Dosso Dossi

Duchess of Terra Glynn Stewart,2017-02-09 To preserve humanity's survival and freedom in a hostile galaxy, Annette Bond tied her world to the A!Tol Imperium. With enough time, she can build Earth a place in the galaxy. But as Bond's many enemies gather their forces, the clouds of war threaten not only the recovering Terra but the entire Imperium.

The Terran Privateer Glynn Stewart,2016-07-06 When an alien armada destroys the United Earth Space Force and takes control of the human homeworld, newly reinstated Captain Annette Bond must take her experimental hyperspace cruiser Tornado into exile as Terra's only interstellar privateer.

Relics of Eternity Glynn Stewart,2020-04-14 Seeking to escape the shadow of Annette Bond's success, Captain Morgan Casimir has taken a posting on the far side of the A!Tol Imperium. Here she hopes to begin a legend for herself that stands apart from her stepmother, the Duchess.

Shadows of the Fall Glynn Stewart,2020-10-13 Fifty thousand years ago, the Precursors broke the universe Now great powers and small alike fight over their wreckage But in the midst of the chaos, there is a question no one asks... Why? Morgan Casimir, commander of the A!Tol Imperial cruiser Defiant, has seen the works of the Precursor aliens known as the Alava. She has seen their accidents threaten worlds and consume entire star fleets. Charged by her Empress to prevent a conspiracy of profiteers from finding and using a lost fleet of Alava warships, she knows unimaginable catastrophe looms if she fails. With her lover, xenarcheologist Dr. Rin Dunst, at her side, she is sent to a hot zone on the edge of war to once again achieve the impossible. But as they search along a border flaring in violence, Morgan discovers that if the worst comes to pass, her orders are to destroy the ships rather than allow them to be taken...and she realizes that there just might be a reason seemingly godlike aliens lost an entire fleet.

Terra and Imperium Glynn Stewart,2017-08-30 Humanity's first colony is a project neither the Duchy of Terra nor the A!Tol Imperium can allow to fail. The planet Hope in the Alpha Centauri system has been lavished with resources and attention-but when an unknown alien force attacks the system, all of that is in danger.

Hand of Mars Glynn Stewart,2015-09-24 ROGUE MAGE TURNED INTERPLANETARY ENVOY Three years ago, as Ship's Mage of the starship Blue Jay, Damien Montgomery was pursued to the edge of human space by both the agents and enemies of the Mage-King of Mars — before being brought in from the cold. Now, trained in new skills by the Mage-King himself, Damien has been sent to the planet Ardennes alongside Alaura Stealey, Hand of the King. A rebel movement there has destroyed cities fighting a Governor seemingly lost to corruption. But not all on Ardennes is as it seems. As allies becomes enemies and an entire world comes apart in chaos around him, Damien will find both his skills and integrity tested to the utter limit.

Shield of Terra Glynn Stewart,2019-03-26 The mother, ruler of an entire world Sent to the heart of an old enemy to build a new peace The daughter, officer of a deadly warship Sent to the darkness to find the new enemy hunting them all

Imperium Defiant Glynn Stewart,2019-09-17 The enemy promises conflict and annihilation Their allies threaten betrayal and devastation A daughter of Earth raises the call of defiance And the Imperium has never knelt! When the Taljzi's genocidal invasion brought promises of aid from the oldest and greatest of the Core Powers, humanity and the Imperium looked to the Mesharom for salvation. But that salvation turns to ash as the Mesharom demand the surrender of the very weapons that saved the Imperium. Defiance leaves the Imperium facing the Taljzi without the aide of the galaxy's wisest race, but with their old enemies the Kanzi at their side, they have no choice but to end this war at any cost. But Mesharom and Taljzi alike have scattered fire and death across the stars. The Imperial forces under Fleet Lord Harriet Tanaka will need every scrap of firepower and cleverness not only to defeat their enemies...but to find them in the first place.

Dosso's Fate Dosso Dossi,1998 Dosso Dossi has long been considered one of Renaissance Italy's most intriguing artists. Although a wealth of documents chronicles his life, he remains, in many ways, an enigma, and his art continues to be as elusive as it is compelling. In *Dosso's Fate*, leading scholars from a wide range of disciplines examine the social, intellectual,

and historical contexts of his art, focusing on the development of new genres of painting, questions of style and chronology, the influence of courtly culture, and the work of his collaborators, as well as his visual and literary sources and his painting technique. The result is an important and original contribution not only to literature on Dosso Dossi but also to the study of cultural history in early modern Italy.

Spain, a Global History Luis Francisco Martinez Montes, 2018-11-12 From the late fifteenth to the nineteenth centuries, the Hispanic Monarchy was one of the largest and most diverse political communities known in history. At its apogee, it stretched from the Castilian plateau to the high peaks of the Andes; from the cosmopolitan cities of Seville, Naples, or Mexico City to Santa Fe and San Francisco; from Brussels to Buenos Aires and from Milan to Manila. During those centuries, Spain left its imprint across vast continents and distant oceans contributing in no minor way to the emergence of our globalised era. This was true not only in an economic sense—the Hispano-American silver peso transported across the Atlantic and the Pacific by the Spanish fleets was arguably the first global currency, thus facilitating the creation of a world economic system—but intellectually and artistically as well. The most extraordinary cultural exchanges took place in practically every corner of the Hispanic world, no matter how distant from the metropolis. At various times a descendant of the Aztec nobility was translating a Baroque play into Nahuatl to the delight of an Amerindian and mixed audience in the market of Tlatelolco; an Andalusian Dominican priest was writing the first Western grammar of the Chinese language in Fuzhou, a Chinese city that enjoyed a trade monopoly with the Spanish Philippines; a Franciscan friar was composing a piece of polyphonic music with lyrics in Quechua to be played in a church decorated with Moorish-style ceilings in a Peruvian valley; or a multi-ethnic team of Amerindian and Spanish naturalists was describing in Latin, Spanish and local vernacular languages thousands of medicinal plants, animals and minerals previously unknown to the West. And, most probably, at the same time that one of those exchanges were happening, the members of the School of Salamanca were laying the foundations of modern international law or formulating some of the first modern theories of price, value and money, Cervantes was writing *Don Quixote*, Velázquez was painting *Las Meninas*, or Goya was exposing both the dark and bright sides of the European Enlightenment. Actually, whenever we contemplate the galleries devoted to Velázquez, El Greco, Zurbarán, Murillo or Goya in the Prado Museum in Madrid; when we visit the National Palace in Mexico City, a mission in California, a Jesuit church in Rome or the Intramuros quarter in Manila; or when we hear Spanish being spoken in a myriad of accents in the streets of San Francisco, New Orleans or Manhattan we are experiencing some of the past and present fruits of an always vibrant and still expanding cultural community. As the reader can infer by now, this book is about how Spain and the larger Hispanic world have contributed to world history and in particular to the history of civilisation, not only at the zenith of the Hispanic Monarchy but throughout a much longer span of time.
