

Economia

Serie de cuatro volúmenes que condensan la colección de dieciséis tomos que fue publicada en 2010 bajo el título de Los grandes problemas de México, con motivo de las conmemoraciones del bicentenario de la Independencia, del centenario de la Revolución y de los setenta años de El Colegio de México. Cada capítulo reproduce una estructura que contiene un diagnóstico, un pronóstico cuando es posible, y propuestas de acción en torno a problemas específicos. En el presente volumen se presentan textos relativos a la situación de la economía mexicana, en tres distintas secciones: Crecimiento económico y equidad, Microeconomía y Economía rural.

This semiannual journal from the Latin American and Caribbean Economic Association (LACEA) provides a forum for influential economists and policymakers to share high-quality research directly applied to policy issues within and among those countries. Contents include: The Economics of Latin American Art: Creativity Patterns and Rates of Return Sebastian Edwards (UCLA) Privatization in Latin America: What Does the Evidence Say? Alberto Chong (IADB) and Florencio Lopez-de-Silanes (Yale University) Multinationals and Linkages: An Empirical Investigation Laura Alfaro (Harvard Business School) and Andres Rodriguez-Clare (IADB) On the Consequences of Sudden Stops Pablo E. Guidotti (Universidad Torcuato di Tella, Argentina), Federico Sturzenegger (Universidad Torcuato di Tella, Argentina), and Agustin Villar (Bank for International Settlements) Effects of Foreign Exchange Intervention under Public Information: The Chilean Case Matias Tapia (Canco Central de Chile) and Andrea Tokman (Banco Central de Chile)

Na economia dos transportes estudam-se os mercados, no

seu desempenho em tempo, na interação com o espaço e nos reflexos externos, num contexto de possível regulação e sob o objetivo de uma mobilidade sustentável. Esta deverá ser infra-máxima, a um preço moderador do consumo. O transporte é um importante sector e empregador. Cresce com a economia e contribui para que se cresça mais. É um elemento relevante da despesa das famílias e de Investimento. Permite o comércio, com consequências para a organização interna, regional e mundial da produção. Altera padrões de localização de empresas, pessoas e aglomerados urbanos, bem como estilos de vida. Gera externalidades positivas, aproximando ideias e mercados, mas é também um poluidor; o congestionamento é outra externalidade a lesar desempenho, procura e custos, sempre condicionados pelo tempo. As pessoas usam mais o automóvel. Nas mercadorias, dominam o navio e o camião. Também se abordam os projetos de infra-estruturas e as políticas.

This semiannual journal from the Latin American and Caribbean Economic Association (LACEA) provides a forum for influential economists and policymakers from the region to share high-quality research directly applied to policy issues within and among those countries.

Esta obra contribuye al homenaje que la Universitat de València rindió al profesor Amartya Kumar Sen con motivo de su investidura como Doctor Honoris Causa. La cuidada selección de artículos preparada por el profesor Casas Pardo, precedida de un estudio introductorio sobre su obra, recoge las aportaciones más importantes, originales y creativas del Dr. Sen a la economía, la ética y al pensamiento social en general.

This semiannual journal from the Latin American and Caribbean Economic Association (LACEA) provides a forum for influential economists and policymakers from the region to

share high-quality research directly applied to policy issues within and among those countries. Contents: 1. Cash Transfers in Latin America: Effects on Poverty and Redistribution Verónica Amarante and Martín Brun 2. Is Violence against Union Members in Colombia Systematic and Targeted? Daniel Meja and Mara Jos Uribe
The Dynamics of Income Inequality in Mexico since NAFTA Geraldo Esquivel

Most of us feel that the brave new world of globalism hasn't delivered. If, as our leaders tell us, the industrial and technological revolutions existed to make our lives freer and easier, why are we still stressed? In a time of unprecedented prosperity for the Western world, why do we feel impoverished? Geoff Davies explains how the economic systems under which we live do not fit the needs of the people they're supposed to serve. Drawing on his scientific background, he describes the way the natural world operates and argues that there is no reason why economies can't operate according to the same principles as the human societies and the living systems from which they have emerged. *Economia* is an engagingly written, far-reaching critique that provides compelling evidence for a new way of thinking about our institutions, the natural world and ourselves.

Obra accesible, que pone de relieve aspectos del pasado que son de importancia e interés para el mundo de hoy. Ofrece una imagen fresca y desprejuiciada de nuestra historia económica que supera los estereotipos y las ideologías tan comunes en la cultura económica de nuestro país. Sus capítulos se entrelazan para proporcionar continuidad y fluidez al nuevo conjunto. El propósito

es ofrecer una mirada general en una versión que resulta apropiada para lectores. Versión sintética del contenido de la Historia económica general de México.

This semiannual journal from the Latin American and Caribbean Economic Association (LACEA) provides a forum for influential economists and policymakers to share high-quality research directly applied to policy issues within and among those countries.

El poder de la identidad —el segundo volumen de la trilogía La era de la información, de Manuel Castells— analiza la dinámica social, política y cultural asociada con la transformación tecnológica de nuestras sociedades y con la globalización de la economía.

Muestra la importancia de la identidad cultural, religiosa y nacional como fuente de significado para las personas, y las implicaciones de este hecho para los movimientos sociales. Estudia las movilizaciones populares contra la globalización sin freno de la riqueza y el poder, así como la formación de proyectos alternativos de organización social, como los que representan el movimiento ecologista y el feminista. Asimismo estudia la crisis del estado nación y su transformación gradual en estado red. Y pone de relieve la crisis de la democracia política a consecuencia de las dificultades de la gobernanza internacional y del sometimiento de la política a los dictados de la política mediática y la política del

escándalo. Esta segunda edición, considerablemente ampliada, actualiza y profundiza el análisis de esos temas e incorpora nuevas secciones sobre Al Qaeda y las redes terroristas globales, el movimiento antiglobalización, el unilateralismo estadounidense y los conflictos de la gobernanza global, la crisis de legitimidad política en todo el mundo y la teoría del estado red.

This semiannual journal from the Latin American and Caribbean Economic Association (LACEA) provides a forum for influential economists and policymakers from the region to share high-quality research directly applied to policy issues within and among those countries. Contents of this edition include The Effects of Migration on Child Health in Mexico (Nicole Hildebrandt and David McKenzie, Stanford University), and Coordinator Failures, Clusters, and Microeconomic Interventions (Andres Rodriguez-Clare, Inter-American Development Bank).

A concepção desta organização é resultado do encontro de docentes, discentes e parceiros de pesquisa que vêm se dedicando a discutir o papel da cultura e do trabalho daqueles que atuam neste setor da economia capitalista, tendo por base dados empíricos e análise de políticas culturais no Brasil. The concept of this book is the outcome of a series of meetings between teachers, students and fellow researchers who have dedicated themselves to discussing the role of culture and the work of those who act within this sector of the capitalist economy, based on empirical data and an analysis of cultural policies in Brazil.
