"It has been a while since I have read a book as richly sown with beauty . . . A remarkable work, remarkable for the precision and vitality of its perceptions and for the successful intricacy of its prose." —James Wood, *The New Yorker* A visionary novel by "one of the most talented writers of his generation"—*The Times Literary Supplement* Shortlisted for the Man Booker Prize Based on real events, *The Quickening Maze* won over UK critics and readers alike with its rapturous prose and vivid exploration of poetry and madness. Historically accurate yet brilliantly imagined, this is the debut publication of this elegant and riveting novel in the United States. In 1837, after years of struggling with alcoholism and depression, the great nature poet John Clare finds himself in High Beach—a mental institution located in Epping Forest on the outskirts of London. It is not long before another famed writer, the young Alfred Tennyson, moves nearby and grows entwined in the catastrophic schemes of the hospital's owner, the peculiar Dr. Matthew Allen, his lonely adolescent daughter, and a coterie of mysterious local characters. With lyrical grace, the cloistered world of High Beach and its residents are brought richly to life in this enchanting book.

Rebecca Reisert's mesmerizing first novel re-imagines *Macbeth*, Shakespeare's classic tragedy of power and madness, through the eyes of a mysterious young woman on a dangerous quest for vengeance. For the girl called Gilly, life in the wilds of Birnam Wood is little more than a desperate struggle for survival. Seven long years have passed since she was first taken in and sheltered by Nettle and Mad Helga, the hut-dwelling wise-women whose inscrutable powers of alchemy and prophecy are feared and reviled throughout good King Duncan's kingdom. Living under the threat of deadly persecution by witch-hunting villagers, the threesome ekes out a life by peddling potions and elixirs, scavenging for food, and robbing the bloodied corpses of Scotland's battle-scarred hills for precious metals and weapons. But Gilly is haunted by recollections of a much brighter life. She clings to fading memories of a time when she was contented and adored -- until tragedy swept all that happiness away and young Gilly's life was changed forever. I have made my life an arrow, and His heart is my home. I have made my heart a blade, and His heart is my sheath....Obsessed with avenging her loss and putting out the fire that still rages in her heart, Gilly has dedicated herself to destroying Macbeth, the boundlessly ambitious man who took away her childhood, and his goading wife. Disguising herself as a poor servant boy, she insinuates herself into their lives and, as she bears horrified witness to Macbeth's violent path to power, Gilly subtly begins to take a hand in the forces governing his fate. But as the culmination of her revenge draws near, Gilly finds her own life at risk when she confronts the troubling legacy of a long-concealed heritage. *The Third Witch* is a brilliantly imagined, wonderfully satisfying novel. In a riveting story of ruthlessness and revenge, debut author Rebecca Reisert demonstrates a profound understanding of the Bard's timeless drama -- and of the real-life Macbeth upon whom Shakespeare's incarnation is modeled.

AN EXTRAORDINARILY RESONANT AND PROPHETIC COLLECTION OF SPECULATIVE SHORT FICTION FOR OUR TECH-SAVVY ERA BY DEBUT AUTHOR ALEXANDER WEINSTEIN *Children of the New World* introduces readers to a near-future world of social media implants, memory manufacturers, dangerously immersive virtual reality games, and alarmingly intuitive robots. Many of these characters live in a utopian future of instant connection and technological gratification that belies an unbridgeable human distance, while others inhabit a post-collapse landscape made primitive by disaster, which they must work to rebuild as we once did millennia ago. In "The Cartographers," the main character works for a company that creates and sells virtual memories, while struggling to maintain a real-world relationship sabotaged by an addiction to his own creations. In "Saying Goodbye to Yang," the robotic brother of an adopted Chinese child malfunctions, and only in his absence does the family realize how real a son he has become. *Children of the New World* grapples with our unease in this modern world and how our ever-growing dependence on new technologies has changed the shape of our society. "We cannot change the cards we are dealt, just how we play the hand."---Randy Pausch A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave--"Really Achieving Your Childhood Dreams"--wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have...and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
