storyteller and terrifically engaging writer, she does what she's done all her life—entertain us—while at the same time offering 100 not just easy but really easy-to-make, really tasty recipes. Her stories are filled with charming crabbiness—of cooking early in the day for the two kids who eat only six things, then later for the husband who eats only about eight things, none of which share common ground with those first six; of inviting her mother-in-law for dinner and handing her an apron; of suffering HAS—Hostess Anxiety Syndrome—having the book club over and picking *The Good Earth* because it matches the neighborhood's great new Chinese take-out, so no cooking involved! She wants to give a Nobel Prize to the person who invented bagged salad, and she recounts a wonderful story of making homemade turkey pot pie for the very first time—its crust tasted like rosemary-scented Play-Doh—to serve to Richard Gere and Cindy Crawford. But crabby or not, she's found a way to make it work, and work brilliantly. *The Crabby Cook* is about how to change your food-itude—no more garnish guilt, for example, and why “sort of homemade” is just as good as homemade (ie, knowing when to go all out with Pain-in-the-Ass Minestrone and when to settle for the almost-as-tasty Lazy-Ass Minestrone). It's how to identify those Miracle Foods—the stuff that everyone loves, like Gobble-It-Up Turkey Chili and Tony's Rigatoni. And even a whole survival guide—despite her HAS—to

Peter Sculthorpe, who died in 2014, remains Australia's best-known composer and is widely held to be the most important creative musical spirit the country has produced. Beautifully written and fastidiously researched, this authorised biography provides an insight into Sculthorpe's formation years: his quest for personal voice, and his arrival – through many creative friendships and collaborations – at a place in the collective heart of the nation. It charts the realisation of a youthful vocation to become not merely a composer, but an Australian composer. Graeme Skinner's biography is also a social history, examining Sculthorpe's unique role in the creation of Australian musical modernism in the 1960s – an important era in Australia's cultural evolution.
