Many women find it easy to pray for the concerns and well-being of others. But when it comes to praying for themselves, they may wonder, Should I pray for my own needs? Are any prayers too big or too small? Are my prayers effective? Are they selfish? Does praying really make a difference? Praying God's Word for Your Life gives women the direction and Scripture they need to bring purpose and power to their prayers. The simple strategies Kathi Lipp shares will create in women the habit of praying with renewed boldness, consistency, and expectation. And Kathi's warm, approachable style will make praying Scripture accessible to new believers and lifelong Christians alike.

Prayer is communication with God, its essentially the time we spend consciously in the presence of God, desiring to know and love Him more. Prayer is a duet between you and God. It is a petition, or adoration, or contrition, or thanksgiving. Prayer is also the opening of one's heart and soul in a conversation with God. Pray continually (See 1Thessalonians 5:17). From the beginning of time the devil has tried and is still fighting the body of Christ to drift them away from Gods presence through his lies and deceptive ways. That's why as children of God we need to be alert to the ways of God and abide daily with him and he will hide us under the shadow of his wings and protect us from the hidden tactics of the enemy. As a body of Christ we are living in a season and a time when the church and the nations are being attacked on every side. That's why Psalms 91 is very vital in a life of every believer. Come hell or high water we as believers are to dwell in the secret place of the most high and be still under the shadow of the almighty for he is our refuge and strength. Perspectives on Christian Worship presents in counterpoint form five basic common beliefs on Christian worship that have developed over the course of church history with a view toward determining which is most faithful to Scripture. Each chapter is written by a prominent person within each tradition, and each writer has the opportunity to respond to each differing view.

Deborah K. Segraves is a new and upcoming writer. She wrote these poems over a period of five years. They were inspired by God's word (the Bible) and the Holy Spirit. They are "mini" teachings, intended to help, encourage, bless, exhort,

A collection of quotes, reminiscences and ponderings by numerous people raised in a broad assortment of Plymouth Brethren (So-called) groups, all the way from gospel chapels on the one hand, to the cultish right-wing end of the movement, seen in groups like the Raven-Taylor-Hales Exclusives. Intended to spark thoughts and feelings. Hymns and the music the church sings are tangible means of expressing worship. And while worship is one of, if not the, central functions of the church along with mission, service, education, justice, and compassion, and occupies a prime focus of our churches, a renewed sense of awareness to our theological presuppositions and cultural cues must be maintained to ensure a proper focus in worship. Hymns and Hymnody: Historical and Theological Introductions is a 60-chapter, three-volume introductory textbook describing the most influential hymnists, liturgists, and musical movements of the church. This academically grounded resource evaluates both the historical and theological perspectives of the major hymnists and composers that have impacted the church over the course of twenty centuries. Volume 1 explores the early church and concludes with the Renaissance era hymnists. Volume 2 begins with the Reformation and extends to the eighteenth-century hymnists and liturgists. Volume 3 engages nineteenth century hymnists to the contemporary movements of the twenty-

first century. Each chapter contains these five elements: historical background, theological perspectives communicated in their hymns/compositions, contribution to liturgy and worship, notable hymns, and bibliography. The mission of Hymns and Hymnody is (1) to provide biographical data on influential hymn writers for students and interested laypeople, and (2) to provide a theological analysis of what these composers have communicated in the theology of their hymns. We believe it is vital for those involved in leading the worship of the church to recognize that what they communicate is in fact theology. This latter aspect, we contend, is missing-yet important-in accessible formats for the current literature.
