Providing simple step-by-step strategies to make real money online, the author, a millionaire Internet entrepreneur, offers a blueprint to online success, along with practical advice and essential tools.

Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it! Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments? The shocking answer is: None of the above! In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint ingrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance, but if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success. *Secrets of the Millionaire Mind* is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it. In Part II you will be introduced to seventeen "Wealth Files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes action steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth. If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Everyone dreams of being successful, but few know how to turn that dream into reality. Big ideas are just the beginning. Innovator, Award Winning Corporate Strategist, and The Branding Executive Founder Steve Canal has built a much-lauded career teaching others how to turn their ideas into lucrative business ventures that grow into household names and inspire others to live fully, give back to their communities, and never take their successes for granted. Some of his most notable clients including well-known companies like Allstate Insurance Company, McDonald's, American Airlines and Coors Light. Now, the successful branding expert aims to extend his reach and cut the learning curve for anyone wanting to obtain success, no matter their walk in life, and regardless of how big or small their dreams may be. With a combination of personal anecdotes and step-by-step methodologies, we will take a look into the minds of winners and their journey. This book features success stories from entrepreneurs like business mogul Daymond John, real estate tycoon Barbara Corcoran, millennial genius Everette Taylor, 2-time Olympic Gold Medalist Swin Cash, Emmy award winner Kenny "The Jet" Smith, serial entrepreneur Joe Anthony, Fashion Influencer Mary Seats and Grammy award winner 2 Chainz. This is the quintessential guide to striving for more, moving beyond your failures, and learning to appreciate the journey. At its heart, *The Mind of a Winner* is about living with relentless determination, reaching far beyond the point where miracles happen to grasp something larger than your dreams, because most who make power moves are part of a movement and something far greater.

An Arbitrage Guide to Financial Markets is the first book to explicitly show the linkages of markets for equities, currencies, fixed income and commodities. Using a unique structural approach, it dissects all markets the same way: into spot, forward and contingent dimensions, bringing out the simplicity and the commonalities of all markets. The book shuns stochastic calculus in favor of cash flow details of arbitrage trades. All math is simple, but there is lots of it. The book reflects the relative value mentality of an institutional trader seeking profit from misalignments of various market segments. The book is aimed at entrants into investment banking and dealing businesses, existing personnel in non-trading jobs, and people outside of the financial services industry trying to gain a view into what drives dealers in today's highly integrated marketplace. A committed reader is guaranteed to leave with a deep understanding of all current issues. "This is an excellent introduction to the financial markets by an author with a strong academic approach and practical insights from trading experience. At a time when the proliferation of financial instruments and the increased use of sophisticated mathematics in their analysis, makes an introduction to financial markets intimidating to most, this book is very useful. It provides an insight into the core concepts across markets and uses mathematics at an accessible level. It equips readers to understand the fundamentals of markets, valuation and trading. I would highly recommend it to anyone looking to understand the essentials of successfully trading, structuring or using the entire range of financial instruments available today." —Varun Gosain, Principal, Constellation Capital Management, New York "Robert Dubil, drawing from his extensive prior trading experience, has made a significant contribution by writing an easy to understand book about the complex world of today's financial markets, using basic mathematical concepts. The book is filled with insights and real life examples about how traders approach the market and is required reading for anyone with an interest in understanding markets or a career in trading." —George Handjinicolaou, Partner, Etolian Capital, New York "This book provides an excellent guide to the current state of the financial markets. It combines academic rigour with the author's practical experience of the financial sector, giving both students and practitioners an insight into the arbitrage pricing mechanism." —Zenji Nakamura, Managing Director, Europe Fixed Income Division, Nomura International plc, London *The Ultimate Guide to Dropshipping* is a complete guide on how to create and run a successful dropshipping business. "This is by far the best

book on dropshipping available. You will learn everything you need to know about finding a product, setting up an online store and growing your business." (Sean Work, Director of Marketing, KISSmetrics) "Andrew and Mark have written a comprehensive, no-BS guide to dropshipping. Essential reading for anyone considering this type of retail." (Chandra Clark, Founder & President, Scribendi) "These guys distill everything you need to know about dropshipping. It's a must read if you want practical advice and a clear blueprint to help you grow your business." (Valerie Khoo, National Director, Australian Writers' Centre) "Holy jeez - I wish these guys had written this 7 years ago.... I can say that the advice in this book is spot on."

Merger Masters presents revealing profiles of monumentally successful merger investors based on exclusive interviews with some of the greatest minds to practice the art of arbitrage. Michael Price, John Paulson, Paul Singer, and others offer practical perspectives on how their backgrounds in the risk-conscious world of merger arbitrage helped them make their biggest deals. They share their insights on the discipline that underlies their fortunes, whether they practice the "plain vanilla" strategy of announced deals, the aggressive strategy of activist investment, or any strategy in between on the risk spectrum. Merger Masters delves into the human side of risk arbitrage, exploring how top practitioners deal with the behavioral aspects of generating consistent profits from risk arbitrage. The book also includes perspectives from the other side of the mergers and acquisitions divide in the form of interviews with a trio of iconic CEOs: Bill Stiritz, Peter McCausland, and Paul Montrone. All three took advantage of M&A opportunities to help build long-term returns but often found themselves at odds with the short-term focus of Wall Street and merger investors. Told in lively, accessible prose, with bonus facts and figures for transaction junkies, Merger Masters is an incomparable set of stories with plenty of unfiltered lessons from the best managers of our time.

Jill Winger, creator of the award-winning blog The Prairie Homestead, introduces her debut The Prairie Homestead Cookbook, including 100+ delicious, wholesome recipes made with fresh ingredients to bring the flavors and spirit of homestead cooking to any kitchen table. With a foreword by bestselling author Joel Salatin The Pioneer Woman Cooks meets 100 Days of Real Food, on the Wyoming prairie. While Jill produces much of her own food on her Wyoming ranch, you don't have to grow all—or even any—of your own food to cook and eat like a homesteader. Jill teaches people how to make delicious traditional American comfort food recipes with whole ingredients and shows that you don't have to use obscure items to enjoy this lifestyle. And as a busy mother of three, Jill knows how to make recipes easy and delicious for all ages. "Jill takes you on an insightful and delicious journey of becoming a homesteader. This book is packed with so much easy to follow, practical, hands-on information about steps you can take towards integrating homesteading into your life. It is packed full of exciting and mouth-watering recipes and heartwarming stories of her unique adventure into homesteading. These recipes are ones I know I will be using regularly in my kitchen." - Eve Kilcher These 109 recipes include her family's favorites, with maple-glazed pork chops, butternut Alfredo pasta, and browned butter skillet corn. Jill also shares 17 bonus recipes for homemade sauces, salt rubs, sour cream, and the like—staples that many people are surprised to learn you can make yourself. Beyond these recipes, The Prairie Homestead Cookbook shares the tools and tips Jill has learned from life on the homestead, like how to churn your own butter, feed a family on a budget, and experience all the fulfilling satisfaction of a DIY lifestyle.

Questions about Amazon, FBA, arbitrage, or selling online? You can call (yes, CALL!) the author, Chris Green (or send a text if that's your thing). Phone number is included in this book. Arbitrage is the practice of taking advantage of a price difference between two or more markets, striking a combination of matching deals that capitalize upon the imbalance, the profit being the difference between the market prices. This is the complete, authoritative, and exhaustive manual outlining the Arbitrage business model. It has been compiled and made available to anyone interested in buying products to be resold online. In this book, Chris Green will give you the keys to the Arbitrage Kingdom with the mindset of unlimited opportunities and abundance and not one of scarcity. Empires are being built by using powerful new programs like ScanPower to source and evaluate items for resale. Pair this with Amazon's amazing fulfillment program called Fulfillment By Amazon (FBA) to outsource the storage, shipping, and customer service of your items, and you have a completely scalable, nearly risk-free business model with a near-zero entry cost. The techniques described in this book can be used by anyone, anywhere to build a small side business or large empire. The only limit is your imagination.

Explore fundamental to advanced Python 3 topics in six steps, all designed to make you a worthy practitioner. This updated version's approach is based on the "six degrees of separation" theory, which states that everyone and everything is a maximum of six steps away and presents each topic in two parts: theoretical concepts and practical implementation using suitable Python 3 packages. You'll start with the fundamentals of Python 3 programming language, machine learning history, evolution, and the system development frameworks. Key data mining/analysis concepts, such as exploratory analysis, feature dimension reduction, regressions, time series forecasting and their efficient implementation in Scikit-learn are covered as well. You'll also learn commonly used model diagnostic and tuning

techniques. These include optimal probability cutoff point for class creation, variance, bias, bagging, boosting, ensemble voting, grid search, random search, Bayesian optimization, and the noise reduction technique for IoT data. Finally, you'll review advanced text mining techniques, recommender systems, neural networks, deep learning, reinforcement learning techniques and their implementation. All the code presented in the book will be available in the form of iPython notebooks to enable you to try out these examples and extend them to your advantage. What You'll Learn Understand machine learning development and frameworks Assess model diagnosis and tuning in machine learning Examine text mining, natural language processing (NLP), and recommender systems Review reinforcement learning and CNN Who This Book Is For Python developers, data engineers, and machine learning engineers looking to expand their knowledge or career into machine learning area.

Author Thomas Kirchner, founder of the Pennsylvania Avenue Event-Driven Fund, discusses the factors that drove him to invest solely in

merger arbitrage and other event-driven strategies, and details the methods used to incorporate merger arbitrage into traditional investment strategies. And while there is always a risk that a deal will fall through, the book explains how minimal such risks really are when the potential upside is factored in. Early chapters of the book focus on the basics of the merger arbitrage strategy, including an examination of mergers and the incorporation of risk into the arbitrage decision. Following chapters detail deal structures, financing, and legal aspects to provide the type of in-depth knowledge required to execute an effective investment strategy. The updated second edition stresses new, increasingly relevant information like: Worldwide legal deal regimes UK takeover code UK takeover code global offspring Regulators around the world The book provides clear, concise guidance on critical considerations including leverage and options, shorting stocks, and legal recourse for inadequate merger consideration, allowing readers to feel confident about trying a new investment strategy. With simple benefits including diversification of risk and return streams, this alternative hedge fund strategy has a place in even the most traditional plan. Merger Arbitrage: How to Profit from Event-Driven Arbitrage, Second Edition provides the information that gives investors an edge in the merger arbitrage arena.

As whole, the ecommerce industry is ANTIQUATED. It's out of date! and is way way way behind in terms of what's actually working in the world of online business. Most ecommerce business owners are still doing things in the same way they were done back in the early dot com days. And that my friend is a recipe for disaster. There is SO much more to ecommerce than building a store, filling it with products and driving some traffic. If that describes you and your business, then let this be your wake up call! There is a transformative shift happening in the ecommerce industry right now. What worked before is either no longer an option or is rapidly losing its effectiveness. It's time for you as an ecommerce entrepreneur to evolve your brand, your business and your brain. THIS BOOK, Is the playbook for capitalizing on this evolution. Ecommerce Evolved contains a simple, repeatable and proven formula to help you build, grow and scale a wildly profitable ecommerce business in today's competitive market. You will find Zero Theory inside this book. Tanner Larsson has distilled years of research & practical in-the-trenches ecommerce experience into a hard hitting ecommerce blueprint. The book is broken up into 4 distinct parts and each part is then broken down into a number of focused chapters. The book kicks off with the 12 Principles of Ecommerce that have been developed after working with over 10,000 different businesses. These 12 principles...of which we can almost guarantee you are violating over half of...are what differentiate the thriving ecommerce businesses from the mediocre ones. Just getting started with product research and sourcing? Stuck trying to find ideas or find that "perfect" winning product? Want to find good selling products that others are ignoring? Interested in wholesale or private label products? If you answered yes, then this book is for you. If you are an experienced seller or are looking to do arbitrage this book will have less value as I don't discuss sourcing by arbitrage. I don't do arbitrage, so I don't teach it. This book is written for the new or struggling seller wanting to source wholesale or private label products. What you will learn: Basic steps for finding top selling products How to generate product ideas and look for trends How to validate demand Tips for finding suppliers Analyzing data to help you pick a product It took me 5 months of research before I pulled the trigger on my first products to sell on Amazon. Five months and countless hours. I have pages of notes with product ideas in many different categories. Some were wholesale products, others were ideas for my own products. I had some money set aside to buy inventory. But I couldn't commit. I was looking for...not necessarily thee perfect product, but, well yeah, the perfect product. Fear of choosing "wrong" was holding me back. I knew that product selection was key to success so I needed to choose right. Another part of the problem was I had bigger ideas-I wanted to create a brand and I had some ideas as to what sorts of products I would carry. But those ideas required more capital than I was willing to invest for my first product. As a result, I put so much pressure on myself to dream big and think towards the future that I did...nothing! Another hold up was I was a little skittish to follow the advice to source from Chinese suppliers. It seemed so complicated for a beginner. Could I not take a little less profit and source domestically? Were there not manufacturers that could produce my ideas in North America? Yes, and yes. Ultimately the delays helped me because I learned a lot by joining Facebook groups and listening to and learning from the experiences of others. I devoured the advice in forums as well as blogs, books, webinars, and courses. I learned of the pitfalls of private label that the gurus selling you the dream never talk about. And finally, I did pull the trigger. I put together this guide to help any of you who are feeling a little gun-shy too. I put this book together for all of you who have the brains to say "Hey, if everyone buys top 100 selling products wont that saturate the market?" I put this book together to help you find great products from many different approaches. After reading this, you should feel confident enough to find a product and get started with your e-commerce business.

A detailed look at an important hedge fund strategy Written by a fund manager who invests solely in merger arbitrage, also referred to as risk arbitrage, and other event-driven strategies, Merger Arbitrage is the definitive book on how this alternative hedge fund strategy works. Initial chapters are dedicated to the ins and outs of the strategy—cash mergers versus stock for stock mergers, legal aspects of mergers, and pitfalls of the merger process—while later chapters focus on giving the reader sound advice for integrating merger arbitrage into an investment portfolio. Merger Arbitrage helps readers understand leverage and options, shorting stocks, and legal aspects of merger arbitrage, including seeking appraisal or filing lawsuits for inadequate merger consideration. For those looking to gain an edge in the merger arbitrage arena, this book has everything they need to succeed. Thomas F. Kirchner, CFA (New York, NY), is the founder and portfolio manager of Pennsylvania Avenue Funds (www.pennavefunds.com), which invests in merger arbitrage and other event-driven strategies.
