From its beginnings in Twilight fan-fiction to its record-breaking sales as an e-book and paperback, the story of the erotic romance novel *Fifty Shades of Grey* and its two sequels is both unusual and fascinating. Having sold over seventy million copies worldwide since 2011, E. L. James's lurid series about a sexual ingénue and the powerful young entrepreneur who introduces her to BDSM sex

has ingrained itself in our collective consciousness. But why have these particular novels—poorly written and formulaic as they are—become so popular, especially among women over thirty? In this concise, engaging book, Eva Illouz subjects the Fifty Shades cultural phenomenon to the serious scrutiny it has been begging for. After placing the trilogy in the context of best-seller publishing, she delves into its remarkable appeal, seeking to understand the intense reading pleasure it provides and how that resonates with the structure of relationships between men and women today. Fifty Shades, Illouz argues, is a gothic romance adapted to modern times in which sexuality is both a source of division between men and women and a site to orchestrate their reconciliation. As for the novels' notorious depictions of bondage, discipline, and sadomasochism, Illouz shows that these are as much a cultural fantasy as a sexual one, serving as a guide to a happier romantic life. The Fifty Shades trilogy merges romantic fantasy with self-help guide—two of the most popular genres for female readers. Offering a provocative explanation for the success and popularity of the Fifty Shades of Grey novels, *Hard-Core Romance* is an insightful look at modern relationships and contemporary women's literature.

A deeply affecting debut novel set in Trinidad, following the lives of a family as they navigate impossible choices about scarcity, loyalty, and love WINNER OF THE DESMOND ELLIOTT PRIZE • “Golden Child is a stunning novel written with force and beauty. Though true to herself, Adam's work stands tall beside icons of her tradition like V.S. Naipaul.”—Jennifer Clement, author of *Gun Love* Rural Trinidad: a brick house on stilts surrounded by bush; a family, quietly surviving, just trying to live a decent life. Clyde, the father, works long, exhausting shifts at the petroleum plant in southern Trinidad; Joy, his wife, looks after the home. Their two sons, thirteen years old, wake early every morning to travel to the capital, Port of Spain, for school. They are twins but nothing alike: Paul has always been considered odd, while Peter is widely believed to be a genius, destined for greatness. When Paul goes walking in the bush one afternoon and doesn't come home, Clyde is forced to go looking for him, this child who has caused him endless trouble already, and who he has never really understood. And as the hours turn to days, and Clyde begins to understand Paul's fate, his world shatters—leaving him faced with a decision no parent should ever have to make. Like the Trinidadian landscape itself, *Golden Child* is both beautiful and unsettling, a resoundingly human story of aspiration, betrayal, and love. Praise for *Golden Child* “In fluid and uncluttered prose, *Golden Child* weaves an enveloping portrait of an insular social order in which the claustrophobic support of family and neighbors coexists with an omnipresent threat from the same corners.”—The New York Times Book Review “[A] powerful debut . . . a devastating family portrait—and a fascinating window into Trinidadian society.”—People “[An] emotionally potent debut novel . . . with a spare, evocative style, Adam (a Trinidad native) evokes the island's complexity during the mid-'80s, when the novel is mostly set: the tenuous relationship between Hindus like Clyde's family and the twins' Catholic schoolmaster, assassinations and abductions hyped by lurid media headlines, resources that attract carpetbagging oil companies but leave the country largely impoverished.”—USA Today

A New York Times Notable Book of the Year When Marion Winik fell in love with Tony Heubach during a wild Mardi Gras in New Orleans, her friends shook their heads. For starters, she was straight and he was gay. But Marion and Tony's impossible love turned out to be true enough to produce a marriage and two beautiful sons, true enough to weather drug addiction, sexual betrayal, and the AIDS that would kill Tony at the age of thirty-seven, twelve years after they met. In a memoir heartbreaking and hilarious by turns, Marion Winik tells a story that is all more powerful for the way in which it defies easy judgments. As it charts the trajectory of a marriage so impossible that it became inevitable, *First Comes Love* reminds us—poignantly indelibly—that every story is a special case. Journal "This book picks up where *The Tipping Point* left off." -- Adam Grant, Wharton professor and New York Times bestselling author of *ORIGINALS* and *GIVE AND TAKE* Nothing "goes viral." If you think a popular movie, song, or app came out of nowhere to become a word-of-mouth success in today's crowded media environment, you're missing the real story. Each blockbuster has a secret history—of power, influence, dark broadcasters, and passionate cults that turn some new products into cultural phenomena. Even the most brilliant ideas wither in obscurity if they fail to connect with the right network, and the consumers that matter most aren't the early adopters, but rather their friends, followers, and imitators -- the audience of your audience. In his groundbreaking investigation, Atlantic senior editor Derek Thompson uncovers the hidden psychology of why we like what we like and reveals the economics of cultural markets that invisibly shape our lives. Shattering the sentimental myths of hit-making that dominate pop culture and business, Thompson shows quality is insufficient for success, nobody has "good taste," and some of the most popular products in history were one bad break away from utter failure. It may be a new world, but there are some enduring truths to what audiences and consumers want. People love a familiar surprise: a product that is bold, yet sneakily recognizable. Every business, every artist, every person looking to promote themselves and their work wants to know what makes some works so successful while others disappear. *Hit Makers* is a magical mystery tour through the last century of pop culture blockbusters and the most valuable currency of the twenty-first century—people's attention. From the dawn of impressionist art to the future of Facebook, from small Etsy designers to the origin of *Star Wars*, Derek Thompson leaves no pet rock unturned to tell the fascinating story of how culture happens and why things become popular. In *Hit Makers*, Derek Thompson investigates:

- The secret link between ESPN's sticky programming and the *The Weeknd*'s catchy choruses
- Why Facebook is today's most important newspaper
- How advertising critics predicted Donald Trump
- The 5th grader who accidentally launched "Rock Around the Clock," the biggest hit in rock and roll history
- How Barack Obama and his speechwriters think of themselves as songwriters
- How Disney conquered the world—but the future of hits belongs to savvy amateurs and individuals
- The French collector who accidentally created the Impressionist canon
- Quantitative evidence that the biggest music hits aren't always the best
