurian construction techniques and how Poseidon was put in charge by nefarious Prince Caligastia • Explores the rise of shamanism, the hidden history of Akhenaten, and the privileged role of the Yazidi people in the spiritual evolution of the planet • Exposes how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation During the angelic rebellion 203,000 years ago, which led to the quarantine of Earth and 36 other planets from the Multiverse, Georgia, an angel of Seraphic status, aligned herself with Lucifer and the rebel angels. After the rebellion, Georgia was permitted to remain on this planet and become a Watcher. Writing together with Timothy Wyllie, in this book Georgia provides her personal account of Earth during the second rise of Atlantis. Georgia explains how the new Atlantis was home to the few surviving Lemurians and was rebuilt using ancient Lemurian construction techniques. She reveals how Prince Caligastia put Poseidon in charge of the new Atlantis in order to keep him from interfering with the Prince's imposition of monotheism in southern Palestine. She explores the rise of shamanism through the entheogenic use of power plants -- first on the Islands of Mu, then in the Nile Valley, and later among the Aborigines of Australia. She also looks at the hidden history of Pharaoh Akhenaten and the privileged role of the Yazidi people in the spiritual evolution of the planet--and how even today the attempts to extinguish their culture is the work of Caligastia's agents. Interwoven with

Georgia's narrative of Earth's ancient history are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church, his struggle to leave it, and his spiritual activities after he left. Through her revelations, Georgia exposes the supreme significance of Earth in the larger Multiverse and how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation. Georgia shares her words, in part, to awaken the 100 million rebel angels currently living their human lives. She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of consciousness as the rebel-held planets, including Earth, are welcomed back into the Multiverse.

Love, Sex, Fear, Death Timothy Wyllie, 2009 The Process Church is one of the most controversial cults of modern times. Its apocalyptic ideas and powerful literature brought on extreme allegiances and shocking accusations. Here, the secretive group's history is finally revealed for the first time. Through its various incarnations, the Process Church has kept its history sealed for decades. Though the church was not as horrifying as some made it out to be, its actual history is truly unexpected and sensational.

*Revolt of the Rebel Angels* Timothy Wyllie, 2013-09-02 A rebel angel's perspective on the Lucifer Rebellion 203,000 years ago and her insight into its past and future effects on consciousness • Explores how the angelic revolt led to Earth's celestial quarantine for more than 200,000 years • Draws parallels between the Process Church and the Lucifer Rebellion • Describes the rise and fall of Lemuria in connection with the rebel angels • Reveals how the 100 million angels currently incarnated in human bodies can help with Earth's return to the Multiverse and the coming transformation of consciousness After 200 millennia of celestial quarantine in the wake of Lucifer's angelic revolt, Earth and the rebel angels isolated here are being welcomed back into the benevolent and caring Multiverse. With this redemption comes a massive transformation of consciousness and a reconnection to our cosmic destiny. But why did the angels revolt and how has that event shaped our planet's past and its future? Writing through Timothy Wyllie, rebel angel Georgia shares insights from her half a million years stationed on Earth as a watcher and from her part in the angelic revolution. She reveals details of the Lucifer Rebellion, including the role played by Planetary Prince Caligastia and his team of angelic administrators--thought by some to be the Nephilim or Anunnaki of Sumerian myth--who followed Lucifer into the rebellion, ultimately leading to the quarantine of Earth and 36 other planets. Interweaving her story with events from Wyllie's life, Georgia draws parallels between Wyllie's involvement with the Process Church in the 1960s and the events of the angelic rebellion and celestial quarantine. She explores the rise and fall of the island civilization of Lemuria, or Mu, as well as Atlantis and the Maya. Georgia reveals there are more than 100 million rebel angels currently granted mortal incarnation on Earth at all levels of society and in all countries--most of whom are still unaware of their angelic heritage. Now that we are free of Prince Caligastia's behind-the-scenes manipulations, the stage is set for the rebel angels to begin redeeming their past and help Earth realize its

significance in the wondrous destiny of the Multiverse.

*Confessions of a Rebel Angel* Timothy Wyllie, 2012-09-28 A rebel angel's observations from her half-million years on Earth and her perspective on the spiritual journey of her human charge • Explains the hidden motivations behind Lucifer's angelic rebellion 203,000 years ago and watcher Georgia's participation in it • Explores the benevolent intentions of the Multiverse both in quarantining our planet to contain the rebellion and in now allowing our return • Describes how the coming spiritual transition will be gentle and our future positive More than two hundred millennia ago the high angel Lucifer launched a revolution among the angelic hierarchy, which led to the quarantine of 37 planets, including our own, from the rest of the Multiverse. Now, after eons of isolation, the rebel angels are being redeemed and we are being welcomed back into the benevolent and caring Multiverse with a massive transformation of consciousness and a reconnection to our celestial destiny. Writing through Timothy Wyllie, rebel angel Georgia describes her half a million years stationed on Earth as a watcher. Arriving 500,000 years ago as part of the first angelic expedition to Earth--sent here to prepare the indigenous inhabitants for higher consciousness--she details the archaic roots of humanity and explains the connections between the 7 dimensions of intelligent life and the chakras as well as how beauty and creativity are vehicles for angelic inspiration. Interweaving her story with parallel observations of Wyllie's youth in World War II England and his spiritual journey beginning with the Process Church, Georgia explains the motivations behind Lucifer's uprising and the lasting impact it has had among the angels on Earth and on humanity's natural spiritual development. Revealing that there are more than 90 million rebel angels currently incarnated on Earth--almost all of whom are unaware of their previous celestial lives--Georgia explains how this is their opportunity to personally redeem the past and contribute their particular talents to the world. She calls on all of us, especially these incarnate angels, to wake up to who we truly are and embrace our spiritual heritage as earthly vessels for God's presence. In this way we can prepare for the imminent transformation of global consciousness and embrace the astonishing and wondrous destiny facing our world.

**Rebel Angels in Exile** Timothy Wyllie, 2014-10-26 A rebel angel's revelations on the angelic quarantine after the Lucifer Rebellion 203,000 years ago • Explores many mythic events in Earth's ancient history, such as visits from the Nephilim and the Pleiadians and the growth and destruction of Lemuria • Reveals Earth as one of the worlds on which the rebel angels have been granted mortal incarnation and the opportunity to redeem their past • Interwoven with angelic observations about Timothy Wyllie's current and previous lives, such as his long involvement in the still controversial Process Church After the angelic rebellion 203,000 years ago, Earth and 36 other planets were quarantined from the larger Multiverse. Despite aligning with Lucifer and the rebel angels, Georgia--an angel of Seraphic status--was permitted to remain on Earth and continue her role as a Watcher. In this book, Georgia, writing together with Timothy Wyllie, shares her personal account of half a million years on this planet. Focusing this volume 38,000 years after the angelic rebellion, Georgia shares her

experiences being present for key decisions taken by the rebel angel leadership, witnessing firsthand Earth's steady descent into darkness, ignorance, and confusion. Georgia explores mythic events in Earth's ancient history, such as visits from the Nephilim and the Pleadians and the destruction of Lemuria, and reveals information about angelic influence, their ability to affect whales and dolphins, and the presence of illicit alien colonies in remote areas of Earth. Interweaving her own story with observations about Timothy Wyllie's current and previous lives, such as his long involvement with the Process Church, she explores the supreme significance of the Earth as a world on which the rebel angels have been accorded the privilege of mortal incarnation and as an arena for accelerating spiritual growth. Georgia shares her words, in part, to awaken some of the over 100 million rebel angels currently living out their human lives, most unaware of their angelic heritage and struggling with their sense of being so different from other people. She shows that a mortal incarnation for a rebel angel is an opportunity to personally redeem their past and help prepare the way for the imminent transformation of global consciousness as the Earth is welcomed back into the Multiverse.

**Our Dolphin Ancestors** Frank Joseph, 2016-03-17 Reveals the shared ancestry behind our affinity with dolphins and our shared destiny • Explains how we are both descendants of the aquatic ape and still share many physiological features with dolphins that set us apart from other primates • Explores dolphins' communication with other species and how dolphin therapy has miraculous effects on people with autism, cancer, stroke, and depression • Explores the connections between dolphins and Atlantis and Lemuria Wild animals avoid contact with humans, but wild dolphins seek us out to play and socialize, even going so far as to voluntarily rescue people from drowning. What explains this remarkable natural affinity? Revealing the evolutionary basis for our special relationship with dolphins, Frank Joseph explains how we are both descendants of the same ancient branch of human-ity. Building upon the aquatic ape theory, he details how we both began on land but devastating floods forced our distant ancestors into the seas, where humanity developed many of the traits that set us apart from other primates, such as our instinctive diving reflex and our newborns' ability to swim. But while some of the aquatic apes returned to land, later evolving into modern humans, some remained in the cradle of Mother Ocean and became our dolphin cousins. Integrating scientific research on dolphin intelligence, communication, and physiology with enduring myths from some of the world's oldest cultures, such as the Aborigines, Norse, Greeks, and Celts, the author examines our physical commonalities with dolphins, including their vestigial thumbs and legs, birth processes, and body temperature. He explores dolphins' uncanny ability to diagnose disease such as cancer in humans and how dolphin therapy has had miraculous effects on children with autism, victims of stroke, and those suffering from depression. He provides evidence for dolphins' different attitudes toward men, women, and children, their natural affinity with cats and dogs, and their telepathic communication with other species, including ours. He explores dolphins' mysterious role in the birth of early civilization and their connections with the Dog Star, Sirius, and Atlantis and Lemuria--a bond still commemorated by annual gatherings of

millions of dolphins. As Frank Joseph shows, if we can learn to fully communicate with dolphins, accessing their millennia-old oral tradition, we may learn the truth about humanity's origins and our shared future, when humankind may yet again quit the land for a final return to the sea.

**Secret History of the Watchers** Timothy Wyllie, 2018-08-14 Writing together with Timothy Wyllie, the angel Georgia details the events of Earth's ancient history in the 8th millennium BC • Reveals how Atlantis had copper mines in North America and tin mines in England, which initiated the Bronze Age and made Atlantis outrageously wealthy • Explains the true purpose of Gobekli Tepe as part of Prince Caligastia's plan to enslave mortal souls • Interwoven with observations about Wyllie's current and previous lives, such as his involvement with the Process Church and his profound near-death experience After Lucifer's angelic rebellion 203,000 years ago, Earth and 36 other planets were quarantined from the larger Multiverse. Despite aligning with the rebel angels, Georgia--an angel of Seraphic status--was permitted to remain on Earth and continue her role as a Watcher. In this book, Georgia, writing together with Timothy Wyllie, shares her personal account of Earth in the 8th millennium BCE, the first era of Atlantis. Georgia shares her experiences being present as Atlantis was recovering from the first of three natural disasters that would ultimately destroy it. She reveals how the Atlanteans had become confident mariners, beginning to turn to piracy, and how Atlantean ships had reached the west coast of North America. The copper the Atlanteans mined in North America, together with tin from England, powered the Bronze Age and initiated the first truly technological civilization on Earth, making Atlantis outrageously wealthy. Georgia also shows how Gobekli Tepe was an attempt by Prince Caligastia to sabotage the planet's electromagnetic energy grid and interfere with mortal ascension, all in order to enslave souls to an endless series of mortal incarnations. After Caligastia put this plan into action, Georgia found that 70 percent of Atlanteans were now rebel angel incarnates--the Multiverse Administration had thwarted his efforts to recycle souls. Interwoven with Georgia's narrative of Earth's ancient history are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church and his profound near-death experience in 1973. Georgia shares her words, in part, to awaken the 100 million rebel angels currently living their human lives, most unaware of their angelic heritage. She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare the way for the imminent transformation of global consciousness as the rebel-held planets, including Earth, are welcomed back into the Multiverse.

**The Rebel Angels among Us** Timothy Wyllie, 2020-08-04 Writing together with Timothy Wyllie, the angel Georgia details the events of Earth's ancient history during the fall of Atlantis • Reveals, in detail, the devolution of Atlantean life during its society's decline, the calamities that enveloped the civilization, and the migration of this sophisticated culture to other areas of the planet • Shares Georgia's travels to the planet Zandana, a world facing the same problems as Earth yet taking a very different approach to their resolution • Exposes the supreme significance of Earth and how our planet is one of

the worlds on which the rebel angels are reincarnating An angel of Seraphic status, Georgia arrived on this world with the first of the celestial missions, over half a million years ago. During the angelic rebellion 203,000 years ago, which led to the quarantine of Earth and 36 other planets from the Multiverse, she aligned herself with Lucifer and the rebel angels. After the rebellion, Georgia was permitted to remain on this planet as a Watcher, making occasional side-trips to Zandana, a sister planet also under the thrall of the angelic rebellion. Writing together with Timothy Wyllie, Georgia provides her personal account of Earth during the fall of Atlantis as well as accounts of her trips to Zandana. Georgia reveals, in detail, the devolution of Atlantean life during its society's decline, the calamities that enveloped the civilization, and the migration of this sophisticated culture to other areas of the planet. She shows how the fate of Atlantis ties in with the Lucifer Rebellion and also offers us understanding of where human civilization is now in contemporary times. Her travels to the planet Zandana reveal a world at the same stage of development and facing the same problems as Earth, yet taking a very different approach to their resolution. Through her revelations, Georgia exposes the supreme significance of Earth in the larger Multiverse context and also how our planet is one of the worlds on which the rebel angels have been accorded the privilege of a mortal incarnation. She describes how this unprecedented interspecies mutation--rebel angel incarnations--started in Atlantis in the eighth millennium. Interwoven with Georgia's narrative are her observations of Timothy Wyllie's current and previous lives, including his involvement with the Process Church and his struggle to leave it. Georgia shares her words, in part, to awaken the 100 million rebel angels currently living their human lives, most unaware of their angelic heritage. She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem their past and help prepare for the imminent transformation of global consciousness as the rebel-held planets, including Earth, are welcomed back into the Multiverse.

She has remained on this world with occasional side trips to Zandana, another planet of quarantined rebel angels, since the time of the revolution, taking on the angelic role of Watcher. Writing together with Timothy Wyllie, Georgia provides her personal account of the period on Earth from 39,000 BC to 16,500 BC. Georgia shares her experiences being present as the Lemurian civilization in the Pacific reached its pinnacle and seismic upheavals overwhelmed its island home of Mu. She describes the elaborate Pleiadian evacuation operation and the Lemurian diaspora, explaining how their belief

system took root in India, Tibet, China, and South America. She reveals how the emerging Atlantean civilization, now also collapsed, preyed on the far flung settlements of the Lemurian empire. She explains angelic knowledge of esoteric science, such as the spiritual influence of Venus and the link between spiritual centers on higher planes and ancient monuments on Earth, including the Giza pyramids. Georgia interweaves her story with observations about Timothy Wyllie's current and previous lives, such as his long involvement with the Process Church and his interactions with other a rebel angel incarnates like Timothy Leary. Georgia shares her words, in part, to awaken some of the 100 million rebel angels currently living their human lives, most unaware of their angelic heritage. She reveals how a mortal incarnation for a rebel angel is an opportunity to redeem her past and help prepare the way for the imminent transformation of global consciousness as the rebellion planets, including Earth, are welcomed back into the Multiverse.

**A Week on the Concord and Merrimack Rivers** Henry David Thoreau, 1883

*The Capitalism Papers* Jerry Mander, 2012-06-08 In the vein of his bestseller, *Four Arguments for the Elimination of Television*, nationally recognized social critic Jerry Mander researches, discusses, and exposes the momentous and unsolvable environmental and social problem of capitalism. Mander argues that capitalism is no longer a viable system: What may have worked in 1900 is calamitous in 2010. Capitalism, utterly dependent on never-ending economic growth, is an impossible absurdity on a finite planet with limited resources. Climate change, together with global food, water, and resource shortages, are only the start. Mander draws attention to capitalism's obsessive need to dominate and undermine democracy, as well as to diminish social and economic equity. Designed to operate free of morality, the system promotes permanent war as a key economic strategy. Worst of all, the problems of capitalism are intrinsic to the form. Many organizations are already anticipating the breakdown of the system and are working to define new hierarchies of democratic values that respect the carrying capacities of the planet.

Liquid Life Rachel Armstrong, 2019 If we lived in a liquid world, the concept of a machine would make no sense. Liquid life is metaphor and apparatus that discusses the consequences of thinking, working, and living through liquids. It is an irreducible, paradoxical, parallel, planetary-scale material condition, unevenly distributed spatially, but temporally continuous. It is what remains when logical explanations can no longer account for the experiences that we recognize as part of being alive. Liquid Life references a third-millennial understanding of matter that seeks to restore the agency of the liquid soul for an ecological era, which has been banished by reductionist, brute materialist discourses and mechanical models of life. Offering an alternative worldview of the living realm through a new materialist and liquid study of matter, Armstrong conjures forth examples of creatures that do not obey mechanistic concepts like predictability, efficiency, and rationality. With the advent of molecular science, an increasingly persuasive ontology of liquid technologies can be identified. Through the lens of lifelike dynamic droplets, the agency for these systems exists at the interfaces between different fields of matter/energy that respond to highly local effects, with no need for a central organizing system. Liquid Life seeks an alternative partnership between humanity and the natural world. It provokes a re-invention of the languages of the living realm to open up alternative spaces for exploration, including contributor Rolf Hughes' angelology of language, which explores the transformative invocations of prose poetry, and Simone Ferracina's graphical notations that help shape our concepts of metabolism, upcycling, and designing with fluids. A conceptual and practical toolset for thinking and designing, liquid life reunites us with the irreducible soul substance of living things, which will neither be simply solved, nor go away.

*The Helianx Proposition* Timothy Wyllie, 2015-03 *The Helianx Proposition*, a bardic literary work with exquisite fine-art illustration, is a modern-day creation myth that explores the deeper symbolic meaning of the legend of the Garden of Eden. This cosmic fable follows in the tradition of William Blake's illuminated books--offering a mind-bending tale in the form of calligraphic poetry accompanied by rich commentary, along with numerous original full-color images. In particular, *The Helianx Proposition* reconstructs the possible story of the biblical serpent, extrapolating from the Christian tradition to suggest that the serpent too had a divine origin and had a valuable function to perform in the larger cosmos before and after its appearance in the Garden. In this work, renowned metaphysical writer Timothy Wyllie broadens our mind's eye to take in new vistas of cosmic dimension, evoking pulses of time so vast as to be beyond the awareness of any species that is less long-lived than the ancient race known as the Helianx.
