

Don T Kill Him The Story Of My Life With

A New York Times Book Review Editors' Choice "Intelligent, honest, and full of heart," *My Heart* is an intimate work of autobiographical fiction by one of ex-Yugoslavia's greatest writers about his family's experience as refugees from the Bosnian war—a timeless story of love, memory, and the resilience of the human spirit that "has all the qualities one might seek in a friend" (Etgar Keret, author of *The Seven Goods* Years). "Today, it seems, was the day I was meant to die." When a writer suffers a heart attack at the age of fifty, he must confront his mortality in a country that is not his native home. Confined to a hospital bed and overcome by a sense of powerlessness, he reflects on the fragility of life and finds extraordinary meaning in the quotidian. In this affecting autobiographical novel, Semezdin Mehmedinovic explores the love he and his family have for one another, strengthened by trauma; their harrowing experience of the Bosnian war, which led them to flee for the United States as refugees; eerie premonitions of Donald Trump's presidency; the life and work of a writer; and the nature of memory and grief. Poetically explosive and pure to the core, *My Heart* serves as a kind of mirror, reflecting our human strengths and weaknesses along with the most important issues on our minds--love and death, the present and the past, sickness and health, leaving and staying.

"An intense snapshot of the chain reaction caused by pulling a trigger." —Booklist (starred review) "Astonishing." —Kirkus Reviews (starred review) "A tour de force." —Publishers Weekly (starred review) A Newbery Honor Book A Coretta Scott King Honor Book A Printz Honor Book A Time Best YA Book of All Time (2021) A Los Angeles Times Book Prize Winner for Young Adult Literature Longlisted for the National Book Award for Young People's Literature Winner of the Walter Dean Myers Award An Edgar Award Winner for Best Young Adult Fiction Parents' Choice Gold Award Winner An Entertainment Weekly Best YA Book of 2017 A Vulture Best YA Book of 2017 A BuzzFeed Best YA Book of 2017 An ode to *Put the Damn Guns Down*, this is New York Times bestselling author Jason Reynolds's electrifying novel that takes place in sixty potent seconds—the time it takes a kid to decide whether or not he's going to murder the guy who killed his brother. A cannon. A strap. A piece. A biscuit. A burner. A heater. A chopper. A gat. A hammer A tool for RULE Or, you can call it a gun. That's what fifteen-year-old Will has shoved in the back waistband of his jeans. See, his brother Shawn was just murdered. And Will knows the rules. No crying. No snitching. Revenge. That's where Will's now heading, with that gun shoved in the back waistband of his jeans, the gun that was his brother's gun. He gets on the elevator, seventh floor, stoked. He knows who he's after. Or does he? As the elevator stops on the sixth floor, on comes Buck. Buck, Will finds out, is who gave Shawn the gun before Will took the gun. Buck tells Will to check that the gun is even loaded. And that's when Will sees that one bullet is missing. And the only one who could have fired Shawn's gun was Shawn. Huh.

Will didn't know that Shawn had ever actually USED his gun. Bigger huh. BUCK IS DEAD. But Buck's in the elevator? Just as Will's trying to think this through, the door to the next floor opens. A teenage girl gets on, waves away the smoke from Dead Buck's cigarette. Will doesn't know her, but she knew him. Knew. When they were eight. And stray bullets had cut through the playground, and Will had tried to cover her, but she was hit anyway, and so what she wants to know, on that fifth floor elevator stop, is, what if Will, Will with the gun shoved in the back waistband of his jeans, MISSES. And so it goes, the whole long way down, as the elevator stops on each floor, and at each stop someone connected to his brother gets on to give Will a piece to a bigger story than the one he thinks he knows. A story that might never know an END...if Will gets off that elevator. Told in short, fierce staccato narrative verse, Long Way Down is a fast and furious, dazzlingly brilliant look at teenage gun violence, as could only be told by Jason Reynolds.

"You won't leave this hypnotic book without feeling that James Brown is still out there, howling."—The Boston Globe
From the New York Times bestselling author of *The Good Lord Bird*, winner of the 2013 National Book Award for Fiction, *Deacon King Kong*, and *Five-Carat Soul* *Kill 'Em and Leave* is more than a book about James Brown. Brown embodied the contradictions of American life: He was an unsettling symbol of the tensions between North and South, black and white, rich and poor. After receiving a tip that promises to uncover the man behind the myth, James McBride goes in search of the "real" James Brown. McBride's travels take him to forgotten corners of Brown's never-before-revealed history, illuminating not only our understanding of the immensely troubled, misunderstood, and complicated Godfather of Soul, but the ways in which our cultural heritage has been shaped by Brown's enduring legacy. Praise for *Kill 'Em and Leave* "A tour de force of cultural reportage."—The Seattle Times "Thoughtful and probing."—The New York Times Book Review "Masterly . . . powerful."—Los Angeles Review of Books "McBride provides something lacking in most of the books about James Brown: an intimate feeling for the musician, a veracious if inchoate sense of what it was like to be touched by him. . . . It may be as close [to 'the real James Brown'] as we'll ever get."—David Hajdu, *The Nation* "A feat of intrepid journalistic fortitude."—USA Today "[McBride is] the biographer of James Brown we've all been waiting for. . . . McBride's true subject is race and poverty in a country that doesn't want to hear about it, unless compelled by a voice that demands to be heard."—Boris Kachka, *New York* "Illuminating . . . engaging."—The Washington Post "A gorgeously written piece of reportage that gives us glimpses of Brown's genius and contradictions."—O: The Oprah Magazine
Voted America's Best-Loved Novel in PBS's *The Great American Read* Harper Lee's Pulitzer Prize-winning masterwork of honor and injustice in the deep South—and the heroism of one man in the face of blind and violent hatred One of the most cherished stories of all time, *To Kill a Mockingbird* has been translated into more than forty languages, sold more than forty million copies worldwide, served as the basis for an enormously popular motion picture, and was voted one of

the best novels of the twentieth century by librarians across the country. A gripping, heart-wrenching, and wholly remarkable tale of coming-of-age in a South poisoned by virulent prejudice, it views a world of great beauty and savage inequities through the eyes of a young girl, as her father—a crusading local lawyer—risks everything to defend a black man unjustly accused of a terrible crime.

A collective memoir written by sixty diverse women about what it means to survive and thrive in the 21st century. It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

Tricia Levenseller, author of *Daughter of the Pirate King*, is back with an epic YA tale of ambition and love in *The Shadows Between Us*... “They’ve never found the body of the first and only boy who broke my heart. And they never will.” Alessandra is tired of being overlooked, but she has a plan to gain power: 1) Woo the Shadow King. 2) Marry him. 3) Kill him and take his kingdom for herself. No one knows the extent of the freshly crowned Shadow King’s power. Some say he can command the shadows that swirl around him to do his bidding. Others say they speak to him, whispering the thoughts of his enemies. Regardless, Alessandra knows what she deserves, and she’s going to do everything within her power to get it. But Alessandra’s not the only one trying to kill the king. As attempts on his life are made, she finds herself trying to keep him alive long enough for him to make her his queen—all while struggling not to lose her heart. After all, who better for a Shadow King than a cunning, villainous queen? “Tricia Levenseller’s latest, *The Shadows Between Us*, is a decadent and wickedly addictive fantasy, full of schemes and court intrigue, and delightful descriptions of food, which I am always a fan of.” —Kendare Blake, #1 New York Times bestselling author of the *Three Dark Crowns* series

From the cofounder of VerySmartBrothas.com, and one of the most read writers on race and culture at work today, a provocative and humorous memoir-in-essays that explores the ever-shifting definitions of what it means to be Black (and male) in America For Damon Young, existing while Black is an extreme sport. The act of possessing black skin while searching for space to breathe in America is enough to induce a ceaseless state of angst where questions such as “How should I react here, as a professional black person?” and “Will this white person’s potato salad kill me?” are forever relevant. *What Doesn’t Kill You Makes You Blacker* chronicles Young’s efforts to survive while battling and making sense of the various neuroses his country has given him. It’s a condition that’s sometimes stretched to absurd limits,

provoking the angst that made him question if he was any good at the “being straight” thing, as if his sexual orientation was something he could practice and get better at, like a crossover dribble move or knitting; creating the farce where, as a teen, he wished for a white person to call him a racial slur just so he could fight him and have a great story about it; and generating the surreality of watching gentrification transform his Pittsburgh neighborhood from predominantly Black to “Portlandia . . . but with Pierogies.” And, at its most devastating, it provides him reason to believe that his mother would be alive today if she were white. From one of our most respected cultural observers, *What Doesn't Kill You Makes You Blacker* is a hilarious and honest debut that is both a celebration of the idiosyncrasies and distinctions of Blackness and a critique of white supremacy and how we define masculinity.

The riveting account of a young journalist's awakening to chronic illness, weaving together personal story and reporting to shed light on living with an ailment forever Tessa Miller was an ambitious twentysomething writer in New York City when, on a random fall day, her stomach began to seize up. At first, she toughed it out through searing pain, taking sick days from work, unable to leave the bathroom or her bed. But when it became undeniable that something was seriously wrong, Miller gave in to family pressure and went to the hospital—beginning a yearslong nightmare of procedures, misdiagnoses, and life-threatening infections. Once she was finally correctly diagnosed with Crohn's disease, Miller faced another battle: accepting that she will never get better. Today, an astonishing three in five adults in the United States suffer from a chronic disease—a percentage expected to rise post-Covid. Whether the illness is arthritis, asthma, Crohn's, diabetes, endometriosis, multiple sclerosis, ulcerative colitis, or any other incurable illness, and whether the sufferer is a colleague, a loved one, or you, these diseases have an impact on just about every one of us. Yet there remains an air of shame and isolation about the topic of chronic sickness. Millions must endure these disorders not only physically but also emotionally, balancing the stress of relationships and work amid the ever-present threat of health complications. Miller segues seamlessly from her dramatic personal experiences into a frank look at the cultural realities (medical, occupational, social) inherent in receiving a lifetime diagnosis. She offers hard-earned wisdom, solidarity, and an ultimately surprising promise of joy for those trying to make sense of it all.

I Don't Want to Kill You is the third darkly comic novel in the John Wayne Carver series by Dan Wells, the first of which - *I Am Not a Serial Killer* - is now a major motion picture. Sixteen-year-old John Wayne Cleaver has always known he's different, but not because he only has one friend (and doesn't much like him) and not because he regularly helps out in his mother's mortuary. He's different because he recognizes the classic signs of an incipient serial killer in his own personality, and he's created a rigid set of rules to follow to keep his darker nature, the one he calls Mr Monster in check. But John discovers it's the personality traits he so fears that put him in the best position to save the people of his town from a series of horrific and disturbing killers...

NEW YORK TIMES BESTSELLER • The first definitive history of the Mossad, Shin Bet, and the IDF's targeted killing programs, hailed by *The New York Times* as “an exceptional work, a humane book about an incendiary subject.” **WINNER OF THE NATIONAL JEWISH BOOK AWARD IN HISTORY NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY JENNIFER SZALAI, THE NEW YORK TIMES NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Economist** • *The New York Times Book Review* • *BBC History Magazine* • *Mother Jones* • *Kirkus Reviews* *The Talmud* says: “If someone comes to kill you, rise up and kill him first.” This instinct to take every measure, even

the most aggressive, to defend the Jewish people is hardwired into Israel's DNA. From the very beginning of its statehood in 1948, protecting the nation from harm has been the responsibility of its intelligence community and armed services, and there is one weapon in their vast arsenal that they have relied upon to thwart the most serious threats: Targeted assassinations have been used countless times, on enemies large and small, sometimes in response to attacks against the Israeli people and sometimes preemptively. In this page-turning, eye-opening book, journalist and military analyst Ronen Bergman—praised by David Remnick as “arguably [Israel’s] best investigative reporter”—offers a riveting inside account of the targeted killing programs: their successes, their failures, and the moral and political price exacted on the men and women who approved and carried out the missions. Bergman has gained the exceedingly rare cooperation of many current and former members of the Israeli government, including Prime Ministers Shimon Peres, Ehud Barak, Ariel Sharon, and Benjamin Netanyahu, as well as high-level figures in the country’s military and intelligence services: the IDF (Israel Defense Forces), the Mossad (the world’s most feared intelligence agency), Caesarea (a “Mossad within the Mossad” that carries out attacks on the highest-value targets), and the Shin Bet (an internal security service that implemented the largest targeted assassination campaign ever, in order to stop what had once appeared to be unstoppable: suicide terrorism). Including never-before-reported, behind-the-curtain accounts of key operations, and based on hundreds of on-the-record interviews and thousands of files to which Bergman has gotten exclusive access over his decades of reporting, *Rise and Kill First* brings us deep into the heart of Israel’s most secret activities. Bergman traces, from statehood to the present, the gripping events and thorny ethical questions underlying Israel’s targeted killing campaign, which has shaped the Israeli nation, the Middle East, and the entire world. “A remarkable feat of fearless and responsible reporting . . . important, timely, and informative.”—John le Carré

The hauntingly prophetic classic novel set in a not-too-distant future where books are burned by a special task force of firemen. 'Another indispensable classic' The Times "Ray Bradbury's gift for storytelling reshaped our culture and expanded our world' Barack Obama Guy Montag is a fireman. His job is to burn books, which are forbidden, being the source of all discord and unhappiness. Even so, Montag is unhappy; there is discord in his marriage. Are books hidden in his house? The Mechanical Hound of the Fire Department, armed with a lethal hypodermic, escorted by helicopters, is ready to track down those dissidents who defy society to preserve and read books. The classic dystopian novel of a post-literate future, *Fahrenheit 451* stands alongside Orwell's 1984 and Huxley's *Brave New World* as a prophetic account of Western civilization's enslavement by the media, drugs and conformity. Bradbury's powerful and poetic prose combines with uncanny insight into the potential of technology to create a novel which, decades on from first publication, still has the power to dazzle and shock.

When a psychopath who held her prisoner for four years escapes from a mental facility and begins a murderous rampage, college student Reeve realizes that she is the only person who knows the killer well enough to stop him. By the best-selling author of *The Edge of Normal*. From heading an ashram at Rajneeshpuram, Oregon, USA, in the 1980s to allegedly spearheading what is known as the largest bioterror attack in American history and spending thirty-nine months in prison, Ma Anand Sheela's life is one that fascinates and intrigues. But who is the woman beyond the persona of the commune leader? What is Sheela like behind the sensational 'tough titties' avatar? Manbeena Sandhu followed the Osho movement for two decades before her journey finally led her to Sheela. *Nothing to Lose* is a no-holds-barred account of Sheela's life, her intense relationship with Bhagwan, and the riveting story of what actually happened behind the closed doors of the cult's ashram.

Criminal lawyer Jake Brigance faces the fight of his life when he is asked to defend Carl Hailey, who, in a rage of anger, shot and killed the

men on trial for the rape of his daughter.

Using the myths of Gilgamesh, Siddhartha, Don Quixote, the works of Buber, Ginsberg, Shakespeare, Kafka, Nietzsche, Dante and Jung, the psychotherapist, guru and pilgrim shares the epic, false and intimate revelations that help to shape everyman's journey through life.

If you suspected your best friend, the person you were closest to in the whole world, was a murderer, what would you do? Would you confront her? Would you help keep her secret? Or would you begin to feel afraid? Most importantly, why don't you feel safe now that she's dead? From the author of *The French Girl* comes a novel full of secrets, suspense, and deadly twists. Georgie, Lissa, and Bronwyn have been inseparable since dominating their college swim team; swimming has always been an escape from their own problems, but now their shared passion has turned deadly. How can it be true that Lissa, the strongest swimmer they know, drowned? Granted, there is something strange about Kanu Cove, where Lissa was last seen, swimming off the coast of the fabulous island resort she owned with her husband. Lissa's closest friends gather at the resort to honor her life, but Georgie and Bronwyn can't seem to stop looking over their shoulders. Danger lurks beneath the surface of the crystal-clear water, and even their luxurious private villas can't help them feel safe. As the weather turns ominous, trapping the funeral guests together on the island, nobody knows who they can trust. Lissa's death was only the beginning....

LA Times winner for The Christopher Isherwood Prize for Autobiographical Prose A New York Times bestseller A New York Times Editors' Choice A Featured Title in The New York Times Book Review's "Paperback Row" A Bustle "17 Books About Race Every White Person Should Read" "Essential reading."--Junot Diaz "Electric...so well reported, so plainly told and so evidently the work of a man who has not grown a callus on his heart."--Dwight Garner, New York Times, "A Top Ten Book of 2016" "I'd recommend everyone to read this book because it's not just statistics, it's not just the information, but it's the connective tissue that shows the human story behind it." -- Trevor Noah, The Daily Show A deeply reported book that brings alive the quest for justice in the deaths of Michael Brown, Tamir Rice, and Freddie Gray, offering both unparalleled insight into the reality of police violence in America and an intimate, moving portrait of those working to end it Conducting hundreds of interviews during the course of over one year reporting on the ground, Washington Post writer Wesley Lowery traveled from Ferguson, Missouri, to Cleveland, Ohio; Charleston, South Carolina; and Baltimore, Maryland; and then back to Ferguson to uncover life inside the most heavily policed, if otherwise neglected, corners of America today. In an effort to grasp the magnitude of the response to Michael Brown's death and understand the scale of the problem police violence represents, Lowery speaks to Brown's family and the families of other victims other victims' families as well as local activists. By posing the question, "What does the loss of any one life mean to the rest of the nation?" Lowery examines the cumulative effect of decades of racially biased policing in segregated neighborhoods with failing schools, crumbling infrastructure and too few jobs. Studded with moments of joy, and tragedy, *They Can't Kill Us All* offers a historically informed look at the standoff between the police and those they are sworn to protect, showing that civil unrest is just one tool of resistance in the broader struggle for justice. As Lowery brings vividly to life, the protests against police killings are also about the black community's long history on the receiving end of perceived and actual acts of injustice and discrimination. They

Can't Kill Us All grapples with a persistent if also largely unexamined aspect of the otherwise transformative presidency of Barack Obama: the failure to deliver tangible security and opportunity to those Americans most in need of both.

Do your children make you insane? Does your husband seem deranged? Do you have a friend who drives you crazy? In *Couldn't We Just Kill 'em And Tell God They Died?*, popular author and women's minister Cathy Lechner helps you love the impossible people in your life. "Some family and friends you choose yourself," says Cathy, "but others are simply thrust upon you. Because you don't always get to choose who to love and when to love them, you sometimes feel like strangling some of them (well, maybe not quite!)." In the same popular style of her best-seller *I'm Trying To Sit At His Feet, But Who's Going To Cook Dinner?*, Cathy's anointed words will minister hope and healing to your troubled relationships. With hilarious anecdotes, side-splitting stories and candid insight, Cathy will have you laughing with those people who often make you cry.

In David Housewright's next novel featuring the beloved Rushmore McKenzie *What Doesn't Kill Us*—McKenzie has been shot and lies in a coma while the police and his friends desperately try to find out what he was doing and who tried to kill him. Rushmore McKenzie, former St. Paul police detective and unexpected millionaire, does the occasional, unofficial private detective work—mostly favors for friends. He's faced kidnappers, domestic terrorists, art thieves, among others, and had a hand in solving some of the most perplexing mysteries of the Twin Cities. But this time, his prodigious luck and intuition may have finally failed him: He was shot in the back by an unknown assailant and lies in a coma. His childhood friend, Lt. Bobby Dunston of the St. Paul Police Department, assigns his best detective to the case while other figures—on both sides of the law—pursue the truth. What was McKenzie investigating, what did he learn that so threatened someone that they tried to kill him? What do a sketchy bar in the wrong part of town, the area's prominent tech millionaire family, drug dealers, investment bankers, and a mysterious woman who left an unknown package for McKenzie all have in common? As time slowly begins to run out, the answer to those questions might be what stands between life and death.

A controversial psychological examination of how soldiers' willingness to kill has been encouraged and exploited to the detriment of contemporary civilian society. Psychologist and US Army Ranger Dave Grossman writes that the vast majority of soldiers are loath to pull the trigger in battle. Unfortunately, modern armies, using Pavlovian and operant conditioning, have developed sophisticated ways of overcoming this instinctive aversion. The mental cost for members of the military, as witnessed by the increase in post-traumatic stress, is devastating. The sociological cost for the rest of us is even worse: Contemporary civilian society, particularly the media, replicates the army's conditioning techniques and, Grossman argues, is responsible for the rising rate of murder and violence, especially among the young. Drawing from interviews, personal accounts, and academic studies, *On Killing* is an important look at the techniques the military uses to overcome the powerful reluctance to kill, of how killing affects the soldier, and of the societal implications of escalating violence.

One secret, one nightmare, one lie. You guess which is which. 1. I have the scar of a gunshot on my forehead. 2. I have willfully misrepresented my identity to the US military. 3. I'm the new mother of a seven-year-old girl. Kellen Adams suffers from a

yearlong gap in her memory. A bullet to the brain will cause that. But she's discovering the truth, and what she learns changes her life, her confidence, her very self. She finds herself in the wilderness, on the run, unprepared, her enemies unknown—and she is carrying a priceless burden she must protect at all costs. The consequences of failure would break her. And Kellen Adams does not break. What doesn't kill her...had better start running.

A beloved classic that captures the powerful bond between man and man's best friend. Billy has long dreamt of owning not one, but two, dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It doesn't matter that times are tough; together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the region, and the combination of Old Dan's brawn, Little Ann's brains, and Billy's sheer will seems unbeatable. But tragedy awaits these determined hunters—now friends—and Billy learns that hope can grow out of despair, and that the seeds of the future can come from the scars of the past. Praise for *Where the Red Fern Grows* A Top 100 Children's Novel, School Library Journal's A Fuse #8 Production A Must-Read for Kids 9 to 14, NPR Winner of Multiple State Awards Over 7 million copies in print! "Very touching." —The New York Times Book Review "One of the great classics of children's literature . . . Any child who doesn't get to read this beloved and powerfully emotional book has missed out on an important piece of childhood for the last 40-plus years." —Common Sense Media "An exciting tale of love and adventure you'll never forget." —School Library Journal "A book of unadorned naturalness." —Kirkus Reviews "Written with so much feeling and sentiment that adults as well as children are drawn [in] with a passion." —Arizona Daily Star "It's a story about a young boy and his two hunting dogs and . . . I can't even go on without getting a little misty." —The Huffington Post "We tear up just thinking about it." —Time on the film adaptation

Kate Colquhoun, author of *Murder in the First-Class Carriage*, follows up with the sensational murder trial that captivated Victorian Society.

Catherine Ling is instructed by assassin and master poisoner Hu Chang before being recruited by the CIA and pitted against a rogue operative in a race to obtain a deadly poison.

Don't Kill Him!The Story of My Life with Bhagwan Rajneesh : a MemoirA List of Things That Didn't Kill MeMacmillan Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory

emotions. “I thought he was a very nice gentleman,” he says of Herb Clutter. “Soft-spoken. I thought so right up to the moment I cut his throat.” Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers’ flight, Capote’s account is so detailed that the reader comes to feel almost like a participant in the events.

Golding’s iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new Suggestions for Further Reading by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

INSTANT NEW YORK TIMES BESTSELLER A GOOD MORNING AMERICA COVER TO COVER BOOK CLUB PICK
“Rich, dark, and intricately twisted, this enthralling whodunit mixes family saga with domestic noir to brilliantly chilling effect.” —Ruth Ware, New York Times bestselling author “A haunting, atmospheric, stay-up-way-too-late read.” —Megan Miranda, New York Times bestselling author
From the #1 New York Times bestselling author of *Then She Was Gone* comes another page-turning look inside one family’s past as buried secrets threaten to come to light. Be careful who you let in. Soon after her twenty-fifth birthday, Libby Jones returns home from work to find the letter she’s been waiting for her entire life. She rips it open with one driving thought: I am finally going to know who I am. She soon learns not only the identity of her birth parents, but also that she is the sole inheritor of their abandoned mansion on the banks of the Thames in London’s fashionable Chelsea neighborhood, worth millions. Everything in Libby’s life is about to change. But what she can’t possibly know is that others have been waiting for this day as well—and she is on a collision course to meet them. Twenty-five years ago, police were called to 16 Cheyne Walk with reports of a baby crying. When they arrived, they found a healthy ten-month-old happily cooing in her crib in the bedroom. Downstairs in the kitchen lay three dead bodies, all dressed in black, next to a hastily scrawled note. And the four other children reported to live at Cheyne Walk were gone. In *The Family Upstairs*, the master of “bone-chilling suspense” (People) brings us the can’t-look-away story of three entangled families living in a house with the darkest of secrets.

What Doesn't Kill Us, a New York Times bestseller, traces our evolutionary journey back to a time when survival depended on how well we adapted to the environment around us. Our ancestors crossed deserts, mountains, and oceans without even a whisper of what anyone today might consider modern technology. Those feats of endurance now seem impossible in an age where we take comfort for granted. But what if we could regain some of our lost evolutionary

strength by simulating the environmental conditions of our ancestors? Investigative journalist and anthropologist Scott Carney takes up the challenge to find out: Can we hack our bodies and use the environment to stimulate our inner biology? Helping him in his search for the answers is Dutch fitness guru Wim Hof, whose ability to control his body temperature in extreme cold has sparked a whirlwind of scientific study. Carney also enlists input from an Army scientist, a world-famous surfer, the founders of an obstacle course race movement, and ordinary people who have documented how they have cured autoimmune diseases, lost weight, and reversed diabetes. In the process, he chronicles his own transformational journey as he pushes his body and mind to the edge of endurance, a quest that culminates in a record-breaking, 28-hour climb to the snowy peak of Mt. Kilimanjaro wearing nothing but a pair of running shorts and sneakers. An ambitious blend of investigative reporting and participatory journalism, *What Doesn't Kill Us* explores the true connection between the mind and the body and reveals the science that allows us to push past our perceived limitations. A man...his wife...their secrets... What happens when the truth finally comes out? In this heart-wrenching drama, the realms of betrayal and heartbreak are depicted to give you an eye-opening look at how painful love SHOULD'N'T be. Honored as a "Best Poetry Book of the Year" by Publishers Weekly "The book's a little crazy, packed with air quotes and brackets, jokes and condemnations, forms that explode across the page. Crazy enough, it's also packed with truth."—NPR "The voice of this third book from Bibbins is marked and numbed by the onslaught of American media and politics that saturate the Internet, television, radio, and smartphone: 'the way things are going, children/ will have to upgrade to more amusing.' Much like advertisements or news stories vying for viewer's attention, the book intentionally overwhelms, eschewing sections; the author instead differentiates the poems by repetition, creating a sort of echo chamber, similar to the way viral information cycles through social media platforms."—Publishers Weekly, starred review "[A] hilarious send-up of contemporary values and an alarm bell of sorts, directing attention to all that is so sinister in our civilization."—American Poets "Whip-smart and wickedly funny, *They Don't Kill You* is Bibbins's most authoritative and self-possessed collection to date."—Boston Review The poems in Mark Bibbins's breakthrough third book are formally innovative and socially alert. Roving across the weird human landscape of modern politics, media-exacerbated absurdity, and questionable social conventions, this collection counters dread with wit, chaos with clarity, and reminds us that suffering is "small//compared to what?" Mark Bibbins teaches in the graduate writing programs at The New School and Columbia University, and edits the poetry section of *The Awl*. He lives in New York City.

There are two ways to get away with mass murder. The first, an expensive lawyer. The second, suicide. Robert Derby used the first one. I'm using the second. Mara was celebrating her 21st birthday when her family was killed by a drunk driver. Two years later, Mara wants justice. She wants the drunk driver to understand how it feels to lose everything. She

has a plan and a gun and she knows how to use it. But is she capable of murder? Garrett can't help the family he was born into. His name puts a target on his back. Maybe that's why he always dates women who need help. But can helping the wrong person lead to disaster? She Had to Kill Him is a gripping story about the things people do for their loved ones. Perfect for fans of Lisa Jewell, Colleen Hoover, and Paula Hawkins.

A fresh, realistic approach to altering one's destiny and accepting the responsibility that grows with freedom. No meaning that comes from outside of ourselves is real. The Buddahood of each of us has already been obtained. We only need to recognize it. "The most important things that each man must learn no one can teach him. Once he accepts this disappointment, he will be able to stop depending on the therapist, the guru who turns out to be just another struggling human being." Using the myth of Gilgamesh, Siddhartha, The Wife of Bath, Don Quizote . . . the works of Buber, Ginsberg, Shakespeare, Karka, Nin, Dante and Jung . . . a brilliant psychotherapist, guru and pilgrim shares the epic tales and intimate revelations that help to shape Everyman's journey through life.

"Lira, a famous siren, must prove herself by stealing the heart of the man, a prince, threatening their race"--

"I don't care who you hire, or what the company has to pay him ... so long as he's the best there is." This anguished cry from the wife of murder victim Dean Milo would draw private investigator Bill Dear into one of the most frustrating and ultimately triumphant cases of his career. Dean Milo was a phenomenally successful businessman who had built a tiny family business into a \$50 million-a-year corporation. Along the way he had established a lengthy list of enemies that began with his immediate family and stretched throughout the social and business community. His fast-track ride to the top came to a violent halt on August 11, 1980, when Milo was found dead in his luxurious Ohio home, shot twice in the head. A blank telegram form lay nearby. Four months after his death, the investigation remained a confusing collection of non sequiturs. Clues pointed toward Milo's involvement with the Mafia, the drug world, and the gay community. His own family refused to cooperate with the authorities. And time was ticking by ... In desperation, Maggie Milo turned to Texas private eye Bill Dear. This is the gripping story of the remarkable collaboration between Dear and the police detectives of Akron, Ohio, that led to eleven convictions, an Ohio record. It is also a tale of the human weakness, desperation, and overwhelming greed that led to a sudden death.

Just when you think it's safe to come out of the courtroom... Ellie's piecing her life together after a nasty divorce when her ex-husband shows up dead- planted near the greenhouse at the business she fought to keep during the divorce. Ellie and her friend Trish need to convince Detective Ed Buchanan that they aren't Number One and Number Two on his suspect list. When the detective zeroes in on Ellie's daughter Antonia as a prime suspect, sparks fly. Is it a crime to wish the detective will drop dead next? Could his investigation turn out to be "mulch" ado about nothing? Or, will Ellie and

Trish be sporting handcuffs after their next amateur stakeout?

#1 NEW YORK TIMES BESTSELLING PHENOMENON More than 6 million copies sold A Reese Witherspoon x Hello Sunshine Book Club Pick A Business Insider Defining Book of the Decade "I can't even express how much I love this book! I didn't want this story to end!"--Reese Witherspoon "Painfully beautiful."--The New York Times Book Review For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life--until the unthinkable happens. *Where the Crawdads Sing* is at once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder. Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's *The Great American Read* Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

"In his searing, honest, and ultimately inspiring memoir, Jason Kovacs tells the story of growing up with an abusive father, who contracted HIV and ultimately died of AIDS when Jason was a teenager"--
