

## Oxford English Dictionary For Advanced Learners

Offers definitions for English words and phrases, along with observations about the evolution of the dictionary since its first edition and tables that contain information for such topics as countries and chemical elements.

The standard dictionary of the English language micrographically printed in one volume

An essential point of reference for anyone wanting to widen their vocabulary, this dictionary offers more than 140,000 alternative and opposite words as well as thousands of real examples of usage from the Oxford English Corpus to help you find the word you need quickly and easily.

This is a reissue of the ninth edition of the world's longest-established and best-selling pocket English dictionary. It is one of the new generation Oxford dictionaries derived from the database of the highly-acclaimed New Oxford Dictionary of English and is particularly user friendly with its elegant open design, with different elements starting on new lines. It offers excellent coverage of English as an international language, the defining style is straightforward and non-technical, and thousands of examples illustrate idiomatic usage. All irregular noun, verb, and adjectival inflections are spelled out in full, while guidance on grammar and good usage is provided by in-text notes. Additional features include Wordbuilder boxes giving information on related words and thematic tables on subjects such as countries, chemical elements, and nationalities. This title replaces ISBN: 0-19-861334-2.

This title presents an in-depth treatment of over 22,000 words, phrases and meanings. Informed by the 85-million-word Oxford Corpus of academic English, which includes a broad range of textbooks and academic journals from 26 different disciplines within the subject areas of humanities, social sciences, life sciences and physical sciences. Corpus-based examples show words in genuine academic contexts and help students use words correctly.

"Based on the New Oxford dictionary of English"--Preface.

Three senior editors at the Oxford English Dictionary examine Tolkien's career as a lexicographer who spent two years on the staff of the OED, analyze its influence on his creative use of language in his fictional works, and probe the origins and meaning of such Tolkienesque words as "hobbit," "Ent," and "mithril."

This fully updated edition offers over 120,000 words, phrases, and definitions. It covers all the words you need for everyday use, carefully selected from the evidence of the Oxford English Corpus, a databank of 21st century English, containing over 2 billion words. The Factfinder centre section gives quick-reference entries on topics including famous people, countries, and science. Includes 3 months' access to Oxford Dictionaries Pro at [oxforddictionaries.com](http://oxforddictionaries.com).

Excerpt: Oxford University Press (OUP) is the largest university press in the world. It is a department of the University of Oxford and is governed by a group of 15 academics appointed by the Vice-Chancellor known as the Delegates of the Press. They are headed by the Secretary to the Delegates, who serves as OUP's chief executive and as its major representative on other university bodies. Oxford University has used a similar system to oversee the Press since the 17th century. The university became involved in the print trade around 1480, and grew into a major printer of Bibles, prayer books, and scholarly works. Its Press took on the project that became the Oxford English Dictionary in the late 19th century, and expanded to meet the ever-rising costs of the work. As a result, the last hundred years has seen Oxford publish children's books, school text...

The fourth edition of the Oxford Russian Dictionary is an invaluable text for any serious student of Russian, or any Russian native speaker learning English. This edition also contains many enhancements, including new supplementary material with a correspondence section, grammar help, and extra sections on the pronunciation of Russian and English. The text has also been updated with hundreds of new words - in both the English and Russian sides of the dictionary - especially important given changes in language and culture over the last few years. These new words mean that the Oxford Russian Dictionary continues to be the leader in its field as the most comprehensive, up-to-date Russian dictionary available. The dictionary is also more accessible for Russian speakers, with the addition of contextualizations on the Russian-English side to help users select the most appropriate translation. There is an extensive guide to English grammar, written in Russian, and the Russian native speaker who wishes to use or understand American English is well catered for. This dictionary includes 12 months' access\* to Oxford's premium Russian / English online dictionary service, Oxford Language Dictionaries Online, so you can find accurate translations and extra resources wherever you are. The site is regularly updated with the latest new words and meanings from Oxford's modern languages research programme, the Oxford Languages Tracker. You can also hear audio pronunciations and improve your language skills with online cultural notes, guides to writing, and much more.\*Terms and conditions apply; please see [www.oxforddictionaries.com/access](http://www.oxforddictionaries.com/access) for information.

This book tells the history of the Oxford English Dictionary from its beginnings in the middle of the nineteenth century to the present. The author, uniquely among historians of the OED, is also a practising lexicographer with nearly thirty years' experience of working on the Dictionary. He has drawn on a wide range of sources-including previously unexamined archival material and eyewitness testimony-to create a detailed history of the project. The book explores the cultural background from which the idea of a comprehensive historical dictionary of English emerged, the lengthy struggles to bring this concept to fruition, and the development of the book from the appearance of the first printed fascicle in 1884 to the launching of the Dictionary as an online database in 2000 and beyond. It also examines the evolution of the lexicographers' working methods, and provides much information about the people-many of them remarkable individuals-who have contributed to the project over the last century and a half.

Oxford Advanced Learner's Dictionary 10th edition builds English vocabulary better than ever before and leads the way to more confident, successful communication in English. The Oxford Advanced Learner's Dictionary is the world's bestselling advanced level dictionary for learners of English. Comprehensive coverage of current English in a compact paperback edition with colour design, together with a special section, specifically tailored to the needs of students, offering advice on essays and dissertations, research, and note-taking, and help with basic English grammar.

This new, up-to-date dictionary gives you all the help and information you need to do business in English. It explains more than 30,000 words, phrases and meanings in language you can understand, with examples so you use the words correctly. It shows you the 1,000 most important words you need to learn.

The purpose of this book English, like all languages, is full of problems for the foreign learner. Some of these points are easy to explain - for instance, the formation of questions, the difference between since and for, the meaning of after all. Other problems are more tricky, and cause difficulty even for advanced students and teachers. How exactly is the present perfect used? When do we use past tenses to be polite? What are the differences between at, on and in with expressions of place? We can say a chair leg - why not \* a cat leg? When can we use the expression do so? When is the used with superlatives? Is unless the same as if not? What are the differences between come and go, between each and every, between big, large and great, between fairly, quite, rather and pretty? Is it correct to say There's three more bottles in the fridge? How do you actually say  $3 \times 4 = 12$ ? And so on, and so on. Practical English Usage is a guide to problems of this kind. It deals with over 600 points which regularly cause difficulty to foreign students of English. It will be useful, for example, to a learner who is not sure how to use a particular structure, or who has made a mistake and wants to find out

why it is wrong. It will also be helpful to a teacher who is looking for a clear explanation of a difficult language point. There is very full coverage of grammar, as well as explanations of a large number of common vocabulary problems. There are also some entries designed to clarify more general questions (e.g. formality, slang, the nature of standard English and dialects) which students and teachers may find themselves concerned with.

A supplement to the "American National Biography" that offers approximately 500 biographical entries. This edition recounts the tales of the different people who shaped America-leaders, composers, entertainers, entrepreneurs, writers, scientists, and outlaws. The entries bring forth a narrative of America's past.

The Oxford Learner's Dictionary of Academic English helps students learn the words and phrases used in academic writing, and how to use them in their own academic written work. With Oxford Academic iWriter on CD-ROM.
