Fortunately, they have one thing in common, even if they don't agree on what to do about it . . . Dr. Dylan Killough strongly objects to his father's upcoming marriage. He'll do almost anything to sabotage the engagement, and he needs Ella's help. But despite her own feelings, Ella is determined to throw the perfect party and give her mother the wedding of her dreams. The Story of Us Humans explains human nature and human history, including the origins of our species, emotions, behavior,

morals, and society. It explains what we are, how we got here, and where we are today by describing the origin, history, and current ways of our neighborhoods, religion, government, science, technology, and business. Written in plain language, it explains what astronomy, physics, geology, biology, chemistry, anthropology, history, religion, social science, and political science tell us about ourselves. Most everyone feels that human success is measured in terms of healthy and happy children and communities. Human thoughts and actions involve little besides love and children, spouse and family, community and justice because we are parenting mammals and social primates. Each of us simply wants to laugh and joke with our family and friends, pursue life, raise children and strive to be a valued and contributing member of our community. We have made incredible progress building civilization in just a few hundred generations using nothing except our animal minds. Have you wondered: What are the laws of nature and how many laws are there? How did molecular life begin and then evolve into worms fish, amphibians, reptiles, mammals, primates, and humans? What are the differences between these animals? How did we get from the Big Bang to bacteria and on to Christianity, democracy, and globalization? What is life like for gatherer-hunters? When did we first become farmers and first build cities, and what was life like at those times? What was life like in Ancient Mesopotamia, Ancient Athens, 13th-century Cahokia, Medieval China and Europe, 19th-Century New England, Yoruban villages, and in the U.S. during the 1920s? What was the Industrial Revolution and how has it changed our lives? What are the Hindu, Muslim, Confucian, Jewish, Christian, Buddhist, and Humanist religions and world views? How have our wages, infant mortality rates, lifespans, crime rates, and poverty and inequality rates varied through the ages? What are the biggest economic and social secrets in the U.S. today? What are some meaningful goals and priorities for our civilization and how can we measure the success of our attempts to reach those goals? As a woman used to traveling and living the high life in Bangkok, Leanne Shirliffe recognized the constant fodder for humor while pregnant with twins in Asia's sin city. But in spite of deep-fried bug cuisine and nurses who cover newborn bassinets with plastic wrap, Shirliffe manages to keep her babies alive for a year with help from a Coca-Cola deliveryman, several waitresses, and a bra factory. Then she and her husband return home to the isolation of North American suburbia. In Don't Lick the Minivan, Shirliffe captures the bizarre aspects of parenting in her edgy, honest voice. She explores the hazards of everyday life with children such as: The birthday party where neighborhood kids took home skin rashes from the second-hand face paint she applied. The time she discovered her twins carving their names into her minivan's paint with rocks. The funeral she officiated for "Stripper Barbie." The horror of glitter. And much more! A delayed encounter with postpartum depression helps Shirliffe to realize that even if she can't teach her kids how to tie their shoelaces, she's a good enough mom. At least good enough to start saving for her twins' therapy fund. And possibly her own. Crisply written, Don't Lick the Minivan will have parents laughing out loud and nodding in agreement. Shirliffe's memoir might not replace a therapist, but it is a lot cheaper.

Why does an elected official after twenty-three years of active involvement as both a Village Trustee and Mayor want to write a book about his years in office? Shouldn't he rest on his laurels and not seek to create more problems by his retirement? Maybe it's ego. Maybe it's a way of leaving to his family a history of the village that he loved and served. Jackals Wedding, my story within a family story set in India, the land of my birth, tells of a past of puzzling opposites. "Tigers, and oil, and tea are all I remember," I once blithely answered an Indian professor who'd taken me for a whirl. When he stopped dead, held me at arms length and searched my eyes, I had to think twice about the superficial untruth I'd blurted. There were many parts of my early life I'd locked away in the dark, just like my mother, and my grandmother before her. The good things that surfaced were idealized, airbrushed into scenes worthy of Kipling, or The Little Princess. I knew the romantic version, but what was the truth? What had really happened during those years in India? How had my mother and father become ensnared in a storm and sun relationship, a "jackals wedding," with my sister and me dragged along unwittingly? How had the exigencies of wartime prevented them from dealing with their own blow-ups? What was the big taboo within our family? Why so many secrets locked away, as my mother's heart had seemed locked to me? I was hungry to know the truth, so I began to dig down to the beginning through my first memories that are entwined with the unrest of the times. With a stroke of serendipity, my husband convinced me I must return to India, the land of my birth, and my childhood home in Dehra Dun. During this trip together, time spans were erased. People stepped forward to help. Images and voices and feelings came flooding back, and I was ready to examine them as I'd examined the belongings that had traveled half the world in battered leather cases. Brought to light, the joys of my childhood flashed vivid and fragile as glass bangles. Fears that had lurked large as nightmare lions and scary as snakes dissolved like thunderheads shrinking and fading into a quiet sky. In Jackals Wedding, the stories of the child I was and the woman I've become are braided with my mother's story and the stories she told. Many times during the writing, it seemed she was back, whispering in my ear what she wasn't able to tell, in life. I am still searching for my father.

Anna is excited to be the flower girl at her aunt's wedding, but that morning she wakes up and ... achoo! "Don't sneeze at the wedding!" everyone warns her, but will their remedies work?

Seventeen weddings. Six months. Only the strong survive. Joy Silverman and her boyfriend, Gabriel Winslow, seem perfect for each other. Living together in New York City, they have everything they want and everything in common--most important, that neither one wants to get married. Ever. But when Joy finds herself obligated to attend seventeen weddings in six months (including those of her father, mother, younger brother, and five of her closest girlfriends), the couple is forced to take a new look at why they're so opposed to marriage when the rest of the world can't wait to walk down the aisle. As the season heats up and the pressure mounts, Joy must confront what it means -- and what it costs -- to be true to one's self. A witty, wicked comedy of manners in the satirical tradition of Jane Austen and Evelyn Waugh, *Wedding Season* is an intelligent, laugh-out-loud funny examination of friendship, faith, integrity, and the ideas and institutions that bind us together, shape our lives, and define who we are. "If Jane Austen and Candace Bushnell were to meet for a long drink in a downtown bar, the delightful result might be a contemporary comedy of manners with a decidedly old-fashioned feel. Darcy Cosper has given us just that: a sweet and sharply funny concoction that will have bridesmaids everywhere nodding their heads in recognition." -- Dani Shapiro, author of *Family History*

"Wonderful....*Wedding Season* is social comedy on a grand scale. A hilarious and urbane primer on getting hitched-or not-in the twenty-first century." -- Gary Shteyngart, author of *The Russian Debutante's Handbook*

"Dance like nobody gives a crap. Drink like you don't have a family to go home to. Love because what else is the point."

So says one of the characters in Lara Williams' extraordinary debut story collection. *Treats* is a break-up album of tales covering relationships, the tyranny of choice, and self navigation. This fresh, beguiling new voice paints a portrait of contemporary adulthood, balancing wry humour with a pervading sense of alienation in the digital era. Williams' characters struggle with how to negotiate intimacy within relationships and isolation when single, the pitfalls and indignities of dating, dragged down by dissatisfaction. Meanwhile the dilemmas of life play out, including abortion, depression, extra-marital affairs, infatuation, new baby anxiety, bereavement, hair loss, sexual ethics, cats, and taxidermy. Praise for *Treats*: 'What a wonderful collection. Very smart and VERY funny. A stunning mix of measured wisdom and raw emotion. There's also a real sense that these stories - beautiful in their own right - belong together. I loved the connection between them, and the way ideas were subtle and steadily developed from beginning to end.'

Emma Jane Unsworth, author of *Animals* 'Maybe you meet someone. Maybe you fall in love. Maybe you break up. Maybe someone writes a book about your life. This is that book. Brilliant stories; awesome debut.'

Nicholas Royle, editor of *Best British Short Stories 2015* 'Funny and witty and sad and painfully self-aware.'

Chris Killen, author of *The Bird Room* and *In Real Life* '[*Treats*] is described as a break-up album of tales covering relationships and their aftermath. So far, so Adele - but if the inescapable singer is the beige paint on a crumbling wall, this is more akin to sniffing that paint and seeing every colour in the rainbow.'

The *Skinny* 'Each of these stories blows like a bracing wind - brilliantly written, devastating in parts but an acuity, a sense of the smallness and frailty of human relationships. Stories that make you seek shelter out of their keen urbane gaze.'

Helen McClory, author of *On The Edges of Vision*
