Best of Gustave Doré Volume 1 Mark Bussler, 2020-11-06 More than 400 restored and enhanced illustrations from the mind of Gustave Doré celebrate the legacy of one of history's greatest artists. Known for his highly detailed wood engravings and gifted sense of composition, Gustave Doré was one of the premier illustrators from the 19th century whose visual style was years ahead of his time. For the first time, a beautifully curated collection of some of his best work from eight influential books is available in one volume. Best of Gustave Doré includes images from: - Dante's Inferno - Milton's Paradise Lost - The History of Don Quixote - Doré's London: A Pilgrimage - Les Contes Drolatiques - Dante's Purgatory and Paradise - Doré's Bible Gallery - Adventures Du Baron De Münchhausen Page after page of Doré illustrations shows why this prolific French prodigy may be history's most versatile artist with an unequaled range and unrestrained ability to convey hope, tragedy, passion, and agony, all with a delightfully macabre sense of humor. Best of Gustave Dore Volume 1 contains some of his biggest, mind-bending pieces in addition to enlarged, re-scanned images of smaller cartoons and sketches from the

background details of books like Doré's London and Les Contes Drolatiques. New and old fans alike will find themselves immersed for days soaking in every detail and subtle nuance from his myriad array of masterpieces. - 8 1/2 x 11 printing - Crisp digitally re-scanned and enhanced images - More than 400 illustrations - Display quality cover design - Introduction by Mark Bussler, creator of Dante's Inferno: The Coloring Book and Magnum Skywolf Born in France in 1832, Doré was considered an artistic genius at an early age who embarked on a lifetime career as a cartoonist, illustrator, painter, sculptor, and caricaturist. Wood engravings became his specialty, and he is widely known today for his illustrations in popular books such as Dante's Inferno, Milton's Paradise Lost, and Doré's London: A Pilgrimage. What makes Doré's artwork unique is his range of talent beyond his skill as a technical illustrator. His mastery of human anatomy and background details is rivaled only by his own abilities to shift subject matters, effortlessly, from angst and pain to comic hilarity. His chilling artwork for Dante's Inferno evokes endless, eternal suffering while his quirky, lighthearted drawings for Les Contes Drolatiques show his good sense of humor and gifted cartooning skills. About the Writer: Mark Bussler is the founder of CGR Publishing, lead-restoration artist, and cover designer. He has written and illustrated more than 100 books, including Dante's Inferno: The Coloring Book, The Ultra Massive Video Game guidebook series, Magnum Skywolf, Ethel the Cyborg Ninja, Robot Kitten Factory, 1939 New York World's Fair: The World of Tomorrow in Photographs and the science fiction space manga, Omega Ronin (2021.) Bussler directed the films Expo: Magic of the White City narrated by Gene Wilder, Westinghouse, and the long-running Classic Game Room Internet show. About the Publisher: The CGR Publishing Restoration Workshop uses a vast array of computers and digital scanners to restore, preserve, and enhance the classic works of writers and artists from the 19th century. Gustave Doré Masterpieces of Art Dan Malan, 2019-06-24 An artist who worked across many media, the multi-skilled Gustave Doré remains unequalled as a supremely talented illustrator, whose detailed and imaginative engravings for major works of literature - from Cervantes's Don Quixote to Dante's Divine Comedy, and even the Bible - have hugely influenced the way we see many cultural and literary characters and still inspire today (David Beckham has a tattoo on his chest of Doré's The Agony in the Garden). This sumptuous new introduction to the artist focuses on these illustrations, first introducing you to his life, work and the rich seam of illustration history that he continued and ignited, from Blake and Fuseli to today's newspaper comics, before presenting a carefully curated thematic selection of his finest and most important engravings. From his vision of Jacob Wrestling with the Angel to Crossing the River Styx, the work of this most prodigious

and much borrowed-from artist is represented in glorious full-page reproductions.

Worlds of Enchantment Maxfield Parrish,Jeff A. Menges,2010-02-18 Maxfield Parrish enjoyed tremendous popularity throughout the early decades of the twentieth century. Bruce Watson, writing in Smithsonian magazine, deemed Parrish the common man's Rembrandt. It's said that during the Depression, a Parrish illustration was displayed on the walls of one out of every four American homes. The artist's romantic, richly colored images of winsome maidens and faraway places continue to appeal to modern audiences. Selected from hundreds of the artist's images for books, magazines, and calendars, this original collection spotlights Parrish's work from 1897 through the 1920s. Illustrations include art from publications such as Century Magazine, Collier's, and Scribner's. Numerous advertisements include the famed Edison-Mazda Lamp series, along with ads for Jell-O, Ferry's Seeds, and Swift's Premium Ham. A wide selection of book illustrations comprises scenes from The Arabian Nights, Eugene Field's Poems of Childhood, Louise Saunders' The Knave of Hearts, Nathaniel Hawthorne's Tanglewood Tales, and other treasured works

The Fantastic Gustave Doré Alix Paré,Valérie Sueur-Hermel,2023-05-09 This glorious, authoritative, and unprecedented retrospective of Doré's prints and paintings, drawn from an oeuvre of more than 10,000 works, comes in a spectacularly ornate package that reflects the artist's own dramatic style. If you were a consumer of literature in the nineteenth century, chances are the volumes in your library featured the illustrations of Gustave Doré. From the Bible to Shakespeare, Balzac to Milton, Cervantes to Poe, Doré's intricate, romantic, and exuberant drawings brought great works to life, and were as treasured as the stories and poetry they depicted. Furthermore, as this magnificent book reveals, he was also a skilled sculptor, painter, and cartoonist. This book spans Doré's entire career, with chapters dedicated to specific works such as The Divine Comedy, Don Quixote, Tennyson's Idylls of the King, and medieval fairy tales—each featuring exquisite full-page reproductions that allow Doré's genius for line, shading, and texture to shine through. The authors also provide a background on the techniques that Doré employed to achieve his exquisite works. Fans of Doré will appreciate this volume's spectacular production, which features quarter binding, gold foil stamping, embossing on the cover and spine, a belly band, and silkscreen printing on three edges. Filled with incisive analysis and expert historical perspectives, this book is the consummate collector's item—a volume as expansive and sensational as the artist himself.

Paradise Lost and Renaissance Art Caroline Middleton DeCamp,1949

The Illustrations of Gustave Dore for the Divine Comedy Gustave Dore,2015-03-23 The hundred and thirty-six

illustrations of this book in large format have been originally done for the French and American editions of the Divine Comedy, between the years 1857 and 1868. That is to say: the portrait of Dante Alighieri (page 1); 75 illustrations for the Inferno; 42 for the Purgatorio; and 18 for the Paradiso. In the American version, the English translation of the famous poem of Dante was the first ever done in this tongue, by Rev. Henry Francis Cary. This edition presents these plates in their original order, of course: Inferno (Hell), Purgatorio (Purgatory) and Paradiso (Heaven). However, we added three more illustrations to illustrate the introduction pages of each of these three parts, beautifully drawn by famous Irish artist Phoebe Anna Traquair in 1890. To each of the Doré's illustrations, we added the numbers of the cantos and of the verses they are supposed to illustrate. Thus, you will easily establish the correct correspondence between each and every picture and any original Italian version or English translation of the Divine Comedy. We also added to them the same corresponding excerpts of their cantos you could find in any original American version of the book (in two vol.: 1. Inferno [1861]; 2. Purgatorio and Paradiso [1868])-inasmuch as the verses of your version of this book are numbered, of course. To those who are already familiar with the pictures Gustave Doré drew for the Divine Comedy: we scanned ours from original printings before we carefully restored them and cleaned small scratches and various printing imperfections visible on any original copies. We also reviewed their contrasts (real black inking instead of gray) so as to reconstitute their depths often lost due to insufficient inking during the printing process of the 19th century. That's why and how they seem to be of a higher quality than in any original printing.

The History of Gardens in Painting Nils Büttner, 2008-09-23 This book by Nils Buttner traces the history of gardens, as seen through the eyes of artists, over the course of 2,000 years. The focus of this book is not gardens themselves or

different concepts of the garden, but rather the representation of gardens in art. In this study the author explains why pictures of gardens are a mirror of the social, historical, and aesthetic context in which gardens were conceived. He also examines how artists paint gardens by presenting some 185 beautifully reproduced pictures, including full views and details of both well-heralded and little-known masterpieces. The wide-ranging coverage includes late-medieval devotional pictures featuring Madonnas in idyllic gardens, Botticelli's masterwork *La Primavera*, an allegory of love, set in a grove of orange trees, that was created for a bridal chamber; sixteenth-century views of well-known historic gardens, like those of the Vatican, which were in demand because of a new interest in geography and topography; realistic depictions of nature, without any attempt to beautify it, by Courbet and other so-called naturalists'; painters' gardens, like Monet's Giverny; and representations of modern gardens, like David Hockney's *Red Pots in the Garden*, which are extremely varied in style and reflect the artist's subjectivity. In sum, the carefully chosen paintings in this book represent a progression of developments in art history and foster a deep appreciation for actual gardens as well as paintings of them.--BOOK JACKET.

Hendrik Petrus Berlage Hendrik Petrus Berlage,1996-01-01 Hendrik Petrus Berlage, the Dutch architect and architectural philosopher, created a series of buildings and a body of writings from 1886 to 1909 that were among the first efforts to probe the problems and possibilities of modernism. Although his Amsterdam Stock Exchange, with its rational mastery of materials and space, has long been celebrated for its seminal influence on the architecture of the 20th century, Berlage's writings are highlighted here. Bringing together Berlage's most important texts, among them *Thoughts on Style in Architecture*, *Architecture's Place in Modern Aesthetics*, and *Art and Society*, this volume presents a chapter in the history of European modernism. In his introduction, Iain Boyd Whyte demonstrates that the substantial contribution of Berlage's designs to modern architecture cannot be fully appreciated without an understanding of the aesthetic principles first laid out in his writings.
