

Eat The Rich A Treatise On Economics Pj Orouke

“[A] merciless but often humorous look at the shortcomings of American politics” by the #1 New York Times–bestselling author of *Parliament of Whores* (Booklist). *Don't Vote: It Just Encourages the Bastards* is a brilliant, disturbing, hilarious, and sobering look at why politics and politicians are a necessary evil—but only just barely necessary. Read P. J. O'Rourke on the pathetic nature of our attempts to govern ourselves and laugh through your tears or—what the hell—just laugh. “Whether readers agree with O'Rourke's politics or not, his style is funny, cutting, and insightful.” —Booklist “P. J. O'Rourke is like S. J. Perelman on acid.” —Christopher Buckley “The funniest writer in America.” —The Wall Street Journal

A surprising and revealing look at how today's elite view their wealth and place in society From TV's “real housewives” to *The Wolf of Wall Street*, our popular culture portrays the wealthy as materialistic and entitled. But what do we really know about those who live on “easy street”? In this penetrating book, Rachel Sherman draws on rare in-depth interviews that she conducted with fifty affluent New Yorkers—from hedge fund financiers and artists to stay-at-home mothers—to examine their lifestyle choices and understanding of privilege. Sherman upends images of wealthy people as invested only in accruing social advantages for themselves and their children. Instead, these liberal elites, who believe in diversity and meritocracy, feel conflicted about their position in a highly unequal society. As the distance between rich and poor widens, *Uneasy Street* not only explores the lives of those at the top but also sheds light on how extreme inequality comes to seem ordinary and acceptable to the rest of us.

This eBook edition of “The Social Contract” has been formatted to the highest digital standards and adjusted for readability on all devices. *The Social Contract*, originally published as *On the Social Contract; or, Principles of Political Rights* by Jean-Jacques Rousseau, is a 1762 book in which Rousseau theorized about the best way to establish a political community in the face of the problems of commercial society, which he had already identified in his *Discourse on Inequality* (1754). *The Social Contract* helped inspire political reforms or revolutions in Europe, especially in France. *The Social Contract* argued against the idea that monarchs were divinely empowered to legislate. Rousseau asserts that only the people, who are sovereign, have that all-powerful right.

A #1 New York Times bestseller: “An everyman's guide to Washington” by the savagely funny political humorist and author of *How the Hell Did This Happen?* (The New York Times). P. J. O'Rourke's *Parliament of Whores* has become a classic in understanding the workings of the American political system. Originally written at the end of the Reagan era, this new edition includes an extensive foreword by renowned journalist Andrew Ferguson—showing us that although the names may change, the game stays the same . . . or, occasionally, gets worse. *Parliament of Whores* is a “gonzo civics book” that takes us through the ethical foibles, pork-barrel flimflam, and Beltway bureaucracy, leaving no sacred cow unskewered and no politically correct sensitivities unscorched (Chicago Tribune). “Insulting, inflammatory, profane, and absolutely great reading.” —The Washington Post Book World

An ethereal new collection that is “visceral with intellection” (David Lau) *A Treatise on Stars* extends Mei-mei Berssenbrugge's intensely phenomenological poetics to the fiery bodies in a “field of heaven...outside spacetime.” Long, lyrical lines map a geography of interconnected, interdimensional intelligence that exists in all places and sentient beings. These are poems of deep listening and patient waiting, open to the cosmic loom, the channeling of daily experience and conversation, gestalt and angels, dolphins and a star-visitor beneath a tree. Family, too, becomes a type of constellation, a thought “a form of organized light.” All of our senses are activated by Berssenbrugge's radiant lines, giving us a poetry of keen perception grounded in the physical world, where “days fill with splendor, and earth offers its pristine beauty to an expanding present.”

The #1 New York Times–bestselling author takes on subjects from banking to bitcoin: “Another winner from an A-list humorist.”?Booklist Sharp-witted satirist and author of *Parliament of Whores* P. J. O'Rourke takes on his scariest subjects yet—business, investment, finance, and the political chicanery behind them. Want to get rich overnight for free in 3 easy steps with no risk? Then don't buy this book. (Actually, if you believe there's a book that can do that, you shouldn't buy any books because you probably can't read.) P.J. O'Rourke's approach to business, investment, and finance is different. He takes the risks for you in his chapter “How I Learned Economics by Watching People Try to Kill Each Other.” He proposes “A Way to Raise Taxes That We'll All Love”—a 200% tax on celebrities. He offers a brief history of economic transitions before exploring the world of high tech innovation with a chapter on “Unnovations,” which asks, “The Internet—whose idea was it to put all the idiots on earth in touch with each other?” He misunderstands bitcoin, which seems “like a weird scam invented by strange geeks with weaponized slide rules in the high school Evil Math Club.” And finally, he offers a fanciful short story about the morning that P.J. wakes up and finds that all the world's goods and services are free! “The funniest writer in America.”?TheWall Street Journal

P.J. sets off on a world tour to investigate funny economics. Having seen ‘good’ capitalism on Wall Street, he looks at ‘bad’ capitalism in Albania, views ‘good’ socialism in Sweden and endures ‘bad’ socialism in Cuba. The result is the world's only astute, comprehensive and concise presentation of the basic principles of economics that can make you laugh on purpose. ‘P.J. O'Rourke is the acceptable face of US Republican arrogance. He sneers so irresistibly, you cough up your liberal guts laughing’ Observer ‘The first thing you learn about O'Rourke is this: he cannot turn off his mirth valve. Such is the severity of P.J.'s condition, the only person to have more entries in *The Oxford Dictionary of Humorous Quotations* is Oscar Wilde. This makes O'Rourke either the funniest man alive, or the wittiest heterosexual of all time . . . In *Eat the Rich*, O'Rourke's ninth book, he squares up to the daunting topic of the world's wealth: who has it, who hasn't and why’ Mail on Sunday ‘P.J. at his scathing best . . . This is economics for the uninitiated’ Irish News With the help of industrialist Andrew Carnegie, the author of this remarkable book spent two decades interviewing

hundreds of people renowned for their wealth and achievement. Napoleon Hill's all-time bestseller in the personal success field offers priceless advice on positive thinking and overcoming adversity by distilling the collective wisdom of Henry Ford, Thomas Edison, John D. Rockefeller, and other successful figures from the worlds of finance, industry, and the arts. Growing rich, Hill explains, is about far more than just making money. "Whatever the mind can conceive and believe," he asserts, "it can achieve with positive mental attitude." Hill outlines 13 principles of success involving goal setting, developing entrepreneurial thinking, and exercising effective leadership. A must for any reader of *The Secret*, this guide will transform the way you think about time, money, and relationships, setting your feet on the path to financial freedom.

An "extremely funny" take on the decline of civility, from the #1 New York Times–bestselling author of *How the Hell Did This Happen?* (The Plain Dealer). In *Modern Manners*, cultural guru P. J. O'Rourke provides the essential accessory for the truly contemporary man or woman—a rulebook for living in a world without rules. Traditionally, good manners were a means of becoming as bland and invisible as everyone else, thus avoiding calling attention to one's own awkwardness and stupidity. Today, with everyone wanting to appear special, stupidity is at a premium, and manners—as outrageous and bizarre as possible—are a wonderful way to distinguish ourselves, or at least have a fine time trying. This irreverent and hilarious guide to anti-etiquette offers pointed advice on topics from sex and entertaining to reading habits and death. With the most up-to-date forms of vulgarity, churlishness, and presumption, the latest fashions in discourtesy and barbarous display, O'Rourke is our guide to the art of incivility. "Modern Manners is O'Rourke doing what he has always done: making hilarious, insightful, often vicious fun of the world and all its inhabitants." —People "A reader who rushes through [*Modern Manners*] from cover to cover—like I did—will feel like a child who has gorged on chocolate cake: happy, but a bit disappointed that it's all gone. The reason O'Rourke's book is so successful, however, is not just his great sense of humor. O'Rourke's writing has a cutting edge behind it, which makes a reader's laughter just a bit thought-provoking, and just a bit rueful . . . Very funny." —Chicago Tribune

Imagine a garden that is as beautiful as it is productive, that gives you fresh, wholesome, chemical-free food with flavours that go way beyond anything the shops can offer. In *Eat What You Grow*, Alys shows you how to create a rich, biodiverse garden that feeds not only you, but supports a wide range of pollinators, bees and butterflies, as well as other wildlife. From perennial vegetables that come back year after year, to easy-to-grow delights, she has selected plants that hold their own in both the garden and on the plate. And tells you how to raise these plants, guiding you through the process of feeding your soil, saving seed and taking cuttings to increase your supplies. She also teaches you simple and effective design tools that will ensure your garden looks striking and wild, brings joy to your world and feeds you day after day.

The #1 New York Times–bestselling humorist's tribute to car travel is "a ride worth taking, even for readers who don't know an oil pan from a frying pan" (The Washington Times). From a veteran of both *Car and Driver* and *National Lampoon* magazines, this hilarious book chronicles the golden age of the automobile in America—and takes us on a whirlwind tour of the world's most scenic and bumpiest roads in trouble-laden cross-country treks, from a 1978 Florida-to-California escapade in a 1956 special four-door Buick sedan, to a thousand-mile effort across Mexico in the Baja 1000 in 1983, to a journey through Kyrgyzstan in 2006 on the back of a Soviet army surplus six-wheel-drive truck. For longtime fans of the celebrated humorist, the collection features a host of O'Rourke's classic pieces on driving, including "How to Drive Fast on Drugs While Getting Your Wing-Wang Squeezed and Not Spill Your Drink," about the potential misdeeds one might perform in the front (and back) seat of an automobile; "The Rolling Organ Donors Motorcycle Club," which chronicles a seven-hundred-mile weekend trip through Michigan and Indiana that O'Rourke took on a Harley-Davidson; his brilliant and funny piece from *Rolling Stone* on NASCAR and its peculiar culture recorded during an alcohol-fueled weekend in Charlotte, North Carolina, in 1977; and an hilarious account of a ride from Islamabad to Calcutta in Land Rover's new Discovery Trek. "Never in neutral, O'Rourke offers laughter on wheels." —Publishers Weekly "An insightful look not just at the American love affair with cars, but also at one man's changing outlook on life, all of it fast-paced and over the top . . . Even readers who know nothing about cars and motorcycles will appreciate the joy and hilarity of this book." —Booklist

A New York Times bestseller: "The funniest writer in America" takes on the global economy (The Wall Street Journal). In this book, renowned political humorist P. J. O'Rourke, author of *Parliament of Whores* and *How the Hell Did This Happen?* leads us on a hysterical whirlwind world tour from the "good capitalism" of Wall Street to the "bad socialism" of Cuba in search of the answer to an age-old question: "Why do some places prosper and thrive, while others just suck?" With stops in Albania, Sweden, Hong Kong, Moscow, and Tanzania, O'Rourke takes a look at the complexities of economics with a big dose of the incomparable wit that has made him one of today's most refreshing commentators. "O'Rourke has done the unthinkable: he's made money funny." —Forbes FYI "[O'Rourke is] witty, smart and—though he hides it under a tough coat of cynicism—a fine reporter . . . Delightful." —The New York Times Book Review

How entrepreneurs find the next big thing—and make it huge. The era of easy money and easy jobs is officially over. Today, we're all entrepreneurs, and the tides of change threaten to capsize anyone who plays it safe. Taking risks is the name of the game—but how can you tell a smart bet from a stupid gamble? Andy Kessler has made a career out of seeing the future of business, as an analyst, investment banker, venture capitalist, and hedge fund manager. He evaluated the business potential of the likes of Steve Jobs and Michael Dell before they were Steve Jobs and Michael Dell. His eye for what's next is unparalleled. Now Kessler explains how the world's greatest entrepreneurs don't just start successful companies—they overturn entire industries. He offers twelve surprising and controversial rules for these radical entrepreneurs, such as: ? Eat people: Get rid of worthless jobs to create more wealth for everybody ? Create artificial scarcity for virtual goods ? Trust markets to make better decisions than managers Whether you're at a big corporation or running a small business, you're now an entrepreneur. Will you see change coming and grab on to opportunity or miss

the boat?

With technology and globalization advancing at breakneck speed, the world economy becomes more complex by the day. Activists, politicians, and media enablers—conservative and liberal, left and right, informed and just plain wrong—consistently seize this opportunity to present woefully simplistic explanations and hype the latest myths regarding issues affecting the economy. Their purpose is not to educate but to advocate and, in many cases involving the media, manufacture outrage to drive ratings higher. So, where can you find the truth about today's economy and how it affects you? Turn off the TV, put down the magazine, log off the Internet—and read this book. Spin-Free Economics places the current economic debates where they belong: in the middle of the road. With no political ax to grind, Nariman Behravesesh takes a centrist approach to explain how today's economic issues affect individuals and businesses. Along the way, he debunks myths regarding the effects of immigration, unemployment, regulation, productivity, education, health care, and other headline issues. Spin-Free Economics answers today's most pressing questions, including Will more regulation prevent financial crises? Are outsourcing and foreign ownership good or bad for Americans? Should we fear or embrace Asia's emerging economic powers? Is aid or trade the solution to global poverty? The vast majority of economists, Behravesesh points out, are independent analysts who are in agreement on many of today's issues. Unfortunately, the subject has been taken over by opportunists, whose answers to the questions above invariably fall along partisan lines. Spin-Free Economics is a breath of fresh air for those seeking an alternative to the chatter of ideologues and cynics. Rejecting the manipulative approach of "sound-bite economics," Nariman Behravesesh uses facts and insight tempered by clearheaded reason to present the most accurate assessment of the subject to date.

JAMES BEARD AWARD WINNER IACP Cookbook Award nominee In the face of apocalyptic climate change, a former fisherman shares a bold and hopeful new vision for saving the planet: farming the ocean. Here Bren Smith--pioneer of regenerative ocean agriculture--introduces the world to a groundbreaking solution to the global climate crisis. A genre-defining "climate memoir," *Eat Like a Fish* interweaves Smith's own life--from sailing the high seas aboard commercial fishing trawlers to developing new forms of ocean farming to surfing the frontiers of the food movement--with actionable food policy and practical advice on ocean farming. Written with the humor and swagger of a fisherman telling a late-night tale, it is a powerful story of environmental renewal, and a must-read guide to saving our oceans, feeding the world, and--by creating new jobs up and down the coasts--putting working class Americans back to work.

P.J. O'Rourke celebrates his first twenty-five years of journalism with 'a quarter of a century of previously uncollected fulminations, diatribes, philippics, animadversions, bullyrags, readings of the riot act, middle-finger flag-downs, scoffings, slander, calumnies and licks of the rough side of the tongue'. 'This career-spanning anthology condenses one of the most provocative and entertaining careers in twentieth-century journalism . . . P.J. O'Rourke remains the funniest man in print. This book confirms that he has been much longer than we thought' *Ikon* 'P.J. O'Rourke is routinely billed as "America's premier political humorist" and, for once, it is a claim that is difficult to dispute . . . few other humorists rival O'Rourke for simple comic density' *Guardian* 'It is not fanciful to think of him as the heir to Swift and Orwell . . . journalism as relentlessly funny as it is deceptively shrewd' *Melody Maker* 'Age and Guile contains enough firecracker wit to uphold his reputation as America's greatest prose comedian' *Financial Times* 'O'Rourke remains the wittiest member of the herd' *Daily Telegraph*

The #1 *New York Times*–bestselling political humorist reads Adam Smith's classic economic treatise—so you don't have to. Recognized almost instantly on its publication in 1776 as the fundamental work of economics, *The Wealth of Nations* was also recognized as really long. The original edition totaled over nine hundred pages in two volumes—including the blockbuster sixty-seven-page "Digression concerning the Variations in the Value of Silver during the Course of the Four last Centuries," which, to those uninterested in the historiography of currency supply, is like reading *Modern Maturity* in Urdu. Although daunting, Adam Smith's tome is still essential to understanding such current hot topics as outsourcing, trade imbalances, and Angelina Jolie. In this witty, approachable, and insightful examination of Smith and his groundbreaking work, P. J. O'Rourke puts his trademark wit to good use, and shows us why Smith is still relevant, why what seems obvious now was once revolutionary, and why the pursuit of self-interest is so important. "If there is anyone on the planet who can make Adam Smith as entertaining and informative as he was prophetic, it's P. J. O'Rourke." —*The Weekly Standard* "Hilarious . . . Learning history while better understanding the current economy—and laughing while doing it? Hard to ask for more." —*Rocky Mountain News*

The #1 *New York Times*–bestselling author takes an "unfailingly funny" look at global problems and offers his own political perspective (*The Washington Times*). In this volume, the political humorist and former *National Lampoon* editor-in-chief attacks fashionable worries—all those terrible problems that are constantly on our minds and in the news, but about which most of us have no real clue—and crisscrosses the globe in search of solutions to today's most vexing issues, including overpopulation, famine, plague, and multiculturalism. In the process, he produces a hilarious and informative book which ensures that the concept of political correctness will never be the same again. "One of the funniest, most insightful, dead-on-the-money books of the year." —*Los Angeles Times* "O'Rourke's best work since *Parliament of Whores*." —*The Houston Post* "Bottom line: Buy the book." —*The Wall Street Journal*

In a time of chaos, the #1 *New York Times*-bestselling political humorist asks his fellow Americans to take it down a notch. Is there an upside to being woke (and unable to get back to sleep)? If we license dentists, why don't we license politicians? Is your juicer sending fake news to your FitBit about what's in your refrigerator? The legendary P.J. O'Rourke addresses these questions and more in this hilarious new collection of essays about our nation's propensity for anger and perplexity, which includes such gems as "An Inaugural Address I'd Like to Hear" (Ask not what your country can do for you, ask how I can get the hell out of here) and "Sympathy vs. Empathy," which contemplates whether it's better to hold people's hands or bust into their heads. Also included is a handy quiz to find out where you stand on the Coastals-vs.-Heartlanders spectrum. From the author of *Parliament of Whores*, *None of My Business*, and other modern classics, this is a smart look at the current state of these United States, and a plea to everyone to take a deep breath, relax, and enjoy a few good laughs. "To say that P. J. O'Rourke is funny is like saying the Rocky Mountains are scenic—accurate but insufficient." —*Chicago Tribune* "The funniest writer in America."—*The Wall Street Journal*

Gary Becker sees the family as a kind of little factory - a multiperson unit producing meals, health, skills, children and self-esteem from market goods and the time, skills, and knowledge of its members. Gary Becker won the 1992 Nobel Prize in Economics.

The classic work that redefined the sociology of knowledge and has inspired a generation of philosophers and thinkers In this seminal book, Peter L. Berger and Thomas Luckmann examine how knowledge forms and how it is preserved and altered within a society. Unlike earlier

theorists and philosophers, Berger and Luckmann go beyond intellectual history and focus on commonsense, everyday knowledge—the proverbs, morals, values, and beliefs shared among ordinary people. When first published in 1966, this systematic, theoretical treatise introduced the term social construction, effectively creating a new thought and transforming Western philosophy.

Wars have been fought over it, revolutions have been spurred by it, national diets have been based on it, economies have depended on it, and the settlement of North America was driven by it. Cod, it turns out, is the reason Europeans set sail across the Atlantic, and it is the only reason they could. What did the Vikings eat in icy Greenland and on the five expeditions to America recorded in the Icelandic sagas? Cod -- frozen and dried in the frosty air, then broken into pieces and eaten like hardtack. What was the staple of the medieval diet? Cod again, sold salted by the Basques, an enigmatic people with a mysterious, unlimited supply of cod. Cod is a charming tour of history with all its economic forces laid bare and a fish story embellished with great gastronomic detail. It is also a tragic tale of environmental failure, of depleted fishing stocks where once the cod's numbers were legendary. In this deceptively whimsical biography of a fish, Mark Kurlansky brings a thousand years of human civilization into captivating focus.

Originally published in 1960, this analysis of all of Locke's publications quickly became established as the standard edition of the Treatises as well as a work of political theory in its own right.

Eat the Rich A Treatise on Economics Open Road + Grove/Atlantic

The first of its kind, this edited volume provides in-depth, culturally sensitive material intended for addressing the unique concerns of Black women with eating disorders in addition to comprehensive discussions and treatment guidelines for this population. The contributing authors—all of whom are Black professionals providing direct care to Black women—offer a range of perspectives to help readers understand the whole experience of their Black female clients. This includes not only discussion of their clients' physical health but also of their emotional lives and the ways in which the stresses of racism, discrimination, trauma, and adverse childhood experiences can contribute to disordered eating. Through a wealth of diverse voices and stories, chapters boldly tackle issues such as stereotypes and acculturative stress. Clinicians of any race will gain new tools for assessing, diagnosing, and treating disordered eating in Black women and will be empowered to provide better care for their clients.

When journalist Ann Mah's husband is given a diplomatic assignment in Paris, Mah - a lifelong foodie and Francophile - begins plotting gastronomic adventures deux. Then her husband is called away to Iraq on a yearlong post... alone. This overturns Mah's vision of a romantic sojourn in the City of Light. So, not unlike Julia Child, another diplomat's wife, Mah must find a life for herself in a new city. Mah journeys through Paris and the surrounding regions, combating her loneliness by exploring the history and taste of everything from cassoulet to buckwheat cr pes.

#1 New York Times bestseller for 13 consecutive weeks! "As long as humanity speaks of virtue and dreams of freedom, the life and writings of Whittaker Chambers will ennoble and inspire." - PRESIDENT RONALD REAGAN "One of the dozen or so indispensable books of the century..." - GEORGE F. WILL "Witness changed my worldview, my philosophical perceptions, and, without exaggeration, my life." - ROBERT D. NOVAK, from his Foreword "Chambers has written one of the really significant American autobiographies. When some future Plutarch writes his American Lives, he will find in Chambers penetrating and terrible insights into America in the early twentieth century." - ARTHUR SCHLESINGER JR. "Chambers had a gift for language....to call Chambers an activist or Witness a political event is to say Dostoevsky was a criminologist or Crime and Punishment a morality tract." - WASHINGTON POST "Chambers was not just the witness against Alger Hiss, but was also one of the articulators of the modern conservative philosophy, a philosophy that has something to do with restoring the spiritual values of politics." - SAM TANENHAUS, author of Whittaker Chambers "One of the few indispensable autobiographies ever written by an American - and one of the best written, too." - HILTON KRAMER, The New Criterion First published in 1952, Witness is the true story of Soviet spies in America and the trial that captivated a nation. Part literary effort, part philosophical treatise, this intriguing autobiography recounts the famous Alger Hiss case and reveals much more. Chambers' worldview and his belief that "man without mysticism is a monster" went on to help make political conservatism a national force. Regnery History's Cold War Classics edition is the most comprehensive version of Witness ever published, featuring forewords collected from all previous editions, including discussions from luminaries William F. Buckley Jr., Robert D. Novak, Milton Hindus, and Alfred S. Regnery.

The most powerful force in the world economy today is the redefinition of the relationship between state and marketplace - a process that goes by the name of privatization though this term is inadequate to express its far-reaching changes. We are moving from an era in which governments sought to seize and control the 'commanding heights' of the economy to an era in which the idea of free markets is capturing the commanding heights of world economic thinking. Basic views of how society ought to be organized are undergoing rapid change, trillions of dollars are changing hands and so is fundamental political power. Great new wealth is being created - as are huge opportunities and huge risks. Taking a worldwide perspective, including Britain, where the process began with Mrs Thatcher, Europe and the former USSR, China, Latin America and the US, THE COMMANDING HEIGHTS shows how a revolution in ideas is transforming the world economy - why it is happening, how it can go wrong and what it will mean for the global economy going into the twenty-first century.

Humorous essays from the #1 New York Times—bestselling author on travel, late-life parenting, and other perils. P. J. O'Rourke, hailed as "one of America's most hilarious writers" by Time, is the author of the classic travelogue *Holidays in Hell*, in which he traversed the globe on a fun-finding mission to what were then some of the most desperate places on the planet, including Warsaw, Managua, and Belfast. In *Holidays in Heck*, O'Rourke embarks on supposedly more comfortable and allegedly less dangerous travels—often with family in tow—which mostly leave him wishing he were under artillery fire again. The essays take O'Rourke on a whirlwind of adventures, from the National Mall in Washington to a family ski vacation (to the Aspen of the Midwest—Ohio—where the highest point of elevation is the six-foot ski instructor that his wife thinks is cute). He also experiences a harrowing horseback ride across the mountains of Kyrgyzstan. The result is a hilarious and often moving portrait of life in the fast lane—only this time as a husband and father. "In this cheeky follow-up to *Holidays in Hell*, former war correspondent O'Rourke trades battle zones for more appealing travel destinations, often with his family in tow . . . O'Rourke loses none of his sly humor, finding many opportunities to lampoon American politics under his new guise as a traveling family man." —Publishers Weekly "[O'Rourke] provides colorful, earthy descriptive passages regarding stag hunts in Britain, extreme horseback riding in the wilds of Kyrgyzstan, a poignant look at his bout with cancer and a brief jaunt to Kabul, Afghanistan." —Kirkus Reviews

Argues that if nothing is done to stop the squandering of fish stock, the ecological balance of life in the oceans will face collapse and millions of people could starve, and examines the causes and implications of the problem.

An important work that explains the economic, philosophical, and historical case against the Fed.

Everyone wants to be rich, but do you know that there is a SCIENCE OF GETTING RICH. This book explains in simple steps how you can first ready yourself to earn more, without hassles or worries. From the simplest question of who all can actually get rich, to the small steps taken – like developing a will power, showing gratitude, getting into the right business – have been explained in detail, in everyday terms. Read on, and find out the secret behind changing your life and the way you earn.

In this delectable compendium of recipes and stories, culinary researcher Saeed Koranne-Khandekar debunks the myths surrounding the foods of Maharashtra and reveals the versatility and sheer variety of its food traditions. Bringing together over 200 traditional recipes, this enriching book introduces food enthusiasts to special masalas, cooking techniques and elaborate meal spreads using a range of produce. Along the way, its delightful stories and anecdotes vividly detail the characteristic food traits of

the several communities that inhabit the region. From the sophisticatedly spiced Kolhapuri mutton sukka to the tamarind-based thecha, from a never-fail formula for frying fish to the wholesome chakolya "pasta" and variants of karanji, the recipes in this book will at once enhance your kitchen skills and your palate.

A "hair-raisingly hilarious" journey through danger zones from Belfast to Gaza, by the #1 New York Times–bestselling author (Vanity Fair). "Tired of making bad jokes" and believing that "the world outside seemed a much worse joke than anything I could conjure," journalist and political satirist P. J. O'Rourke decided to traverse the globe on a fun-finding mission, investigating the way of life in the most desperate places on the planet, including Warsaw, Managua, and Belfast. The result is *Holidays in Hell*—a full-tilt, no-holds-barred romp through politics, culture, and ideology. The author's adventures include storming student protesters' barricades with riot police in South Korea, interviewing communist insurrectionists in the Philippines, and going undercover dressed in Arab garb in the Gaza Strip. He also takes a look at America's homegrown horrors as he braves the media frenzy surrounding the Reagan-Gorbachev summit in Washington DC, uncovers the mortifying banality behind the white-bread kitsch of Jerry Falwell's Heritage USA, and survives the stultifying boredom of Harvard's 350th anniversary celebration. Packed with classic riffs on everything from Polish nightlife under communism to Third World driving tips, *Holidays in Hell* is one of the best-loved books by "one of America's most hilarious writers" (Time). "Wickedly amusing." —The Baltimore Sun "Funny, outrageous, perceptive." —The Washington Post Book World

A transformative family lifestyle guide on the power of plant-based eating—with 120 recipes—from world-renowned vegan ultra-distance athlete Rich Roll and his chef wife Julie Piatt Created by renowned vegan ultra-distance athlete and high-profile wellness advocate Rich Roll and his chef wife Julie Piatt, *The Plantpower Way* shares the joy and vibrant health they and their whole family have experienced living a plant-based lifestyle. Bursting with inspiration, practical guidance, and beautiful four-color photography, *The Plantpower Way* has more than 120 delicious, easy-to-prepare whole food recipes, including hearty breakfasts, lunches, and dinners, plus healthful and delicious smoothies and juices, and decadent desserts. But beyond the plate, at its core, *The Plantpower Way* is a plant-centric lifestyle primer that finally provides the modern family with a highly accessible roadmap to long-term wellness and vibrant body, mind, and spirit health. *The Plantpower Way* is better than a diet: It's a celebration of a delicious, simple, and sustainable lifestyle that will give families across the country a new perspective and path to living their best life.

Writings from the old-school Republican and New York Times–bestselling author of *How the Hell Did This Happen?: "Hilarious"* (Christopher Buckley, author of *Thank You for Smoking*). In this collection of pieces, the outrageous political satirist renowned for such classics as *Parliament of Whores* takes on a wide range of cultural and political issues, and explains the platform of the Republican Party Reptile: "I think our agenda is clear. We are opposed to: government spending, Kennedy kids, seat-belt laws . . . busing our children anywhere other than Yale, trailer courts near our vacation homes . . . all tiny Third World countries that don't have banking secrecy laws, aerobics, the UN, taxation without tax loopholes, and jewelry on men. We are in favor of: guns, drugs, fast cars, free love (if our wives don't find out), a sound dollar . . . and a strong military with spiffy uniforms. There are thousands of people in America who feel this way, especially after three or four drinks. If all of us would unite and work together, we could give this country . . . well, a real bad hangover." "To say that P. J. O'Rourke is funny is like saying the Rocky Mountains are scenic—accurate but insufficient. At his best he's downright exhilarating . . . Republican Party Reptile is as rambunctiously entertaining as a greased pig catching contest. If you can find a funnier writer than P. J. O'Rourke, buy him a brandy, but don't lend him the keys to your pickup." —Chicago Tribune

Long believed to be disappearing and possibly even extinct, the Southwestern bighorn sheep of Utah's canyonlands have made a surprising comeback. Naturalist Ellen Meloy tracks a band of these majestic creatures through backcountry hikes, downriver floats, and travels across the Southwest. Alone in the wilderness, Meloy chronicles her communion with the bighorns and laments the growing severance of man from nature, a severance that she feels has left us spiritually hungry. Wry, quirky and perceptive, *Eating Stone* is a brilliant and wholly original tribute to the natural world.

The author of *Parliament of Whores* takes a look at freedom around the world, discussing the Gorbachev-Reagan summit, the Berlin Wall, elections in Paraguay and Nicaragua, Russia after the aborted coup, Saddam Hussein, liberals, and more. Reprint.
