'East of the Sun and West of the Moon' is a collection of Nordic and Norwegian folklore, edited and collated by Peter Christen Asbjørnsen and Jørgen Engebretsen Moe. The two men were so closely united in their lives' work that their folk tale anthologies are commonly mentioned only as 'Asbjørnsen and Moe.' This volume contains the classic 'East of the Sun and West of the Moon' and 'The Three Billy Goats Gruff', alongside other lesser-known stories such as 'The Three Princesses of Whiteland', 'The Widow's Son', and 'The Cat on the Dovrefell'. The stories of 'East of the Sun and West of the Moon' are accompanied by the dazzling colour and black and white illustrations of Kay Nielsen (1886 – 1957). Nielsen was a Danish artist belonging to the golden age of illustration. He was influenced by Japanese art and the Swedish folklore – becoming a crucial participant in the Art Nouveaux movement. His art is characterised by long, swooping lines, open spaces and a certain macabre, yet ephemeral quality. Presented alongside the text, his illustrations further refine and elucidate the Asbjørnsen and Moe's masterful storytelling. Pook Press celebrates the great 'Golden Age of Illustration' in children's literature – a period of unparalleled excellence in book illustration. We publish rare and vintage Golden Age illustrated books, in high-quality colour editions, so that the masterful artwork and story-telling can continue to delight both young and old.

"A great White Bear waits outside. He has faithfully promised to make us all rich if he can but have our youngest daughter." Often called the Scandanavian 'Beauty and the Beast', 'East of the Sun and West of the Moon' tells of the journey of the daughter as she leaves everything she has ever known to accompany the White Bear to his mountain castle, then to the homes of the Four Winds as she searches for the bear and seeks to rescue him from the clutches of a troll Princess, who resides in a castle that lies east of the sun and west of the moon ... EAST OF THE SUN - A return to the grand tradition of storytelling. BARBARA BICKMORE has created a tale in EAST OF THE SUN, so richly imagined, so lush in its description of Africa's primitive beauty, and so compelling in its depiction of the struggle for good, that you will live it as you read it."A grand historical romance . . . Filled with passions, heartbreak and death." Chicago Sun-Times.

Contained within this volume are the stories of East of the Sun and West of the Moon, Monica the Moon Child and The Swan Maidens – all classic children's stories from yesteryear which, even today, children want to hear and read. Also included are two poems which relate to the moon - The Man in the Moon and Hey Diddle, Diddle – which can also be considered classic children's rhymes. While the stories are entertaining and enjoyable to read, the numerous illustrations will fire children's imaginations and take them into fairy land, where, of course, anything is possible. Nowhere has this "firing of the imagination" been made more apparent than in the entertainments industry with the advent of Green Screen-CGI technology which has enabled big children's imaginations to run wild and bring all sorts of apparitions to life - especially in the fairy and folk tales genre where we have seen a wholesome revival of interest. The most thoughtful, progressive educators and parents have come to recognize the cultural value of folklore and fairy tales, fables and legends, not only as means of fostering and directing the power of the child's imagination, but as a basis for literary interpretation and appreciation throughout life not to mention increasing the literacy ability of children. So, find that comfy chair, have your child snuggle in and set fire to their imagination with this short collection of MOON STORIES for CHILDREN. 10% of the profit from the sale of this book will be donated to charities, ===== TAGS: Folklore, fairy tales, myths, legends, bedtime, children's stories, fables, poems, poetry, moon, east of the sun, west of the moon, monica, moon child, swan maidens, man in the moon, diddle, rhymes, entertain, white bear, lassie, castle, north wind, east, south, west, fly, change, silver bell, brother, sister, moonship, balloon, prince, mother, father, kiss, thick wood, forest, old hag, bundle, princess, gold apple, long nose, winter, sleigh, craters, mountains, side of the moon, garden, babies, Gardeness, roses, gloom, face, nurse, hunter, clothes, marry, children, dress, king, queen, six sisters, dolphin, flew, seven Bends, seven Glens, Crystal Mountain, cow, jump, cat, fiddle, dish, spoon, ran away

Raised by her aunt and uncle at the rectory in the small English village of Grimston Way, lovely Evy Varley remembers little of her missionary parents and nothing of South Africa, the land where she was orphaned during the Zulu War of 1878. But when Sir Rogan Chantry, the arrogant and handsome son of the local Squire, accuses Evy's mother of stealing the infamous Kimberly Black Diamond, Evy sets out to prove the rogue wrong and clear her mother's name. Secrets abound, however, from the diamond mines of South Africa to the halls of her own beloved rectory. Strangers come to Grimston Way for their own mysterious purposes, a stunned Evy finds that her own aunt and uncle may have concealed disturbing truths about her family, and the dashing Sir Rogan has his own reasons to seek the missing diamond. Yet despite Rogan's seemingly rakish ways and the class differences that render a romance between them impossible, Evy finds herself drawn to the man who was once her childhood friend and now holds the keys to her heart. Faced with a dangerous past and an uncertain future, Evy must draw upon her wits and her faith to pursue Tomorrow's Treasure. A story of faith, danger and romance, Tomorrow's Treasure is a masterpiece of historical suspense fiction.

From award winner Julia Gregson, author of Jasmine Nights, this sweeping international bestseller brilliantly captures the lives of three young women on their way to a new life in India during the 1920s. As the Kaiser-I-Hind weighs anchor for Bombay in the autumn of 1928, its passengers ponder their fate in a distant land. They are part of the "Fishing Fleet"—the name given to the legions of English women who sail to India each year in search of husbands, heedless of the life that awaits them. The inexperienced chaperone Viva Holloway has been entrusted to watch over three unsettling charges. There's Rose, as beautiful as she is naïve, who plans to marry a cavalry officer she has met a mere handful of times. Her bridesmaid, Victoria, is hell-bent on losing her virginity en route before finding a husband of her own. And shadowing them all is the malevolent presence of a disturbed schoolboy named Guy Glover. From the parties of the wealthy Bombay socialites to the poverty of Tamarind Street, from the sooty streets of London to the genteel conversation of the Bombay Yacht Club, East of the Sun takes us back to a world we hardly understand but yearn to know. This is a book that has it all: glorious detail, fascinating characters, and masterful storytelling.

South of the Border, West of the Sun is the beguiling story of a past rekindled, and one of Haruki Murakami's most touching novels. Hajime has arrived at middle age with a loving family and an enviable career, yet he feels incomplete. When a childhood friend, now a beautiful woman, shows up with a secret from which she is unable to escape, the fault lines of doubt in Hajime's quotidian existence begin to give way. Rich, mysterious, and quietly dazzling, in South of the Border, West of the Sun the simple arc of one man's life becomes the exquisite literary terrain of Murakami's remarkable genius.

A masterpiece of Biblical scope, and the magnum opus of one of America's most enduring authors, in a commemorative hardcover edition In his journal, Nobel Prize winner John Steinbeck called East of Eden "the first book," and indeed it has the primordial power and simplicity of myth. Set in the rich farmland of California's Salinas Valley, this sprawling and often brutal novel follows the intertwined destinies of two families—the Trasks and the Hamiltons—whose generations helplessly reenact the fall of Adam and Eve and the poisonous rivalry of Cain and Abel. The masterpiece of Steinbeck's later years, East of Eden is a work in which Steinbeck created his most mesmerizing characters and explored his most enduring themes: the mystery of identity, the inexplicability of love, and the murderous consequences of love's absence. Adapted for the 1955 film directed by Elia Kazan introducing James Dean, and read by thousands as the book that brought Oprah's Book Club back, East of Eden has remained vitally present in American culture for over half a century.

In West of the Moon, award-winning and New York Times bestselling author Margi Preus expertly weaves original fiction with myth and folktale to tell the story of Astri, a young Norwegian girl desperate to join her father in America. After being separated from her sister and sold to a cruel goat farmer, Astri makes a daring escape. She quickly retrieves her little sister, and, armed with a troll treasure, a book of spells and curses, and a possibly magic hairbrush, they set off for America. With a mysterious companion in tow and the malevolent "goatman" in pursuit, the girls head over the Norwegian mountains, through field and forest, and in and out of folktales and dreams as they steadily make their way east of the sun and west of the moon. Praise for West of the Moon FIVE STARRED REVIEWS "Like dun silk shot thought with gold, Preus interweaves the mesmerizing tale of Astri's treacherous and harrowing mid-nineteenth-century emigration to America with bewitching tales of magic. A fascinating author's note only adds to the wonder." --Booklist, starred review "Norwegian history, fiction and folklore intertwine

seamlessly in this lively, fantastical adventure and moving coming-of-age story." --Kirkus Reviews, starred review "Enthralling and unflinching, this historical tale resonates with mythical undertones that will linger with readers after the final page is turned." --School Library Journal, starred review "Astri is like a girl out of a fairy tale, and the native folktales that Preus weaves through the narrative serve as guides, lessons, and inspiration for her." --Publishers Weekly, starred review "Several Norwegian folktales are seamlessly integrated into the fast-paced, lyrically narrated story, which features a protagonist as stalwart and fearless as any fairy-tale hero." --The Horn Book Magazine, starred review "It's Astri's voice, however, that is most appealing: her direct, no-nonsense narration has a sharp bite, yet it also reveals the vulnerable young girl who's willing to continue to fight but is nonetheless exhausted by the weight of her struggle. The chapters have an episodic structure that makes this an ideal choice for readaloud or storytelling adaptations, while the mix of folklore, fact, and fantasy will please fans of Edith Patou's East." --The Bulletin of The Center for Children's Books

A beautiful, new edition of the beloved fantasy hailed as "the stuff of epic tale telling" (Booklist), perfect for fans of Beauty and the Beast from New York Times best-selling author Edith Pattou. Rose has always longed for adventure, so when an enormous white bear appears one evening and makes her a mysterious offer, she accepts. In exchange for health and prosperity for her ailing family, she must live with the white bear in a distant castle. But Rose soon realizes that all isn't as it seems. As she tries to settle into her new life, she makes a devastating mistake. Now she must choose: return to her safe and loving family or go on a dangerous quest to fix what she has broken--and perhaps lose her heart along the way. A sweeping romantic epic as timeless as any fairy tale and thrilling as only the best fantasy novels can be.

So she rode a long, long way, till they came to a great steep hill. There, on the face of it, the White Bear gave a knock, and a door opened, and they came into a castle where there were many rooms all lit up; rooms gleaming with silver and gold; and there, too, was a table ready laid, and it was all as grand as grand could be. Then the White Bear gave her a silver bell; and when she wanted anything, she was only to ring it, and she would get it at once. Well, after she had eaten and drunk, and evening wore on, she got sleepy after her journey, and thought she would like to go to bed, so she rang the bell; and she had scarce taken hold of it before she came into a chamber where there was a bed made, as fair and white as any one would wish to sleep in, with silken pillows and curtains and gold fringe. All that was in the room was gold or silver; but when she had gone to bed and put out the light, a man came and laid himself alongside her. That was the White Bear, who threw off his beast shape at night; but she never saw him, for he always came after she had put out the light, and before the day dawned he was up and off again. So things went on happily for a while, but at last she began to get silent and sorrowful; for there she went about all day alone, and she longed to go home to see her father and mother and brothers and sisters. So one day, when the White Bear asked what it was that she lacked, she said it was so dull and lonely there, and how she longed to go home to see her father and mother and brothers and sisters, and that was why she was so sad and sorrowful, because she couldn't get to them.

Burnt by the Sun examines the history of the first Korean diaspora in a Western society during the highly tense geopolitical atmosphere of the Soviet Union in the late 1930s. Author Jon K. Chang demonstrates that the Koreans of the Russian Far East were continually viewed as a problematic and maligned nationality (ethnic community) during the Tsarist and Soviet periods. He argues that Tsarist influences and the various forms of Russian nationalism(s) and worldviews blinded the Stalinist regime from seeing the Koreans as loyal Soviet citizens. Instead, these influences portrayed them as a colonizing element (labor force) with unknown and unknowable political loyalties. One of the major findings of Chang's research was the depth that the Soviet state was able to influence, penetrate, and control the Koreans through not only state propaganda and media, but also their selection and placement of Soviet Korean leaders, informants, and secret police within the populace. From his interviews with relatives of former Korean OGPU/NKVD (the predecessor to the KGB) officers, he learned of Korean NKVD who helped deport their own community. Given these facts, one would think the Koreans should have been

considered a loyal Soviet people. But this was not the case, mainly due to how the Russian empire and, later, the Soviet state linked political loyalty with race or ethnic community. During his six years of fieldwork in Central Asia and Russia, Chang interviewed approximately sixty elderly Koreans who lived in the Russian Far East prior to their deportation in 1937. This oral history along with digital technology allowed him to piece together Soviet Korean life as well as their experiences working with and living beside Siberian natives, Chinese, Russians, and the Central Asian peoples. Chang also discovered that some two thousand Soviet Koreans remained on North Sakhalin island after the Korean deportation was carried out, working on Japanese-Soviet joint ventures extracting coal, gas, petroleum, timber, and other resources. This showed that Soviet socialism was not ideologically pure and was certainly swayed by Japanese capitalism and the monetary benefits of projects that paid the Stalinist regime hard currency for its resources. Based on a Norwegian fairy tale in which a handsome prince is transformed into an animal.
