

Dream Yoga And The Practice Of Natural Light

Tibetan Yoga of Movement introduces the method of Yantra Yoga, a traditional Tibetan form that is one of the oldest recorded systems of yoga in the world. Derived from an eighth-century Tibetan Buddhist text, Yantra Yoga includes many positions similar to those of Hatha Yoga in form, but different in the dynamics of the way in which they are practiced, especially in the coordination of movement and breathing. The Yantra Yoga system encompasses 108 sets of movements (yantras) and several types of breathing to be learned at your own pace. Due to its emphasis on uniting breathing and movement, Yantra Yoga can deepen the experience of yoga practitioners from any tradition and profoundly benefit anyone seeking authentic balance, harmony, and the understanding of our true nature. Since the eighth century, this yoga teaching has been passed down from teacher to student in an unbroken lineage. Chögyal Namkhai Norbu, the current lineage holder, began transmitting Yantra Yoga in the West in the 1970s. Presenting detailed instructions accompanied by over 400 instructional photos, the book describes the sequences of movements, methods of breathing, and the concrete health benefits of the practice.

In the Tibetan tradition the ability to dream lucidly is not an end in itself rather it provides an additional context in which one can engage in advanced and effective practices to achieve liberation. Dream yoga is followed by sleep yoga also known as the yoga of clear light. It is a more advanced practice similar to the most secret Tibetan practices. The goal is to remain aware during deep sleep when the gross conceptual mind and the operation of the senses cease. The result of these practices is greater happiness and freedom in both our waking and dreaming states.

We all face death, but how many of us are actually ready for it? Whether our own death or that of a loved one comes first, how prepared are we, spiritually or practically? In *Preparing to Die*, Andrew Holecek presents a wide array of resources to help the reader address this unfinished business. Part One shows how to prepare one's mind and how to help others, before, during, and after death. The author explains how spiritual preparation for death can completely transform our relationship to the end of life, dissolving our fear and helping us to feel open and receptive to letting go in the dying process. Daily meditation practices, the stages of dying and how to work with them, and after-death experiences are all detailed in ways that will be particularly helpful for those with an interest in Tibetan Buddhism and in Tibetan approaches to conscious dying. Part Two addresses the practical issues that surround death. Experts in grief, hospice, the funeral business, and the medical and legal issues of death contribute chapters to prepare the reader for every practical concern, including advance directives, green funerals, the signs of death, warnings about the funeral industry, the stages of grief, and practical care for the dying. Part Three contains heart-advice from twenty of the best-known Tibetan Buddhist masters now teaching in the West. These brief interviews provide words of solace and wisdom to guide the dying and their caregivers during this challenging time. *Preparing to Die* is for anyone interested in learning how to prepare for death from a Buddhist perspective, both spiritually and practically. It is also for those who want to learn how to help someone else who is dying, both during the time of illness and death as well as after death.

Kids love yoga—and it's great for them, so much so that the President's Council has added the practice to the fitness activities in the annual President's Challenge. For parents and caregivers looking for a fun and effective new routine for bedtime, innovative educator Mariam Gates presents *Good Night Yoga*, a playful yet wholly practical book for preparing for sleep. This beautifully illustrated, full-color book tells the story of the natural world as it closes down for the night, while teaching children a simple flow of yoga postures inspired by their favorite characters from nature. Moving from "Sun Breath" to "Cloud Gathering" to "Ladybug & Butterfly" and more, readers learn techniques for self-soothing, relaxing the body and mind, focusing attention, and other skills that will support restful sleep and improve overall confidence and well-being.

A handbook for staying grounded, emotionally connected, and empowered regardless of what's in the headlines and who's in your face. From politics, climate change, and the economy to racism, sexism, and a hundred other kinds of biases—things have never felt so urgent and uncertain. We want to take action, but so many of us struggle with overwhelm and burnout. And on top of it all, we get so many messages telling us to relax, to "let it go" and feel some other way about things. We'd like to think that emotional intelligence and mindfulness will help—but why do these approaches so often fall short in fever-pitch moments? In his warm, funny, streetwise style, Ralph De La Rosa offers tools for coping in contentious times. Full of insights and practices addressing everything from trauma triggers to privilege guilt and the art of saying no, *Don't Tell Me to Relax* brings the welcome news that our thoughts and emotions are not the enemy. Rather, when met skillfully, they can light the way to self-empathy, social understanding, and an activism that has room for both inner and outer work.

We all encounter obstacles on a daily basis—from small inconveniences and nuisances to the really big hardships wreaking havoc with our lives. Sometimes just the small things are enough to set us reeling. Andrew Holecek offers us a progressive path beginning with common, easily understood hardships and moving on to more subtle and challenging ones that commonly arise on our spiritual journeys.

Chogyal Namkhai Norbu examines the spiritual path from the viewpoint of Dzogchen.

In the modern era Sigmund Freud observed that the most common dreams are typically the product of our anxieties and preoccupations. The prevalence of common dreams has spawned mechanistic type theories by contemporary scientists hypothesizing the inconsequentiality of all dreams. In this book I have attempted to balance the slate by consolidating information as to the function and meaning of dreams, and the transcendent possibilities they represent. In contrast to the aforementioned quasi scientific theories, rich Dream Yoga traditions attribute mystical and trans-personal value to some classes of dreams. Tibetan Buddhist Dream Yoga masters, along with teachers from other traditional cultures, recognizes that, while it is true that many dreams are relatively inconsequential in regards to content, some dreams have great significance.

A world-renowned expert in lucid dreaming and Tibetan dream yoga guides us into the tradition's daytime practices, a complement to the nighttime practices taught in his previous book *Dream Yoga*. Most of us are absolutely certain that we're awake here and now—it's a given, right? Yet, according to Tibet's dream yoga tradition, ordinary waking life is no more real than the illusions of our nightly dreams. In his previous book *Dream Yoga*, Andrew Holecek guided us into Tibetan Buddhism's nocturnal path of lucid dreaming and other dimensions of sleeping consciousness. Now, with *Dreams of Light*, he offers us an in-depth, step-by-step guide to its daytime practices. Known as the "illusory form" practices, these teachings include insights, meditations, and actions to help us realize the dreamlike nature of our lives. Through an immersive exploration of the tradition, beginners and seasoned practitioners alike will learn everything they need to deeply transform both their sleeping and waking hours. "If you've struggled to awaken in your dreams," teaches Holecek, "these techniques will often spark spontaneous lucidity during sleep. And if you're already a successful lucid dreamer, they will open you to new depths of experience throughout your day." For those wishing to explore Tibetan Buddhism's profound path for awakening to the true nature of reality—day or night—*Dreams of Light* shows us the way.

Shiva is considered the god of yoga. The Indian tradition of yoga is rich with myth—in fact, many of the yoga poses have accompanying myths. Shiva's Dance is the story of Natarajasana, or

Dancer's Pose. In the children's version of this tale, Shiva arrives at a place deep in a forest to teach a lesson to a group of sages, or rishis. The colorful illustrations dance off the page, and children are sure to be entranced by Shiva's calm resilience while righting the balance of the universe. This famous Dance of Shiva called the Ananda Tandava is a dance that we each perform as we create, maintain, dissolve, reveal, and conceal ourselves during our day-to-day lives. Let's dance!

Clear explanation of the Dzogchen teachings and practices that reawaken and establish us in our true nature. Copyright © Libri GmbH. All rights reserved.

From The Creator/Founder Of 'HowToLucid' & The YouTube Channel 'Lucid Dreaming Experience' With 141K Subscribers Revised version: I've updated this ebook in 2020-2021 to share the most effective and useful lucid dreaming techniques out there. Dream Yoga and the Practice of Natural Light Snow Lion Publications, Incorporated

"In this book, the Dzogchen teaching is presented through one of its most ancient texts, the tantra Kunjed Gyalpo, or "The All-creating King" - a personification of the primordial state of enlightenment. This tantra is the fundamental scripture of the Semde, or "Nature of Mind," tradition of Dzogchen and is the most authoritative source for understanding the Dzogchen view."--BOOK JACKET.

Lucid dreaming—becoming fully conscious in the dream state—has attracted legions of those seeking to explore their vast inner worlds. Yet our states of sleep offer much more than entertainment. Combining modern lucid dreaming principles with the time-tested insights of Tibetan dream yoga makes this astonishing yet elusive experience both easier to access and profoundly life-changing. With Dream Yoga, Andrew Holecek presents a practical guide for meditators, lucid dreamers ready to go deeper, and complete beginners. Topics include: meditations and techniques for dream induction and lucidity, enhancing dream recall, dream interpretation, working with nightmares, and more.

Is there a spiritual dimension to the dream world? Can we receive spiritual guidance from our dreams? How can we tell whether a dream is truly extraordinary or just wishful thinking? Can the dreaming mind lead us to other planes of consciousness and to contact with the Guru within? Swami Radha answers these and other questions, showing how dreams can help us lead more meaningful lives and eventually lead us to mystical realms beyond the imagination. She offers practical exercises and reflections that radically challenge our ideas of reality while opening the door to a vast new inner potential. Topics include: methods of interpretation understanding dream symbols prophetic and warning dreams decision-making dreams nightmares dreams about past lives dreams of spiritual instruction waking dreams dream yoga practices

Lojong is the Tibetan Buddhist practice that involves working with short phrases (called "slogans") as a way of generating bodhichitta, the heart and mind of enlightened compassion. Though the practice is more than a millennium old, it has become popular in the West only in the last twenty years or so—and it has become very popular indeed, because it's a practice that one can fit very well into an ordinary life, and because it works. Through the influence of Pema Chödrön, who was one of the first American Buddhist teachers to teach it extensively, the practice has moved out of its Buddhist context to affect the lives of non-Buddhists too. It's in this spirit that Norman Fischer offers his commentary on the lojong slogans. He applies Zen wisdom to them, showing how well they fit in that related tradition, but he also sets the slogans in the context of resonant practices throughout the spiritual traditions. He shows lojong to be a wonderful method for everyone, including those who aren't otherwise interested in Buddhism, who don't have the time or inclination to meditate, or who'd just like to morph into the kind of person who's focused rather than scattered, generous rather than stingy, and kind rather than thoughtless.

Secret Tibetan methods for working with dream states.

"This highly engaging landmark work, a natural history of exercise--by the author of the best seller The Story of the Human Body--seeks to answer a fundamental question: were you born to run or rest The first three parts of Exercised roughly follow the evolutionary story of human physical activity and inactivity, even as each chapter shatters a particular myth about exercise. Because we cannot understand physical activity without understanding its absence, Part One begins with physical inactivity. What are our bodies doing when we take it easy, including when we sit or sleep? Part Two explores physical activities that require speed, strength, and power, such as sprinting, lifting, and fighting. Part Three surveys physical activities that involve endurance, such as walking, running, or dancing, as well as their effect on aging. Part Four considers how anthropological and evolutionary approaches can help us exercise better in the modern world. How can we more effectively manage to exercise, and in what ways? To what extent, how, and why do different types and durations of exercise help prevent or treat the major diseases that are likely to make us sick and kill us?"--

Lucid dreaming like you've never seen before. The complete alchemical elixir: Transform Lucid Dreaming into Non-dual Dream Yoga Lucid dreaming is an ancient art that has been practiced for over two millennia. However, throughout the eons, the essence of lucid dreaming seems to have been forgotten. Instead of being a path toward self-transcendence, lucid dreaming became the goal-and its biggest treasure was lost. A plague of thoughts and conceptual analysis posing as "genuine knowledge"; an entanglement in old dogmatic traditions and lineages filled with rhetoric that reinforces the ego narrative and sense of separation; or a general lack of an enlightenment-oriented

non-dual perspective-these are common symptoms in many lucid dreaming books and teachings. But this work is not a common lucid dreaming book; it is for those on the path to enlightenment-it elevates this ancient art into its rightful place. What you will find in the book: Rare Lucid Dreaming and Dream Yoga wisdom and insights not found anywhere else. Instructions on how to have and induce a lucid dream. Practices on how to purify and reprogram your subconscious mind through Lucid Dreaming. Learning how to interact with dream characters and archetypal figures and how they can help you in your spiritual path. The knowledge of how to transform nightmares into illuminating dreams. Learning how to perform any type of spiritual practice within the dream state. Teachings on how to elevate the practice of lucid dreaming into non-dual Dream Yoga to realize your true nature (enlightenment). Revealing how to awaken and become lucid in the dream of "real life." The Transcendence of the post-death Bardo state. Unforgettable vivid dreams and the increased chance of experiencing spontaneous lucid dreams, as your mind soaks in this book's wisdom and energy. And much more. More than being just a guide to discover lucid dreaming, this book is a guide to discover and transcend the lucid dreamer-a guide to Self-discovery and Self-realization. Every night you are resuscitated from the darkness of sleep by the light of dreams. Will you continue to neglect this other facet of your existence and sleep through them with ignorance, or will you awaken to the infinite potential that the dream state can bring-an awakening into the eternal state of unfathomable bliss? Only you can decide. The opportunity? It is in your hands, right here, right now.

Discover the New Dimension with Lucid Dreams and Tibetan Yogas of Dream and Sleep! Did you know that dreams and real life are intertwined? Would you like to experience a new dimension in life with lucid dreaming? This book is a must-have for you! The practice of Tibetan Yogas of Dream and Sleep is a powerful tool of awakening, used for hundreds of years by the great masters of the Tibetan traditions. Those who practice Tibetan dream sleep yoga claim that it deepened their awareness of all their experiences - the dreams of the night, the dream-like experience of the day, and even the bardo experiences after death. The main aim of Tibetan yoga is the recognition of the nature of the mind or enlightenment itself. Tibetan yogis believe that looking at our experience in dreams will help us understand how we will fare in death. And, looking at our experiences of sleep will help us discover whether or not we are truly awake. The Tibetan Yogas of Dream and Sleep give you detailed instruction for dream yoga, including foundational practices that can be done during the day. Here's what you can find inside this book: Dreams and real life: Discover how our actions affect dreams and what is the connection between dreams and real life The concept of sleep: Read about the practical teachings of sleep and dreams Practicing sleep yoga: Learn how to make sleep yoga a part of your daily life and take your sleep to the next level And much more! Learn the secrets of Tibetan Yogas of Dream and Sleep and achieve greater happiness and freedom in both your waking and dreaming states. This book presents new directions in contemporary anthropological dream research, surveying recent theorizations of dreaming that are developing both in and outside of anthropology. It incorporates new findings in neuroscience and philosophy of mind while demonstrating that dreams emerge from and comment on sociohistorical and cultural contexts. The chapters are written by prominent anthropologists working at the intersection of culture and consciousness who conduct ethnographic research in a variety of settings around the world, and reflect how dreaming is investigated by a range of informants in ever more diverse sites. As well as theorizing the dream in light of current anthropological and psychological research, the volume accounts for local dream theories and how they are situated within distinct cultural ontologies. It considers dreams as a resource for investigating and understanding cultural change; dreaming as a mode of thinking through, contesting, altering, consolidating, or escaping from identity; and the nature of dream mentation. In proposing new theoretical approaches to dreaming, the editors situate the topic within the recent call for an "anthropology of the night" and illustrate how dreams offer insight into current debates within anthropology's mainstream. This up-to-date book defines a twenty-first century approach to culture and the dream that will be relevant to scholars from anthropology as well as other disciplines such as religious studies, the neurosciences, and psychology.

Guidelines for calm abiding and insight meditation are presented from the dzogchen perspective.

Dreams of Awakening is a thorough and exciting exploration of lucid dreaming theory and practice within both Western and Tibetan Buddhist contexts. It not only explores lucid dreaming practices, but also the innovative new techniques of Mindfulness of Dream and Sleep, the holistic approach to lucidity training which the author co-created. The book is based on over 12 years of personal practice and the hundreds of lucid dreaming workshops which Charlie has taught around the world, in venues as diverse as Buddhist temples and dance-music festivals. Using a three-part structure of Ground, Path and Germination the reader is given a solid grounding in: the history and benefits of lucid dreaming . cutting edge research from dream and sleep scientists.. entering the path of learning to do the practices. prophetic dreams, lucid living, out of body experiences and quantum dreaming. Although Dreams of Awakening presents many different angles on how to make the 30 years we spend asleep more worthwhile, the fundamental aim of the book is to teach people how to lucid dream their way to psychological and spiritual growth. This book is for all those who want to wake up, both in their dreams and waking lives.

Develop a powerful practice of deep relaxation and transformative self-inquiry with this essential guide to yoga nidra, accompanied by downloadable audio meditations. Yoga nidra is a practice devoted to allowing your body and mind to rest while your consciousness remains awake and aware, creating the opportunity for you to tap into a deeper understanding of yourself and your true nature. At its heart, yoga nidra is about waking up to the fullness of your life. In Radiant Rest, Tracee Stanley draws on over twenty years of experience as a yoga nidra teacher and practitioner to introduce the history of yoga nidra, mind and body relaxation, and the surprising power of rest in our daily lives. This accessible guide shares six essential practices arranged around the koshas, the five subtle layers of the body: the physical, energetic, mental, intuitive, and bliss bodies. It also

offers shorter, accessible practices for people pressed for time. Each practice is explained through step-by-step instructions and ends with self-inquiry prompts. A set of guided audio meditations provide further instruction. Feel a greater sense of stability, peace, and clarity in all aspects of your life as you deepen your yoga nidra practice and discover its true power.

Learn the methods used by mystics and seers worldwide to awaken consciousness in the dream state. Among the ancient mystics, shamans, Egyptians, Tibetans, and even modern investigators like Carl Jung, consciousness and the dream state have been of the utmost spiritual and psychological importance. Astral projection, lucid dreaming, out-of-body experiences and vision quests are all part of the extensive practical science of Dream Yoga, the sacred knowledge of consciously harnessing the power of the dream state. Any sincere practitioner who actively utilizes the clues in this book can open the doors to the inner dimensions of nature and the soul, and thereby come to know the truth of the mysteries that exist beyond the reach of our physical senses. * Provides step-by-step guidance leading to personal experience in the internal worlds * Explains how to remember dreams and how to understand them * Filled with examples from all the world's religions Chapters include: Consciousness, The Awakening of Consciousness, Fascination, Sleep, Remembering Oneself, Complementary Practice, Patience and Tenacity, On Dreams, Dreams and Visions, Key of SOL, Dream Yoga Discipline, Special Nourishment to Develop the Power of the Memory, Tantric Dream, The Return Practice, The Four Blessings, The Guardian Angel, Hod (The Astral World), The Science of Meditation, Chapter 13: Dream Interpretation, Types of Dreams, Rules for Dream Interpretation, Astral Projection, The Astral Body, Useless Dreams

Awaken to the transformative power of your dreams, travel to the most exotic locations free of charge, and bring back a treasure trove of insights to benefit yourself and others in your waking life! Have you ever realized you're dreaming—inside your dream? If so, you've experienced a lucid dream. Lucid dreaming, also known as conscious dreaming, is simply knowing that you're dreaming while being able to remain in the dream without waking. And by learning to stay aware inside your dreams, you can learn more about yourself, the world, and the universe than you ever imagined! In this exciting guide, lucid dreaming expert Andrew Holecek offers a step-by-step approach for developing and honing the skills necessary to awaken to these dazzling dreamscapes—and the amazing truths to be discovered there. This engaging workbook blends ancient wisdom with modern knowledge to teach you the science behind lucid dreaming, the benefits of practicing this visionary art, and a variety of ways to induce these remarkable dreams. Use this wondrous workbook to: Experience unexplored passions Discover the richness of your inner world Learn from your subconscious Develop your talents while you sleep Go beyond the bounds of your waking life With these exercises and meditations, you'll embark on an incredible journey to explore the deep inner space of your dreaming mind and learn how to take control of your dreams to guide them toward the experiences you want to have. You'll also learn about the stages of lucid dreaming, how they interconnect, and how the spiritual aspects of dreaming are related to life and death. Lucid dreaming can take you to places you've never been before—and this book has everything you need to start having these astounding dreams tonight.

What if you could reboot your health, tap into your creative self, reclaim your wild nature, lead from your heart—and still feel well rested? As modern women, we're taught that we can do it all, have it all, and be it all. While this freedom is beautiful, it's also exhausting. Being a "worn-out woman" is now so common that we think feeling tired all the time is normal. According to Karen Brody, feeling this exhausted is not normal—and it's holding us back. In *Daring to Rest*, Brody comes to the rescue with a 40-day program to help you reclaim rest and access your most powerful, authentic self through yoga nidra, a meditative practice that guides you into one of the deepest states of relaxation imaginable. It's time to lie down and begin the journey to waking up Though it comes from the yogic tradition, yoga nidra doesn't look like a typical yoga class—the entire practice is done lying down. As you listen to a guided meditation, you're gently taken into complete inner stillness, effortlessly releasing into a healing state that works on both cellular and subtle body levels. With *Daring to Rest*, Brody presents a comprehensive yoga nidra program that unfolds in three phases: rest for physical exhaustion, release for mental and emotional exhaustion, and rise for tuning in to the "life purpose exhaustion" that can come when we're not in our full power. Each phase includes a downloadable yoga nidra guided meditation and supportive practices. "By directly accessing your subconscious mind, yoga nidra helps shift the long-held patterns that prevent you from stepping fully into your purpose and power," writes Brody. "Now is the time to break the cycle of fatigue and return to your truest self—the woman you are when you're not constantly exhausted."

What happens when an undocumented teen mother takes on the U.S. immigration system? When Aida Hernandez was born in 1987 in Agua Prieta, Mexico, the nearby U.S. border was little more than a worn-down fence. Eight years later, Aida's mother took her and her siblings to live in Douglas, Arizona. By then, the border had become one of the most heavily policed sites in America. Undocumented, Aida fought to make her way. She learned English, watched *Friends*, and, after having a baby at sixteen, dreamed of teaching dance and moving with her son to New York City. But life had other plans. Following a misstep that led to her deportation, Aida found herself in a Mexican city marked by violence, in a country that was not hers. To get back to the United States and reunite with her son, she embarked on a harrowing journey. The daughter of a rebel hero from the mountains of Chihuahua, Aida has a genius for survival—but returning to the United States was just the beginning of her quest. Taking us into detention centers, immigration courts, and the inner lives of Aida and other daring characters, *The Death and Life of Aida Hernandez* reveals the human consequences of militarizing what was once a more forgiving border. With emotional force and narrative suspense, Aaron Bobrow-Strain brings us into the heart of a violently unequal America. He also shows us that the heroes of our current immigration wars are less likely to be perfect paragons of virtue than complex, flawed human beings who deserve justice and empathy all the same.

This is an absorbing account of a dialogue between leading Western scientists and the foremost representative of Buddhism today, the Dalai Lama of Tibet. For modern science, the transitional states of consciousness lie at the forefront of research in many fields. For a Buddhist practitioner these same states present crucial opportunities to explore and transform consciousness itself. This book is the account of a historic dialogue between leading Western scientists and the Dalai Lama of Tibet. Revolving around three key moments of consciousness--sleep, dreams, and death--the conversations recorded here are both engrossing and highly readable. Whether the topic is lucid dreaming, near-death experiences, or the very structure of consciousness itself, the reader is continually surprised and delighted. Narrated by Francisco Varela, an internationally recognized neuroscientist, the book begins with insightful remarks on the notion of personal identity by noted philosopher Charles Taylor, author of the acclaimed *Sources of Self*. This sets the stage for Dr. Jerome Engel, Dr. Joyce MacDougal, and others to engage in extraordinary exchanges with the Dalai Lama on topics ranging from the neurology of sleep to the yoga of dreams. Remarkable convergences between the Western scientific tradition and the Buddhist contemplative sciences are revealed. Dr. Jayne Gackenbach's discussion of lucid dreaming, for example, prompts a detailed and fascinating response from the Dalai Lama on the manipulation of dreams by Buddhist meditators. The conversations also reveal provocative divergences of opinion, as when the Dalai Lama expresses skepticism about "Near-Death Experiences" as presented by Joan Halifax. The conversations are engrossing and highly readable. Any reader interested in psychology, neuroscience, Buddhism, or the alternative worlds of dreams will surely enjoy *Sleeping, Dreaming, and Dying*.

Some of the greatest of life's adventures can happen while you're sound asleep. That's the promise of lucid dreaming, which is the ability to alter your own dream reality any way you like simply by being aware of the fact that you're dreaming while you're in the midst of a dream. There is a range of techniques anyone can learn to become a lucid dreamer—and this book provides all the instruction you need to get started. But B. Alan Wallace also shows how to take the experience of lucid dreaming beyond entertainment to use it to heighten creativity, to solve problems, and to increase self-knowledge. He then goes a step further: moving on to the methods of Tibetan Buddhist dream yoga for using your lucid dreams to attain the profoundest kind of insight.

Drawing on three decades of learning from the spiritual masters of Asia, an American lama illuminates the sacred wisdom and practices of Buddhism and shows readers how to integrate them into their lives, relationships, and careers. Reprint. \$50,000 ad/promo. Tour.

From one of America's top meditation teachers and mindfulness experts comes a revolutionarily simple approach to everyday practice—especially if you don't think you have the time or the patience. Imagine you're sitting on a cushion with your legs crossed, ready to tap into unlimited joy. There's just one problem: You can't get comfortable (let alone still), and your head is full of way too many thoughts. The problem is not with meditation, or you, though—the issue may be with your approach. When properly understood and practiced, meditation should feel easy, calming, and comfortable. In *Bliss More*, maverick instructor Light Watkins provides the tools for making it E.A.S.Y. (Embrace, Accept, Surrender, Yield), dispels the biggest myths and misunderstandings, and shares real-world tips and straight talk for hacking into this ancient practice. The result: a happier and healthier you, inside and out. Watkins also shares candid testimonials from people whose lives have been enriched through his method, and extensive resources for transforming a daily chore into an enjoyable activity. Even the biggest skeptic will look forward to sitting for meditation every day. Whether you're a novice or experienced practitioner, *Bliss More* will shed light on the path to a clearer mind, better sleep, and more bliss in everyday life. Praise for *Bliss More* "With Light Watkins as your guide, you will unlock the secrets to establishing a regular and powerfully healthy daily practice."—Deepak Chopra, M.D. "Bliss More is one of the best meditation books I've ever come across for getting you started. Light Watkins has the gift of being able to demystify meditation in a way that will make you want to meditate, even if you feel your mind is too busy."—Frank Lipman, M.D., author of *10 Reasons You Feel Old and Get Fat* "If you're ready to start a solid meditation practice, look no further."—Rosario Dawson, actress "Light takes the world's most powerful practice and turns it into something you can't wait to do, something you're actually excited about."—Pam Grout, author of *E-Squared* and *Thank & Grow Rich* "Bliss More is a treasure trove of powerful, practical, and priceless techniques to finally master your meditation practice."—Davidji, meditation teacher and author of *Sacred Powers*

Want to live your dreams--or even surpass them? Want the world to change for the better? Want to see a miracle? What are we waiting for? Why not be the miracle? That's the challenge Regina Brett sets forth in *BE THE MIRACLE*. To be a miracle doesn't necessarily mean tackling problems across the globe. It means making a difference, believing change is possible, even in your own living room, cubicle, neighborhood, or family. Through a collection of inspirational essays, Regina shares lessons that will help people make a difference in the world around them. The lessons come from Regina's life experience and from the lives of others, especially those she has met in her 24 years as a journalist. Each chapter is a lesson that can stand alone, but together they form a handbook for seeing the miracle of change everywhere. With upbeat lessons from "Do Your Best and Forget the Rest" to "Sometimes It's Enough to Make One Person Happy," these lessons will help you accept and embrace yourself, challenge and change yourself, and better

serve others.

A dream hacker explains how to learn and use liminal dreaming and lucid dreaming for creativity, healing, and consciousness exploration. At the edges of consciousness, between waking and sleeping, there's a swirling, free associative state of mind that is the domain of liminal dreams. Working with liminal dreams can improve sleep, mitigate anxiety and depression, help to heal trauma, and aid creativity and problem-solving. Readers of Liminal Dreaming will learn step-by-step how to create a dream practice outside of REM-sleep states that they can incorporate into their lives in personally meaningful ways.

If you're thinking about buying this book, it's probably because it feels like something's missing in your career. Guess what? It could be YOU. Whether you're living for the weekends or counting the minutes until 5 pm every day, life is too short to wish it away because you feel stuck in your job. The good news is that you have the power to stop living on autopilot and turn your career around. "Follow your passion," "find your purpose," and "do what you love" have joined the parade of bland directives that aren't doing much to actually help you figure out what you're meant to do with your career. Instead, they only create more confusion. If all we had to do is "follow our bliss" . . . why aren't we blissful yet? The truth is, the best career is not one where you only do what you love, but one where you honor who you are. In You Turn, counterterrorism professional turned career coach Ashley Stahl shares the strategies she's used to help thousands ditch their Monday blues, get clarity on what work lights them up, and devise an action plan to create a career they love. This book gives readers access to Stahl's coveted 11-step roadmap that has guided thousands of coaching clients in 31 countries to self-discovery and success. Throughout her process, you'll:

- Discover your Core Skillset. Uncover your gifts and talents to create an intentional career path that's fulfilling and aligned with who you are—and what you're good at.
- Understand your "Inner Money Blueprint." Discover the root of your money mindset, and how to break free of financial limitation.
- Clarify your Core Interests. Identify the difference between a passion, gift, and calling so you can get clear on what's meant to be a hobby-and what's meant to be a career!
- Become your own coach. Walk away with a unique set of tools for staying true to your best self in times of stress, frustration, or anxiety. Whether you're considering a career pivot, or just curious about what else is possible for you, it's time to make a "you turn"—to get unstuck, discover your true self, and thrive (not just survive) in your career.

A hands-on holistic guide to self-care based on the ancient wisdom of Ayurveda—learn how to build a daily personal practice using food, breath, movement, and meditation to stay balanced and nourished through the seasons. Nourishment comes in many forms—it's the food you eat, how you breathe and move your body, and the way you establish your daily routine. Living Ayurveda weaves together the ancient wisdom of Ayurveda and Yoga in a modern, accessible way to provide a season-by-season guide for living a vibrantly rich year. Part cookbook, part lifestyle manual, each chapter includes simple vegetarian recipes, seasonal rituals, and self-care practices to cultivate your inner wisdom and feed your body, mind, and spirit. In this book, you'll find:

- 80+ delicious vegetarian recipes to balance the body and strengthen digestion through the seasons
- Illustrated menu guides and cooking tips that demystify the process of building a balanced meal
- Yoga sequences and breathing techniques to help align with the energy of each season
- Seasonal rituals based on moon cycles to strengthen your intuition and develop a personal routine at home

Learn from ancient wisdom to know yourself intimately, be open to new discoveries, and see where this path takes you to allow a deeper wisdom to blossom in your life.

A renowned philosopher of the mind, also known for his groundbreaking work on Buddhism and cognitive science, Evan Thompson combines the latest neuroscience research on sleep, dreaming, and meditation with Indian and Western philosophy of mind, casting new light on the self and its relation to the brain. Thompson shows how the self is a changing process, not a static thing. When we are awake we identify with our body, but if we let our mind wander or daydream, we project a mentally imagined self into the remembered past or anticipated future. As we fall asleep, the impression of being a bounded self distinct from the world dissolves, but the self reappears in the dream state. If we have a lucid dream, we no longer identify only with the self within the dream. Our sense of self now includes our dreaming self, the "I" as dreamer. Finally, as we meditate—either in the waking state or in a lucid dream—we can observe whatever images or thoughts arise and how we tend to identify with them as "me." We can also experience sheer awareness itself, distinct from the changing contents that make up our image of the self. Contemplative traditions say that we can learn to let go of the self, so that when we die we can witness its dissolution with equanimity. Thompson weaves together neuroscience, philosophy, and personal narrative to depict these transformations, adding uncommon depth to life's profound questions. Contemplative experience comes to illuminate scientific findings, and scientific evidence enriches the vast knowledge acquired by contemplatives.
