Important disclaimer: This book is not for everyone—just those who want to have more fun, more adventures, and more magic in their life. Thank & Grow Rich is for anyone interested in hooking up with the magnanimous energy field of the cosmos. Author Pam Grout, who likes to call herself the Warren Buffet of Happiness, says it all starts with getting on the frequency of joy and gratitude. Thanking (rather than thinking) puts us on an energetic frequency—a vibration—that calls in miracles. Science has proven that when we observe the world from a place of gratitude, when we use our attention to spot beauty and gaze at wonder, we develop the capacity to radically rev up our day-to-day experience. Brazen gratitude, it seems, provides a portal—an entry point—straight into the heart of the field of infinite possibilities described in Grout's bestseller E-Squared. This book also offers an updated perspective on abundance, which goes way beyond financial capital. It shows readers how to grow and expand their creative capital, their social capital, their spiritual capital, and much, much more! There's even an abundance worksheet that tracks your thank-and-grow rich portfolio and a money-back guarantee offering four personalized gifts straight from the always-accommodating universe. Your credit union might offer a butter dish or a koozie, but an investment in this book comes with your own personal sign from the universe, an answer to an important question, a customized totem, and a one-of-a-kind gift from the natural world. But more importantly, this 30-day experiment will upgrade your life experience from ho-hum to wahoo! From like sucks to life rocks! From woe is me to yippie-ti-yi-yay!!

In the West, we have everything we could possibly need or want—except for peace of mind. So writes Linda Leaming, a harried American who traveled from Nashville, Tennessee, to the rugged Himalayan nation of Bhutan—sometimes called the happiest place on Earth—to teach English and unlearn her politicized and polarized, energetic and impatient way of life. In Bhutan, if I have three things to do in a week, it's considered busy. In the U.S., I have at least three things to do between breakfast and lunch. After losing her luggage immediately upon arrival, Leaming realized that she also had emotional baggage—a tendency toward inaction, a touch of self-absorption, and a hundred other trite, stupid, embarrassing, and inconsequential things—that needed to get lost as well. Pack up ideas and feelings that tie you down and send you lead-footed down the wrong path. Put them in a metaphorical suitcase and sling it over a metaphorical bridge in your mind. Let the river take them away. Forced by circumstance and her rustic surroundings to embrace a simplified life, Leaming made room for more useful beliefs. The thin air and hard climbs of her mountainous commute put her deeply in touch with her breath, helping her find focus and appreciation. The archaic, glacially paced bureaucracy of a Bhutanese bank taught her to go with the flow—and take up knitting. The ancient ritual of drinking tea brought tranquility, friendship, and, eventually, a husband. Each day, and each adventure, in her adopted home brought new insights and understandings to take back to frantic America, where she now practices the art of "simulating Bhutan." This collection of stories, impressions, and suggestions is a little nudge, a push, a leg up into the rarefied air of paradise—of bright sunlight and beautiful views.

"This is the story of a year I spent in New York, studying with Yoga Master Alan Finger." When Katrina Repka moved to New York, she was eager to shed her past and begin a new life, but she soon discovered that her old problems had followed her to the big city, and that instead of finding herself, she was more lost than ever. It was when she was almost ready to give up on everything that she read a magazine article on Master Yogi Alan Finger and knew that she had to meet him. It was a meeting that would change her life. Over the next twelve months, with Alan's help, Katrina tackled and overcame many of the obstacles holding her back. Dealing with issues that every woman will relate to--criticism, emptiness, balance, family, and creativity (among others)--the twelve chapters in Breathing Space follow Katrina's ups and downs in New York. At the end of each chapter there is a simple but effective breathing exercise that will help readers eliminate harmful behavior patterns and speed their own process of personal transformation. Breathing Space is an inspiring and instructive book that offers every woman the chance to follow the author's path and become the person she truly wants and deserves to be.

New in paperback from the author of Outrageous Openness: a witty and spirited guide to radically releasing the burdens of financial fears. It's natural to crave prosperity. Some seek to manifest it in myriad ways--using anything from vision boards to writing a pretend check for a million dollars from the Bank of Divinity. Yet whatever comes, or doesn't, the mind always seems to want more. But what if there was a whole other way? Instead of grasping and chasing, what if we offered everything--our money (or lack of it), our triumphs, our problems, our desires--fully back to Love? What if this offering itself was actually the secret to abundance? Tosha Silver, internationally beloved spiritual guide, has created a practical and powerful financial book unlike any other. Leading you through a deeply transformative eight-week process, she shares the mental, emotional, and spiritual steps that anyone can take to learn to fully receive and prosper. Her step-by-step guidance is filled with prayers, meditations, and stories to help you find and heal the source of these fears and unworthiness. As you come to know you are part of something larger--something that you serve and that longs to serve you--you begin to feel a new sense of freedom and abundance. You yourself become a vehicle for Divine Flow.

Shares advice on realizing one's goals and offers inspirational views on universal mysteries while explaining how to overcome psychological obstacles using spiritual exercises and illustrative analogies.

This gem of a book presents God as a positive life force that, when tapped, can send our lives spinning in an exciting new direction. It explains how spiritual "experiments" work, and provides concrete instructions for using these principles to improve one's life. Ten spiritual concepts are introduced, with a suggested 48-hour experiment to prove each one. Some examples of these principles are: 1) There's a power and force in the universe that can heal; 2) Your thoughts create your reality; and 3) By directing your mind, you can create more abundance, joy, and love in your life. Written in a conversational, contemporary voice, God Doesn't Have Bad Hair Days will appeal to the spiritual believer who's a fan of such bestsellers as The Prayer of Jabez and Simple Abundance, as well as to the spiritually curious who seek fulfillment outside traditional Christian denominations. The spiritual skeptic, too, will be drawn to this attractive book and its cheeky, no-nonsense tone.

There's more to creative visualization than meets the eye! In this groundbreaking volume, first published in 1967, Ophiel lays out the 10 Laws of Creative Visualization. Once understood, they

are as simple and as real as the laws of gravity or magnetism. In other words, they work. Ophiel tells us how to do -- and undo -- the magic of visualization. Whether we want a new job, a new house, a new relationship, or a warm coat -- we can manifest that which will create happiness and comfort in our lives. And, should we discover that we've gotten it wrong -- that we neither want nor need what we've visualized, there are techniques to undo what has been done. Along with the theory, Ophiel offers plenty of practice in working with symbols, visualizing physical reality, making a "treasure chart," and understanding the role of emotion in visualization. Work with the symbols in the book and learn how to create your own. This is practical metaphysics at its best. Love spells are forever, but if you want the object of your affection to go away, Ophiel tells you how to do that as well.

E-Squared, the international hit sensation described by one reader as "The Secret on crack," provided the training wheels, the baby steps, to "really getting it" that thoughts create reality. In E-Cubed (don't worry—there will never be E to the 10th Power), Pam Grout takes you higher and deeper into the quantum field, where you'll prove that blessings and miracles are natural and that joy is only a thought away. With nine new experiments and more tips on how to keep the gates of the world's largesse and abundance wide open, this book is chock-full of incontrovertible evidence that the universe is just waiting for us to catch up, just waiting for us to begin using the energy that has always been available for our enjoyment and well-being.

This is a Summary of Pam Grout's E-Squared: Nine Do-It-Yourself Energy Experiments That Prove Your Thoughts Create Your Reality E-Squared could best be described as a lab manual with simple experiments to prove once and for all that reality is malleable, that consciousness trumps matter, and that you shape your life with your mind. Rather than take it on faith, you are invited to conduct nine 48-hour experiments to prove there really is a positive, loving, totally hip force in the universe. Yes, you read that right. It says prove. The experiments, each of which can be conducted with absolutely no money and very little time expenditure, demonstrate that spiritual principles are as dependable as gravity, as consistent as Newton's laws of motion. For years, you've been hoping and praying that spiritual principles are true. Now, you can know. E-Squared proves the following: 1. There is an invisible energy force or field of infinite possibilities. 2. You impact the field and draw from it according to your beliefs and expectations. 3. You, too, are a field of energy. 4. Whatever you focus on expands. 5. Your connection to the field provides accurate and unlimited guidance. 6. Your thoughts and consciousness impact matter. 7. Your thoughts and consciousness provide the scaffolding for your physical body. 8. You are connected to everything and everyone else in the universe. 9. The universe is limitless, abundant, and strangely accommodating. Available in a variety of formats, this summary is aimed for those who want to capture the gist of the book but don't have the current time to devour all 200 pages. "In Uncharted, internationally acclaimed intuitive counselor and "spiritual cartographer" Colette Baron Reid, whose best-selling books include The Map and Messages from Spirit, shows us that in the new normal of uncertainty, we can overcome the challenge of feeling disoriented, scared, and helpless and chart a path to new possibilities. It's in the places unfamiliar to us--the

uncharted places--where magic lies. Here we can claim our innate power to give birth to an extraordinary life and become who we are called to become. Colette explains, "When we're lost, we all want a map--but maps can only tell us where we've been." All of us, personally and collectively, are headed somewhere new, to a future that has not yet been imagined, and we're creating it as we go. With her trademark compassionate candor and reassuring humor, as well as input from a wise, loving consciousness who call themselves "Fred," Colette guides us on a journey of co-creation through five interconnected realms--the Realms of Spirit, Mind, Light, and Energy, Form. Whatever we wish to experience and manifest, if we start in the realm of Form, trying to fix our lives and think our way out of our problems, we end up living inauthentically and feeling disappointed. But if we orient ourselves in the Realm of Spirit first, a magical process of transformation begins within, from which we can manifest a new reality far better than we might ever have imagined. Following this path, we get to experience what we came to create in the Realm of Form, and watch as our fear gives way to a deep sense of purpose and enthusiasm for participating in the co-creative process. Throughout Uncharted are fresh and exciting exercises drawn from Colette's trademarked energy psychology process, IN-Vizion

A "playful, enlightening, and creative collection" (Spirituality and Practice) of spiritual lessons, anecdotes, and thoughts on the Divine's intervention in our lives, this brilliantly written and wonderfully entertaining book teaches us how to live purposefully and in line with the Force of Love. "What if the Divine is constantly igniting roadside flares to get our attention? What if there actually is a Supreme Organizing Principle with an unbridled sense of humor? And what if we each have this ardent inner suitor who's writing us love letters every day that often go unopened?" Whether we know it or not, we all experience the touch of the Divine in our lives every single day. After twenty-five years spent consulting and advising tens of thousands of people from all over the world, Tosha Silver realized that almost all of us have similar concerns: "How do I stop worrying? How can I feel safe? Why do I feel so alone?" and often, "Who am I really?" For the passionately spiritual and the bemusedly skeptical alike, she created Outrageous Openness. This delightful book, filled with wisdom and fresh perspectives, helps create a relaxed, trusting openness in the reader to discover answers to life's big questions as they spontaneously arise. Outrageous Openness opens the door to a profound truth: By allowing the Divine to lead the way, we can finally put down the heavy load of hopes, fears, and opinions about how things should be. We learn how to be guided to take the right actions at the right time, and to enjoy the spectacular show that is our life.

A groundbreaking mind-body protocol to heal chronic pain, backed by new research. Chronic pain is an epidemic. Fifty million Americans struggle with back pain, headaches, or some other pain that resists all treatment. Desperate pain sufferers are told again and again that there is no cure for chronic pain. Alan Gordon, a psychotherapist and the founder of the Pain Psychology Center in Los Angeles, was in grad school when he started experiencing chronic pain and it completely derailed his life. He saw multiple doctors and received many diagnoses, but none of the medical treatments helped. Frustrated with conventional pain management, he developed Pain Reprocessing Therapy (PRT), a mind-body protocol that eliminated his own chronic pain and has transformed the lives of thousands of his patients. PRT is rooted in neuroscience, which has shown that while chronic pain feels like it's coming from the body, in most cases it's generated by misfiring pain circuits in the brain. PRT is a system of psychological techniques that rewires the brain to break out of the cycle of chronic pain. The University of Colorado-Boulder recently conducted a large randomized controlled study on PRT, and the results are remarkable. By the end of the study, the majority of patients were pain-free or nearly pain-free. What's more, these dramatic changes held up over time. The Way Out brings PRT to readers. It combines accessible science with a concrete, step-by-step plan to teach sufferers how to heal their own chronic pain.

Harvard-trained theologian Meggan Watterson marched out of her church at age ten. With little-girl clarity, she knew something tremendously crucial was missing...the voices of women. Watterson became a theologian and a pilgrim to the divine feminine to find the missing stories and images of women's spiritual voices. She knew women's voices had never been silenced, just buried. But what she truly sought was her own spiritual voice inside her—the one veiled beneath years of self-doubt. At a sacred site of the Black Madonna in Europe, Watterson had a revelation that changed her. Rather than transcending the body, denying or ignoring it, being spiritual for her meant accepting her body as sacred. Only then, Watterson realized could she hear the voice of unfaltering love inside her- the voice of her soul. With passion, humor, and brutal honesty, Watterson draws on ancient stories and lesser-known texts of the divine feminine, like The Gospel of Mary Magdalene, making them modern and accessible to reveal the spiritual process she went through. She suggests that being spiritual is simply about stripping down to the truth of who we really are. Through her extensive work with women, Watterson found that she was not alone. There are countless women who long for a spirituality that encourages embodiment rather than denies it, that inspires them to abandon their fears but never themselves, and to be led by the audacious and fiercely loving voice of truth inside them. No matter where you rest on the spectrum of spirituality; religious or secular, devout believer or chronic doubter, freelance mystic or borderline agnostic, this story is about the desire in all of us to want to shed everything that holds us back. Reveal provides what religions have left out—the spiritual voice of a woman who has claimed her body as sacred—a woman who has found the divine insider her. In essence, this is a manual for revealing your soul. "I have spent the majority of my life gathering stories of the divine feminine. Each time before getting my masters degrees in theology and divinity, I went on a pilgrimage to sacred sites of the divine feminine throughout Europe. The first one was with a group and the second was on my own... The stories of the divine feminine, of Christianity's Mary Magdalene, Catholicism's Black Madonna, Hinduism's Kali ma, and Buddhism's Green Tara for example, allowed me to begin to see that I wasn't as much of a spiritual misfit as I had thought. There was a red thread that became visible to me that ran through so many of the world religions, especially through their mystics, relating that the way to find the divine is to go within. And, that our potential to be transformed by going inward is exactly the same whether we are a man or a woman. The real barometer of our spiritual potential is not our sex, but the commitment of our desire to want to encounter the divine." Excerpt from Reveal

I've reinvented my career, my interests, my life, many times over the past twenty years. This is the book I wish I had at the beginning of that long and often volatile journey. I found when I outsourced my self-esteem to only one outcome, disaster resulted. Reinvention was the key to ensuring that the outcomes in life were positive ones. And now the entire world: technology, governments, the shifting landscapes of opportunity and success, are all turning upside down, forcing us to reinvent as individuals and as a culture. Along my own journey I have read and encountered dozens of other successful leaders, artists, entrepreneurs, and mentors who I have learned the art of reinvention from. The journey has been intense. The obstacles were hard fought. And the adventures that led to me now finally sharing it all in this book has been both painful and exhilarating. I describe specific techniques, share stories, tell the stories of others, and give the ultimate guide to not only how but why it is critical for people to master the skills of reinvention. What I've learned: change is the only constant. Companies decay, technologies disappear, governments change, relationships change and opportunity is a shifting landscape. Reading the stories and learning the critical skills taught in Reinvent Yourself is how I found my own way through the chaos of change and onto the path of new opportunity and success. Again, this is the book I wish I had in my hands twenty years ago although I am glad that I am writing it now.

Bestselling author and mystic Lorna Byrne teaches us how to have more compassion for both ourselves and others and to see all the love around us in this powerful and moving book—perfect for fans of Louise Hay and Doreen Virtue. Lorna Byrne, an Irish mystic, has been seeing angels since she was a baby, but she sees even more than that. In Love from Heaven, she reveals for the first time that she sees love as a physical force. Lorna first became conscious that the angels were teaching her about love when she was five years old, and today she can see how love manifests in each of us. She sees that newborn babies are full of pure love and that many teenagers and adults seem surrounded at the heart level by a transparent but ironlike band, which restricts that love. We are all pure love, but nine out of ten of us have locked away most of this love within ourselves. This love remains there, though—indestructible and ready to be released, if only we can learn to love ourselves first. Love from Heaven will transform the way you think about love, stir up the love within, and make you more compassionate, leading to a happier life for you and those around you.

You are Enough explores why we have become so worried about what other people think of us, and what our infatuation with comparison can cause on physical, mental, emotional and spiritual levels. If you are sick of striving, or feeling like a perfectionist comparer, here are the practical tools for getting out of the comparison trap, so that you can learn to accept yourself as you are, and revel in the sense of peace and ease that this brings. Are you sick of giving yourself a hard time? Have you had enough of comparing yourself to others? Do you feel that nothing you do is good enough? It doesn't have to be this way. Because guess what? Your worth is innate—you can't earn it with accomplishments or by hitting your goals ... which means you can't lose it when you think you haven't done enough. It's time to let go of the negative thoughts that keep telling you that you'll only be more when you work harder ... that keep you stuck, constantly comparing yourself to those around you. It's time to understand what your body is trying to tell you when you're burning out, pushing yourself to your limits, and chasing self-worth, achievements and perfectionism. You are enough. Knowing this starts with accepting yourself. And the shift to true self-acceptance is realising you're already enough.
