Play is the child's way of learning about, adapting to and integrating with his or her environment. In addition to adequate sports and recreation facilities children need a wide variety of opportunities, choices and raw materials that they can use as they see fit for free constructive creative play. Originally published in 1980, these essays, drawn from papers given at the International Playgrounds Association's Seventh World Congress, focus on the social significance of play. However, both the Association and the book itself are not solely concerned with 'playgrounds' in the formal sense; rather, they are concerned with the wide range of play environments that are – or should be – available to children. It is recognised that play opportunities can exist for the child in and around the home (playrooms, backyards), the school and public park (traditional, adventure and creative playgrounds), the institution (day-care centres, hospitals), and the city qua city (the streets and shopping centres). This work is concerned with all these environments, considering the developmental aspects of play in a social context. The varied contributions from researchers and play leaders from several countries, consider such topics as the importance of play, development through play, leadership training and special groups.

The first full-length study of Badal Sircar, who brought theatre to the streets and to the masses in India! Badal Sircar (1925-2011) is one of the most important and influential figures in the history of post-independence Indian theatre. As a playwright, he

contributed seminal texts which have inspired the country's leading directors and continue to be produced by younger groups. In terms of form, he was responsible for Third (later called Free) Theatre, an urban theatre which was alternative, non-proscenium, mobile and very physical. As a theorist and philosopher of Indian theatre, he opened up the discourse to include concerns with democratic human interaction and a search for a more just and equitable society. As a teacher and mentor, he traveled widely across the country holding workshops which had a deep impact on hundreds of theatre workers, including some major directors. This book is a full-length, detailed study of Badal Sircar's life and work, with its three distinct phases: the playwriting for the proscenium stage, with path-breaking texts like *Evam Indrajit*, *Pagla Ghoda* and *Baki Itihas*; the departure to non-proscenium physical theatre focused on the actor, with its social critique and commitment to conscientisation; and the dissemination phase of extensive workshops and mentoring.

Based on oral history, fiction, fascinating intellectual gossip, and records of the Coffee Board of India, this study is a multi-sited ethnography of the Indian Coffee House, possibly the world's first coffee house chain. It offers a critical analysis of *adda* (informal meetings) of the educated middle class in Allahabad, Calcutta and Delhi. The coffee house became the new socio-intellectual nerve centre, replacing the neighbourhood tea shops, and creating an entirely different social space. This book will have line drawings and cartoons as well as archival photographs.

Shaukat Kaifi's writing details life in a communist commune, a long career in theatre and film and a life spent bringing up her two children, cinematographer Baba Azmi and actor Shabana Azmi. Nasreen Rehman's deft and fluent translation brings this luminous memoir alive with warmth and empathy. "To say that this is a lovely book would be an understatement. It is an enchanting recollection of the life of a hugely talented and sensitive human being, shared with a great poet." -- Amartya Sen. Published by Zubaan.

After Independence, in 1947, in their efforts to create an 'Indian' theatre that was different from the Westernized, colonial theatre, Indian theatre practitioners began returning to their 'roots' in classical dance, religious ritual, martial arts, popular entertainment and aesthetic theory. The Theatre of Roots - as this movement was known - was the first conscious effort at creating a body of work for urban audiences combining modern European theatre with traditional Indian performance while maintaining its distinction from both. By addressing the politics of aesthetics and by challenging the visual practices, performer/spectator relationships, dramaturgical structures and aesthetic goals of colonial performance, the movement offered a strategy for reassessing colonial ideology and culture and for articulating and defining a newly emerging 'India'. Theatre of Roots presents an in-depth analysis of this movement: its innovations, theories, goals, accomplishments, problems and legacies.

In this novel the author draws back the curtains on a deeply felt and ongoing tradition. Through the eyes of the main character, Geeta, she goes behind the scenes into a way of life that has long been shrouded in mystery. Unable to escape from the conservative customs that now define her life, she struggles to hold on to the modern values she has grown to cherish. Can she discover new meaning and dignity in what at first seems to her a strange and stultifying existence?

This book examines Shyam Benegal's films and alternative image(s) of India in his cinema, and traces the trajectory of changing aesthetics of his cinema in the post-liberalisation era. The book engages with the challenges faced by India as a nation-state in post-colonial times. Looking at hybrid and complex narratives of films like Manthan, Junoon, Kalyug, Charandas Chor, Sooraj Ka Satvaan Ghoda, Zubeidaa and Well Done Abba , among others, it analyses how these stories and characters, adapted and derived from mythology, folk-tales, historical fiction and novels, are rooted in the socio-political contexts of modern India. The author explores diverse themes in Benegal's cinema such as the loss of home and identity, women's sexuality, and the status of dalits and Muslims in India. He also focuses on how the filmmaker expertly weaves history with myth, culture, and contemporary politics and discusses the debate around the interpretive value of film adaptations, adaptation of history and the representations of marginalised communities and liminal spaces. The book will be useful for students and researchers of film studies, cultural studies, and the humanities. It will also interest readers of Indian cinema and the social and cultural history of India.

One film out of every five made anywhere on earth comes from India. From its beginnings under colonial rule through to the heights of Bollywood , Indian Cinema has challenged social injustices such as caste, the oppression of Indian women, religious intolerance, rural poverty, and the pressures of life in the burgeoning cities. And yet, the Indian movie industry makes only about five percent of Hollywood's annual revenue. In this Very Short Introduction Ashish Rajadhyaksha delves into the political, social, and economic factors which, over time, have shaped Indian Cinema into a fascinating counterculture. Covering everything from silent cinema through to the digital era, Rajadhyaksha examines how the industry reflects the complexity and variety of Indian society through the dramatic changes of the 20th century, and into the beginnings of the 21st. In this unusual book, Satyajit Ray, the internationally renowned filmmaker, is seen on the sets and at home through the lens of contemporary film director Shyam Benegal. In conversation with a fellow artist for whom he has considerable respect, Ray opens up in a manner rarely seen, reminiscing about his childhood and growing years, discussing his oeuvre, responding to questions on his craft and exploring memories immortalized in his films. The result is a discovery of the private person as much as a look at his work a close up of a major figure in world cinema. Conceived around Shyam Benegal's two-hour long film on Satyajit Ray, this volume brings together the script of the film, selections from Benegal's extensive interviews with Ray, and a rare selection of visual material documenting Ray as designer, illustrator, film director and scriptwriter.

Autobiography of a politician.

These lively, humorous plays use witty, tongue-in-cheek comedy to communicate social ideas and messages with a contemporary relevance. In *Beyond the Land of Hattamala*, Kena and Becha, two likeable thieves, jump into a river to escape being caught and get washed up on the shores of a never-never land where buying and selling are alien concepts since everyone works unitedly and everything belongs to the entire community, to be used and consumed as needed. Several hilarious misadventures follow as the pair adjusts to the situation. In *Scandal in Fairyland* a street-smart newspaper boy vends the *Daily Fairy Green* which carries fresh news of the heroic prince Thunderbolt who is a champion at beheading ogres which threaten kingdoms. As the action unfolds we discover wheels within wheels, double-dealing and behind-the-scenes fixing. It all however ends happily in true fairytale fashion.

This title argues that any exploration of the social uses to which cinema is put in a place like India can only make sense if it transforms our understanding of cinema itself.

*India, Pakistan and the Secret Jihad* explores the history of jihadist violence in Kashmir, and argues that the violent conflict which exploded after 1990 was not a historical discontinuity, but, rather, an escalation of what was by then a five-decade old secret war. Praveen Swami addresses three key issues: the history of jihadist violence in Jammu and Kashmir, which is examined as it evolved from 1947-48 onwards the impact of the secret jihad on Indian policy-making on Jammu and Kashmir, and its influence on political life within the state why the jihad in Jammu and Kashmir acquired such intensity in 1990. This new work will be of much interest to students of the India-Pakistan conflict, South Asian politics and security studies in general.

Autobiography of an Indian actress.

Impudent and irresistible, Charandas is a thief with a difference. Having vowed never to lie, he manages to keep his word while robbing the rich blind. A typical folk hero, street-smart and savvy, he runs rings around the forces of law and order till he comes up against one wall he cannot scale his own commitment to the truth. And the unexpected twist at the end of this heartwarming comedy lifts the play onto another plane. This play by veteran playwright/director Habib Tanvir, performed by Naya Theatre's Chhattisgarhi folk artists, is a contemporary Indian classic. When it was first staged in 1975, it made a tremendous impact. Folk actors on the contemporary stage, vibrant and self-confident, speaking their own dialect and performing their own material, albeit under the guiding hand of a master director, was a novel experiment in Indian theatre. Moreover, it was an experiment that worked, and that opened up a new direction in theatre practice. Twenty years later, Charandas Chor is still popular. It has been performed all over India, and at many forums and festivals abroad, winning the top award at the prestigious Edinburgh Fringe Festival in 1982. This volume contains, along with the translated playscript, an introduction to Habib Tanvir's work in theatre by theatre scholar and critic Javed Malick and a long interview with the playwright/director in which he discusses the milestones in his long career. Anjum Katyal, the translator, is an editor and writer who lives and works in Calcutta.

Anjum Katyal's work is the first comprehensive study on the life and contribution of Habib Tanvir to Indian theatre history. A playwright, director, actor, journalist and critic, Tanvir is perhaps best known for the play Charandas Chor. However, his real significance in the history of post-Independence Indian theatre is that he signposted an important path for the development of modern theatre. His productions with Naya Theatre using Chhattisgarhi folk actors established how one could do modern theatre integrated with age-old-yet equally contemporary-folk culture on a basis of equality. Habib Tanvir: Towards an Inclusive Theatre explores various important aspects of Tanvir's theatre philosophy and practice as he experimented with both content and form. Starting with his early life and work, Katyal charts his professional trajectory from Agra Bazaar to Gaon Ka Naam Sasural, when he was searching for his true form, to Charandas Chor, which portrayed the eventual maturing of his style, and beyond, to cover his entire oeuvre.
